PREFACE

It has been endeavoured to make the lists as correct as possible up to the 1st January 1929. The separate lists of Officers serving in India (pages 7 to 114) are compiled from the Civil Lists of the Government of India and the Provincial Governments published in October last, while the records of these officers given in the Record of Services Section (pages 489 to 891) are based on the corresponding Histories of Services published in July last. Later information received as to changes occurring up to the 1st January last has, however, been used in the compilation of these sections.

In the lists of Officers serving in India (pages 7 to 114) only substantive appointments are, as a rule, shown; the lists contain the names of all members of the All India Services and the Indian Political Service, of Chaplains in the Indian Ecclesiastical Establishment, and of other officers drawing pay of not less than Rs. 1000 a month. The names shown in italics are those of Officers who are in foreign service, supernumerary, seconded, or employed outside their own departments.

To meet the difficulty that arises from the lack of uniformity in India in the use of surnames, Indian names are in doubtful cases twice indexed, and cross references are made in the Record of Services. Rulers of States are shown under the names of their States.

The principle of selection followed in the Record of Services (pages 489 to 891) is explained on page 489.

The "Index of Subjects and Appointments" is on pages iv to xvi, and the "Index of Names" on page 890 *et seq.* Names in the Honours Lists and Record of Services are shown in the Index of Names by "H" and "R," with a note prefixed referring to the Alphabetical Lists on pages 176 to 228 and pages 489 to 891.

It is requested that intimations of errors in the lists, or of omissions, may be addressed to the Editor of the India Office List, India Office, Whitehall, London, S.W.

April, 1929.

EXTRACT FROM THE RULES FOR THE USE OF THE LIBRARY.

1. The use of the Library (including the Reading Room) is restricted to (*a*) members of the establishment of the India Office, (*b*) persons named in the India Office List, (*c*) gazetted officers of the Indian Army or of the British Army in India, and (*d*) such other persons as have previously obtained tickets for that purpose.

2. Books can be borrowed only with the sanction of the Librarian, who shall require from each person an acknowledgment for whatever work he may be permitted to consult or take away on loan. In the case of an Oriental manuscript the approval of the authorities must first be obtained: and, except in special cases, a bond for the safe return of the manuscript will be required.

3. No book thus borrowed shall be kept *more than three months;* but when returned, it may be borrowed again by the same reader, unless wanted by another reader, or required in the Library for any purpose. In the case, however, of scholars engaged in special investigations it shall be in the power of the Librarian to extend the loan of any book without insisting on its being previously returned, provided that the borrower has certified in writing that the book is in good condition. No periodical shall be kept longer than one week. A work may be recalled at any time, at the discretion of the Librarian.

4. The Library is generally open on ordinary weekdays from 10 a.m. to 5 p.m., and on Saturdays till 1 p.m. It is closed on Good Friday and the day following, Christmas Day, His Majesty's Birthday, and the Bank Holidays; also during one month in each year for cleaning purposes. No book or MS. will be issued less than half-an-hour before the time of closing.

THE AGRICULTURAL, EDUCATIONAL, VETERINARY SERVICES, GEOLOGICAL SURVEY, AND THE INDIAN CUSTOMS, AUDIT AND MILITARY ACCOUNTS DEPARTMENTS.

Recruitment for appointments to the above-mentioned Service posts in India are no longer ordinarily made by the Secretary of State for India. Almost all such appointments are now under the control of the Government of India and the Local Governments. When recruitment for them is undertaken in this country it is conducted by the High Commissioner for India, 42, Grosvenor Gardens, S.W. 1. These appointments occur at irregular intervals and details of conditions of service are, in most cases, issued only as vacancies arise. Except when applications are invited, it is not always possible for the High Commissioner to furnish regulations.

ECCLESIASTICAL ESTABLISHMENT (CHURCH OF ENGLAND).

1. Appointments of Chaplains on Probation are made from time to time as vacancies occur.

2. Candidates for these appointments must be Priests who are between the ages of twenty-seven and thirty-four years, and have been for three years altogether in Holy Orders. The Secretary of State in Council may, however, waive the rule that candidates must be under 34 years of age if he thinks fit to do so.

3. Applications for nominations should be submitted to the Indian Chaplaincies Board of the Church of England. The candidate should fill in the form of application, which may be obtained from—

(*a*) The Secretary to the Board (General Sir Robert I. Scallon, G.C.B., K.C.I.E., D.S.O., The Church House, Worcester).
(*b*) The Chairman of the Board (the Rev. Canon B. K. Cunningham, M.A., O.B.E., Chaplain to His Majesty The King, Westcott House, Cambridge).
(*c*) Any one of the Commissaries of the Bishops of the Indian Province.
(*d*) The Secretary, Public and Judicial Department, India Office, Whitehall, S.W. 1.

4. The form should be returned as soon as possible to the Secretary to the Board (*see* (*a*) *above*), together with the following, viz. :—

(*a*) Certificate of birth.
(*b*) A medical certificate from the candidate's medical adviser to the effect that he believes him to be fit for work in India.*
(*c*) A statement of war service (if any) with the Royal Navy, the Army, or the Royal Air Force.

5. If the Board are satisfied with the result of their enquiries, they will arrange for the candidate to appear before them at a date of which due notice will be given by the Secretary to the Board †

6. On receiving from the India Office notice of a vacancy, the Board will recommend to the Secretary of State, for nomination, the candidate whom they consider most suitable, and will forward with their recommendation the testimonials and replies to references which they have received concerning the candidate.

7. Candidates who at the time of their application are working in India, should comply with the procedure indicated in paragraph 3 above; and in addition should forward a letter from the Bishop of the Diocese in which they are working, recommending them for appointment as Chaplain. They will not be required to appear before the Board.

8. ‡A Chaplain serves on probation for two years, at the end of which he is, if reported fit by a Medical Board in India, and considered qualified by the Bishop of his Diocese, confirmed as a Junior Chaplain. A Chaplain is required to serve in any Province of India or Burma as the Government of India may direct.

9. § A free passage for the Chaplain, but not for his wife and family, will be provided by the India Office, but if the Chaplain within three years, on grounds other than certified ill-health, relinquishes his appointment, or is removed from it for misconduct, he is liable to be called upon to refund the cost of such passage. The Indian Local Governments, however, have power to waive the claim to a refund in cases not involving misconduct, when satisfied that the circumstances justify the concession. A Chap-

* This certificate will not exempt the candidate from the necessity of examination by the Medical Board of the India Office nor guarantee him against rejection by that Board. It merely furnishes a *prima facie* ground for proceeding with his application.

† Third-class return railway fares will be refunded by the Secretary to the Board to candidates residing outside the London area.

‡ A priest resident in India at the time of his nomination as a probationer will be allowed to count in his probationary period any service rendered by him under an Additional Clergy Society or other service approved by the Government in India, with the exception that service rendered before the probationer had attained the age of twenty-seven years, and before he had been in Holy Orders for three years, will not be counted. Probationary service which is not passed under the Government counts towards pension but not for leave or gratuity. No extension of the limit of age for nomination as a probationer is allowed on account of such service. Probationary service which is passed under the Government counts in all cases towards leave, gratuity and pension.

§ A newly-appointed Chaplain is entitled to travelling allowance in respect of his journey to his station from the port of disembarkation in India, but the cost of that journey must, in the first instance, be met by the Chaplain himself. On arrival at his destination, the Chaplain should submit a claim to the Local Government for travelling allowance at the rate sanctioned by the travelling allowance rules applicable to his case.

13. A Chaplain will be required from the date of his appointment on probation to provide a pension for his family under the regulations of the Indian Military Widows' and Orphans' Fund, a copy of which can be obtained on application to the Government in India, or to the Controller of Pension Funds, India Office. This pension is in addition to any pensions or compassionate allowance granted under the Royal Pay Warrant for the time being in force.

Payment of sterling Overseas Pay will be made by the High Commissioner for India in London, to the name and address of the banker or agent authorised by the Chaplain to receive payment on his behalf.

(ii) No pay higher than Rs. 600 will be granted to any Chaplain appointed at an earlier age, until he has attained the age of 28 years. On attaining that age he will be entitled to draw pay at the rate of Rs. 625 per mensem, if he has already put in 12 months' service, and from that point will advance by the ordinary annual increments.

(iii) A Chaplain, who on appointment is over 30 years of age will start in the time-scale one year in advance of the minimum for each completed year, up to a maximum of five years, by which his age on appointment exceeds 30 years. A Chaplain entitled to the benefit of this concession, and also to count war service for increase of pay under paragraph 2 of the Appendix below, shall be entitled to whichever concession is the greater, but not to both.

(iv) Time spent in India on service under an Additional Clergy Society or on other approved service, will count for increments of pay up to a maximum of two years.

(v) The concessions announced in sub-paras. (iii) and (iv) above will not be cumulative.

15. *Leave.*—Chaplains appointed to the Indian Ecclesiastical Establishment on or after the 7th June, 1923, are granted leave and leave-salary according to the Special Leave Rules in sections I to V of Part IV of the Fundamental Rules made by the Secretary of State for India in Council under section 96B of the Government of India Act. These rules are subject to alteration, and any question on which doubt arises must be decided with reference to the authorised text of the Fundamental Rules for the time being. The following is a summary of the leave admissible to Chaplains under those rules:—

(*a*) Leave is calculated in terms of "leave on average pay," and the amount of "leave on average pay" with which an officer's leave account is credited is $\frac{3}{11}$nds of the period spent on duty.

(*b*) Subject to certain maxima and minima, an officer may draw, at his option, leave salary equal to the average pay of the last 12 months of completed duty or to half such average pay. All leave on average and half the period on half average pay is counted against the leave earned. An officer may take his leave on average pay, on half average pay, or on a combination of the two, provided that his continuous absence from duty does not exceed 28 months, and that the amount of leave taken on average pay does not exceed eight months at any one time. The maximum amount of leave admissible during an officer's career is the equivalent of leave on average pay for three years + $\frac{1}{11}$th of the period spent on duty, of which not more than one year + $\frac{1}{11}$th of the period spent on duty may actually consist of leave on average pay.

16.—After he has been confirmed as a Junior Chaplain, a Chaplain is eligible during his service for passage benefits not exceeding the cost of four return passages between Bombay and London for himself and his wife, or not exceeding three such passages if he was 31 years of age or over at the date of his appointment, and one single passage for each child. If a Chaplain dies while in the service, his wife and children

if in India, will be entitled to receive single passages by sea from Bombay to London.*

17. A Chaplain who is permitted to resign his appointment on completion of five years' service, *but not at any later period of his service*, will, provided he has given six months' notice of his wish to resign, and provided his service has been satisfactory, be granted a bonus of £400, as well as a free return passage from India. In order to obtain the free return passage to England the Chaplain must prefer his claim to such passage within three months after the determination of his service, and must leave India within such time as he may be directed by Government.

APPENDIX.

NOTE REGARDING THE TREATMENT OF MILITARY SERVICE DURING THE WAR.

1. War service of any kind, prior to appointment to the Indian Ecclesiastical Establishment, shall not dispense with the administrative necessity for a period of probation before confirmation in the grade of Junior Chaplain, nor shall it count as service for leave, invalid gratuity, or short-service gratuity.

2. War service in His Majesty's forces, whether as Chaplain or in a combatant capacity, may, up to a maximum of four years, count for increase of pay and for promotion to the grade of Senior Chaplain, provided that no service rendered before the age of 27 years—the minimum age limit for chaplaincies—shall so count. Increase of pay under this rule is admissible to a Chaplain on probation before confirmation as a Junior Chaplain.

3. All service rendered as a Chaplain in the British Army during the war may count as both service and residence for retiring pension and as residence for invalid pension, the War Office having agreed to accept pensionary liability for such service.

4. Service of other kinds in His Majesty's forces during the war, also service as Chaplain in the Dominions' forces, for which the War Office do not accept pensionary liability, may count as under 3 above up to a maximum of two years, provided that no such service rendered before the age of 27 years shall so count.

5. War service will not count for retiring pension in any case in which the Chaplain, having been appointed to the Indian Ecclesiastical Establishment at an age exceeding 30 years, is entitled to an equal or greater concession under Article 599§ (Note 2), Civil Service Regulations. In cases in which the concession admissible in respect of age on first appointment is less than that granted for war service, the latter concession only shall be granted.

6. In any case in which a Chaplain is eligible for concessions in respect of probationary service‖ not passed under Government, and also for similar concessions in respect of war service under 2, 3, and 4 above, he shall be entitled to whichever concession is the greater, but not to both.

No Candidate may offer any language or General Anthropology or Special Anthropology twice in the examination.

No Candidate may offer in Sections A and C together two languages of the group Italian, Spanish, Portuguese or two of the group Norwegian, Swedish, Danish.

Only a Candidate who takes two modern languages in Section B may offer Latin or Ancient Greek as an auxiliary language.

There will be no laboratory test as part of the examination.

13. From the marks assigned to Candidates in each subject such deduction will be made as the Civil Service Commissioners may deem necessary in order to secure that no credit be allowed for merely superficial knowledge.

14. Moreover, if a Candidate's handwriting is not easily legible a further deduction will, on that account, be made from the total marks otherwise accruing to him.*

15. A list of the competitors shall be made out in order of their proficiency as disclosed by the aggregate marks finally awarded to each competitor, and in that order so many competitors, up to the determined number of appointments, as are found by the Civil Service Commissioners to be qualified by examination, shall be designated to be Selected Candidates for the Indian Civil Service provided that they appear to be duly qualified in other respects.

Should any Selected Candidate become disqualified, the Secretary of State for India will determine whether the vacancy thus created shall be filled or not. In the former case, the Candidate next in order of merit, and in other respects duly qualified, shall be deemed to be a Selected Candidate.

16. Application for permission to attend an Examination must be made in the handwriting of the Candidate at such time and in such manner as may be fixed by the Civil Service Commissioners.

CIVIL SERVICE COMMISSION.

* It is notified for general information that the number of marks deducted for bad handwriting may be considerable.

INDIAN CIVIL SERVICE—*continued.*

8. The ordinary session of the Final Examination for the testing of riding will take place in advance of the rest of the Final Examination, and a special session will, when necessary, be held at a later date for the benefit of any Candidate who may have failed at the ordinary session.

Candidates who at the ordinary session satisfy the Commissioners that they are sufficiently at home in the saddle for the efficient performance of any duties required of members of the Indian Civil Service will be awarded marks ranging between 101 and 200 according to the degree of proficiency displayed.

Candidates who at the ordinary session fall short of this adequate proficiency, but show such minimum proficiency as is evidence that with a moderate amount of practice they can attain full proficiency, will receive marks ranging between 1 and 100; they will be allowed to proceed to India, and will, on their arrival there, be subjected to such further tests in riding as may be prescribed by their Local Government.*

Any Candidate who at the ordinary session fails to show a minimum proficiency will be examined again at a special session. If he then attains adequate proficiency he will not be subjected to further test in India. If he attains minimum proficiency he will be allowed to proceed to India under the same condition as if he had attained minimum proficiency at the ordinary session. No credit in marks will be given for any performance at a special session.

Probationers may also be examined in riding at such time or times as the Commissioners may appoint during the course of the probationary period.

9. Such deductions as the Civil Service Commissioners may consider necessary will be made from the marks assigned to Candidates at the Intermediate and Final Examinations in order to secure that no credit is allowed for merely superficial knowledge.

10. The Civil Service Commissioners will prepare lists of the Candidates in order of merit; the order for the one-year probationers being based on the sum of the marks obtained by the Candidates at the Open Competitive and Final Examinations, the order for the two-year probationers being based on the sum of the marks obtained by the Candidates at the Intermediate and Final Examinations.

11. The Selected Candidates whose performance in the compulsory subjects† of the Final Examination is such as to satisfy the Civil Service Commissioners, and who have also satisfied the Commissioners of their eligibility in respect of nationality, age, health, character, and conduct during the period of probation, shall be certified by the Commissioners to be entitled to be appointed to the Indian Civil Service, provided they shall comply with the regulations in force, at the time, for that Service.

12. If any Candidate is prevented by sickness or any other adequate cause from attending the Final Examination, the Commissioners may, with the concurrence of the Secretary of State for India in Council, allow him to appear at the Final Examination to be held in the following year, or at a special examination. A selected Candidate absent for such adequate cause from the Intermediate Examination may, under similar conditions, be allowed to appear at the Intermediate Examination a year later or at a special examination, or may be excused the Intermediate Examination and allowed to appear for the Final Examination in regular course.

Any Candidate who at the Intermediate Examination shall appear to have wilfully neglected his studies, or to be physically incapacitated from pursuing the prescribed course of training, will be liable to have his name removed from the list of selected candidates.

Announcements made by the Civil Service Commissioners with the authority of the Secretary of State for India in Council:—

(1) *Selected Candidates will be allotted to the various provinces upon a consideration of all the circumstances, including their own wishes; but the requirements of the Public Service will rank before every other consideration.*

(2) *An allowance of £300 a year, or, in the case of Selected Candidates possessing an Indian domicile, an allowance of £350‡ a year will be given to any Candidate who passes his probation at one of the Universities or other Institutions that have been approved for the purpose by the Secretary of State for India in Council.*

In the case of Selected Candidates on probation for one year the allowance will be payable in four equal instalments on the following dates respectively:—December 24th, after his selection, March 25th, June 25th, and after signature of covenant on appointment to the Service.

In the case of Selected Candidates on probation for two years the allowance will be payable in eight equal instalments, the first on December 24th, after selection, the second to the seventh on the six following quarter days, and the eighth after signature of Covenant on appointment to the Service.

The payment of the various instalments of the allowance except the final instalment, and, in the case of the two-year probationers, the instalment payable at the end of the first year of probation, will be conditional on the receipt, by the High Commissioner for India, through the authorities of the approved institution, of a certificate that the candidate had fulfilled up to date the requirements of the authorities and shown satisfactory progress.

* Such candidates will receive no increase in their initial pay until they have passed the further tests in question to the satisfaction of their Local Government.

† The compulsory subjects include riding, and a candidate who fails at the end of the period of probation to satisfy the Civil Service Commissioners that he has reached the minimum standard of proficiency in riding will be liable to have his named removed from the list of selected candidates.

‡ The attention of candidates selected at examinations held in London is, however, directed to paragraph (9).

INDIAN CIVIL SERVICE—*continued.*

If an Indian Government Scholar becomes a selected candidate for the Indian Civil Service, his scholarship stipend shall cease to be paid with effect from the 1st October of the year in which he becomes a selected candidate. He may, however, provided he has executed the agreement referred to in (3) below, be granted on, or at any time after, the 1st October, an advance on account of the instalment of the allowance payable on the 24th December.

The whole probation must ordinarily be passed at the same Institution. Migration will not be permitted except for special reasons approved by the Secretary of State.

N.B.—The Secretary of State for India gives notice that the amount of the allowances will be re-considered in 1929, with a view to a possible reduction with effect from the instalment payable in December, 1929.

(3) *Each Candidate will be required before receiving the first instalment of his allowance to execute an agreement binding himself and one surety, jointly and severally, to refund all monies he may have received from the Secretary of State for India in the event of—*

(i) *his failure to pass the Final Examination within the time prescribed by the Regulations, and to satisfy the Civil Service Commissioners of his fitness for admission to the Indian Civil Service, or*

(ii) *his subsequent failure to execute the usual covenant, and to proceed to India, as and when he shall be directed by the Secretary of State for India.*

(4) *All Candidates obtaining Certificates will be also required to enter into covenants, by which, amongst other things, they will bind themselves to make such payment as, under the Rules and Regulations for the time being in force, they may be required to make for the pensions of their families. The stamps payable on these covenants amount to £1.*

(5) *A 1st Class passage to India will be engaged for Selected Candidates with a view to their proceeding to India after they have signed their covenants.*

(6) *Candidates appointed to the Indian Civil Service after undergoing one year's probation will be senior to those appointed in the same year after undergoing two years' probation. The seniority of candidates of each class inter se will be determined by the order in which their names appear on the lists referred to in clause (10) of the regulations.*

(7) *A Candidate who fails to satisfy the Civil Service Commissioners at the Final Examination held in any year will be definitely rejected unless the Secretary of State in Council shall, after reference to the Civil Service Commissioners, allow him to sit for re-examination in the subject or subjects in which he failed. In general a candidate who is allowed re-examination will be required to forfeit the whole or part of the final instalment of his allowance, but if it appears to the Secretary of State in Council, after reference to the Civil Service Commissioners, that his failure to pass the examination was due to circumstances wholly exceptional and beyond his control, such forfeit of his allowance will not be required.*

(8) *Overseas pay will not be admissible to Indian members of the Indian Civil Service selected at open Competition Examinations held in London in 1925 and subsequent years.*

A candidate may not offer the same language in Part I and Part II, nor may he offer more than two foreign languages in all. The modern languages that may be offered as subject (4) are French, German, Italian, Spanish and Russian.

In addition to the above-named subjects a candidate may take up either freehand drawing or geometrical drawing, each of which carries 50 marks.

A candidate must obtain 140 marks in Interview and Record, and such an aggregate of marks in the whole examination as to satisfy the Civil Service Commissioners.

3. *Place of Examination.*—The examination will be conducted by the Civil Service Commissioners. Candidates may undergo the written part of their examination in London, Edinburgh, or at any of the provincial centres at which the simultaneous examination of candidates for admission to the Royal Military College, Sandhurst, is to be held. A provisional list of such centres may be obtained from the Civil Service Commissioners. The interviewing board (subject 3) and the oral and practical parts of the examination will be held in London only.

4. *Examination Fee.*—A fee of £4 is required from candidates examined in London, but when the written examination is conducted elsewhere than in London the fee is £5. Candidates examined at a college or school will probably be required to pay a local fee (in order to defray the expenses of superintendence), as to which they should obtain early information from the college or school authorities. The fee payable to the Civil Service Commissioners must be paid by means of stamps of the specified amount. Instructions on this point will be issued to candidates by the Civil Service Commissioners about a fortnight before the examination.

5. *Number of Appointments.*—The number of candidates to be selected will probably be twelve, provided that so many are found to be suitable in all respects for appointment to the I.P.S. The selected candidates are expected to be distributed as follows:—

Bombay, 2; Bengal, 1; U.P., 1; Punjab, 2; Burma, 2; Bihar and Orissa, 1; C.P., 2; Assam, 1.

6. *Conditions of Eligibility.*—Candidates must, *without exception on any ground*, be above 19 and under 21 years of age on the 1st August, 1929. They must be unmarried, and if they marry before reaching India they will forfeit their appointments. No person shall be deemed eligible for admission to the examination who shall not satisfy the Secretary of State for India in Council—

(*a*) That his character is such as to qualify him for employment in the Indian Police Service.

(*b*) That save as hereinafter provided he is a European British subject.

(*c*) That if he (being a European British subject) or his father or his mother was not born within His Majesty's Dominions and allegiance, then at the time of his birth his father was a British subject and that such father still is or continued to be until his death a British subject.

Provided that a ruler or subject of any State in India in respect of whom the Governor-General in Council has made a declaration under Section 96A of the Government of India Act may be admitted to the examination if eligible under (*d*) below.

* A syllabus may be obtained on application to the Secretary, Services and General Department, India Office.

INDIAN POLICE SERVICE—*continued.*

(*d*) *Exception*:—Indian and Burmese candidates will be deemed eligible for admission to the examination provided that they satisfy the Secretary of State for India in Council that by the 1st August of the year of the examination they will have been resident in the United Kingdom for not less than five years.

7. *Form of Application.*—Application to compete at the examination must be made on a printed form to be obtained from the Secretary, Services and General Department, India Office, Whitehall, London, S.W. 1, and to be returned to him, with the necessary documents, not later than Saturday, 20th April, 1929.

No applications received after that date can be considered.

Candidates must be prepared to attend at the India Office if required, at their own expense, to reply to any enquiries which may be considered necessary in connection with their application.

8. *Medical Examination.*—Those Candidates who are successful in the literary examination will be required, shortly after the result of that examination is declared, to undergo a strict examination by a Medical Board,* at the India Office, as to their physique and capacity for active out-door work in the plains of India. Instructions as to the date and time of this examination will be issued to successful candidates by the India Office.

9. *Appointment of Probationers.*—The Secretary of State will nominate as probationers such competitors as attain the highest aggregate of marks (provided that they obtain the minimum aggregate of marks *see* para. 2 and that they pass the medical examination and satisfy the requisite conditions in other respects).

10. *Riding Test.*—Selected candidates will be examined by the Civil Service Commissioners as to their ability to ride, and will be required to obtain—

(*a*) a certificate from the Civil Service Commissioners that they are able to ride well and to perform journeys on horseback; or

(*b*) a certificate from the Civil Service Commissioners of minimum proficiency† in riding.

In the latter case they will be subjected, on their arrival in India, to such further tests in riding as may be prescribed by their Government, and will not be appointed Assistant Superintendents of Police until they shall have passed such tests to the satisfaction of their Government.

11. *Allotment to Provinces.*—Selected candidates who have successfully passed the abovementioned tests will be allotted, as probationers, to the various provinces upon a consideration of all the circumstances, including their own

---

* With a view to prevent parents and guardians from incurring the inconvenience and expense of preparing candidates who may be physically unfit for the Police Service, it is suggested that, before any such preparation is begun, candidates be submitted to examination by the medical adviser of the family, or any other qualified medical practitioner, with regard to the points which are indicated in Appendix III.

It is to be understood that this private examination is merely suggested to lessen the chances of disappointment, and that it is by no means intended to take the place of, or to influence in any way, the official examination.

Candidates may, if they wish it, not more than two years before they are qualified to compete, undergo a preliminary examination as to their physical fitness by the Medical Board, which meets at the India Office every week, under the following conditions:—

(*a*) Applications must be addressed to the Under Secretary of State, India Office, Whitehall, London, accompanied by a fee of two guineas and by a statement of the candidate's age.

(*b*) Candidates must pay their travelling expenses.

(*c*) It must be understood that the opinion of the Medical Board which will be communicated by the Board to the candidate at the end of the examination is solely for the candidate's own information and is not an official finding. The Board, if they consider a candidate unfit, will exercise their discretion as to informing him of the particular grounds on which their opinion is based. No further information can in any case be given as to the Medical Board's opinion which will be confined solely to the physical fitness of the candidate; and any question as to the eligibility of the candidate, if found physically fit, to be admitted to the Indian Police, should be addressed in writing to the Under Secretary of State.

(*d*) Candidates considered to be unfit by the Medical Board at this preliminary examination are not bound to accept its opinion, but may, *at their own risk*, continue their studies, with the knowledge that they will have to submit themselves for a final medical examination by the Medical Board prior to the examination or to their appointment.

(*e*) As the preliminary examination by the Medical Board is held solely for the candidate's information, a candidate who is informed after such an examination that he is physically fit will have on that account no claim to be accepted as physically fit when he presents himself for the final medical examination, upon which alone his acceptance or rejection will depend. Candidates may be considered fit for the Service at the preliminary examination, but may be found at the final examination to be unfit, either on account of some physical defect which did not exist or passed undetected at the preliminary examination, or for other reasons.

† The riding examination may be expected to take place not sooner than a month after the result of the literary examination is known. Candidates are warned that the certificate of minimum proficiency in riding, without which they will not be allowed to proceed to India, is only granted to those who can qualify in a series of tests which includes jumping. It is, therefore, most important that riding lessons should not be postponed until after the result of the literary examination is declared.

The chief tests will be (*a*) Saddling and Bridling; (*b*) Mounting and Dismounting; (*c*) Trotting; (*d*) Cantering; (*e*) Trotting without reins; (*f*) Trotting without stirrups; (*g*) Cantering without stirrups; (*h*) individual exercise; (*i*) Jumping a hedge hurdle, three feet six inches in height. Although the examination will, in the main, be confined to these points, the examiner will not be debarred from applying any other tests which may appear desirable.

INDIAN POLICE SERVICE—*continued.*

wishes; but the requirements of the public service will rank before every other consideration. The allotment will also be subject to the right of the Government of India to make transfers if necessary.

12. (*a*) *Uniform.*—It is an ordinary condition of appointment that a successful candidate shall provide himself, or be provided by his parents or guardians, with his uniform or the cost thereof. The India Office makes a contributory grant of £30 towards the cost of uniform, but in the event of any probationer failing to join his appointment in India he will be required to refund the amount so contributed.

(*b*) *Horse and Saddlery.*—A successful candidate must, when required to do so by Government, provide himself with a suitable horse and saddlery at his own expense. Local Governments in India are authorised to make to a newly appointed officer a grant of a sum not exceeding Rs. 600 towards the cost of such horse and saddlery.

In the event of an officer resigning or being dismissed or removed from the service within three years of his first appointment, he will be required to refund such portion of any grant made to him on this account as the Local Government may think fit.

NOTE.—The initial grant on account of uniform is renewable (converted in rupees at 1*s.* 6*d.* the rupee) at intervals of ten years throughout an officer's service; that on account of horse and saddlery at intervals of seven years, subject to certain conditions. Local Governments have discretion to withhold both classes of allowances from officers who have less than five years' service before them.

13. *Departure for India.*—The probationers will be required to start for India not later than October, 1929, so as to arrive in the course of November. Failure to embark in time will, in the absence of satisfactory explanation, lead to forfeiture of appointment. Free passages to India will be provided by the India Office, but any probationer resigning his appointment within three years on any ground but that of health supported by a medical certificate will be required to refund the cost of his passage.

14. *Period of Probation.*—Probationers will be required to qualify by passing the necessary departmental examinations (as well as the riding test, if necessary, *see* Rule 10) within two years of their arrival in India.

On arrival in India, a probationer will ordinarily be attached to the Central Police Training School of the Province to which he has been allotted. Here he will be given facilities for the study of criminal law and procedure and of the vernaculars, in order that he may prepare himself for the departmental examinations above referred to. He will be required to attend parades and the riding school until he shall have passed the prescribed tests in drill and equitation. He will also receive practical instruction to prepare him for the duties that he will be required to perform when his period of probation is ended.

A probationer ordinarily remains at the Central Police Training School until he has passed his departmental examinations and has been declared to be proficient in drill and equitation.

15. *Liability of Probationers to Removal.*—Any probationer who may fail to pass the prescribed examinations within two years or be found unfit for police duties will be liable to removal from the Service. Any probationer so removed from the Service will be furnished with a free passage to England provided he utilises such passage within three months from date of such removal.

INDIAN SERVICE OF ENGINEERS—*continued.*

APPENDIX IV.

(*See* para. 14 of the Regulations.)

Note.—This Appendix is merely intended to show the principal leave rules in the Fundamental Rules and the Pension Rules at present applicable to officers appointed to the Indian Service of Engineers from the United Kingdom without going into minute details, and does not profess to deal with every case that may arise. The rules are subject to alteration, and any disputed question must be decided with reference to the authorised text of the Fundamental Rules or Civil Service Regulations for the time being.

LEAVE.

(*The following rules apply only to officers of non-Asiatic domicile.*)

1. Leave is calculated in terms of "leave on average pay," and the amount of "leave on average pay" which an officer earns is five-twenty-seconds of the period spent on duty.

2. Subject to certain maxima and minima, and to the limitations noted below, an officer may draw, at his option, leave salary equal to the average pay of the last 12 months of completed duty or to half such average pay. All leave on average pay and half the period on half average pay is counted against the leave earned. An officer may take his leave on average pay, on half average pay, or on a combination of the two, provided that his continuous absence from duty does not exceed 28 months, and that the amount of leave taken on average pay does not exceed eight months at any one time. The maximum amount of leave admissible during an officer's career expressed in terms of leave on average pay is three years plus one-eleventh of the period spent on duty, of which not more than one year plus one-eleventh of the period spent on duty may actually consist of leave on average pay. Leave not due and carrying half average pay may be granted on medical certificate, and, within certain limits, for other reasons, but an officer will not again commence to earn leave until the expiration of a fresh period of duty sufficient to earn a credit of leave equal to the leave he has taken before it was due. After 28 months' absence from duty an officer draws quarter average salary, subject to certain maxima and minima.

3. Leave salary is ordinarily payable in rupees if the officer spends his leave in Asia, and in sterling if he spends it elsewhere.

4. It should be noted that leave can never be claimed as of right, but is given or refused at the discretion of Government.

PENSIONS.

5. The following is a summary of the pension rules applicable to officers appointed to the Indian Service of Engineers by the Secretary of State from the United Kingdom.

Ordinary Pensions.

6. Subject to the absolute right, which will not ordinarily be exercised, of the Government of India to decline to permit any officer to retire before reaching the age for superannuation should it be necessary in the public interest to retain his services, officers will be allowed to retire optionally after 20 or more years' qualifying service.

7. An officer is entitled to superannuation pension on attaining the age of 55 years, when retirement is ordinarily required, or on retirement thereafter. (An officer is sometimes, for special reasons, retained after attaining the age of 55 years.)

8. The rates of retiring and superannuation pension are $\frac{1}{60}$ths of average emoluments, subject to the following maxima :—

Completed years of qualifying Service.	Maximum Limit of Pension.
	Rs.
20—24	4,000 per annum.
25	6,000 ,,
26	6,200 ,,
27	6,400 ,,
28	6,600 ,,
29	6,800 ,,
30	7,000 ,,

9. Government may retire any officer after he has completed 25 years' service without giving reasons, and without any claim for compensation in addition to pension, and in that event the pension admissible to him will ordinarily be regulated on a scale not exceeding that laid down above. Government also reserves the general power to reduce the pension ordinarily admissible in all cases where an officer's service has been unsatisfactory.

10. An officer who is compelled to retire through ill-health not occasioned by irregular or intemperate habits will be eligible for invalid gratuity or pension as follows :—

(*a*) After qualifying service of less than 7 years a gratuity not exceeding one month's emoluments for each completed year of service (except in special cases and under the orders of the Government of India, who may sanction a maximum of 12 months' emoluments). If the emoluments of the officer have been reduced during the last three years of his service, otherwise than as a penalty, average emoluments may, at the discretion of the authority which has power to sanction the gratuity, be substituted for emoluments.

(*b*) After a service of not less than 7 years, a pension not exceeding the following amounts :—

INDIAN SERVICE OF ENGINEERS—*continued.*

28 ...	30 ,, ,,	6,600
29 ...	30 ,, ,,	6,800
30 and above	30 ,, ,,	7,000

Average emoluments are calculated over the last three years of service. Pensions drawn in this country are converted into sterling at a privileged rate of exchange of 1/9 the rupee.

Additional Pensions.

11. The Government of India have classified certain high appointments into two grades, the lower comprising those posts which involve high but intermediate responsibility, the higher consisting of those which require a marked degree of independent administrative and professional capacity. Officers who have held appointments listed in the lower grade may be granted an additional pension at the rate of Rs. 300 for each completed year of effective service in any appointment included in that grade, provided that no officer may draw an additional pension in excess of Rs. 1,500 in respect of service classed in the lower grade. Officers who have held appointments listed in the upper grade may be granted an additional pension at the rate of Rs. 500 for each completed year of effective service rendered in any appointment included in that grade, provided that no officer may draw an additional pension in excess of Rs. 2,500 in respect of service rendered in the lower and upper grades combined or in the upper grade alone.

12. These additional pensions will be subject to the condition that the service in the appointment in question has been approved by Government and that an officer must, in the event of voluntary retirement, have completed 28 years' qualifying service.

The upper grade includes the Consulting Engineer to the Government of India and Chief Engineers of the Indian Service of Engineers.

The lower grade includes Superintending Engineers, Indian Service of Engineers.

PROVIDENT FUND.

13. A General Provident Fund, to which contribution is compulsory, has also been established on the following basis :—

(1) Contribution is compulsory up to 6¼ per cent. of pay, with voluntary contributions of not more than a further 9⅜ per cent. Contributions during leave of any kind are optional.

(2) Compound interest on such payments is annually credited by Government to each officer contributing.

(3) The sum which thus accumulates to the credit of an officer is his absolute property, subject to the rules of the Fund, and is handed over to him, unconditionally, on his quitting the Service; or, in the event of his death before retirement, to his legal representatives or such other person or persons as, under and subject to the rules of the Fund for the time being in force, may be entitled thereto.

FAMILY PENSION FUND.

Information regarding the Superior Services (India) Family Pension Fund will be found on p. 408.

The following particulars relate to appointment of Junior Inspectors of Mines in the Mines Inspection Staff in India. Vacancies are ordinarily advertised as they occur. Candidates should not ordinarily be under 25 and not over 30 years of age, and should have had a good general education. They should hold a first-class certificate of competency under the English Coal Mines Regulation Act, and preferably should either possess a degree in mining at a recognised college in England, or should have served a regular pupilage under a recognised Consulting Mining Engineer or Colliery Owner.

The Staff consists of a Chief Inspector, three Inspectors and five Junior Inspectors. The monthly rates of pay for officers of non-Asiatic domicile are given on p. 380. A Junior Inspector is required to officiate for Inspectors who are on leave, and when not so employed to work in one of the circles, under the Inspector of that circle.

In addition to the rate of pay therein set forth, a Junior Inspector of Mines is entitled to travelling allowances under the conditions laid down in the Supplementary Rules made under the Fundamental Rules, in respect of journeys performed on duty, but he is not entitled to house allowance, and in accordance with recent practice he is not granted exchange compensation allowance. He is required to pass such examinations in a vernacular language as the Local Government may prescribe.

Officers appointed are on probation for two years. If at the end of the period the appointment is confirmed, service in India will count for leave and pension, with effect from the beginning of the probationary period.

Free first-class passage to India is provided, and a return passage in the event of the appointment being terminated at the end of the probationary period, or in the event of the officer being compelled to quit the service in India at an earlier date owing to ill-health certified to the satisfaction of the Government. If confirmed in the appointment, Passage Concessions will be admissible to officers of non-Asiatic domicile subject to the conditions laid down in the Superior Civil Service (Revision of Pay, Passage and Pension) Rules (*see* p. 363).

Recruitment when undertaken in this country is normally conducted by the High Commissioner for India, to whose office at 42, Grosvenor Gardens, S.W. 1, any requests for information regarding vacancies for which candidates are being sought should be addressed.

APPOINTMENTS TO THE INDIAN ARMY.

Regulations for Admission.

Candidates competing for commissions in the Indian Army are required to pass the Army Entrance Examination held by the Civil Service Commissioners. Forms of application for permission to attend the Examination may be obtained from the Secretary, Civil Service Commission, Burlington Gardens, W. 1. These examinations are to be held twice a year (in June and November) at various centres in the United Kingdom. Candidates must be between 18 and 19 years of age at a date specified in the notice of the examination, and must be of good health and character. The obligatory subjects are: Part I, English, General Knowledge, Interview, and Record and one of the following:—Modern Language, General History, Elementary Mathematics or Everyday Science. Candidates may also take not more than two of the following optional subjects: Part II,* Latin, Greek, French, German, Modern History, Lower Mathematics, Higher Mathematics, Physics, Chemistry or Biology. In addition to these subjects candidates may be examined in Freehand Drawing. Additional marks are given to candidates who have obtained certificate "A," or its equivalent in the Officers' Training Corps. Further particulars regarding the examination are contained in the Regulations for admission to the Royal Military College, Sandhurst, which may be obtained from The U.S. of State, Military Department, India Office, S.W. 1. Specimens of papers set at past examinations, with tables of marks (price 1s.), may also be obtained from His Majesty's Stationery Office, Adastral House, Kingsway, London, W.C. 2.

Indian Army Cadetships at Sandhurst.

The notice of the examination issued by the War Office specifies the number of cadetships offered at the examination which are tenable at the Royal Military College, Sandhurst. Of these the greater number are for the British Army; but a limited number are also usually offered for the Indian Army. 70 cadetships carrying appointment to the Indian Army are offered at Sandhurst in the course of a year, and as the examinations are held twice a year, the number of these cadetships offered in connection with any examination is

* No Candidate may offer similar subjects in Part I. and II.

INDIAN ARMY—*continued.*

limited to 35, but this depends on the requirements of the Indian Army at the time. Not more than 10 of these will be allotted at each examination to King's India Cadets nominated by the Secretary of State for India (*see below*) and one or two to King's Cadets nominated by the Army Council, the balance to be allotted by open competition. After the King's Cadets and King's India Cadets have been provided for, the other available appointments to the Indian Army are offered to the Sandhurst cadets in the order of merit on passing out of the College.

A certain number of "Prize Cadetships" are offered at the Army Entrance Examination, and are open both to candidates for the British Service, and to those who desire to obtain appointments in the Indian Army.

Under present conditions the course at Sandhurst lasts for 18 months. At the end of the period of training the Indian Army cadets who are recommended for commissions will be gazetted to the Unattached List for the Indian Army, and will be sent out to India for attachment to a British unit in that country for one year. On the conclusion of a year's service with a British unit, they will, if recommended, be posted to a unit of the Indian Army.

KING'S INDIA CADETSHIPS.

Twenty King's India Cadetships at the Royal Military College, Sandhurst, are offered every year. These King's India Cadetships are confined by statute to the sons of persons who have served the Crown in India. To be eligible for these cadetships, candidates must attain a qualifying standard at the Army Entrance Examination. The nominations are made by the Secretary of State for India in Council according to definite rules, the length and distinction of the father's service being the primary consideration. Special consideration is, however, given to the sons of deceased officers. The services of relatives other than the father cannot be taken into consideration in allotting these cadetships.

A King's India Cadetship carries the right of appointment to the Indian Army. Remission of fees and contribution towards incidental expenses (*see* below under Fees) may be granted in cases where, after due enquiry, the cadet's pecuniary circumstances are ascertained to be such as to justify the payment.

Three Honorary King's India Cadetships at the Royal Military College are offered annually to the sons of officers of the Indian Army or Indian Medical Service, who have reached the rank of Major, and who have died in the Service or have had distinguished war service.

Only those candidates who intend to apply for appointment to the Indian Army on being commissioned are eligible for nomination as King's India Cadets or Honorary King's India Cadets, and any pecuniary concessions granted to a King's India Cadet have to be refunded if the Cadet does not join the Indian Army.

Forms of application for King's India Cadetships can be obtained from the Secretary, Military Department, India Office.

UNIVERSITY CANDIDATES.

A few direct appointments to the Unattached List for the Indian Army are made by the War Office from candidates nominated by the principal Universities in the United Kingdom. The Regulations for University Candidates can be obtained from the War Office.

TERRITORIAL FORCE AND SUPPLEMENTARY RESERVE.

A few direct appointments are also offered to officers of the Territorial Army and Supplementary Reserve, between the ages of 21 and 25, who undertake the Final Examination at the Royal Military College, Sandhurst, under arrangements made by The War Office.

FEES.

The fees ordinarily payable by cadets range from £60 a term for the son of an officer or soldier and £100 a term for the son of a private gentleman. These rates may, however, be reduced to £45, £30 and £15 in the case of the former and to £75, £50 and £25 in the case of the latter, (admissibility for each particular rate to be determined according to pecuniary need at the discretion of the Army Council). In addition to this fee a contribution of £55 will be required from the parent or guardian of each cadet in aid of uniform, books, and other incidentals for the first two terms, and £15 for the third term. The sums due should be paid to the College Accountant immediately the cadet enters the Royal Military College, but in the case of a King's India Cadet they should be paid on instructions from the India Office. Any expenditure on uniform, books, and incidentals in excess of this £70 must be paid by the parent or guardian of the cadet at the end of the course.

While under instruction cadets are expected to be supplied with pocket money by their parents or guardians at the rate of £3 a month.

In no case will the parent of a King's India Cadet be called upon to pay fees in excess of £60 per term plus the usual contribution of £70.

Free issues of binoculars and prismatic compasses will be made to the cadets on joining the Royal Military College, and on being commissioned they will receive an outfit allowance of £50.

In the case of all cadets a contribution is made by Government which is intended to cover the cost of messing, laundry, and servants at the Colleges, but any expense incurred beyond the amount of this Government contribution must be paid by the cadet or his parents.

INDIAN ARMY—*continued.*

PAY ON BEING COMMISSIONED.

Cadets from Sandhurst who are gazetted to the Unattached List for the Indian Army receive pay at the rate admissible to a Second Lieutenant of British Infantry, from the date of their commission to the date of their arrival in India. Ration allowance at current rate is also payable up to date of embarkation. On attachment to a British unit in India, Second Lieutenants of the Unattached List will receive pay at Rs. 385 per mensem, *plus* Rs. 20 per mensem, if free quarters are not provided. On appointment to an Indian regiment they will receive the Indian Army pay and allowances of their rank.

PAY OF OFFICERS OF THE INDIAN ARMY.

Information regarding the pay, leave, promotion and pensions of Indian Army Officers appears on p. 412.

FAMILY PENSIONS.

All candidates appointed to permanent commissions in the Indian Army are required, as a condition of their appointment, to subscribe to the "Indian Military Widows' and Orphans' Fund.' The regulations of this Fund can be obtained on application to the Controller of Pension Funds, India Office. In addition to these pensions, the families of officers of the Indian Army are eligible for the pensions laid down in the Royal Warrant for the pay of the British Army.

SCHOLARSHIPS.

Officers appointed to the Indian Army will be eligible equally with officers appointed to the British Service for the scholarships of the annual value of £50, tenable for five years, which will, from August, 1925, be awarded to young officers on first appointment to commissions for promise of special ability for regimental work, or for staff or other special work. Six such scholarships will be awarded each half-year to officers commissioned from the Royal Military College, and two to University candidates of high intellectual training.

These conditions are subject to such alterations at any time as may be determined by the Secretary of State for India in Council.

MEMORANDUM REGARDING APPOINTMENT TO AND CONDITIONS OF SERVICE IN HIS MAJESTY'S INDIAN MEDICAL SERVICE.

METHOD OF APPOINTMENT.

2. Since the open competitive examination held in July, 1915, for admission to the Indian Medical Service, no similar examination has been held, but such appointments as have been required to meet the needs of the Service have been made by nomination by the Secretary of State. This method of recruitment will continue to be in force until further notice. To assist him in making appointments the Secretary of State for India has appointed a Selection Committee who will summon and interview such applicants as may appear to be *primâ facie* suitable, and make recommendations for appointment. A similar Committee has been appointed in India to investigate applications and to forward recommendations to the Secretary of State. Applications from Europeans resident in Europe should be addressed to the Secretary, Military Department, India Office, Whitehall, London, S.W.1. Other applications should be addressed to the Director-General, Indian Medical Service, Simla (or Delhi), India. The applications of all Indian candidates are considered by the Selection Board in India, and no useful purpose is therefore served by such candidates presenting themselves for interview before the Selection Board in London. Applications from Indians in this country to appear before the London Selection Board will only be entertained in cases where the Board is of opinion that the circumstances are exceptional.

All correspondence regarding applications should be marked "Medical Recruitment" at the top left-hand corner of the envelope.

An officer is also liable to be placed on the temporary non-effective list or the retired list should his health require an undue amount of leave, whether in or out of India. In no case will an officer be granted an extension of leave on medical certificate or be placed on the temporary non-effective list if there is no reasonable prospect of his becoming fit to return to duty.

† Plus Ration Allowance at the rate laid down from time to time in Army Council Instructions.

INDIAN MEDICAL SERVICE—*continued.*

31. An officer on leave, whether in India or out of India, is required to rejoin at once on being recalled to duty, unless certified by a Medical Board to be unfit to do so.

ADMINISTRATIVE OFFICERS (MILITARY).

35. Officers of the Administrative Grade may, during their tenure of appointment, be granted such privilege leave as is due to them, and in addition six months' furlough (on private affairs or on medical certificate) which may be combined with the privilege leave. Such combined leave may be taken in one or two instalments up to a total of eight months in all (*vide* para. 20). Privilege leave will be on full pay and furlough at the following rates :—

Colonel	1,175
Major-General	1,250
Director, Medical Service in India (Lieutenant-General or Major-General)	1,350

(*b*) *In India.*—At rupee rates, which are approximately 75 per cent. of full pay, *plus* overseas pay in full, if admissible.

OFFICERS IN CIVIL EMPLOYMENT.

36. An Indian Medical Service officer in civil employment (subject to certain exceptions in regard to posts of limited tenure) becomes subject to the civil leave rules from the date of first substantive appointment to a post in civil employ, or from the date of completion of three years' continuous officiating duty in such service, whichever is earlier.

The following is only a short summary of the civil leave rules, and must not be taken as overriding the provisions of the Fundamental Rules for the time being in force, with reference to which any disputed question will be decided.

I.—"*Special*" *Leave Rules for Officers possessing domicile elsewhere than in Asia.*

Leave is calculated in terms of "leave on average pay," and the amount of "leave on average pay" with which an officer's leave account is credited is five-twenty-seconds of the period spent on duty.

Subject to certain maxima and minima, and to the limitations noted below, an officer may draw, at his option, leave salary equal to the average pay of the last 12 months of completed duty or to half such average pay. All leave on average and half the period on half-average pay is debited in the leave account. An officer may take his leave on average pay, on half-average pay, or on a combination of the two, provided that his continuous absence from duty does not exceed 28 months, and that the amount of leave taken on average pay does not exceed eight months at any one time. The maximum amount of leave admissible during an officer's career, expressed in terms of leave on average pay, is three years, *plus* one-eleventh of the period spent on duty, of which not more than one year, *plus* one-eleventh of the period spent on duty may actually consist of leave on average pay.

II.—"*Ordinary*" *Leave Rules for Officer possessing Asiatic domicile.*

Leave is calculated in terms of "leave on average pay" and the amount of "leave on average pay" with which an officer's leave account is credited is two-elevenths of the period spent on duty.

Subject to certain maxima and minima and to the limitations noted below, an officer may draw, at his option, leave salary equal to the average pay of the last 12 months of completed duty or to half such average pay. All leave on average pay and half the period on half average pay is debited in the leave account. An officer may take his leave on average pay, on half average pay, or on a combination of the two, provided that his continuous absence from duty does not exceed 28 months, and that the amount of leave taken on average pay does not exceed, at any one time, four months, if taken without medical certificate and spent in India or Ceylon, or eight months, if taken on medical certificate or spent elsewhere than in India or Ceylon. The maximum amount of leave admissible during an officer's career, expressed in terms of leave on average pay, is two and a half years *plus* one-eleventh of the period spent on duty, of which not more than one-eleventh of the period spent on duty may actually consist of leave on average pay, provided that, in the case of an officer who either takes leave on medical certificate or spends his leave elsewhere than in India or Ceylon, leave on average pay up to a maximum of one year *plus* one-eleventh of the period spent on duty is admissible.

III.—*General Rules, applicable to both Special and Ordinary Leave Rules.*

Leave not due and carrying half average pay (or subsistence grant as indicated below) may be granted on medical certificate and within certain limits, for other reasons. Such leave, except for a maximum period of three months in all during the officer's service, expressed in terms of leave on average pay, is debited in the leave account, and an officer will not again begin to earn leave until the expiration of a fresh period of duty sufficient to earn a credit of leave to the leave taken before it was due and debited in the leave account. After 28 months' absence from duty an officer draws subsistence grant.

Leave salary is ordinarily payable in rupees if the officer spends his leave in Asia, and in sterling if he spends it elsewhere.

STUDY LEAVE.

37. Extra leave (known as study leave) may be granted to officers desirous of pursuing special courses of study. These courses must be definite courses of post-graduate study at a recognised institution or of study ordinarily associated with post-graduate work, and must be approved as suitable by the Director-General, Indian

INDIAN MEDICAL SERVICE—*continued.*

Medical Service, or by the Medical Adviser to the Secretary of State for India. (Courses of study intended for students preparing for their primary medical qualifications will not be approved.) The satisfactory completion of such approved courses is taken into consideration for the purposes of accelerated promotion under the terms of para. 16.

The period of study leave will be calculated at the rate of one-twelfth of pension service, but will not exceed 12 months in all during an officer's service. Study leave may be combined with other leave provided that the period occupied in study is not less than two months. The minimum period of study leave taken by itself is six months.

For the course of study, study allowance, at present fixed at the rate of 12s. a day in the United Kingdom, £1 a day on the Continent of Europe, and £1 10s. in the United States of America, will be granted after the completion of the course on the production of satisfactory certificates as required by the Study Leave Rules.

Study leave will count as service for promotion and pension but not for leave.

Officers of Asiatic domicile, immediately after completing the Senior Officers' Course at the Royal Army Medical College, Millbank (mentioned in para. 13), will be regarded as eligible for a period of study leave, during which they will retain a lien on their free return passage to India. If the exigencies of the service make it necessary in any particular case to refuse an application for such study leave, the officer in question will subsequently be eligible for a free passage between India and the United Kingdom on one occasion during his service for the purpose of taking study leave.

PASSAGES.—ON FIRST APPOINTMENT.

38. An officer on appointment is provided with a free passage to India, normally by transport, and will be required to embark as soon as possible after termination of the course of instruction in this country. The wives and families of officers who are married prior to the date of the officer's embarkation on first appointment to the Indian Medical Service, will also be provided with free passage to India.

CONCESSION PASSAGES.

39. Subject to the limitations mentioned in para. 40, an officer of non-Asiatic domicile at the date of appointment to the Indian Medical Service is entitled during his service to passages of a total value equal to the cost of the number of passages between Bombay and London by P. and O. 1st Class B., shown below :—

I. For the officer himself :—

Officer's age at date of entering the Indian Service.	Number of return passages.
Under 31 years	4
31 years or over, but under 38 years	3

II. For his wife, the same number of return passages to which the officer himself is entitled; provided that in the case of an officer who has been married after the date of his entering Indian Service, the scale of benefits for his wife shall be as follows :—

Officer's age at date of Marriage.	Number of return passages.
Under 31 years	4
31 years or over, but under 38 years	3
36 years or over, but under 45 years	2
45 years or over	1

III. For each child one single adult passage.

40. The scheme of concession passages stated in the previous paragraph is based on the assumption that an officer continues in the service till qualified for pension. All officers, however, possess the option of retirement on a gratuity (*vide* para. 45) and the following conditions are, therefore, laid down governing the grant of passages during the early years of an officer's service :—

(*a*) No concession passage will be granted during an officer's first five years of service. On the completion of that period, an officer becomes eligible for concession passage, provided that he has not given notice of his intention to retire with a gratuity in accordance with the terms of para. 45. On the completion of 11 years' service he becomes eligible for a second concession passage, subject again to his not having given notice of retirement. The remaining passages due to an officer may be taken at any time during the rest of his service, subject to the exigencies of the service.

(*b*) An officer invalided home on sick leave during his first 12 years of service will be provided with a passage, but any such passage granted to him will count against any concession passage or passages to which he may subsequently become entitled. In the event of his retiring otherwise than on account of ill-health before becoming entitled to full benefits under the concession passage rules, he will be required to refund the cost of any passages granted to him on sick leave.

(*c*) An officer who retires with a gratuity at the end of either six or 12 years' service in accordance with the terms of para. 45 will be provided with a free passage to the United Kingdom for himself and his family.

PENSIONS.

41. Officers of the Indian Medical Service are allowed, subject to the right of Government to suspend retirements in times of emergency,

to retire on the following scale of pension, on completion of the required periods of service :—

	Per Annum. £
After 17 years' service for pension ..	400

,, 24 ,, ,, ,, ..	660
,, 25 ,, ,, ,, ..	700
,, 26 ,, ,, ,, ..	750
,, 27 ,, ,, ,, ..	800

These rates are subject to alteration on account of a rise or fall in the cost of living as compared with the year 1919. With effect from the 1st July, 1927, a reduction of 4½ per cent. on this account has been made from the amounts shown above. A further revision may take place on the 1st July, 1930, and every three years thereafter, to an extent not exceeding 20 per cent. in all.

42. Service for pension reckons from the date of commission, and includes leave taken under the leave rules, time passed on the temporary non-effective list (if the officer is placed thereon on account of medical unfitness caused by duty) up to one year, and previous war service (*see* paras. 8 and 15).

43. A Major-General, after three, two or one years' service in the substantive rank, is entitled to retire upon a pension of £350, £315, or £285 per annum respectively, in addition to the pension to which he may be entitled under the above scale.

44. A Colonel after four, three, two or one years' service in the substantive rank is entitled to retire upon a pension of £250, £185, £125 or £65 per annum respectively, in addition to the pension to which he may be entitled under the above scale.

GRATUITIES.

45. An officer is entitled to retire on a gratuity at any time after the completion of six years' service from the date of permanent appointment to the Indian Medical Service, provided that he has given notice of his intention to do so 12 months in advance. The amount of the gratuity for an officer with over six years' and less than 12 years' service is £1,000 and for an officer with 12 years' service or over is £2,500. Privilege leave will be allowed to count towards service for a gratuity, but not ordinary furlough or sick leave.

46. Officers of the rank of Lieutenant-Colonel and Major are placed on the retired list when they have attained the age of 55 years, Colonels when they have attained the age of 57 years, and General Officers when they have attained the age of 60 years.

LIABILITY TO RECALL.

47. An officer is liable, after retirement on pension or with a gratuity after not less than 12 years' service, to recall to military duty in case of emergency up to 55 years of age. Officers will be recalled to duty only in the event of an emergency arising which exhausts the reserves permanently maintained in civil employ in India.

INVALID PENSIONS.

48. An officer who before completing 17 years' service has become permanently incapacitated for further service in India on account of unfitness caused by duty may be granted an invalid pension varying from £60 to £370 per annum according to length of service. Provision is also made for the grant of additional disability pensions of from £20 to £100 per annum.

49. Officers placed on the temporary non-effective list (*see* para. 33) are granted temporary invalid pensions at the half pay rates of the British Army, viz. :—

	Rates of Half Pay. Per Diem.			Per Annum.

These rates are subject to alteration on account of a rise or fall in the cost of living as compared with the year 1919. With effect from the 1st July, 1927, a reduction of 6 per cent. on this account has been made from the amounts shown above. A further revision may take place on the 1st July, 1930, and every three years thereafter to an extent not exceeding 20 per cent. in all.

An officer of less than three years' service, although he may be transferred to the temporary non-effective list under the general conditions of transfer, will not be granted any temporary invalid pension unless his unfitness has been caused by duty.

FAMILY PENSIONS.

50. The claims to pension of widows and families of officers are treated under the provisions of such Royal Warrant regulating the grant of pensions to the widows and families of British officers as may be in force at the time being.

51. The widows and families of officers are also entitled to pensions under the Regulations of the Indian Military Widows' and Orphans' Fund. Subscription under those Regulations is a condition of appointment, except in the case of Indians, for whom it is optional.

He will be required to give an undertaking with two sureties for this refund. If he is a minor a similar undertaking will be required from his father, guardian or near relative with one surety. If before promotion to the grade of pilot the officer is removed from the service, or if he is compelled by certified ill-health not caused by his own negligence, carelessness or misconduct, to resign the service before such promotion, he will, if of non-Asiatic domicile, be provided with a free first-class passage back to England, or at his option to any other country at a cost not exceeding that of such passage, provided that he utilises it within three months from the date of his removal or resignation as the case may be.

2. An officer of non-Asiatic domicile when confirmed in the Bengal Pilot Service will be admitted to the passage benefits contained in the Superior Civil Services (Revision of Pay, Passage and Pension) Rules. These benefits are summarised below:—

A. The maximum benefits in respect of passages to which an officer will be entitled will be passages of a total value equal to the cost of the number of the passages between Bombay and London by P. and O., 1st Class B, shown below:—

(*a*) For the officer himself, four return passages.

(*b*) For his wife, the number of return passages shown in the following scale:—

Officer's length of service at date of marriage —	Number of return passages.
Less than 7 years	4
7 years but less than 14 years	3
14 years but less than 21 years	2
21 years and over	1

(*c*) For each child, one single adult passage.

B. If an officer dies while in the service, his wife and children will be entitled to receive from general revenues single passages by sea from a port in India to a port outside India, but not exceeding in each case the cost of a single passage between Bombay and London by P. and O. steamer, 1st Class B.

C. Any balance remaining at the credit of an officer in his personal passage account after he has ceased to be eligible for the benefits conferred by the rules will lapse to Government.

(*The arrangements herein described are subject to the provisions of the authorised text of the rules for the time being in force.*)

3. A Leadsman Apprentice, on arriving at Calcutta, will report himself to the Port Officer, and will receive Rs. 200 a month from the date of his arrival, to enable him to support himself in Calcutta and to pay his mess money when on board the pilot brigs.

4. A Leadsman Apprentice will go through such a course of training and pass such examinations as the Government of India may from time to time prescribe. The rates of pay and allowances of Leadsman Apprentices while on duty are as follows, without exchange compensation allowance:—

First Mate Leadsman (passed for Mate Pilot)	Rs. 350 a month. *Plus* 50 per cent. of the lead money collected on ships when on the running list.	

In addition they will get free quarters.

5. After five years' service as a Leadsman Apprentice, of which one year must be as a Mate Leadsman, he will be allowed to appear at an examination to qualify for appointment as a Pilot, but if he shows exceptional ability, and has passed each previous examination on his first attempt, bears a very good character, and is otherwise well reported on, this period may, with the special sanction of Government, be reduced to 4½ years, when, if successful in the examination, he will be promoted to the grade of Pilot on the occurrence of a vacancy.

8. Pilots who have passed the efficiency bar (*b*), or the examination prescribed therefor, on attaining the age of 40, will, while under 55 years of age, be examined at intervals of three years by the Marine Surgeon with respect to their eyesight and general physical fitness for the performance of their duties. All Pilots who continue in the service after attaining the age of 55 years will be similarly examined every year.

9. If the Government has reason to believe that a Pilot is, owing to physical unfitness of any kind, incapable of discharging his duties properly, it shall arrange for his medical examination, and shall take such action as may seem desirable when the results of that examination are communicated. In particular, Pilots shall be medically examined after the occurrence of any accident to the vessel in their pilotage charge, if the circumstances tend to show that the accident was in any way attributable to physical unfitness on the part of the Pilot.

10. The Government of India reserves to itself the right to require all Pilots to obtain a Home Trade Master Mariner's certificate before they are promoted beyond efficiency bar (*a*).

11. Every member of the Pilot Service is subject to such rules as the Government of India may from time to time make in regard to discipline, leave, leave allowances, number of officers in the Service, distribution into grades, tonnage of ships to be allotted to the several grades, &c., and in all respects he is amenable to such orders as may be passed by the Government of India, and is liable to degradation, suspension, and dismissal by the Government of India for any breach of such rules or orders, or for misconduct.

12. The principal leave rules are contained in the Fundamental Rules and Civil Service Regulations, and are summarised below; but it is to be understood that the rules are subject to alteration at the discretion of Government. Pilots are required to contribute towards the cost of pensions for their widows and orphans under rules which will be found on page 304.

Principal Rules relating to the Leave of the Bengal Covenanted Pilot Service.

Note.—The following paragraphs are merely intended to show the principal leave rules in the

BENGAL COVENANTED PILOT SERVICE—*continued.*

Fundamental Rules at present applicable to the Bengal Pilot Service without going into minute details, and do not profess to deal with every case that may arise. The rules are subject to alteration, and any disputed question must be decided with reference to the authorised text of the Fundamental Rules for the time being.

LEAVE.

1. Leave is calculated in terms of "leave on average pay," and the amount of "leave on average pay" for which an officer is eligible is 5/22nds of the period spent on duty.

2. Subject to certain maxima and minima, an officer of non-Asiatic domicile may draw, at his option, leave salary equal to the average pay of the last 12 months of completed duty or to halt such average pay. All leave on average and half the period on half average pay is counted against the leave earned. An officer may take his leave on average pay, on half average pay, or on a combination of the two, provided that his continuous absence from duty does not exceed 28 months, and that the amount of leave taken on average pay does not exceed eight months at any one time. The maximum amount of leave admissible during an officer's career is the equivalent of leave on average pay for three years + 1/11th of the period spent on duty, of which not more than 1 year + 1/11th of the period spent on duty may actually consist of leave on average pay. Leave not due and carrying half average pay may be granted on medical certificate, and within certain limits, for other reasons, but an officer will not again commence to earn leave until the expiration of a fresh period of duty sufficient to earn a credit of leave equal to the leave he has taken before it was due. After 28 months' absence from duty an officer will draw quarter average salary, subject to certain maxima and minima.

3. With certain exceptions, leave salary shall be drawn in rupees if due in respect of leave which is spent in Asia, and in sterling if due in respect of leave spent out of Asia. The rate of exchange for the conversion of leave salary is 1*s.* 6*d.* to the rupee.

4. It should be noted that leave can never be claimed as of right, but is given or refused at the discretion of Government.

1. An officer's right to pension will be governed by Rule 13 of the Superior Civil Services (Revision of Pay, Passage and Pension) Rules, for the time being in force.

Regulations as to the PHYSICAL EXAMINATION of Candidates for Appointments under the Government of India.

NOTE.

These Regulations are published for the convenience of candidates and in order to enable them to ascertain the probability of their coming up to the required physical standard. But it must be clearly understood that the Secretary of State reserves to himself an absolute discretion to reject as unfit any candidate whom he may consider, after hearing the opinion of his medical advisers, to be physically disqualified for the public service; and that his discretion is in no respect limited by these Regulations.

The candidate's height will be measured as follows:—He will remove his shoes and be placed against the standard with his feet together, and the weight thrown on the heels and not on the toes or outer sides of the feet. He will stand erect without rigidity, and with the heels, calves, buttocks and shoulders touching the standard; the chin will be depressed to bring the vertex of the head level under the horizontal bar, and the height will be recorded in inches and parts of an inch to quarters. The arms will then be lowered to hang loosely by the side, and care will be taken that the shoulders are not thrown upwards or backwards so as to displace the tape. The candidate will then be directed to take a deep inspiration several times, and the maximum expansion of the chest will be carefully noted.

The minimum and maximum will then be recorded in inches, 33—35, 34—36½, &c.

In recording the measurements, fractions of less than ½ inch should not be noted.

Preliminary Examination of Candidates by the India Office Medical Board.

Candidates for appointments may, if they wish it, undergo a preliminary examination by the Medical Board, which meets at the India Office, under the following conditions :—

(*a*) Applications must be addressed to the Under Secretary of State, India Office, Whitehall, London, accompanied by a fee of two guineas, and a statement as to the particular appointment which the candidate desires to obtain.

(*b*) Candidates must pay their travelling expenses.

(*c*) It must be understood that the opinion of the Medical Board, which will be communicated by the Board to the candidate at the end of the examination, is solely for the candidate's own information and is not an official finding. The Board, if they consider a candidate unfit, will exercise their discretion as to informing him of the particular grounds on which their opinion is based. No further information can in any case be given as to the Medical Board's opinion, which will be confined solely to the physical fitness of the candidate; and any question as to the eligibility of the candidate, if found physically fit, to be admitted to the particular Indian service which he desires to enter, should be addressed in writing to the Under Secretary of State.

(*d*) Candidates considered to be unfit by the Medical Board at this preliminary examination are not bound to accept its opinion, but may, *at their own risk*, continue their studies, with the knowledge that they will have to submit themselves for a final medical examination by the Medical Board prior to the examination or to their appointment.

(*e*) As the preliminary examination by the Medical Board is held solely for the candidate's information, a candidate who is informed after such an examination that he is physically fit will have on that account no claim to be accepted as physically fit when he presents himself for the final medical examination, upon which alone his acceptance or rejection will depend. Candidates may be considered fit for the Service at the preliminary examination, but may be found at the final examination to be unfit, either on account of some physical defect which did not exist or passed undetected at the preliminary examination, or for other reasons.

INDIA OFFICE.

Inoculation against Enteric Fever and Vaccination against Smallpox.

All persons proceeding to India for the first time are in their own interests strongly recommended before leaving this country to arrange for their :—

(*a*) inoculation with vaccine against enteric fever and the other fevers of the typhoid group;
(*b*) vaccination against smallpox.

An officer appointed to the Indian Military Services, or to the Royal Indian Marine, will be inoculated against enteric free of charge on his applying to a military hospital.

Should he, however, prefer to be inoculated by his private medical attendant (which will be at his own expense), vaccine will be supplied free of charge on written application to the Commandant, Royal Army Medical College, Grosvenor Road, London, S.W.1. The name and full address of the medical practitioner to whom the vaccine should be forwarded, and the rank and name of the applicant and the service to which he belongs should be stated.

In the case of an officer appointed to one of the Civil Services of the Government of India, the individual should make his own arrangements for inoculation and vaccination No refund of expenses in this connection will be admissible.

The wives and families of officers of the Indian Military Services, and of the Royal Indian Marine, are not, in this country, entitled to inoculation at Government expense. Private arrangements should therefore be made. Vaccine will, however, be supplied by the Royal Army Medical College on application being made as indicated above.

All persons who have not been recently *successfully* vaccinated against smallpox should be vaccinated before sailing. Private arrangements should be made.

N.B.—Vaccination is neither performed at, nor vaccine lymph supplied by, the Royal Army Medical College.

As inoculation against enteric fever and vaccination against smallpox (which have to be done separately) necessarily take up considerable time, early arrangements should be made, after the receipt of the letter of appointment, for their performance. It is advisable to have all complete about a fortnight before leaving England.

If it is not practicable to have inoculation and vaccination done before departure from this country, application should, immediately on arrival at destination in India, be made to the Government Medical Officer, who will, under Army Regulations (India), Vol. VI, be the official medical attendant of the officer.

PART I.

CHAPTER I.—EXTENT OF APPLICATION.

1. These rules may be called the Fundamental Rules. They shall come into force with effect from the 1st January, 1922

2. The fundamental rules apply, subject to the provisions of Rule 3, to all Government servants whose pay is debitable to civil estimates in India, and to any other class of Government servants in India to which the Secretary of State in Council may, by general or special order, declare them to be applicable. In relation to services under its administrative control, other than all-India services, a local Government may make rules modifying or replacing any of the fundamental rules; provided that:—

(*a*) No such rule shall adversely affect any person who is in Government service at the time when the fundamental rules come into force, and

(*b*) Any such rule which grants any privilege or concession not admissible under the terms of the fundamental rules, or of the Civil Service Regulations as they stand at the time when the fundamental rules are introduced, shall require the sanction of the Secretary of State in Council.

3. Unless in any case it be otherwise distinctly provided by or under these rules, these rules do not apply to Government servants whose conditions of service are governed by Army or Marine Regulations.

4. The powers specifically granted by these rules to local Governments may be exercised by them in relation to those Government servants only who are under their administrative control. These powers may be exercised by the Governor-General in Council in respect of all other Government servants, and may be delegated by him, without regard to the limitations of Rule 6, and subject to any conditions which he may think fit to impose, to a Chief Commissioner.

5. The power to make rules or general orders conferred upon local Governments by any of these rules shall be exercised after consideration by the Governor with his Executive Council and Ministers sitting together, but the rules and orders so made shall be made by the Governor in Council or by the Governor and Ministers according as the service affected is attached to a department dealing with reserved, or a department dealing with transferred, subjects. In the case of services performing duties both in a department dealing with reserved subjects and in a department dealing with transferred subjects, the Governor shall decide by which authority the rules shall be made.

5A. A local Government may, where power to make rules or general orders is conferred upon it by any of these rules, relax the provisions of rules or orders so made by it in such manner as may appear to it to be just and equitable, subject to the limit of its powers to make such rules or orders:

Provided that where any such rule or order is applicable to the case of any person, the case shall not be dealt with in any manner less favourable to him than that provided by the rule or order.

6. A local Government may delegate to any of its officers, subject to any conditions which it may think fit to impose, any power conferred upon it by these rules, with the following exceptions:—

(*a*) All powers to make rules;

(*b*) The other powers conferred by Rules 6, 9 (6) (*b*), 44, 45, 83, 119, 121 and 127 (*c*), and by the first proviso to clause (1) of Rule 30.

7. No powers may be exercised or delegated under these rules except after consultation with the Finance Department. It shall be open to that Department to prescribe, by general or special order, cases in which its consent may be presumed to have been given, and to require that its opinion on any matter on which it has been consulted shall be submitted to the Governor by the consulting department.

8. The power of interpreting these rules is reserved to the Governor-General in Council.

CHAPTER II.—DEFINITIONS.

9. Unless there be something repugnant in the subject or context, the terms defined in this chapter are used in the rules in the sense here explained:—

(1) The *Act* means the Government of India Act.

(2) *Average pay* means the average monthly pay earned during the 12 complete months immediately preceding the month in which the event occurs which necessitates the calculation of average pay.

(6) *Duty.*—(*a*) Duty includes—

(i) Service as a probationer or apprentice, provided that such service is followed by confirmation.

(i) During a course of instruction or training.

(ii) In the case of a student, stipendiary or otherwise, who is entitled to be appointed to the service of Government on passing through a course of training at a university, college or school, during the interval between the satisfactory completion of the course and his assumption of duties.

(iii) During preparation for an examination in any Oriental language.

PART II.

CHAPTER III.—GENERAL CONDITIONS OF SERVICE.

10. Except as provided by this rule, no person may be substantively appointed in India to a permanent post in Government service without a medical certificate of health, which must be affixed to his first pay bill. A local Government may make rules prescribing the form in which medical certificates should be prepared, and the particular medical or other officers by whom they should be signed. It may, in individual cases, dispense with the production of a certificate, and may by general order exempt any specified class of Government servants from the operation of this rule.

11. Unless in any case it be otherwise distinctly provided, the whole time of a Government servant is at the disposal of the Government which pays him, and he may be employed in any manner required by proper authority, without claim for additional remuneration, whether the services required of him are such as would ordinarily be remunerated from general revenues, from a local fund, or from the revenues of an Indian State.

12. (*a*) Two or more Government servants cannot be appointed substantively to the same permanent post at the same time.

(*b*) A Government servant cannot be appointed substantively, except as a temporary measure, to two or more permanent posts at the same time.

(*c*) A Government servant cannot be appointed substantively to a post on which another Government servant holds a lien.

13. If a Government servant is transferred to duty which there is reason to believe will not terminate within three years, and retains no connection with his substantive post, a local Government may suspend his lien upon that post and fill it substantively, subject to the condition that the arrangements thus made will be reversed on the return of the Government servant in question. When the Government servant transferred draws pay in a selection grade of a cadre, another Government servant may, subject to the same reservation, be promoted to the selection grade, even if no change of duties is involved.

14. Unless his lien is formally transferred or suspended by the local Government, a Government servant holding substantively a permanent post retains a lien on that post or on a post of the same character in the same cadre :—

(*a*) subject to the exception in Rule 97, while on leave ;

(*b*) while on foreign service or holding a temporary post or officiating in another post ;

(*c*) during joining-time on transfer to another post, unless he is transferred substantively to a post on lower pay, in which case his lien is transferred to the new post from the date on which he is relieved of his duties in the old post ; and

(*d*) while under suspension.

Note.—In the case of a chaplain, the acceptance during leave of a benefice in the United Kingdom is not acceptance of foreign service for the purpose of sub-clause (*b*) above.

15. A Government servant shall not, save in cases of inefficiency or misbehaviour, be transferred substantively to a post carrying less pay than his relative position in the cadre of the service to which he belongs would justify.

16. A Government servant may be required to subscribe to a provident fund, a family pension fund or other similar fund in accordance with such rules as the Secretary of State in Council may by order prescribe.

17.—(1) Subject to any exceptions specifically made in these rules, and to the provisions of sub-rule (2), an officer shall begin to draw the pay and allowances attached to his tenure of a post with effect from the date when he assumes the duties of that post, and shall cease to draw them as soon as he ceases to discharge those duties.

(2) The date from which a person recruited overseas shall commence to draw pay on first appointment shall be determined by the general or special orders of the authority by whom he is appointed.

18. Unless the Governor-General in Council, in view of the special circumstances of the case, shall otherwise determine, after five years' continuous absence from duty, elsewhere than on foreign service in India, whether with or without leave, a Government servant ceases to be in Government employ.

PART III.

CHAPTER IV.—PAY.

19. Subject to the provisions of rules made under Section 45A of the Act and to any restrictions which the Secretary of State in Council may by order impose upon the powers of the Governor-General in Council, or the Governor in Council, as the case may be, the fixation of pay is within the competence of a local Government ; provided that, except in the case of personal pay granted in the circumstances defined in Rule 9 (23) (*a*), the pay of a Government servant shall not be so increased as to exceed the pay sanctioned for his post, without the sanction of an authority competent to create a post in the same cadre on a rate of pay equal to his pay when increased.

20. When a Government servant is treated as on duty under Rule 9 (6) (*b*), the local Government may, at their option, authorise payment to him of the pay of his substantive appointment, or of any lower rate of pay which the local Government may consider suitable. If the duty consists in a course of training or instruction the pay admissible may, if the local Government so direct, be, instead of either of the rates just specified, the pay of any officiating appointment held by the officer at the time he was placed on such duty, but this rate of pay shall not be allowed for a period longer than that for which the officer would have held the officiating appointment had he not been placed upon a course.

21. *Time-scale Pay.*—Rules 22 to 29 inclusive, and Rule 32, apply to time-scales of pay generally. They do not, however, apply to any time-scale sanctioned by the Secretary of State in Council in so far as they are inconsistent with terms specially so sanctioned for such time-scale.

22. When a Government servant is appointed substantively to a post on a time-scale of pay :—

(*a*) (i) if he has not previously officiated in the post, or

(ii) if he has officiated in it but his present substantive pay exceeds the pay which he last drew in it,

he will draw as initial pay the pay of the stage in the time-scale next above his present substantive pay, if any, and will draw increments after the periods usually required ; and

(*b*) if he has previously officiated in the post, but his present substantive pay does not exceed the pay which he drew when last officiating,

he will draw initial pay equal to that pay, and will count for increment in that stage the period during which he was drawing the said pay.

23. The holder of a post, the pay of which is changed, shall be treated as if he were transferred to a new post on the new pay ; provided that he may at his option retain his old pay until the date on which he has earned his next or any subsequent increment on the old scale,

or until he vacates his post or ceases to draw pay on that time-scale. The option once exercised is final.

24. An increment shall ordinarily be drawn as a matter of course unless it is withheld. An increment may be withheld from a Government servant by a local Government, or by any authority to whom the local Government may delegate this power under Rule 6, if his conduct has not been good or his work has not been satisfactory. In ordering the withholding of an increment, the withholding authority shall state the period for which it is withheld, and whether the postponement shall have the effect of postponing future increments.

25. Where an efficiency bar is prescribed in a time-scale, the increment next above the bar shall not be given to a Government servant without the specific sanction of the authority empowered to withhold increments.

26. The following provisions prescribe the conditions on which service counts for increments in a time-scale :—

(*a*) All duty in a post to which a time-scale applies counts for increments in that time-scale.

(*b*) Officiating service in another post, service in a temporary post, and leave, other than extraordinary leave, count for increments in the time-scale applicable to the post on which the Government servant concerned holds a lien, or would hold a lien had his lien not been suspended under Rule 13: Provided that the local Government shall have power, in any case where they are satisfied that the leave was taken on account of illness or for any other cause beyond the Government servant's control, to direct that extraordinary leave shall be counted for increments under this clause.

(*c*) If a Government servant, while officiating in a post or holding a temporary post on a time-scale of pay, is appointed to officiate in a higher post or to hold a higher temporary post, his officiating or temporary service in the higher post shall, if he is re-appointed to the lower post, count for increments in the time-scale applicable to such lower post.

(*d*) If a Government servant's tenure of a temporary post is interrupted by duty in another post or by leave, other than extraordinary leave, or by foreign service, such duty, leave, or foreign service counts for increments in the time-scale applicable to the temporary post if the Government servant returns to the temporary post: Provided that the local Government shall have power, in any case where they are satisfied that the leave was taken on account of illness or for any other cause beyond the Government servant's control, to direct that extraordinary leave shall be counted for increments under this clause.

(*e*) Foreign service counts for increments in the time-scale applicable to :—

(i) the post in Government service on which the Government servant concerned holds a lien, or would hold a lien had his lien not been suspended under Rule 13; and

(ii) any post to which he may receive officiating promotion under Rule 113 below, for the duration of such promotion.

27. An authority may grant a premature increment to a Government servant on a time-scale of pay if it has power to create a post in the same cadre on the same scale of pay.

28. The authority which orders the transfer of a Government servant as a penalty from a higher to a lower grade or post may allow him to draw any pay, not exceeding the maximum of the lower grade or post, which he may think proper.

29. If a Government servant is, on account of misconduct or inefficiency, reduced to a lower grade or post, or to a lower stage in his time scale, the authority ordering such reduction shall state the period for which it shall be effective and whether, on restoration, it shall operate to postpone future increments and if so to what extent.

30. *Pay of Officiating Government Servants.*—

(1) Subject to the provisions of Chapter VI, a Government servant holding one post substantively who is appointed to officiate in another post shall not draw enhanced pay on account of the officiating appointment unless it is one of those enumerated in the Schedule to this rule, or unless it involves the assumption of duties or responsibilities of greater importance than, or of a different character from, those attaching to the substantive post:

Provided that the local Government may exempt from the operation of this rule any service other than an all-India service which is not organised on a time-scale basis and in which a system of acting promotion from grade to grade is in force at the time of the coming into force of these rules: Provided further that the Governor-General in Council may specify posts outside the ordinary line of a service the holders of which may, notwithstanding the provisions of this rule and subject to such conditions as the Governor-General in Council may prescribe, be given any officiating promotion in the cadre of the Service which the authority competent to order promotion may decide, and may thereupon be granted the same pay (whether with or without the extra allowance, if any, attached to such posts) as they would have received if still in the ordinary line.

(2) For the purposes of this rule an officiating post shall not be deemed to involve duties of greater responsibility or of a different character if the officiating post is on the same scale of pay as the substantive post. Any two posts are said to be on the same scale of pay when they fall within a cadre or a class in a cadre, such cadre or class having been created in order to fill all posts involving duties of approximately the same character or degree of responsibility in a service or establishment or group of establishments; so that the pay of the holder of any particular post is determined by

his position in the cadre or class and not by the fact that he holds that post.

31. Subject to the provisions of Rules 30 and 35, a Government servant officiating in a post will draw the presumptive pay of that post. If, however, the presumptive pay of the post, whether permanent or temporary, which he holds substantively is greater than the presumptive pay of the new post, he will draw pay equal to the presumptive pay of his substantive post.

NOTE.—If the post in which a Government servant officiates is tenable by a Government servant of any one of several grades or classes in a cadre, and the fixation of the pay of all such grades or classes is within the competence of the local Government, the local Government may permit the officiating Government servant to draw the pay of any one of such grades or classes.

32. A Government servant officiating in a post on a time-scale draws as initial pay the stage of the time-scale next above his substantive pay, if any; provided that if he has previously officiated in the post or in a post in the same cadre on the same time-scale, his initial pay shall not be less than the pay which he drew when last officiating. All officiating service in any stage of the time-scale, whether continuous or not, counts for increment in that stage. If the presumptive pay of the Government servant's substantive post at any time exceeds the pay calculated under this rule, he will draw pay equal to that presumptive pay.

NOTE.—In cases where the fixation of the time-scale of pay is within the competence of the local Government, the local Government may permit the officiating Government servant to draw as initial pay any stage of the time-scale.

33. When a Government servant officiates in a post the pay of which has been fixed at a rate personal to another Government servant, a local Government may permit him to draw pay at any rate not exceeding the rate so fixed, or, if the rate so fixed be a time-scale, may grant him initial pay not exceeding the lowest stage of that time-scale and future increments not exceeding those of the sanctioned scale.

34. If a military officer holding substantively a post in a civil department officiates in a military post, he will draw in the military department the emoluments to which he would have been entitled under military rules had his substantive post been a post under the military department.

35. A local Government may fix the pay of an officiating Government servant at an amount less than that admissible under these rules.

36. A local Government may issue general or special orders allowing acting promotions to be made in the place of Government servants who are treated as on duty under Rule 9 (6) (*b*).

37. *Personal Pay.*—Except when the authority sanctioning it orders otherwise, personal pay shall be reduced by any amount by which the recipient's pay may be increased, and shall cease as soon as his pay is increased by an amount equal to his personal pay.

38. *Pay of Official Members of the Indian Legislature.*—A Government servant nominated as a member of the Legislative Assembly or the Council of State shall receive, while serving on the Assembly or the Council, the pay which he would from time to time have drawn had he not been so serving. He shall receive, in addition, such travelling allowance as the Governor-General in Council may fix.

39. *Pay of Temporary Posts.*—When a temporary post is created which may have to be filled by a person not already in Government service, the pay of the post shall be fixed with reference to the minimum that is necessary to secure the services of a person capable of discharging efficiently the duties of the post.

40. When a temporary post is created which will probably be filled by a person who is already a Goverment servant, its pay should be fixed by the local Government with due regard to—

(*a*) the character and responsibility of the work to be performed, and

(*b*) the existing pay of Government servants of a status sufficient to warrant their selection for the post.

41. (*Cancelled.*)

42. *Subsistence Grants.*—A local Government may make a subsistence grant to a Government servant in the following circumstances:—

(*a*) To any Government servant other than a military officer, while under suspension.

(*b*) To any Government servant appointed in the United Kingdom, up to a maximum of two months, if, on first arrival in India, he is prevented by illness from proceeding to the seat of the Government to which he is attached, or to any other station to which he is ordered to proceed direct.

43. The amount of subsistence grant shall be regulated as follows:—

(*a*) In the case of—

(i) a member of the Indian Civil Service, a statutory civil servant or a military commissioned officer subject to the civil leave rules; or

(ii) any other Government servant receiving subsistence grant under Rule 42 (*b*),

it shall be such as the Secretary of State in Council may by general order prescribe.

(*b*) In the case of any Government servant under suspension, other than a member of the Indian Civil Service or a military commissioned officer subject to the civil leave rules, it shall be such as the suspending authority may direct, but shall in no case exceed one-fourth of the pay of the suspended Government servant.

CHAPTER V.—ADDITIONS TO PAY.

44. *Compensatory Allowances.*—Subject to any restrictions which the Secretary of State in Council may by order impose upon the powers of the Governor-General in Council or the Gover-

nor in Council, as the case may be, and to the general rule that the amount of a compensatory allowance should be so regulated that the allowance is not on the whole a source of profit to the recipient, a local Government may grant such allowances to any Government servant under its control, and may make rules prescribing their amounts and the conditions under which they may be drawn.

45. *Provision of Residences.*—A Local Government may make rules laying down the principles governing the allotment to officers serving under its administrative control, for use by them as residences, of such buildings owned or leased by it, or such portions thereof, as the Local Government may make available for the purpose. Such rules may lay down different principles for observance in different localities or in respect of different classes of residences, and may prescribe the circumstances in which such an officer shall be considered to be in occupation of a residence.

45A.—I. This rule applies, with effect from the 1st April, 1924, to members of the Services and to Government servants holding the posts included in the Schedule to this Rule and to Government servants who hold in a substantive capacity posts borne on the cadre of the Services included therein.

II. For the purpose of the assessment of rent, the capital cost of a residence owned by Government shall include the cost or value of sanitary, water supply and electric installations and fittings, but exclude the cost or value of the site (including expenditure on its preparation); and shall be either :—

(*a*) the cost of acquiring or constructing the residence and any capital expenditure incurred after acquisition or construction; or, when this is not known,

(*b*) the present value of the residence.

NOTE.—The cost of restoration or special repairs shall not be added to capital cost of present value, unless such restoration or repair add to accommodation or involve replacement of the existing type of work by work of a more expensive character.

Provided that—

(i) a Local Government may make rules providing the manner in which the present value of residences shall be determined;

(ii) a Local Government may make rules determining what expenditure is to be regarded, for the purpose of sub-clause (*a*) above, as expenditure upon the preparation of a site;

(iii) a Local Government may, for reasons which should be recorded, authorise a revaluation of all residences of a specified class or classes within a specified area to be conducted under the rules referred to in proviso (i) above, and may revise the capital cost of any or all such residences on the basis of such revaluation;

(iv) the capital cost, howsoever calculated, shall not take into consideration (1) any charges on account of establishment and tools and plant other than such as were actually charged direct to the work in cases in which the residence was constructed by Government, or (2) in other cases, the estimated amount of such charges;

(v) a Local Government may, for reasons which should be recorded, write off a specified portion of the capital cost of a residence—

(1) when a portion of the residence must be set aside, by the officer to whom the residence is allotted, for the reception of official and non-official visitors visiting him on business, or

(2) when it is satisfied that the capital cost, as determined under the above rules, would be greatly in excess of the proper value of the accommodation provided;

(vi) in assessing the cost or value of the sanitary, water supply and electric installations and fittings, a Local Government may by rules determine what are to be regarded as fittings for this purpose.

III. The standard rent of a residence shall be calculated as follows :—

(*a*) In the case of leased residences th standard rent shall be the sum paid to the lessor *plus* an addition determined under rules which a Local Government may make, for meeting, during the period of lease, such charges for both ordinary and special maintenance and repairs and for capital expenditure on additions or alterations as may be a charge on Government and for the interest on such capital expenditure, as also for municipal and other taxes payable by Government.

(*b*) In the case of residences owned by Government, the standard rent shall be calculated on the capital cost of the residence, and shall be either—

(i) a percentage of such capital cost equal to such rate of interest as may from time to time be fixed by the Secretary of State in Council *plus* an addition for municipal and other taxes payable by Government and for both ordinary and special maintenance and repairs, such addition being determined under rules which a Local Government may make, or

(ii) 6 per cent. per annum of such capital cost, whichever is less.

(*c*) In both cases standard rent shall be expressed as standard for a calendar month and shall be equal to one-twelfth of the annual rent as calculated above, subject to the proviso that, in special localities or in respect of special classes of residence, a Local Government may fix a standard rent to cover a period eater than one month but not greater

than one year. Where a Local Government takes action under this proviso standard rent so fixed shall not be a larger proportion of the annual rent than the proportion which the period of occupation as prescribed under clause I above bears to one year.

NOTE 1.—For the purpose of sub-clauses (*a*) and (*b*) above, the additions for both ordinary and special maintenance and repairs shall not include anything for the establishment and tools and plant charges, except to the extent allowed under proviso (iv) to clause II.

NOTE 2.—A Local Government may by rule permit minor additions and alterations, the cost of which does not exceed a prescribed percentage of the capital cost of the residence, to be made during such period as the rule may determine, without the rent of the residence being increased.

IV. When Government supplies an officer with a residence leased or owned by Government, the following conditions shall be observed :—

(*a*) The scale of accommodation supplied shall not, except at the officer's own request, exceed that which is appropriate to the status of the occupant.

(*b*) Unless in any case it be otherwise expressly provided in these Rules, he shall pay rent for the residence, and such rent shall be the standard rent as defined in clause III above or 10 per cent. of his monthly emoluments, whichever is less.

Nothing contained in clause (*b*) above shall operate to prevent a Local Government from—

(i) grouping, after the standard rents have been calculated under the provisions of clause III above, a number of residences, whether in a particular area or of a particular class or classes, for the purpose of assessment of rent, subject to the following conditions being fulfilled :—

(1) that the basis of assessment is uniform ; and

(2) that the amount taken from any officer shall not exceed 10 per cent. of his monthly emoluments ;

(ii) taking a rent in excess of that prescribed in sub-clause (*b*) above from an officer—

(1) who is not required or permitted to reside on duty at the station at which the residence is supplied to him, or

(2) who, at his own request, is supplied with accommodation which exceeds that which is appropriate to the status of the post held by him, or

(3) who is in receipt of a compensatory allowance granted on account of dearness of living.

V. In special circumstances, for reasons which should be recorded, a Local Government—

(*a*) may, by general or special order, grant rent free accommodation to any officer or class of officers, or

(*b*) may, by special order, waive or reduce the amount of rent to be recovered from any officer.

VI. If a residence is supplied with service, other than water supply, sanitary or electric installations and fittings, such as furniture, tennis court, or garden maintained at the cost of Government, rent shall be charged for these in addition to the rent payable under clause IV. The tenant will also be required to pay meter hire and the cost of the water, electric energy, &c., consumed. A Local Government may make rules prescribing how the additional rents and charges shall be determined, and such rules may also authorise the remission or reduction of the additional rent or charge in special circumstances for reasons which should be recorded

VII. A Local Government may by rule prescribe that this rule shall apply, with effect from any date not earlier than the first of April, 1924, to any Government servant or class of Government servants other than those mentioned in the rule.

VIII. Nothing contained in this rule shall so operate as to require payment of rent, for the occupation of residences supplied by Government, by those servants of the Crown in India who have been exempted from such payment by order of the Secretary of State in Council, or to affect the amount of rent or charges payable by those servants of the Crown in India, in whose case the amount so payable is prescribed by the Secretary of State in Council.

45B.—I. This rule applies to Government servants other than those to whom Rule 45A applies or is made applicable under the provisions of clause VII of that rule, or than those occupying residences belonging to a State Railway, or rented at the cost of railway revenues.

II. For the purposes of sub-clause (*b*) of clause III, the capital cost of a residence owned by Government shall not include the cost or value of such special services and installations (including furniture, tennis courts and sanitary, water supply or electric installations and fittings) as it may contain ; and shall be either—

(*a*) the cost of acquiring or constructing the residence, including the cost of site and its preparation and any capital expenditure incurred after acquisition or construction ; or, when this is not known,

(*b*) the present value of the residence including the value of site.

NOTE.—The cost of restoration or special repairs shall not be added to capital cost or present value, unless such restoration or repairs add to accommodation or involve replacement

of the existing type of work by work of a more expensive character.

Provided that—

(i) a Local Government may make rules providing the manner in which the present value of residences, including sites, shall be determined:

(ii) a Local Government may make rules determining what expenditure is to be regarded for the purpose of sub-clause (*a*) above as expenditure upon the preparation of a site;

(iii) a Local Government may, for reasons which should be recorded, authorise a revaluation of all residences of a specified class or classes within a specified area to be conducted under rules referred to in proviso (i) above, and may revise the capital cost of any or all such residences on the basis of such revaluation;

(iv) the capital cost, howsoever calculated, shall not take into consideration (1) any charges on account of establishment and tools and plant other than such as were actually charged direct to the work in cases in which the residence was constructed by Government, or (2) in other cases, the estimated amount of such charges;

(v) a Local Government may, for reasons which should be recorded, write off a specified portion of the capital cost of a residence—

(1) when a portion of the residence must be set aside, by the Government servant to whom the residence is allotted, for the reception of official and non-official visitors visiting him on business, or

(2) when it is satisfied that the capital cost, as determined under the above rules, would be greatly in excesss of the proper value of the accommodation provided;

(vi) in assessing the cost or value of the sanitary, water supply and electric installations and fittings, a Local Government may, by rules, determine what are to be regarded as fittings for this purpose.

III. The standard rent of a residence shall be calculated as follows:—

(*a*) In the case of leased residences the standard rent shall be the sum paid to the lessor, *plus* an addition determined under rules which a Local Government may make, for meeting, during the period of lease, such charges for both ordinary and special maintenance and repairs and for capital expenditure on additions or alterations as may be a charge on Government and for the interest on such capital expenditure, as also for municipal and other taxes payable by Government.

(*b*) In the case of residences owned by Government, the standard rent shall be calculated on the capital cost of the residence, and shall be a percentage of such capital cost equal to such rate of interest as may from time to time be fixed by the Secretary of State in Council *plus* an addition for municipal and other taxes payable by Government and for both ordinary and special maintenance and repairs, such addition being determined under rules which a Local Government may make.

(*c*) In both cases standard rent shall be expressed as standard for a calendar month and shall be equal to one-twelfth of the annual rent as calculated above, subject to the proviso that, in special localities or in respect of special classes of residence, a Local Government may fix a standard rent to cover a period greater than one month, but not greater than one year. Where a Local Government takes action under this proviso standard rent so fixed shall not be a larger proportion of the annual rent than the proportion which the period of occupation as prescribed under clause I above bears to one year.

NOTE 1.—For the purpose of sub-clauses (*a*) and (*b*) above, the addition for both ordinary and special maintenance and repairs shall not include anything for the establishment and tools and plant charges, except to the extent allowed under proviso (iv) to clause II.

NOTE 2.—A Local Government may by rule permit minor additions and alterations, the cost of which does not exceed a prescribed percentage of the capital cost of the residence, to be made during such period as the rule may determine, without the rent of the residence being increased.

IV. When Government supplies a Government servant with a residence leased or owned by Government, the following conditions shall be observed:—

(*a*) The scale of accommodation supplied shall not, except at the officer's own request, exceed that which is appropriate to the status of the occupant.

(*b*) Unless in any case it be otherwise expressly provided in these rules, he shall pay rent for the residence, and such rent shall be the standard rent, as defined in clause III above or 10 per cent. of his emoluments, whichever is less.

(*c*) Nothing contained in clause (*b*) above shall operate to prevent a Local Government from—

(i) grouping, after the standard rents have been calculated under the provisions of clause III above, a number of residences, whether in a particular area, or of a particular class or classes for the purpose of assessment of rent, subject to the following conditions being fulfilled:—

(1) that the basis of assessment is uniform, and

(2) that the amount taken from any Government servant shall not exceed 10 per cent. of his emoluments;

(ii) taking a rent in excess of 10 per cent. of his emoluments from a Government servant—

(1) who is not under its own administrative control, or

(2) who is not required or permitted to reside on duty at the station at which the residence is supplied to him, or

(3) who, at his own request, is supplied with accommodation which exceeds that which is appropriate to the status of the post held by him, or

(4) who is in receipt of a compensatory allowance granted on account of dearness of living.

V. In special circumstances, for reasons which should be recorded, a Local Government—

(*a*) may, by general or special order, grant rent-free accommodation to any Government servant or class of Government servants, or

(*b*) may, by special order, waive or reduce the amount of rent to be recovered from any Government servant.

VI. If a residence is supplied with one or more of the following or similar services, furniture, installations (including fittings) for water or electricity supply or for sanitary purposes, tennis court, or garden maintained at the cost of Government, rent shall be charged for these in addition to the rent payable under clause IV. The tenant will also be required to pay meter hire and the cost of the water, electric energy, &c., consumed. A Local Government may make rules prescribing how the additional rents and charges shall be determined, and such rules may also authorise the remission or reduction of the additional rent or charge in special circumstances for reasons which should be recorded.

VII. Nothing contained in this rule shall so operate as to require payment of rent, for the occupation of residences supplied by Government, by those servants of the Crown in India who have been exempted from such payment by order of the Secretary of State in Council, or to affect the amount of rent or charges payable by those servants of the Crown in India, in whose case the amount so payable is prescribed by the Secretary of State in Council.

45C. For the purpose of Rules 45A and 45B, "emoluments" means:—

(i) Pay;

(ii) Fees (other than overtime fees) and commission if they are received in addition to pay as part of the authorised remuneration of a post;

(iii) Compensatory allowances, other than travelling allowance, whether drawn from general revenues or from a local fund;

(iv) Exchange Compensation Allowance;

(v) Pension, other than a pension drawn under the provisions of Chapter XXXVIII Civil Service Regulations or compensation received under the Workmen's Compensation Act, 1923,* as subsequently amended.

It does not include allowances attached to the Victoria Cross, the Military Cross, the Order of British India or the Indian Order of Merit.

NOTE 1.—The emoluments of a Government servant paid at piece-work rates shall be determined in such manner as the Local Government may prescribe.

NOTE 2.—The emoluments of an officer on leave mean the emoluments drawn by him for the last complete calendar month of duty performed by him prior to his departure on leave.

46. *Honoraria.*—A Government servant may be granted a honorarium from general revenues, or permitted to receive a honorarium or a recurring or non-recurring fee from a private person or body, or from a public body, including a body administering a local fund, or from an Indian State, in return for work performed either within or outside the course of his ordinary duties, when the work is of such exceptional merit or of such an arduous or peculiar nature as to justify a special reward. The reasons for the grant of the honorarium or fee shall be recorded in writing by the sanctioning authority.

46A. The Governor-General in Council may make rules prescribing the conditions under which an honorarium or a fee may be received by a medical officer in civil employ, for services other than professional attendance, from a private person or body or from a public body.

47. A local Government may make rules fixing the amounts which may be sanctioned for acceptance by any Government servant other than a medical officer in civil employ, as honoraria or fees by the authorities subordinate to it and specifying the conditions under which they may be granted or accepted.

48. Any Government servant is eligible to receive without special permission (*a*) the premium awarded for an essay or plan in public competition, or (*b*) any reward offered for the arrest of a criminal or for information or special services in connection with the administration of justice; and also any remuneration or reward payable under any special or local law or in accordance with the provisions of any Act or regulation or rules framed thereunder.

* 13-4 G. 5. c. 42.

CHAPTER VI.—COMBINATION OF APPOINTMENTS.

49. A local Government may appoint one Government servant to hold substantively as a temporary measure, or to officiate in, two or more independent posts at one time. In such cases his pay is regulated as follows :—

(*a*) The highest pay, to which he would be entitled if his appointments to one of the posts stood alone, may be drawn on account of his tenure of that post;

(*b*) For each other post he draws such reasonable pay, in no case exceeding half the presumptive pay (excluding overseas pay) of the post, as the local Government may fix; and

(*c*) If a compensatory allowance is attached to one or more of the posts, he draws such compensatory allowance as the local Government may fix, provided that such allowance shall not exceed the total of the compensatory allowances attached to all the posts.

CHAPTER VII.—DEPUTATION OUT OF INDIA.

50. Unless the Secretary of State in Council by general or special order otherwise direct, no deputation of a Government servant out of India shall be sanctioned without previous reference to the Secretary of State in Council.

51. When a Government servant is with proper sanction so deputed, his pay and allowances shall, unless the Secretary of State in Council in any particular case otherwise direct, be regulated by the Governor-General in Council as follows :—

(*a*) If the deputation is declared by the Governor-General in Council to be under quasi-European conditions, the Government servant deputed shall be granted not more than two-thirds of the pay which he would draw if he were on duty in India. The Governor-General in Council may relax the limit of two-thirds in the case of a Government servant of Indian domicile. A compensatory allowance also may be granted by the Secretary of State in Council if the deputation is to Europe or America, or in other cases by the Governor-General in Council.

(*b*) If the deputation is declared not to be under quasi-European conditions, the emoluments of the Government servant deputed shall be determined by the Governor-General in Council with due regard to the provisions of Rule 40 above as though a temporary post had been created.

With effect from 13th July, 1922, the sterling equivalent of the pay granted under clauses (*a*) and (*b*) of this rule to a Government servant during deputation shall be calculated at such rate of exchange as the Secretary of State in Council may by order prescribe.

CHAPTER VIII.—DISMISSAL AND SUSPENSION.

52. The pay and allowances of a Government servant who is dismissed from service cease from the date of such dismissal.

53. A Government servant under suspension is entitled to the following payments :—

(*a*) If a military officer in civil employ, to the pay and allowances of his military rank.

(*b*) In any other case, to subsistence grant.

54.—(*a*) When the suspension of a Government servant as a penalty for misconduct is, upon reconsideration or appeal, held to have been unjustifiable or not wholly justifiable; or

(*b*) When a Government servant dismissed or suspended pending inquiry into alleged misconduct is, upon reconsideration or appeal, reinstated:

the revising or appellate authority may grant to him for the period of his absence from duty—

(i) if he is honourably acquitted, the full pay to which he would have been entitled if he had not been dismissed or suspended and, by an order to be separately recorded, any allowance of which he was in receipt prior to his dismissal or suspension; or

(ii) if otherwise, such proportion of such pay and allowances as the revising or appellate authority may prescribe.

In a case falling under sub-clause (i), the period of suspension or dismissal will be treated as a period spent on duty. In a case falling under sub-clause (ii), it will not be treated as a period spent on duty unless the revising or appellate authority so direct.

55. Leave may not be granted to a Government servant under suspension.

CHAPTER IX.—COMPULSORY RETIREMENT AND RESIGNATION OF OFFICE.

56.—(*a*) Except as otherwise provided in this rule a Government servant, other than a ministerial servant, is required to retire on attaining the age of 55 years. He may be retained in service after that age with the sanction of the local Government on public grounds, which must be recorded in writing; but he must not be retained after the age of 60 years except in very special circumstances.

(*b*) A ministerial servant may be required to retire at the age of 55 years, but should ordinarily be retained in service, if he continues efficient, up to the age of 60 years. He must not be retained after that age except in very special circumstances, which must be recorded in writing, and with the sanction of the local Government.

(*c*) The following are special rules applicable to particular services :—

(i) A member of the Indian Civil Service, who is not a judge of a Chief Court, must retire after 35 years' service counted from the date of his arrival in India; provided that, if he has held his post for less than five years, he may, with the sanction of the Governor-General in Council, be permitted to retain it until he has held it for that period.

(ii) A member of the Indian Civil Service, who is a judge of a Chief Court, must retire on attaining the age of 60 years.

(iii) In the case of incumbents of the posts mentioned below, other than members of the Indian Civil Service, the age limit is 60 years :—

Posts specified in Rule 98 ;

Legal Remembrancer and Secretary to the Legislative Council of the Punjab.

(iv) A civil engineer in the Public Works or Railway Department must retire on reaching the age of 55 years, and may be required by the Governor-General in Council to retire on reaching the age of 50 years if he has not attained to the rank of Superintending Engineer; provided that, in the case of Chief Engineers, the local Government may in special circumstances, which should be recorded in writing, grant an extension of service not exceeding three months.

(v) A civilian in the Superior Railway Revenue Establishment or the Superior Establishment of the Telegraph Department must retire on reaching the age of 55 years.

This sub-clause does not apply to members of the first and second divisions of the Superior Telegraph Traffic Branch (other than officers of the old Superior Telegraph Establishment), nor to those of the second division of the Superior Telegraph Engineering and Technical Branches whose retirement is governed by clause (*a*) of this rule.

(vi) The Bishops of Lahore, Rangoon, Lucknow and Nagpur, though borne on the cadre of the Indian Ecclesiastical Establishment, are not subject to any rule requiring their retirement at a particular date.

(vii) The following provisions are applicable to military officers in civil employ :—

(1) Officers of the Indian Medical Service must retire from civil employ at the age of 55 years, provided that—

1. A Director-General of the Indian Medical Service may remain in service up to the age of 60 years ;

2. Surgeons-General and Inspectors-General of Civil Hospitals may remain in civil employ up to the age of 57 years ; and

3. A Lieutenant-Colonel who entered the Service before the 1st April, 1911, and was specially selected for increased pay on or before the 16th February, 1921, may remain in civil employ till he completes 30 years' service ; but if he is specially selected for increased pay after the 16th February, 1921, he shall be retired on attaining the age of 55 years unless he has not completed 27 years' service for pension, in which case he may be retained until he completes such period of service.

(2) Military officers in the Survey of India Department cease to be in civil employ on reaching the age of 55 years unless granted an extension by the Secretary of State in Council.

(3) Military commissioned officers serving in the Public Works or Railway Department cease to be in civil employ under the same conditions as govern the retirement of civil engineers of those departments. In addition, an officer of the Royal Engineers must retire on attaining the rank of General Officer, provided that, if he is holding a post of Chief Engineer, he may, with the sanction of the Governor-General in Council, be permitted to complete a five years' tenure of the post, unless in the meantime he is required to vacate office under some other regulation.

(4) Military officers serving in any department, other than those mentioned in (1) to (3) of this sub-clause, cease to be in civil employ on reaching the age of 55 years ; but any such officer, being a military commissioned officer and having held his post for less than five years, may for special reasons, with the sanction of the Governor-General in Council, be permitted to retain it until he has held it for that period.

NOTE 1.—This rule does not apply to a Government servant who is appointed to any post by His Majesty the King Emperor of India, or by the Governor-General in Council with His Majesty's approval.

NOTE 2.—For the purpose of sub-clauses (i), (vii) (3) and (vii) (4) of clause (*c*) of this rule, officiating tenure of a post shall be included in calculating the period of five years.

NOTE 3.—The grant under Rule 86 of leave extending beyond the date on which a Government servant must compulsorily retire, or beyond the date up to which a Government servant has been permitted to remain in service, shall be treated as sanctioning an extension of service up to the date on which the leave expires.

57. Deleted.

PART IV.

CHAPTER X.—LEAVE.

Section I.—*Extent of Application.*

58. Unless in any case it be otherwise distinctly provided in Section VI of this chapter, the rules in Sections I to V of this chapter apply to all Government servants to whom the fundamental rules as a whole apply ; provided that it shall be open to any person who is in Government service at the time when the fundamental rules come into force to exercise the option of remaining under the leave rules to which he has hitherto been subject. The intention of exercising this option must be specifically declared to the local Government or the Governor-General in Council, as the case may be, within

six months of the date on which the fundamental rules come into force, or, if the Government servant be on leave on that date, within six months of his return from leave Every Government servant who does not make such a declaration will become subject to the rules in Sections I to V of this chapter. The option once exercised is final.

NOTE.—A similar option may be exercised by the Government servants mentioned in Rules 97 and 98.

59. Leave is earned under Sections I to V of this chapter by a Government servant holding substantively a permanent post in civil employ, or holding a lien on such a post.

60. Leave is earned by duty only. For the purpose of this rule a period spent in foreign service counts as duty if contribution towards leave salary is paid on account of such period.

61. A military commissioned officer appointed to a post in civil employ becomes subject to these rules under the following conditions :—

(*a*)—(i) An officer subject, before such appointment, to the Indian Army Leave Rules becomes subject to these rules from the date of first substantive appointment to a post in civil employ or from the date of completion of three years' continuous officiating duty in such service, whichever is earlier. In reckoning continuous duty—

(1) Any period of foreign service, to which transfer was made direct from a civil post, may be included, and

(2) Leave does not operate to break continuity unless the officer has to revert to military employ in order to obtain such leave.

NOTE.—This rule also applies to commissioned officers transferred from the Army Veterinary Department to the Civil Veterinary Department.

(ii) A continuous service officer of the Royal Engineers becomes subject to these rules from the date of his entry into permanent civil employ or from the date of his election for continuous Indian service, whichever is later.

(iii) A non-continuous service officer of the Royal Engineers, if he elects for these rules, becomes subject to them from the date of his entry into permanent civil employ or from the date of completion of five years' Indian service, whichever is later.

(*b*) Transfer from military service to a post in civil employ, the tenure of which is limited to a definite period, does not entitle an officer to leave under these rules, unless it is a condition of such transfer that he will not return to military employment at the expiry of his tenure of the said or any subsequent post in civil employ.

62. Except as provided in Rule 61, a military officer in civil employ remains subject to military leave rules.

63. When a military commissioned officer subject to these rules is temporarily transferred to military duty, but retains a lien on his post in civil employ, the period of his absence counts as duty for leave under these rules.

64. Unless in any case it be otherwise expressly provided by or under these rules, a Government servant transferred to a service or post to which these rules apply from a service or post to which they do not apply is not ordinarily entitled to leave under these rules in respect of duty performed before such transfer; but a Government servant reverting from duty as Judge of a High Court, or as one of the officers specified in Rule 98 below, may count such duty for leave as though it were duty performed in a vacation department; all leave taken during the service concerned being treated as taken under these rules.

65.—(*a*) If a Government servant, who quits the public service on compensation or invalid pension or gratuity, is re-employed and if his gratuity is thereupon refunded or his pension held wholly in abeyance, his past service thereby becoming pensionable on ultimate retirement, he may, at the discretion of the authority sanctioning the re-employment and to such extent as that authority may decide, count his former service towards leave.

(*b*) A Government servant who is dismissed or removed from the public service, but is reinstated on appeal or revision, is entitled to count his former service for leave, unless the appellate or reviewing authority declares that he shall not so count it in whole or in part.

Section II.—*General Conditions.*

66. A local Government may make rules specifying the authorities by whom leave, other than special disability leave under Rule 83, may be granted.

67. Leave cannot be claimed as of right. When the exigencies of the public service so require, discretion to refuse or revoke leave of any description is reserved to the authority empowered to grant it.

68. Leave ordinarily begins on the day on which transfer of charge is effected and ends on the day preceding that on which charge is resumed. When joining time is allowed to a Government servant returning from leave out of India, the last day of his leave is the day before the arrival of the vessel in which he returns at her moorings or anchorage in the port of debarkation. A local Government may, however, make rules defining the circumstances in, and the conditions on, which Sundays or other recognised holidays may be prefixed to leave or affixed to leave or joining time.

69. A Government servant on leave may not take any service or accept any employment without obtaining the previous sanction of—

(*a*) The Secretary of State, if the Government servant is residing in Europe, North Africa, America or the West Indies; and

(*b*) The Governor-General in Council, or any lower authority empowered to appoint him, if he is residing elsewhere.

NOTE.—This rule does not apply to casual literary work, or to service as an examiner or similar employment; nor does it apply to acceptance of foreign service, which is governed by Rule 110.

70. All orders recalling a Goverment servant to duty before the expiry of his leave should state whether the return to duty is optional or compulsory. If the return is optional, the Government servant is entitled to no concession. If it is compulsory, he is entitled—

(*a*) If the leave from which he is recalled is out of India—

(i) To receive a free passage to India; and, provided that he has not completed half the period of his leave by the date of leaving for India on recall, or three months, whichever period is shorter, to receive a refund of the cost of his passage from India.

(ii) To count the time spent on the voyage to India as duty for purposes of calculating leave; and

(iii) To receive leave-salary during the voyage to India and for the period from the date of landing in India to the date of joining his post to be paid leave-salary at the same rate at which he would have drawn it had he not been recalled but returned in the ordinary course on the termination of his leave.

(*b*) If the leave from which he is recalled is in India, to be treated as on duty from the date on which he starts for the station to which he is ordered, and to draw travelling allowance for the journey, but to draw until he joins his post leave-salary only.

71. No Government servant who has been granted leave on medical certificate may return to duty without first producing a medical certificate of fitness in such form as the Governor-General in Council, in the case of a Government servant on leave in Asia, or the Secretary of State in Council, in the case of a Government servant on leave elsewhere, may by order prescribe. A local Government may require a similar certificate in the case of any Government servant who has been granted leave for reasons of health, even though such leave was not actually granted on a medical certificate.

72. Unless he is permitted to do so by the authority which granted his leave, a Government servant on leave may not return to duty more than fourteen days before the expiry of the period of leave granted to him.

73. A Government servant who remains absent after the end of his leave is entitled to no leave-salary for the period of such absence, and that period will be debited against his leave-account as though it were leave on half average pay, unless his leave is extended by the local Government. Wilful absence from duty after the expiry of leave may be treated as misbehaviour for the purpose of Rule 15.

74.—(*a*) Subject to any instructions which may be given by the Governor-General in Council in connection with the control of the issue of money from treasuries or by the Auditor-General in India in order to secure efficiency and uniformity of audit, a local Government may make rules prescribing the procedure to be followed in India—

(i) in making application for leave and for permission to return from leave,

(ii) in granting leave,

(iii) in the payment of leave-salary; and

(iv) in the maintenance of records of service.

(*b*) The procedure to be followed elsewhere than in India will be prescribed by the Governor-General in Council.

Section III.—*Special and Ordinary Leave Rules.*

75.—(1) All Government servants who are not hereinafter declared to be subject to the special leave rules shall be subject to the ordinary leave rules.

2. The following Government servants shall be subject to the special leave rules, namely:—

(*a*) Any Government servant having at the time of his appointment his domicile elsewhere than in Asia:

Provided that no such Government servant shall be entitled to the benefits of the special leave rules who, prior to such appointment, has, for the purpose of his appointment to any office under the Government or of the conferment upon him by the Government of any scholarship, emoluments, or other privileges claimed and been deemed to be of Indian domicile.

(*b*) Any Government servant having at the time of his appointment his domicile in Asia who, prior to the 24th July, 1923, had been admitted to the benefits of the European Services Leave Rules under the Civil Service Regulations, or who between the 1st January, 1922, and the 24th July, 1923, held a post which would have entitled him to such admission had he been subject to the Civil Service Regulations; and

(*c*) Any Government servant having at the time of his appointment his domicile in Asia who, prior to the 24th July, 1923, held substantively an appointment in a department in which the attainment of a certain rank or a certain rate of pay entitled the officer to admission to the benefits of the European Services Leave Rules under the Civil Service Regulations:

Provided that such a Government servant shall only be entitled to the benefits of the special leave rules when he attains that rank or rate of pay:

Provided further that the concession allowed by clause (*c*) of this rule is not admissible to a Government servant who attains such rank or rate of pay by reason of being promoted by selection from a subordinate service or post after the 24th July, 1923.

75A. For the purpose of Rule 2 of Rule 75 the domicile of a person shall be determined in accordance with the provisions set out in the Schedule to these rules:

Provided that a person who was born and has been educated exclusively in Asia and has not resided out of Asia for a total period exceeding six months shall be deemed to have his domicile in Asia unless in the case of a person to whom the proviso in sub-rule 2 (*a*) of Rule 75 does not apply it is proved to the satisfaction of the appointing authority that he did not have his domicile in Asia on that date.

75B. No Government servant who, after his appointment to a service or post acquires a new domicile, shall thereby lose his right to, or become entitled to admission to, the benefits of the special leave rules.

75C. If any question arises as to the domicile of any Government servant at the time of his appointment, the decision thereon of the Secretary of State in Council in the case of persons appointed by him, of the Governor-General in Council in the case of persons appointed by him, or of the local Government in the case of persons appointed by them, shall be final.

Section IV.—*Grant of Leave.*

76. A leave account shall be maintained for each Government servant in terms of leave on average pay.

77.—(*a*) In the leave account of a Government servant who on his entry into Government service becomes subject to these rules, shall be credited :—

(i) If he be under the special leave rules, five-twenty-seconds of the period spent on duty;

(ii) If he be under ordinary leave rules, two-elevenths of the period spent on duty.

(*b*) In the leave account of a Government servant other than a military commissioned officer who is already in Government service when he becomes subject to these rules shall be credited :—

(i) If he be under the special leave rules—

(1) the privilege leave which it would, on the date on which he becomes subject to these rules, be permissible to grant to him under the rules in force prior to that date ; *plus*

(2) one-twelfth of the period prior to that date spent on duty or on privilege leave while subject to the Indian Service Leave Rules of the Civil Service Regulations ; *plus*

(3) one-eighth of the period prior to that date spent on duty or on privilege leave while subject to the European Service Leave Rules ; *plus*

(4) five-twenty-seconds of the period spent on duty subsequent to that date.

(ii) If he be under the ordinary leave rules—

(1) the privilege leave which it would, on the date on which he becomes subject to these rules, be permissible to grant to him under the rules in force prior to that date ; *plus*

(2) one-twelfth of the period spent on duty or on privilege leave prior to that date ; *plus*

(3) two-elevenths of the period spent on duty subsequent to that date.

(*c*) In the leave account of a military commissioned officer who becomes subject to these rules shall be credited—

(1)—(i) The privilege leave which, on the date on which he becomes subject to these rules, it would be permissible to grant to him under the rules applicable to him prior to that date, or

(ii) the leave on average pay which, on the date on which he becomes subject to these rules, it would be permissible to grant him under Rule 100, *plus*

(2) one-eighth of the period prior to that date spent on duty or on privilege leave during the following periods of service :—

(i) Service under the European Service Leave Rules of the Civil Service Regulations ;

(ii) Service in and out of India under the Indian Army Leave Rules ; and

(iii) Service in India under the British Army Leave Rules, *plus*

(3) five-twenty-seconds or two-elevenths of the period spent on duty subsequent to that date according as he is subject to the special leave rules or the ordinary leave rules.

NOTE.—A commissioned officer transferred from the Army Veterinary Department to the Civil Veterinary Department shall be considered, for the purposes of this rule, to have been subject to the Indian Army leave rules from the date of his arrival in India on his last tour of service.

(*d*) Any other Government servant transferred permanently from military to civil employ is entitled to a credit to his leave account based on such portion of his military duty as, under the rules for the time being in force, is permitted to count for pension.

(*e*) A statutory civil servant or a Government servant who is subject, at the time when these rules come into force, to the Indian Service Leave Rules which were in force in January 1920, is entitled to credit to his leave account, in addition to the periods admissible under clause (*b*) above, one-third of any period of leave on medical certificate taken under former rules.

78. The amount of leave debited against a Government servant's leave account is—

(*a*) the actual period of leave on average pay, including any furlough on average salary taken under rules previously in force, but

excluding special disability leave on average pay under Rule 83 (7) ; and

(*b*) half the period of leave on half average pay (other than special disability leave) or on quarter average pay or on leave salary equal to subsistence grant under the note to Rule 88, or of special disability leave on average pay under Rule 83 (7) (*b*).

NOTE 1.—No privilege leave taken under the former Civil Leave Rules, or by a military officer under the British or Indian Army Leave Rules before coming under civil rules, is to be debited under (*a*) above.

NOTE 2.—(i) Under (*b*) above are to be debited—

(*a*) Furlough, leave on medical certificate and special leave with allowances taken under either the European Service Leave Rules or the Indian Service Leave Rules as they stood before these rules came into force.

(*b*) In the case of a military commissioned officer who becomes subject to these rules, leave in and out of India on less than full pay actually taken during the following periods of service :—

(1) Service in and out of India under the Indian Army Leave Rules ; and

(2) Service in India under the British Army Leave Rules :

Provided that the debit on this account shall not exceed the credit given in respect of such service under Rule 77 (*c*).

(ii) In the case of a member of the Indian Civil Service or a military commissioned officer subject to these rules other than such an officer who became subject to these rules after 1928 and is subject to the ordinary leave rules, or a chaplain on the Indian Ecclesiastical Establishment, special leave with allowances taken under rules previously in force, and leave not due taken under these rules, up to a combined maximum of three months, reckoned in terms of leave on average pay, shall not be so debited.

NOTE 3.—In cases covered by Rule 77 (*d*), the leave taken during the period of duty on which the credit to the leave account is based is to be debited as prescribed in notes (i) and (ii) above.

79. When a Government servant, who has previously been subject to the ordinary leave rules, is admitted to the benefits of the special leave rules, no change shall be made in the amount of leave previously credited and debited to his account, but he shall be entitled to the maximum amount of leave prescribed in Rule 81 (*a*) (i).

80. The amount of leave due to a Government servant is the balance of leave at his credit in the leave account.

81. Leave may be granted to a Government servant at the discretion of the authority entitled to grant the leave, subject to the following restrictions :—

(*a*) The maximum amount of leave which may be granted, expressed in terms of leave on average pay, is the privilege leave which it would be permissible to grant to the Government servant in question on the date on which he becomes subject to these rules, under the rules applicable to him prior to that date ; *plus*

one-eleventh of the period spent on duty subsequent to that date : *plus*

(i) In the case of Government servants under the special leave rules—three years ; or

(ii) In the case of Government servants under the ordinary leave rules—two and a-half years

Provided that special disability leave on half average pay or on average pay under Rule 83 (7) (*a*) shall not be taken into account in calculating the maximum prescribed by this clause, and, in the case of such leave taken on average pay under Rule 83 (7) (*b*), account shall be taken of only half the period thereof.

(*b*) The maximum amount of leave on average pay, including any furlough on average salary taken under rules previously in force, but excluding special disability leave on average pay under Rule 83 (7) (*a*), which may be granted is—

(i) To a Government servant under the special leave rules—eight months at any one time,

and, in all :—

the privilege leave which it would, on the date on which he comes under these rules, be permissible to grant to him under the rules applicable to him prior to that date ; *plus*

one-eleventh of the period spent on duty subsequent to that date ; plus one year.

(ii) To a Government servant under the ordinary leave rules—four months, or to such Government servant attached to the Kashgar Consulate-General, six months, at any one time,

and, in all :—

the privilege leave which it would, on the date on which he comes under these rules, be permissible to grant to him under the rules in force prior to that date ; *plus*

one-eleventh of the period spent on duty subsequent to that date :

Provided that, in the case of a Government servant subject to the ordinary leave rules, who either takes leave on medical certificate or spends his leave elsewhere than in India or Ceylon, the maxima prescribed in sub-clause (i) of this clause shall apply.

NOTE.—In the case of a Government servant who is entitled under orders previously in force, to privilege leave for more than four months, the number of months to be taken at one time as prescribed in sub-clauses (i) and (ii) above may be increased, on the first occasion when leave is taken under these rules, by the number of months by which the amount of privilege leave due exceeds four months.

(*c*) Leave not due may be granted subject to the following conditions:—

(i) On medical certificate, without limit of amount; and

(ii) Otherwise than on medical certificate, for not more than three months at any one time and six months in all reckoned in terms of leave on average pay.

(*d*) The maximum period of continuous absence from duty on leave granted otherwise than on medical certificate is twenty-eight months.

(*e*) When a Government servant returns from leave which was not due and which was debited against his leave account, no leave will become due to him until the expiration of a fresh period spent on duty sufficient to earn a credit of leave equal to the period of leave which he took before it was due.

82. The following provisions apply to vacation departments only:—

(*a*) A local Government may make rules specifying the departments or parts of departments which should be treated as vacation departments, and the conditions in which a Government servant should be considered to have availed himself of a vacation.

(*b*) Vacation counts as duty, but the periods of total leave in Rules 77, 81 (*a*) and 81 (*b*) should ordinarily be reduced by one month for each year of duty in which the Government servant has availed himself of the vacation. If a part only of the vacation has been taken in any year, the period to be deducted will be a fraction of a month equal to the proportion which the part of the vacation taken bears to the full period of the vacation.

(*c*) In cases of urgent necessity, when a Government servant requires leave and no leave is due to him, the periods in Rules 77 and 81 (*a*), as reduced by clause (*b*) of this rule, may be increased by one month for every two years of duty in a vacation department.

(*d*) When a Government servant combines vacation with leave, the period of vacation shall be reckoned as leave in calculating the maximum amount of leave on average pay which may be included in the particular period of leave.

83.—(1) Subject to the conditions hereinafter specified, a local Government may grant special disability leave to a Government servant who is disabled by injury intentionally inflicted or caused in, or in consequence of, the due performance of his official duties or in consequence of his official position.

(2) Such leave shall not be granted unless the disability manifested itself within three months of the occurrence to which it is attributed, and the person disabled acted with due promptitude in bringing it to notice. But the Governor-General in Council, if he is satisfied as to the cause of the disability, may permit leave to be granted in cases where the disability manifested itself more than three months after the occurrence of its cause.

(3) The period of leave granted shall be such as is certified by a medical board to be necessary. It shall not be extended except on the certificate of a medical board, and shall in no case exceed 24 months.

(4) Such leave may be combined with leave of any other kind.

(5) Such leave may be granted more than once if the disability is aggravated or reproduced in similar circumstances at a later date, but not more than 24 months of such leave shall be granted in consequence of any one disability.

(6) Such leave shall be counted as duty in calculating service for pension, and shall not, except as provided in Rule 78 (*b*), be debited against the leave account.

(7) Leave salary during such leave shall, subject to the maxima and minima prescribed in Rules 89 and 90, be equal—

(*a*) For the first four months of any period of such leave, including a period of such leave granted under clause (5) of this rule, to average pay; and

(*b*) for the remaining period of any such leave to half average pay, or at the Government servant's option, for a period not exceeding the period of average pay which would otherwise be admissible to him, to average pay.

(8) In the case of a person to whom the Workmen's Compensation Act, 1923, applies, the amount of leave salary payable under this rule shall, with effect from the 1st July, 1924, be reduced by the amount of compensation payable under Section 4 (I) (*d*) of the said Act.

(9) The provisions of this rule apply to a civil servant disabled in consequence of service with a military force, if he is discharged as unfit for further military service, but is not completely and permanently incapacitated for further civil service; but any period of leave granted to such a person under military rules in respect of his disability shall be reckoned as leave granted under this rule for the purpose of calculating the period admissible.

83A. The Governor-General in Council may extend the application of the provisions of Rule 83 to a Government servant who is disabled by injury accidentally incurred in or in consequence of the due performance of his official duties or in consequence of his official position, or by illness incurred in the performance of any particular duty which has the effect of increasing his liability to illness or injury beyond the ordinary risk attaching to the civil post which he holds. The grant of this concession is subject to the further conditions—

(i) That the disability, if due to disease, must be certified by a medical board to be directly due to the performance of the particular duty; and

(ii) that, if the Government servant has contracted such disability during service

otherwise than with a military force, it must be, in the opinion of the Governor-General in Council, so exceptional in character or in the circumstances of its occurrence as to justify such unusual treatment as the grant of this form of leave; and

(iii) that the period of absence recommended by the medical board may be covered in part by leave under this rule and in part by other leave, and that the amount of special disability leave granted on average pay may be less than four months.

83B.—(1) A Government servant who has been granted special disability leave under Rule 83, and whose domicile is elsewhere than in Asia, may be granted by the authority which sanctioned the special disability leave, free passage for himself, his wife and children, to the United Kingdom, or to any port in Europe or in a British colony, dominion or possession, and on the conclusion of such leave return passage to India, unless he takes leave other than leave on medical certificate in continuation of special disability leave, in which case return passage shall not be granted save with the special sanction of the Secretary of State in Council: Provided that the cost of any passages granted under this rule shall not exceed the cost of passages between India and the United Kingdom.

(2) Passages granted under this rule may include travel by land between port of embarkation and port of debarkation, and shall be of such class as the sanctioning authority in each case may determine.

(3) The Governor-General in Council may extend the application of the provisions of clauses (1) and (2) to a Government servant who has been granted special disability leave under Rule 83A, and whose domicile is elsewhere than in Asia, provided that he may, at his discretion, grant free passages to the Government servant only, or to the Government servant and his wife only.

(4) For the purpose of this rule—

( ) The domicile of a Government servant shall be determined in accordance with the provisions set out in the Schedule to these rules;

ii) "Child" means a legitimate child (including a step-child) residing with and wholly dependent on the Government servant, who, if a female, is unmarried, or, if a male, is under the age of 16.

48. Leave may be granted to Government servants, on such terms as the Secretary of State in Council may by general order prescribe, to enable them to study scientific, technical or similar problems or to undergo special courses of instruction. Such leave is not debited against the leave account.

85.—*(a)* In special circumstances and when no other leave is by rule admissible, extraordinary leave may be granted. Such leave is not debited against the leave account. No leave-salary is admissible during such leave.

(b) The authority which has the power to sanction leave may grant extraordinary leave as in clause *(a)*, in combination with, or in continuation of, any leave that is admissible, and may commute retrospectively periods of absence without leave into extraordinary leave.

(c) When extraordinary leave is granted to a military officer subject to these rules, he will continue to be treated as in civil employ for all purposes until he is placed on military temporary non-effective pay by the order of a medical board. If, after being placed on military temporary non-effective pay, he returns to duty in India, he will have no claim to reinstatement in civil employ.

86. Leave granted to a Government servant should in no case extend more than six months beyond the date on which the Government servant must compulsory retire, or, if a Government servant is retained in service after that date, more than six months beyond the date on which he ceases to discharge his duties.

Section V.—*Leave-Salary.*

87. Subject to the conditions in Rules 81, 88, 89 and 90, a Government servant on leave shall, during leave, draw leave-salary as follows:—

(a) If the leave is due, leave-salary equal to average pay, or to half average pay, or to average pay during a portion of the leave and half average pay during the remainder, as he may elect; and

(b) if the leave is not due, leave-salary equal to half average pay:

Provided that when a non-gazetted Government servant, who was in service on the 24th day of August, 1927, takes leave, and

(i) his pay is less than Rs. 300; or

(ii) the leave taken does not exceed one month,

his average pay for the purpose of this rule may be taken to be the pay which he would draw in the permanent post held substantively by him at the time of taking leave if this pay be more than the average pay.

88. After continuous absence from duty on leave for a period of 28 months, a Government servant will draw leave-salary equal to quarter average pay, subject to the maxima and minima prescribed in Rules 89 and 90.

NOTE.—A member of the Indian Civil Service or a military commissioned officer subject to the special leave rules is entitled to leave-salary equal to subsistence grant after this period.

89.—(1) During the first four months of any period of leave on average pay, leave-salary is subject to an absolute maximum of Rs. 4,000 per mensem, but this provision shall not apply to any Government servant, not being a member of the Indian Civil Service who held on the 28th September, 1927, a post to which a salary is attached exceeding Rs. 4,000 a month, or to the person who at that date held the office of Auditor-General.

(2) Except during the first four months of any period of leave on average pay, leave-salary is subject to the monthly maxima shown in the following table:—

	Average.		Half Average.		Quarter Average.	
	Outside Asia.	In Asia.	Outside Asia	In Asia.	Outside Asia.	In Asia.
	£	Rs.	£	Rs.	£	Rs.
Indian Civil Service and military commissioned officers subject to the special leave rules.	222	2,222	111	1,111	...	...
Other Government servants subject to the special leave rules.	200	2,000	100	1,000	60	600
Government servants subject to the ordinary leave rules.	150	1,500	75	750	60	600

NOTE 1.—The maximum of average pay does not apply in the case of a Government servant who is entitled, under orders previously in force, to privilege leave for more than four months, during a period equal to that for which he is entitled to privilege leave.

NOTE 2.—The maximum for average pay does not apply to a Government servant serving in a vacation department during a period of leave on average pay equivalent to one month for each year since his last leave during which he has not availed himself of the vacation, and to a proportionate fraction of a month during which he has taken a part only of the vacation; provided that in the case of a Government servant who is transferred with leave to his credit from a non-vacation to a vacation department, the local Government shall decide, on the first occasion on which he takes leave after such transfer, the period not exceeding four months for which the maximum limit of leave-salary shall not be applied to him.

90. Subject to the condition that the leave-salary of a Government servant shall in no case exceed his average pay, leave-salary is subject to the monthly minima shown in the following table:—

	Half Average.		Quarter Average.	
	Outside Asia.	In Asia.	Outside Asia.	In Asia.
	£	Rs.	£	Rs.
Indian Civil Service and military commissioned officers subject to the special leave rules.	55½	555	...	...
Other Government servants subject to the special leave rules.	33	333	16½	166
Government servants subject to the ordinary leave rules.	25	250	12½	125

NOTE 1.—The minima specified above for Government servants other than members of the Indian Civil Service and military commissioned officers subject to the special leave rules apply only when leave is taken or extended out of India elsewhere than in Ceylon, and in the case of Government servants of the Indo-European Telegraph Dept., when leave is taken or extended outside India or Persia elsewhere than in Ceylon.

NOTE 2.—In the case of a military commissioned officer the minimum leave salary during such leave as may be added under Rule 77 (*c*) to the leave earned by duty under these Rules or under the European Service Leave Rules of the Civil Service Regulations in the case of an officer who was subject thereto on the 31st December, 1921, shall be that prescribed by the Military Rules to which the officer was subject immediately before he came under these Rules or under the European Service Leave Rules of the Civil Service Regulations, as the case may be. In the case, however, of an officer of the Royal Engineers who elects to take leave under Civil Leave Rules after completing 5 years' service, the minimum for so much of the leave credited as has been earned by service in civil employment shall be at the rate of £55½ out of Asia, and Rs. 555 in Asia, or the pay last drawn by him on duty, whichever is less.

NOTE 3.—A military commissioned officer subject to these rules, who is granted leave on medical certificate in excess of the amount earned by him under both the civil and military rules, may be allowed the civil minimum rate of leave-salary for the period of leave taken in excess of the amount so earned.

91.—(1) That portion of leave-salary which represents overseas pay drawn in sterling shall be paid in all cases in sterling.

(2) Subject to the provisions of sub-rule (1), leave-salary shall be drawn in rupees if due in respect of leave spent in Asia, and in sterling if due in respect of leave spent out of Asia:—

Provided that—

(*a*) in the case of leave on average pay not exceeding four months, or of the first four months of such leave if it exceeds

four months, leave-salary due in respect of any portion of such leave which is spent in Asia may, if the officer proceeds out of Asia during the currency of such leave, or within one month of its termination, be drawn in sterling and leave-salary due in respect of any portion of such leave spent out of Asia may be drawn in rupees :

(*b*) in the case of leave of any other description, or of periods of leave on average pay after the first four months of such leave, if the amount of such leave spent in Asia prior to embarkation does not in all exceed one month, leave-salary in respect of the whole of such leave may be drawn in sterling.

(3) Leave-salary drawn in rupees shall be drawn in India, or, in the case of a Government servant who spends his leave in Ceylon, in Ceylon.

(4) Leave-salary drawn in sterling shall be drawn in London or, at the Government servant's option, in any British Dominion or Colony which the Secretary of State in Council may by order prescribe for the purpose, provided that the officer spends his leave in the Dominion or Colony in which he has elected to draw his leave-salary, but if leave salary due in respect of any portion of leave out of Asia and payable to the Govt. servant in sterling remains undrawn for no fault on his part, the Governor-General in Council may authorise the undrawn amount to be paid in India at such rate of exchange as the Secretary of State in Council may by order prescribe.

(5) Leave-salary shall be converted into sterling at such rate of exchange as the Secretary of State in Council may by order prescribe.

92. The rupee and sterling maxima and minima prescribed in Rules 89 and 90 shall be applied to leave-salaries paid respectively in rupees and in sterling.

93. A compensatory allowance should ordinarily be drawn only by a Government servant actually on duty, but a local Government may make rules specifying the conditions under which a Government servant on leave on average pay may continue to draw a compensatory allowance, or a portion thereof, in addition to leave-salary during the first four months of his leave; one of these conditions should be that the whole or a considerable part of the expense to meet which the allowance was given continues during leave.

Section VI.—*Exceptions and Special Concessions.*

94. The rules in Sections I to V are not applicable to the following Government servants, whose leave is governed by the Act or by rules made under other sections of the Act :—

(*a*) Governors and Lieutenant-Governors, members of the executive council of the Governor-General or of a Governor or Lieutenant-Governor during their tenure of office as such.

(*b*) The Chief Justices and other Judges of the several High Courts.

(*c*) The Bishops of Calcutta, Madras and Bombay.

(*d*) The Auditor-General in India.

94A. The rules in Sections I to V are not applicable to the presidents of Legislative Bodies, whose leave is governed by orders issued in this behalf by the Secretary of State in Council.

95. Subject to any exceptions and modifications which the Secretary of State in Council may by rule prescribe, the Special Leave Rules in Sections I to V of this chapter apply to Chaplains of the Church of England and Church of Scotland on the Bengal, Madras and Bombay Ecclesiastical Establishments, including the Bishops of Lahore, Rangoon, Lucknow and Nagpur.

96. The only form of leave which may be granted to a Lieutenant-Governor, whether substantive or officiating, is leave on medical certificate for not more than six months. On resuming his duties after such leave, he may receive leave-salary equal to half his pay for the period of absence. If he does not resume his duties he may draw the leave-salary to which he would have been entitled under Rule 97 had he vacated his post before taking leave.

97.—(1) When a Government servant, who has held the office of Governor, Lieutenant-Governor, or Member of the Executive Council of the Governor-General, or of a Governor or Lieutenant-Governor, takes leave after vacating such office, there shall be credited in his leave account a period equivalent to the leave which would have been earned under the rules in sections I to V if the duty rendered as Governor, Lieutenant-Governor, or Member had been rendered in one of the posts to which these rules apply; and any leave which he has taken during his tenure of office shall be debited to his leave account in the same way as if he had taken leave on half-average pay under these rules. His leave salary will be subject to the maxima laid down in Rule 89.

(2) If leave is taken immediately on vacating any of the offices referred to in sub-rule (1), or the post of Chief Commissioner, the Government servant shall not retain, while on leave, a lien on the post which he has vacated, and, if he held such post substantively, may be left without a lien on any permanent post.

98. The following provisions apply to such holders of the posts enumerated below as are not members of the Indian Civil Service, subject to the special leave rules under Rule 75 :—

(1) Judges of a Chief Court.

(2) Chief Judges of Small Cause Courts of Presidency towns and of Rangoon.

(3) The Secretary to the Government of India in the Legislative Department.

(4) A Judicial Commissioner or Additional Judicial Commissioner of the Central Provinces.

(5) The Administrator-General and Official Trustee in Bengal, Madras or Bombay.

(6) The Administrator-General, Official Trustee, Official Assignee, and Official Receiver in Burma.

(7) An Additional Judicial Commissioner of Sind or of the North-West Frontier Province.

Such Government servants are entitled to leave on the terms which apply to Judges of High Courts by rules made under Section 104 of the Act, subject, however, to the following modifications, namely :—

(*a*) Their leave-salary shall not exceed, while on ordinary furlough or on subsidiary leave, half average pay, and while on furlough on full allowance, average pay; and

(*b*) the holders of posts which have not been declared by the local Government under Rule 82 (*a*) to belong to a vacation department are entitled in lieu of the leave credited to the furlough account of a High Court Judge under the Rules made under Section 104 because of his having been detained on duty as a Vacation Judge, to a credit in their leave account of a period equal to one-eleventh of the period of actual service performed.

99. The following law officers are entitled to leave under the rules applicable to members of the Indian Civil Service, provided that their pay as Government servants is fixed at a definite rate and that their whole time is retained for the service of Government :—

An Advocate-General.
A Standing Counsel.
An Official Trustee or Assignee.
A Receiver of a High Court.
An officer of a High Court holding a post which by law can be held by a barrister only.

A Clerk of the Crown.
A Government Solicitor.

100. The following provisions apply to military officers in civil employ who remain subject to military leave rules and to non-commissioned officers in civil employ :—

(*a*) A local Government may grant to such an officer leave of the following kinds :—

(i) Leave on average pay for four months at a time, not exceeding, in all, one-eleventh of the period of duty performed since the date on which he became subject to this Rule *plus* the privilege leave which it would on that date be permissible to grant to him under the rules applicable to his case before that date :

Provided that, if privilege leave under military rules has been taken in any calendar year, duty counting for leave on average pay will not commence until the beginning of the following year or the expiry of six months after the conclusion of such leave, whichever is earlier, but in any case will not commence from a date prior to that on which he became subject to this Rule ; and

(ii) Any leave, other than privilege leave, admissible under military rules, either alone or in combination with leave on average pay.

NOTE.—In the case of a Government servant who is entitled, under orders previously in force, to privilege leave for more than four months, the number of months to be taken at one time as prescribed in sub-clause (i) above may be increased, on the first occasion when leave is taken under these rules, by the number of months by which the amount of privilege leave due exceeds four months.

(*b*) The total period of leave should be regulated by the limits in force under the military rules to which the officer is subject.

(*c*) Leave may be retrospectively commuted by the authority which granted it into any other kind of leave which was admissible to the officer concerned at the time when it was granted.

Provided that, except in the case of an officer holding substantively a permanent post for a fixed time, no leave under sub-clause (ii) of clause (*a*) of this rule may be granted to an officer unless the local Government is prepared to re-employ him immediately upon the termination of his leave :

Provided also that in the case of an officer holding substantively a permanent post for a fixed term, leave under sub-clause (i) of clause (*a*) may be granted so as to extend beyond the expiry of such term if the leave has been applied for in sufficient time before the expiry of the fixed term and refused owing to the exigencies of the public service.

100A. Unless the Secretary of State in Council in any case otherwise directs, the following provisions apply to Government servants placed on deputation out of India under conditions declared by the Governor-General in Council to be quasi-European, if the period of the deputation exceeds one year :—

(*a*) The period of deputation shall not count as duty for the purposes of this chapter.

(*b*) The amount of leave which can be earned by the deputation shall be determined by the Secretary of State in Council. Such leave can only be taken during the period of deputation and will not be credited or debited in the Government servant's leave account.

(*c*) Leave-salary during such leave shall be equal to the rate of deputation pay.

Provided that where a deputation originally sanctioned for one year or less is subsequently extended so that the total period exceeds one year, these provisions shall apply only in respect of the period in excess of one year.

101. A local Government may make rules regulating the grant to Government servants under its control of :—

(*a*) Maternity leave to female Government servants ; and

(*b*) Leave on account of ill-health to members of subordinate services specified in such

rules whose duties expose them to special risk of accident or illness.

Such leave is not debited against the leave account.

102. A local Government may make rules regulating the grant of leave on account of ill-health to officers and seamen of Government vessels. Such leave is not debited against the leave account.

103. A local Government may make rules regulating the leave which may be earned by:—

(*a*) Temporary and officiating service;

(*b*) Service which is not continuous; and

(*c*) Part-time service, or service which is remunerated wholly or partially by the payment of fees or daily wages:

provided that such rules shall not grant more favourable terms than would be admissible if the service were substantive, permanent and continuous.

104. During their period of probation or apprenticeship, probationers and apprentices are entitled to leave as follows:—

(*a*) If appointed under contract in the United Kingdom with a view to permanent service in India, or if appointed in the United Kingdom to posts created temporarily with the prospect, more or less definite, of becoming permanent;

(i) To such leave as is prescribed in their contracts, or, when no such prescription is made;

(ii) (1) When the period of probation is not less than three years, to the same leave which would be admissible if they held permanent posts; or

(2) When the period of probation is less than three years, to leave on average pay up to one-eleventh of the period spent on duty, to which may be added, on medical certificate, leave on half average pay; provided that the total leave granted under this clause shall not exceed three months reckoned in terms of leave on average pay;

(*b*) If appointed otherwise, to such leave as is admissible under rules framed on this behalf by the local Government, subject to the proviso in Rule 103.

Chapter XI.—Joining Time.

105. Joining time may be granted to a Government servant to enable him:—

(*a*) To join a new post to which he is appointed while on duty in his old post; or

(*b*) To join a new post,

(i) on return from leave on average pay of not more than four months' duration, or

(ii) when he has not had sufficient notice of his appointment to the new post, on return from leave other than that specified in sub-clause (i); or

(*c*) To travel from the port of debarkation and organise his domestic establishment when he returns from leave out of India of more than four months' duration; or

(*d*) On departure on or return from leave, to proceed from or to the place at which he is posted to or from specified stations, when the place concerned is in a remote locality which is not easy of access

Provided that joining time shall not be allowed for the purposes specified in paragraph (*c*) or paragraph (*d*) to any person to whom Rule 98 applies.

106. A local Government may make rules regulating the joining time admissible in each of the cases mentioned in Rule 105 and specifying the places and stations to which clause (*d*) of that rule shall apply. Such rules should be framed with due regard to the time required for actual transit and for the organisation of domestic establishment.

107. A Government servant on joining time shall be regarded as on duty and shall be entitled to pay as follows:—

(*a*) If on joining time under clause (*a*) of Rule 105, he is entitled to the pay which he drew prior to relinquishing charge of his old post, or the pay which he will draw on taking charge of his new post, whichever is less.

(*b*) If on joining time under clause (*b*) or (*c*) of Rule 105 he is entitled—

(i) when returning from extraordinary leave other than extraordinary leave not exceeding fourteen days granted in continuation of other leave; if a member of the Indian Civil Service or a military commissioned officer subject to the civil leave rules, to subsistence grant; otherwise to no payments at all;

(ii) when returning from leave of any other kind, to the leave-salary which he last drew on leave at the rate prescribed for the payment of leave-salary in India:

Provided that the amount of half average pay to be drawn during joining time by a member of the Indian Civil Service or a military commissioned officer subject to the civil leave rules returning from leave on half average pay shall be calculated without regard to the limits prescribed in Rule 89.

Note 1.—A military officer subject to the military leave rules who retains a lien on his civil post is entitled, on joining time under sub-clause (ii) above, to draw the same amount of leave-salary which he would have drawn had he taken leave under civil leave rules: provided that such leave-salary shall not be less than that which he actually drew during the last portion of his leave.

(*c*) If on joining time under clause (*d*) of Rule 105, he is entitled to pay as though he were on duty in his post.

Note 2.—A ministerial servant on transfer is not entitled to be paid while on joining time unless his transfer is made in the public interests. A transfer made in consequence of

his own misbehaviour does not fulfil this condition.

108. A Government servant who does not join his post within his joining time is entitled to no pay or leave-salary after the end of the joining time. Wilful absence from duty after the expiry of joining time may be treated as misbehaviour for the purpose of Rule 15.

PART VII.

CHAPTER XII.—FOREIGN SERVICE.

109. The rules in this chapter apply to those Government servants only who are transferred to foreign service after these rules come into force. Government servants transferred previously will remain subject to the rules in force at the time of transfer.

110.—(*a*) No Government servant may be transferred to foreign service against his will.

(*b*) A transfer to foreign service outside India may be sanctioned by the Governor-General in Council.

NOTE.—The Government of Madras is authorised to transfer to service in Ceylon any Government servant other than a member of an all-India service.

(*c*) Subject to any restrictions which the Governor-General in Council may by general order impose in the case of transfer to the service of an Indian State, a transfer to foreign service in India may be sanctioned by the local Government under which the Government servant transferred is serving.

111. A transfer to foreign service is not admissible unless:—

(*a*) The duties to be performed after the transfer are such as should, for public reasons, be rendered by a Government servant, and

(*b*) The Government servant transferred holds, at the time of transfer, a post paid from general revenues or holds a lien on such a post.

112. If a Government servant is transferred to foreign service while on leave he ceases, from the date of such transfer, to be on leave and to draw leave-salary.

113. A Government servant transferred to foreign service will remain in the cadre in which he held a post prior to his transfer, and may be given such substantive or officiating promotion in that cadre as the authority competent to order promotion may decide. In giving promotion, such authority will take into account—

(*a*) The nature of the work performed in foreign service, and

(*b*) The promotion given to juniors in the cadre.

114. A Government servant in foreign service will draw pay from the foreign employer from the date on which he relinquishes charge of his post in Government service. Subject to any restrictions which the Governor-General in Council may by general order impose, the amount of his pay, the amount of joining time admissible to him and his pay during such joining time will be fixed by the authority sanctioning the transfer in consultation with the foreign employer.

115.—(*a*) While a Government servant is in foreign service, contributions towards the cost of his pension must be paid to general revenues on his behalf.

(*b*) If the foreign service is in India, contributions must be paid on account of the cost of leave-salary also.

(*c*) Contributions due under clauses (*a*) and (*b*) above shall be paid by the Government servant himself, unless the foreign employer consents to pay them. They shall not be payable during leave taken while in foreign service.

(*d*) By special arrangement made under Rule 123 (*b*), contributions on account of leave-salary may be required in the case of foreign service out of India also, the contributions being paid by the foreign employer.

NOTE 1.—*Pensions, throughout this chapter, include Government contributions, if any, payable to a Government servant's credit in a provident fund.*

NOTE 2.—*In the case of Government servants lent to His Majesty's Government or to British colonies or protectorates; the contribution is payable by the employer, except in the case of Government servants lent to the War Office, whose contributions are paid in accordance with special arrangements with the War Office.*

116. The rate of contributions payable on account of pension and leave-salary shall be such as the Governor-General in Council may by general order prescribe.

117.—(*a*) The rates of pension contribution prescribed under Rule 116 will be designed to secure to the Government servant the pension that he would have earned by service under Government if he had not been transferred to foreign service.

(*b*) The rates of contribution for leave-salary will be designed to secure to the Government servant leave-salary on the scale and under the conditions applicable to him. In calculating the rate of leave-salary admissible, the pay drawn in foreign service, less, in the case of Government servants paying their own contributions, such part of pay as may be paid as contribution, will count as pay for the purpose of Fundamental Rule 9 (2).

118. In addition to the contributions prescribed under Rule 117, subscribers to any of the following pension funds must pay to Government a contribution equal to one-fourth or one-sixth of the premium paid to the fund:—

(i) Bengal Uncovenanted Service Family Pension Fund...	One-fourth.
(ii) Bombay Uncovenanted Service Family Pension Fund—	
(1) Subscribers who joined the fund on or before the 12th November, 1900	One-fourth.
(2) Those who joined after that date	One-sixth.

(iii) Bengal and Madras Service Family Pension Fund ... One-sixth.

119. Subject to any general orders of the Governor-General in Council, a local Government sanctioning a transfer to foreign service may—

(*a*) Remit the contributions due in any specified case or class of cases, and

(*b*) Make rules prescribing the rate of interest, if any, to be levied on overdue contributions.

120. A Government servant in foreign service may not elect to withhold contributions and to forfeit the right to count as duty in Government service the time spent in foreign employ. The contribution paid on his behalf maintains his claim to pension, or to pension and leave-salary, as the case may be, in accordance with the rules of the service of which he is a member. Neither he nor the foreign employer has any right of property in a contribution paid, and no claim for refund can be entertained.

121. A Government servant transferred to foreign service may not, without the sanction of the local Government, accept a pension or gratuity from his foreign employer in respect of such service.

122. A Government servant in foreign service in India may not be granted leave otherwise than in accordance with the rules applicable to the service of which he is a member, and may not take leave or receive leave-salary from Government unless he actually quits duty and goes on leave.

123.—(*a*) A Government servant in foreign service out of India may be granted leave by his employer on such conditions as the employer may determine. In any individual case the authority sanctioning the transfer may determine beforehand, in consultation with the employer, the conditions on which leave will be granted by the employer. The leave-salary in respect of leave granted by the employer will be paid by the employer and the leave will not be debited against the Government servant's leave account.

(*b*) In special circumstances, the authority sanctioning a transfer to foreign service out of India may make an arrangement with the foreign employer, under which leave may be granted to the Government servant in accordance with the rules applicable to him as a Government servant, if the foreign employer pays to general revenues leave contribution at the rate prescribed under Fundamental Rule 116.

124. A Government servant in foreign service, if appointed to officiate in a post in Government service, will draw pay calculated on the pay of the post in Government service on which he holds a lien and that of the post in which he officiates. His pay in foreign service will not be taken into account in fixing his pay.

125. A Government servant reverts from foreign service to Government service on the date on which he takes charge of his post in Government service; provided that, if he takes leave on the conclusion of foreign service before rejoining his post, his reversion shall take effect from such date as the local Government on whose establishment he is borne may decide.

126. When a Government servant reverts from foreign service to Government service, his pay will cease to be paid by the foreign employer, and his contributions will be discontinued, with effect from the date of reversion.

127. When an addition is made to a regular establishment on the condition that its cost, or a definite portion of its cost, shall be recovered from the persons for whose benefit the additional establishment is created, recoveries shall be made under the following rules:—

(*a*) The amount to be recovered shall be the gross sanctioned cost of the service, or of the portion of the service, as the case may be, and shall not vary with the actual expenditure of any month.

(*b*) The cost of the service shall include contributions at such rates as may be laid down under Rule 117, and the contributions shall be calculated on the sanctioned rates of pay of the members of the establishment.

(*c*) A local Government may reduce the amount of recoveries, or may entirely forgo them.

Chapter XIII.—Service under Local Funds.

128. Government servants paid from local funds which are administered by Government are subject to the provisions of Chapters I to XI of these rules.

129. The transfer of Government servants to service under local funds which are not administered by Government will be regulated by the rules in Chapter XII.

130. Persons transferred to Government service from a local fund which is not administered by Government will be treated as joining a first post under Government, and their previous service will not count as duty performed. A local Government may, however, allow previous service in such cases to count as duty performed on such terms as it thinks fit.

PART IV.—ORDINARY PENSIONS—*continued.*

(*b*) When a person is employed temporarily on monthly wages without specified limit of time or duty; but a month's notice of discharge should be given to such a person, and his wages must be paid for any period by which such notice falls short of a month.

(*c*) When a person's whole time is not retained for the public service, but he is merely paid for work done for the State.

1. This clause applies, among others, to the following officers:—Advocate General, Solicitor to Government, Government Pleaders and Law Officers not debarred from private practice, Sheriffs in Presidency Towns, Coroners, Roman Catholic Priests.

(*d*) When a public servant holds some other pensionable office, he earns no pension in respect of an office of the kind mentioned in Clause (*c*) or in respect of duties paid for by a Local Allowance.

(*e*) When an Officer serves under a covenant which contains no stipulation regarding pension, unless the Government of India specially authorises an Officer to count such service towards pension.

353. No pension may be granted to an officer removed for misconduct, insolvency or inefficiency; but to officers so removed compassionate allowances may be granted by the Government of India in cases where the pay of the officer does not exceed Rs. 800 a month, or by a Provincial Government in the case of officers serving under it whose pay does not exceed Rs. 500 a month, when they are deserving of special consideration; provided that, without the sanction of the Secretary of State:—

(1) No allowance shall be granted to an officer appointed in England, and

(2) The allowance granted to any officer shall not exceed two-thirds of the pension which would have been admissible to him if he had retired on medical certificate.

Note.—[The Government of India may delegate the powers of a Provincial Government under this Article to Minor Local Governments and Heads of Departments in respect of officers whom such subordinate authorities are competent to dismiss and who are under the orders of such subordinate authorities.]

353A. When an officer, belonging to one of the following services, who is proved to be unfit for further advancement, is removed from service by the Secretary of State on the recommendation of the Local Government and the Government of India, he may, with the sanction of the Secretary of State, be granted a pension not usually exceeding, and not necessarily so great as, that which would have been admissible to the officer if he had been invalided on medical certificate. In making their recommendations in such cases, the Government of India and the local Government will be guided by the circumstances of each case and are not debarred from proposing, if the circumstances justify it, a pension lower or (in exceptional cases) higher in amount than that which would be admissible to the officer if he was invalided on medical certificate:—

(*a*) The Indian Civil Service.
(*b*) The Indian Political Department.
(*c*) The Indian Finance Department (General List, including the Public Works List).
(*d*) The Imperial Police Service.
(*e*) The Imperial Customs Service.
(*f*) The Post Office of India and the Indian Telegraph Department.
(*g*) The Geological Survey of India.
(*h*) The Engineer establishment of the Indian Public Works and State Railway Departments.

Note 1.—[In the case of military officers belonging to the Indian Political Department the pension recommended will be based on the amount of retiring pension which an officer might have earned at the time under the Army Regulations.]

Note 2.—[In the case of officers belonging to a class which is neither wholly nor partly recruited by the Secretary of State, the removing authority will be the Government of India.]

Note 3.—[In the case of Royal Engineer officers of the Public Works and State Railway Departments the enforcement of the rule will take the form of requiring the officers to vacate their civil appointments and revert to military duty.]

354. *Claims of Widow.*—(*a*) It being the duty of every Government Officer himself to provide for his family, the Government recognises no claim by a widow on account of the services of her husband, and is almost invariably under the painful necessity of rejecting recommendations made in contravention of this rule.

(*b*) The submission of such recommendations, save under very extraordinary circumstances, is disapproved, as calculated only to give rise to hopes which cannot be fulfilled.

355. *Limitations.*—(*a*) An Officer cannot earn two pensions in the same office at the same time, or by the same continuous service.

(*b*) Two Officers may not simultaneously count service in respect of the same office.

356. Service rendered by an employee belonging to one of the classes mentioned in Note 2 below after attaining the age of 20 years, which is pensionable under military rules but which terminates before a pension has been earned in respect of it, may, at the discretion of the Government of India or of the provincial and minor local Governments specified in Parts I and II of Appendix I to these Regulations, be allowed to count, when followed by service qualifying for civil pension, as part of such service, provided that any bonus or gratuity received in lieu of pension on, or since, discharge from military service shall be refunded in not more than 36 monthly instalments, commencing from the date of joining a civil appointment. Service pensionable under military rules, which does not so terminate, shall not be allowed to count without the sanction of the Secretary of State in Council.

CHAPTER XV.—GENERAL RULES—*continued.*

Note 1.—An officer or ex-soldier will not be brought under the operation of this Article as a matter of course. Each case will be decided on its merits, *e.g.*, there may be cases in which it may be open to a claimant for pension to add military service during the Great War to former non-pensionable service in the Army in order to claim the benefit of a military pension. In such cases it may be to the advantage of the claimant that he should not be brought under the operation of this Article. The bearing of Article 1031, Army Regulations, India, Volume I, on the position of soldiers of the Indian Army who re-entered during the Great War, deserves consideration in this connection.

Note 2.—This Article applies to Indian commissioned officers, non-commissioned officers and men of the Indian Army, and of the Frontier Constabulary and Militias and to non-combatant departmental and regimental employees and followers of the supplemental services. It also applies to non-commissioned officers and men of the British Service, Warrant officers and departmental officers of the commissary and assistant-surgeon classes, in respect of service with their units or departments in India.

Note 3.—To be eligible for the concession in this Article a soldier-clerk employed in the civil department should take his discharge from the Army within 12 months after joining his appointment in the department. This limit may, in special cases, be relaxed by the Government of India.

Note 4.—Employees in the Military Police have the option of counting service under any other rules in these Regulations which would give them a similar or more liberal confession.

Note 5.—Employees who were in service in the civil department on the 22nd February, 1921, are eligible to count service under the rules which were in force before that date, where those rules are more advantageous to them.

357. For the purpose of the foregoing Article, service as private or in any higher combatant rank shall be treated as superior if followed by superior service in the civil department. In other cases, military service shall be treated as superior or inferior according to the character of the appointment in which it was rendered, and with reference to the criteria observed in the civil department. Doubtful cases should be referred to the Government of India, who enjoy full powers in the matter.

CHAPTER XVI.—CONDITIONS OF QUALIFYING SERVICE.

BEGINNING OF SERVICE.

358. (*a*) Except for compensation gratuity, an Officer's service does not in the case of superior service qualify till he has completed twenty years of age.

(*b*) In other cases, unless it be otherwise provided by special Rule or Contract, the service of every Officer begins when he takes charge of the office to which he is first appointed.

Note.—[In every covenant with an Officer appointed in England by the Secretary of State, not being a Member of the Indian Civil Service or a Civil Engineer or Telegraph Officer educated at the Royal Engineering College, Cooper's Hill, or a Forest Officer, a clause is inserted to the effect that service for leave and pension begins only from the date on which the Officer joins his first appointment in India.]

359. The following exceptions are admitted to the Twenty Years' Rule:—

(*i*) All Officers appointed in England by the Secretary of State; 'Indian College Engineers' (*see* Article 627 (*e*)); and Police probationers appointed in India under the orders contained in the despatch of the Secretary of State No. 14 (Judicial), dated 15th March, 1894.

CONDITIONS OF QUALIFICATION.

361. The service of an Officer does not qualify for pension unless it conforms to the following three conditions:—

First. The service must be under Government.

Second. The employment must be substantive and permanent.

Third. The service must be paid by Government.

These three conditions are fully explained in the following sections:—

361A. The Government of India may, however, in the case of service paid from General Revenues, even though either or both of conditions (1) and (2) are not fulfilled—

(1) Declare that any specified kind of service rendered in a non-gazetted capacity shall qualify for pension.

(2) In individual cases, and subject to such conditions as it may think fit to impose in each case, allow service rendered by an Officer to count for pension.

Subject to such conditions as it may think fit to impose, the Government of India may delegate its powers under this Article to Provincial Governments, Minor Local Governments and Heads of Departments.

Note.—[(*a*) Provincial Governments exercise the powers of the Government of India under clauses (1) and (2) of this Article in respect to Officers serving under them if the pension does not exceed Rs. 50 a month. In individual cases where the pension exceeds Rs. 50 a month they may allow half the actual non-qualifying service paid from General Revenues to count for pension, subject to a maximum of twelve months in all.]

[(*b*) Minor Local Governments exercise the powers of the Government of India under clause (2) of this Article in respect of Officers serving under them, if the pension does not exceed Rs. 10 a month.]

PART IV.—ORDINARY PENSIONS—*continued.*

362. *First Condition.*—The service of an Officer does not qualify unless he is appointed and his duties and pay are regulated by the Government, or under conditions determined by the Government.

368. *Second Condition.*—Service does not qualify unless the Officer holds a substantive office on a permanent establishment.

369. An establishment, the duties of which are not continuous, but are limited to certain fixed periods in each year, is not a temporary establishment. Service in such an establishment, including the period during which the establishment is not employed, qualifies, but the concession of counting as service the period during which the establishment is not employed does not apply to an Officer who was not on actual duty when the establishment was discharged, after completion of its work, or to an Officer who was not on actual duty on the first day on which the establishment was again re-employed.

370. An Officer transferred from a temporary to a permanent appointment can count his service in the temporary office, if, though at first created experimentally, or temporarily, it eventually becomes permanent.

371. An Officer without a substantive appointment officiating in an office which is vacant, or the permanent incumbent of which does not draw any part of the pay or count service, may, if he is confirmed without interruption in his service, count his officiating service.

373. The service of a probationer who holds a substantive office, and draws substantive pay, qualifies. So does that of an Officer who is on probation for a substantive office, if he is employed in a vacancy reserved for him, pending probation, and in which no other Officer simultaneously counts service.

374. Police probationers and temporary and officiating Assistant Superintendents of Police in all provinces count their service as follows:—

(1) If recruited in England—from the date on which they report their arrival in India.

(2) If recruited in India under the orders in Secretary of State's Despatch No. 14, dated the 15th March, 1894—from the date of assuming charge of their appointments.

(3) If recruited in India before the date of the orders of 1894 mentioned in (2) above—from the date either of attaining the age of 20 years or of assuming charge of their appointments, whichever is later provided that the service has been continuous.

385. *Third Condition.*—Service which satisfies the conditions prescribed in Sections II and III qualifies, or does not qualify, according to the source from which it is paid; with reference to this Article service is classified as follows:—

(*a*) Paid from the General Revenues.
(*b*) Paid from Local Funds.
(*c*) Paid from funds in respect to which the Government holds the position of trustee.
(*d*) Paid by fees levied by law, or under the authority of the Government, or by Commission.
(*e*) Paid by the grant, in accordance with law or custom, of a tenure in land, or of any source of income, or right to collect money.

386. Service paid from the General Revenues qualifies. The fact that arrangements are made for the recovery on the part of the Government of the whole or part of the cost of an establishment or Officer, does not affect the operation of this principle: Provided that the establishment or Officer is appointed, controlled, and paid by the Government.

390. Service paid from a Local Fund qualifies, or does not qualify, according to the rules laid down in Chapter XLII.

391. *Trust Funds.*—Service paid from funds which Government holds only as a trustee, such as under a Court of Wards or in an Attached Estate, does not qualify.

392. *Fees and Commission.*—Except when fees or commission are drawn in addition to pay from the General Revenues, service in an office paid only by fees, whether levied by law or under the authority of Government, or by a commission, does not qualify.

CHAPTER XVII.—RULES FOR RECKONING SERVICE.

SPECIAL ADDITIONS.

404A. For Officers mentioned in Article 349A, the concession of adding to qualifying service is as follows:—

In the case of the Agriculture (Imperial), Educational (Imperial and Provincial Services), Civil Veterinary (Imperial), Factory and Boiler and Smoke Nuisances Inspection, Indian Mines, Mint and Assay, Geological Survey, and Meteorological Departments, the Provincial Judicial Services, Distillery Experts in the Salt and Excise Departments, the Legal Assistant in the Legislative Department of the Government of India Secretariat, Officer of the Zoological and the Archæological Departments, Superintendents of Provincial Government's Presses, the Assistant Solicitor to the Government of India, Commander, Chief Engineer and 1st Officer of the Indo-European Telegraph Department attached to the Cableship *Patrick Stewart* and Medical Superintendent of the Indo-European Telegraph Department in the Persian Section, Presidency Magistrates, Judges of the Small Cause Court at a Presidency town and at Rangoon, City Civil Judge, Madras

Superintendent of Government Museum and Principal Librarian of the Connemara Public Library, Madras, Registrars of Joint Stock Companies for Bengal and Bombay, First and Second Assistant Secretaries to the Government of Bengal Legislative Department and Assistant Secretaries to the Bengal Legislative Council, Port Officers in Madras Presidency not belonging to the Royal Indian Marine, Deputy Superintendent and Remembrancer of Regal Affairs, Bengal, Superintendent, Government Printing, India, and Managers of Government of India Presses, the Resident Engineer, Government Dockyard, Dawhong, Rangoon, the Press and Forms Manager, Bengal, Mathematical Adviser to the Survey of India, the Sub-Divisional Magistrate and additional Magistrates, Rangoon, when recruited from the Bar, Manager and Chemist, Cordite Factory, Aruankadu, and of such other appointments as may be definitely specified in this behalf in other Departments, except those included in clause (*i*) of Article 474A, in which recruitment is likely to take place normally after 25 years of age, officers recruited over that age may add to their service qualifying for superannuation pension (but not for any other class of pension) the actual period not exceeding five years by which their age at recruitment exceeded 25 years. This concession will not be granted to individual Officers appointed at an age exceeding 25 years to Departments or appointments other than those included above. No officer can claim the benefit of this Article unless his actual qualifying service at the time he quits Government service is not less than 10 years.

The provisions of this Article apply to members of the Bar directly appointed to judicial posts ordinarily reserved for members, of the Indian Civil Service, but, in their case, the maximum period to be added will be ten years.

Note.—[The extra years conceded in this Article count towards the limit of 28 years qualifying service prescribed in Article 475A.]

PERIODS OF LEAVE.

Superior Service.

407. Except as provided in Article 408, time passed on leave other than privilege leave or subsidiary leave does not count as superior service.

408. Time passed on leave with allowances counts as service as follows:—

If the total service of the officer is not less than—	*He counts as service a period of leave out of India not exceeding—*	*He counts as service a period of leave in India not exceeding—*
15 years ...	1 year ...	1 year.
20 ,, ...	2 years ...	,,
25 ,, ...	3 ,, ...	,,
30 ,, ...	4 ,, ...	2 years.
35 ,, ...	5 ,, ...	,,

Note 1.—[The periods in columns 2 and 3 are not cumulative, that is, an Officer may not count two years' leave in 15 years' service, or more than four years' leave in 30 years' service. The maximum amount of leave both in and out of India which may be counted is that shown in column 2.]

Note 2.—[Total service in this Article means total service reckoning from the date of commencement of service qualifying for pension, and includes periods of leave.]

Note 3.—[For the purposes of this Article, Ceylon and the Straits Settlements are *not* held to be "out of India."]

412. *Deputation out of India.*—When an Officer is deputed out of India on duty, the whole period of his absence from India counts. When an Officer on leave out of India is employed, or is detained after the termination of his leave, on duty, the period of such employment or detention counts.

413. *Recall to duty.*—Time spent on the voyage to India by an Officer who is recalled to duty before the expiry of any recognised leave, and (if, within a year from the date on which he can be spared, the Officer takes the unexpired portion of the leave from which he was recalled) the time spent on the return voyage to Europe counts.

SUSPENSIONS, RESIGNATIONS, BREAKS AND DEFICIENCIES IN SERVICE.

416. *Time passed under Suspension* pending inquiry into conduct counts, if the suspension is immediately followed by reinstatement, but time passed under suspension adjudged as a specific penalty does not count.

418. *Resignations and Dismissals.*—(*a*) Resignation of the public service, or removal from it for misconduct, insolvency, inefficiency not due to age, or failure to pass a prescribed examination, entails forfeiture of past service (*see* also Appendix No. 7).

(*b*) Resignation of an appointment to take up another appointment, service in which counts, is not a resignation of the public service.

419. Any authority who, on revision or appeal, reverses an order dismissing an Officer, may declare that the Officer's past service counts.

420. An *interruption* in the service of an Officer entails forfeiture of his past service, except in the following cases:—

(*a*) Authorised leave of absence.

(*b*) Unauthorised absence in continuation of authorised leave of absence, so long as the office of the absentee is not substantively filled; if his office is substantively filled, the past service of the absentee is forfeited.

(*c*) Suspension immediately followed by reinstatement, which need not be to the same office.

(*d*) Abolition of office or loss of appointment owing to reduction of establishment.

(*e*) Transfer to non-qualifying service in an establishment under Government control. The transfer must be made by

PART IV.—ORDINARY PENSIONS—*continued.*

competent authority; an Officer who voluntarily resigns qualifying service, cannot claim the benefit of this exception. Transfer to a grant-in-aid school entails forfeiture.

(*f*) Transfer to service on the household establishment of the Viceroy.

(*g*) Time occupied in transit from one appointment to another, provided that the Officer is transferred under the orders of competent authority, or, if he is a non-gazetted Officer, with the consent of the head of his old office.

421. The authority who sanctions the pension may commute retrospectively periods of absence without leave into leave without allowances.

422. *Condonation of Interruptions and Deficiencies.*—Upon such conditions as it may think fit, in each case, to impose, the authority competent to fill the appointment held by an Officer at the time condonation is applied for, were he to vacate that appointment.

Note.—[The powers under this Article shall be exercised subject to any rules which the Government of India may deem fit to prescribe.]

423. (*1*) Upon any conditions which it may think fit to impose, the authority competent to sanction the pension of an Officer may condone a deficiency of three months in his qualifying service.

(*2*) The Government of India and Provincial Governments may similarly condone a deficiency not exceeding twelve months.

(*3*) If an Officer claiming Superior service has also rendered Inferior service, the Government of India, or the Provincial Government under whom he is serving, may condone a deficiency in his qualifying service for pension on the superior scale not exceeding one-half his Inferior service, subject to a maximum of twelve months in all.

CHAPTER XVIII.—CONDITIONS OF GRANT OF PENSION.

CLASSIFICATION OF PENSIONS.

424. Pensions for 'Superior Service' are divided into four classes, the rules for which are prescribed in the following sections of this chapter:—

(*a*) Compensation Pensions—*see* Section II.
(*b*) Invalid Pensions—*see* Section III.
(*c*) Superannuation Pensions—*see* Section IV.
(*d*) Retiring Pensions—*see* Section V.

COMPENSATION PENSION.

426. A Compensation Pension is awarded to an Officer discharged from the public service because, on a reduction of establishment, his appointment is abolished, and other suitable employment cannot be found for him. An appointment, the pay of which is reduced as part of a general scheme of revision, is abolished within the meaning of this Article.

427. To pension an Officer still capable of useful service is a waste of public money; before a pension is granted to such an Officer discharged on abolition of appointment, it must be carefully considered whether he cannot be otherwise provided for.

INVALID PENSION.

441. An Invalid pension is awarded, on his retirement from the public service, to an Officer who by bodily or mental infirmity is permanently incapacitated for the public service, or for the particular branch of it to which he belongs.

442. *Rules regarding Medical Certificates.*—If an Officer applying for an Invalid pension is sixty years old or upwards, no certificate by a Medical Officer is necessary; it suffices for the head of the office to certify to the incapacity of the applicant. Otherwise incapacity for service must be established by a Medical Certificate.

444. A simple certificate that inefficiency is due to old age or natural decay from advancing years is not sufficient in the case of an Officer whose recorded age is less than fifty-five years, but a medical officer is at liberty, when certifying that the Officer is incapacitated for further service by general debility, to state his reasons for believing the age to be understated.

445. *Form of Medical Certificate in England.*—The form of the medical certificate given by the Medical Board attached to the India Office, respecting an Officer applying for pension in England, is as follows:—

We have carefully examined Mr.
Taking into account all the facts of the case as well as his present condition, we consider that he is incapable of discharging the duties of his situation, and that such incapability is likely to be permanent. We therefore recommend that he be permitted to retire from the service of Government on the pension or gratuity for which he may be eligible.

452. *Restrictions.*—An Officer discharged on other grounds has no claim under Article 441, even although he can produce medical evidence of incapacity for service.

454. If the incapacity is directly due to irregular or intemperate habits, no pension can be granted.

455. *Applicant to be Discharged.*—An Officer who has submitted under Article 442 a Medical Certificate of incapacity for further service, must not (except for special reasons to be reported to the Local Government) be retained in active service pending a decision on his application for pension, nor can he obtain leave of absence, except subsidiary leave preparatory to retirement. Without the further special orders of the authority which has power to sanction the

pension, service after the date of such Medical Certificate does not count for pension.

456. The object of Article 455 is to discourage tentative applications.

457. Article 455 refers only to the retention in *active* service of an Officer who has furnished a medical certificate in support of an application for invalid pension or gratuity while in India. The retirement of an Officer who is absent on leave other than Privilege Leave, when such certificate is submitted, may have effect from the termination of his leave, and the Officer may continue to draw leave allowance to the end of his leave.

SUPERANNUATION PENSION.

458. A Superannuation Pension is granted to an Officer in Superior service entitled or compelled, by Rule, to retire at a particular age.

RETIRING PENSION.

465. A Retiring Pension is granted to an Officer who is permitted to retire after completing qualifying superior service for thirty years, or such less time as may for any special class of officers be prescribed.

465A.—For Officers mentioned in Article 349A, the rule for the grant of retiring pension is as follows:—

(1) An Officer is entitled, on his resignation being accepted, to a retiring pension after completing qualifying service of not less than 25 years or, in the case of Imperial Officers of the Forest, Geological Survey, Public Works, Railway, and Telegraph Departments and any others who would be covered by Article 635 of the Civil Service Regulations, not less than twenty years.

(2) A retiring pension is also granted to an Officer who is required by Government to retire after completing twenty-five years' qualifying service or more.

Note 1.—Government retains an absolute right to retire any Officer after he has completed twenty-five years' qualifying service without giving any reasons and no claim to special compensation on this account will be entertained. This right will not be exercised except when it is in the public interest to dispense with the further services of an Officer.

Note 2.—In the case of an Officer who was in the service on or before the 15th November, 1919, and who fulfils the conditions of Clause (1) of this Article, acceptance of his resignation will in no circumstances be deferred beyond a period of six months from the date on which his application to resign was submitted.

467. An Officer holding two or more separate appointments may not, save with the express sanction of the Government of India, in the Finance Department or, if pensions are a provincial charge, of the Provincial Government, resign one or more of such appointments on a pension, without retiring from the Public Service altogether. There is no objection to his being relieved from one or more of such appointments at any time, without being compelled to leave the service altogether, but in such case any pension admissible to him for service in the office or offices from which he is relieved will be deferred until he finally retires.

Note.—[The Government of India may delegate its power under this Article to Minor Local Governments and Heads of Departments. A Provincial Government also may delegate its power to Heads of Departments.]

CHAPTER XIX.—AMOUNT OF PENSIONS.*

GENERAL RULES.

468. The amount of pension that may be granted is determined by length of service, as set forth in Articles 474 to 485. Fractions of a year are not taken into account in the calculation of any pension admissible to an Officer under this part of these regulations.

469. *Currency.*—A pension is fixed in rupees, and not in sterling money, even though it is to be paid in England.

470. (*a*) The *full pension* admissible under the Rules is not to be given as a matter of course, or unless the service rendered has been really approved.

(*b*) If the service has not been thoroughly satisfactory, the authority sanctioning the pension should make such reduction in the amount as it thinks proper.

471. *Limitations.*—An Officer entitled to pension may not take a gratuity instead of pension.

473. An Officer, not being a Military Officer, or a Member of the Indian Civil Service, transferred to service under a Colonial Government, on final retirement from the Colonial service on pension or compensation allowance receives, from Indian Revenues, for each completed year of qualifying and uninterrupted service in India, a pension of one-sixtieth of his average emoluments at the time of his transfer, such average emoluments to be calculated for the last three years, or, if the whole service in India is less than three years, for the whole period of service. The pension is subject to a maximum limit of Rs. 2,000 a year for an Indian service not exceeding ten years, and Rs. 4,000 a year in any other case.

---

* *See also* p. 363.

PART IV.—ORDINARY PENSIONS—*continued.*

Note.—[The sanction of the Government of India is required to the transfer of an Officer to any service of the description mentioned in this article.]

AMOUNT OF SUPERIOR PENSION.

474. The amount of a pension is regulated as follows:—

(*a*) After a service of less than ten years, a gratuity not exceeding (except in special cases and under the orders of the Government of India, up to a maximum of 12 months' emoluments) one month's emoluments for each completed year of service. If the emoluments of the Officer have been reduced during the last three years of his service otherwise than as a penalty, average emoluments may, at the discretion of the authority which has power to sanction the gratuity, be substituted for emoluments.

(*b*) After a service of not less than ten years a pension not exceeding the following amounts:—

Years of completed service.	Scale of Pension.	Maximum limit of Pension. a year	or a month
10	10-sixtieths of average emoluments.	Rs. 2,000	Rs. 166⅔

474A.—For Officers mentioned in Article 349A the amount of pension is regulated as follows:—

(*b*) When a Statutory Bishop, who at the time of his appointment as such was a member of one of the permanent services in India, is permitted to retire without becoming entitled for a statutory pension, he will receive such pension as he might receive under the rules applicable to the branch of the service to which he so belonged and will reckon the period of his service as Bishop towards that pension.

Note (2).—A Chaplain appointed at an age exceeding 30 years is entitled to add to the period of his residence and service for retiring or superannuation pension under this Article, but not for any other class of pension, the period by which his age may have exceeded 30 years at the time of appointment provided that 5 years shall be the maximum period which can be so added.

599A. A non-statutory Bishop of Lahore, Rangoon, Lucknow or Nagpur, if not borne upon the ecclesiastical establishment previous to appointment, shall be entitled :—

PART V.—RULES APPLICABLE TO SPECIAL DEPARTMENTS OR SPECIAL OFFICERS—*continued.*

condition that the gratuity of a Bishop invalided before completing ten years' service shall be calculated at the rate of £120 per year of completed residence (as defined in Article 573), and that the maximum and minimum of such gratuities shall be £1,080 and £200 respectively;

(ii) To reckon as residence and service qualifying for retiring pension (but not for invalid pension) the number of completed years by which his age may at the time of appointment have exceeded thirty years, subject to the proviso that five years shall be the maximum period which can be so added.

CHAPTER XXVIII.—MILITARY OFFICERS.

CHAPTER XXIX.—CIVIL VETERINARY DEPARTMENT.*

623. The pension rules of the Civil Veterinary Department are as follow:—

(*a*) No officer becomes qualified for pension under the scale fixed for the Department until he has rendered ten years' service in it.

(*b*) Pensions are granted at the rates prescribed for the Army Veterinary Department by the Army Regulations in force for the time being, plus an addition made on the following scale:—

After ten years' service in the Civil Veterinary Department £72 a year; after fifteen years' service in the Civil Veterinary Department £96 a year; after twenty years' service in the Civil Veterinary Department £120 a year.

(*c*) Leave, apart from privilege leave, counts as service qualifying towards pension to the extent of two months for every year of actual service.

(*d*) Retirement is optional after twenty years' service and allowed on medical certificate after fifteen years' service. An officer, other than the Inspector-General, who resigns the Civil Veterinary Department before retirement, forfeits all claims to pension under the scale fixed for the Department.

The pension of the Inspr.-Genl., if he has qualified under clause (*a*), is at the rate of £700 a year after three years' tenure of office. Should an officer have completed five years' tenure of the post of Inspr.-Genl. before having rendered ten years' service in the Department, he is eligible for a pension of £600 a year.

Officers retiring before having completed ten years' service in Civil employ are dealt with under military rules for pension or gratuity. In the case of an officer invalided before completing ten years service in the Civil Veterinary Department, the gratuity or pension earned by him under Military rules is increased in the same proportion as the total Civil allowances bear to the total Military allowances earned by him during his period of service in India.

Note 1.—[Previous service in an appointment absorbed into the Civil Veterinary Department counts as service rendered in that Department for the purposes of this rule.]

Note 2.—[This article does not apply to Officers of and above the rank of Deputy Superintendent who come under Article 349A.]

624. The rules in Chapter XXVIII. relating to the retirement of Military Officers in Civil employ upon attaining the age of fifty-five years, apply to Army Veterinary Officers in the Civil Veterinary Department.

626. *Family Pensions.*—The family of a Civil Veterinary Officer recruited from the Veterinary Staff of the Army are eligible for pension under the provisions of the Royal Warrant, 'Pay and Non-effective Pay,' applicable to the families of Army Veterinary Officers.

CHAPTER XXX.—CIVIL ENGINEERS AND TELEGRAPH OFFICERS.*

636. The pensionary claims of Indian College Engineers, and of other Civil Engineers (whether of purely Asiatic descent or not) appointed in India, and of Telegraph Officers not included under Clauses (*a*) and (*c*) of Article 627, are governed by the ordinary rules in Part IV. But in the case of Officers of this class who may rise to the rank of Superintending Engineer, or in the Telegraph Department, of Superintendent 1st grade, or in the Indo-European Telegraph Department, of Director, the Government of India will be prepared to consider favourably their admission to the pension rules, including those contained in Article 642, applicable to the Officers specified in Article 635.

Provided that Civil Engineers and Telegraph Officers who are Members of the Provincial Services of the Public Works and Telegraph Departments are not eligible for the concession described in this Article.

1. The Public Works Department of the Government of India exercises the powers of the Government of India under this Article in respect of engineer officers of that Department.

2. The concessions made under this Article do not affect the operation of the rules which determine the age from which qualifying service begins.

637. The Government of India may, on special grounds, recommend for sanction of the Secretary of State the grant of an invalid pension, on the scale below to an Officer belonging to the classes referred to as appointed in India, in Article 627, provided that he be not of purely Asiatic descent. This Article does not apply to Officers of the Provincial Service.

639. The rule which excludes service under the age of twenty years does not apply to the officers defined in Article 635, or to Indian College Engineers.

640. Privilege leave and subsidiary leave count as service. Other leave counts to the extent stated in Article 408.

641. The following special scale of Pensions is admissible to the Officers defined in Article 635:—

(*a*) *After a service of less than ten years, an invalid gratuity on the scale laid down in Article 474 (a).*

Note 3.—[The provisions of this Article apply to officers of the Indo-European Telegraph Department appointed up to the 28th July, 1896. Those appointed thereafter come wholly under Article 643.]

PART V.—RULES APPLICABLE TO SPECIAL DEPARTMENTS OR SPECIAL OFFICERS—*continued.*

He also counts periods of privilege leave taken by him during such service, but periods of leave, other than privilege leave, do not count.

CHAPTER XXXIX.—FOREIGN SERVICE.

CHAPTER XLII.—SERVICE UNDER LOCAL FUNDS.

790. Apart from any special provisions, service paid for from a Local Fund does not qualify for pension.

PART X.—PROCEDURE RELATING TO PENSIONS.

CHAPTER XLVII.—APPLICATIONS FOR AND GRANTS OF PENSIONS.

(*a*) Members of the Indian Civil Service—(*Chapter XLIX.*).

(*b*) Chaplains—(*Chapter L.*).

(*c*) Judges of the High Courts, for whom no special procedure is laid down.

906. There is no limitation on the period after retirement within which an application for pension or gratuity must be submitted; but, apart from special orders, a pension applied for after the Officer has retired begins from the date of application. (*See also Article 930.*) An Officer may be admitted to pension while absent on leave, whether in or out of India.

915. (*a*) The Government of India is ordinarily unwilling to pass orders on questions affecting the pension of an Officer until he actually retires, because their premature discussion occupies valuable time almost always to no purpose and uselessly.

918. A pension which is certified by the responsible Audit Officer to be clearly and strictly admissible under rule may be sanctioned—

(*a*) in any case, by the Local Government;

(*b*) in the case of non-gazetted Officers, by the Officer who has the authority to fill the appointment vacated by the retiring Officer.

Note.—[A Local Government may delegate its powers under this Article to Heads of Departments and other subordinate Officers who are authorised to fill the appointment vacated by the retiring Officer.]

922. Should the amount granted to an Officer be afterwards found to be in excess of that to which he is entitled under the regulations, he will be called upon to refund such excess.

CHAPTER XLVIII.—PAYMENT OF PENSIONS.

GENERAL RULES.

933. When a pension is stated in rupees, it is payable at any treasury in India; or, at the pensioner's option, at the Home Treasury.

933A. When a pension is stated in sterling, it is payable at the Home Treasury, or, at the option of the pensioner, if he be residing in India, at any treasury in India converted into rupees at such rate of exchange as the Secretary of State in Council may by order prescribe; provided that pensioners of the following classes may, at their option, convert their pensions into rupees at the rate of 1*s.* 4*d.*, to the rupee, as long as they are in India and continue to have their permanent residence there:—

(i) Pensioners resident in India who were on the 1st February, 1921, in receipt of pensions converted at that rate.

(ii) Pensioners of Indian domicile who were, on the 1st February, 1921, temporarily drawing their pensions in sterling.

(iii) Pensioners who were in Government service on the 1st February, 1921, and who at that date were of Indian domicile.

Provided further that the pension of any pensioner referred to in clauses (i), (ii) or (iii), who has commuted any portion of his pension after the 10th day of October, 1928, shall be converted at the rate of exchange prescribed by the Secretary of State in Council as hereinbefore provided, and to the resulting pension shall be added, so long as he is in India and continues to have his permanent residence there, the difference between the values of the full sterling pension converted at that rate and at the rate of 1*s.* 4*d.* respectively.

934. Pensions granted in rupees which are drawn at or through the Home Treasury or in a colony in which the Indian Government rupee is not legal tender are converted into sterling at such rate of exchange as the Secretary of State in Council may by order prescribe, subject to a minimum rate of 1*s.* 9*d.* per rupee.

Note 1.—[This rule also applies to the issue of gratuities to persons residing in any country in which the rupee is not legal tender; but when the service of an officer to whom a gratuity is granted terminates in India, the gratuity should be paid in India.]

Note 2.—[When the minimum rate of exchange comes into operation the following concessions apply:—

1.—Ordinarily, a pensioner who has been residing in India or other country in which the Indian Government rupee is legal tender, and who proceeds to a country in which the rupee is not legal tender is entitled to draw his pension from or through the Home Treasury at the minimum rate of 1*s.* 9*d.* the rupee from the date only when he quitted the former country. But a pensioner who leaves India within six months of his retirement and proceeds to a country in which the rupee is not legal tender is entitled to draw his pension from or through the Home Treasury at the minimum rate of 1*s.* 9*d.* the rupee from the date to which it has been paid in India, or if no payment has been made there, from the date of its commencement.

PART X.—Procedure Relating to Pensions—*continued.*

2.—A pensioner who has been drawing his pension at the minimum rate of 1*s.* 9*d.* the rupee, if he proceeds to a country in which the rupee is legal tender and continues to draw his pension from the Home Treasury, is allowed the benefit of that minimum rate for six months from the date of his arrival in such country.]

Note 3.—[In the event of a case arising which appears not to be covered by the foregoing rules, reference must be made to the Secretary of State.]

Note 4.—[On warrants issued to persons drawing pensions stated in rupees it should be noted whether payment is subject to the minimum rate of 1*s.* 9*d.* the rupee.]

935. The rule in Article 931 applies to an Officer under covenant who is entitled by his covenant to pension; the covenanted rate of exchange for his pay and allowances does not, unless it is expressly so stated, apply to his pension.

936. Transfer of a pension from an Indian Treasury to the Home Treasury and *vice versâ* is permitted within reasonable limits whenever desired.

Note.—[Frequent transfers of a pension to and fro are not permissible.]

Procedure in Paying.

940. A gratuity is paid in a single sum, and not by instalments.

943. A pension is payable in India monthly on and after the first day of the following month.

Payment in England.

964. The annuities and pensions of all officers are issued at the Home Treasury monthly in arrear on the 16th day of each calendar month. They are made up to the following quarterly dates, *viz.*, to the 15th March, 15th June, 15th September and 15th December; and they are paid in monthly instalments, the first two instalments in each quarter being the net amount accrued, omitting shillings and pence, and the third instalment being the balance due for the quarter.

Payment in a Colony.

966. The Rules in this Section apply to pensions granted under the Rules in any Chapter of these Regulations. The pension of a pensioner residing in any Colony named in Appendix 15 may be paid there.

972. *Transfer of Payment.*—(*a*) Transfer of a pension from an Indian Treasury to a Colony, the payments in which are adjusted in the accounts of the Home Treasury, is permitted only once; but a pensioner can at any time have payment transferred from a Colony to an Indian Treasury, or from a Colony the payments in which are adjusted in the accounts of the Home Treasury, to England, for direct payment from the Home Treasury.

(*b*) In case a Pensioner desires transfer of payment of his pension from one Colony to another, the Government of India will recognise the proceedings of the Colonial Authorities sanctioning such transfer, which should, however, be reported separately by the pensioner to the Government of India and to the High Commissioner.

973. Upon his return to India, an Officer should deliver up his copy of the Warrant, which will serve the purpose of a last-pay certificate.

Chapter XLIX.—Members of the Indian Civil Service.

Applications.

977. *Retirement during leave to Europe.*—(*a*) An Officer who wishes to retire from the service while on leave in Europe, must submit his application to the Secretary of State.

(*b*) When an Officer makes his application under this Article, whether after completing his full period of service, or after having been declared by the Medical Board to be unfit for further service in India, his resignation is accepted, subject to the adjustment of any demands that may be standing against him in India; and he is directed to apply to the local government on whose cadre he was borne at the time of retirement for the annuity or gratuity to which his length of service may entitle him.

Payment.

980. The annuity of a Member of Council who has not previously resigned his seat in Council, or whose successor has not entered upon his office, commences from the day following that on which the vessel in which he leaves India sails, or from the expiry of his five years' tenure of office, whichever date is earlier.

982. Annuities are payable in arrear, monthly, and to date of decease.

983. (1) When payment of annuities or gratuities is taken at the Home Treasury, it may be taken at the option of the recipient either in rupees converted into sterling at such rate of exchange as the Secretary of State in Council may by order prescribe or at the fixed sterling minimum.

(2) When payment of annuities or gratuities is taken in India, it may be taken at the option of the recipient either in rupees or at the fixed sterling minimum converted into rupees at such rate of exchange as the Secretary of State in Council may by order prescribe; provided that annuitants of the following classes may, at their option, receive the fixed sterling minimum converted into rupees at the rate of 1*s.* 4*d.* to the rupee, so long as they are in India and continue to have their permanent residence there:—

(i) Annuitants resident in India who were on the 1st February, 1921, in receipt of annuities converted at this rate.

(ii) Annuitants of Indian domicile who were, on the 1st February, 1921, temporarily drawing their annuities in sterling.

(iii) Annuitants who were serving in the Indian Civil Service on the 1st February, 1921, and who at that date were of Indian domicile.

Provided further that the annuity of any annuitant referred to in clauses (i), (ii) or (iii), who has commuted any portion of his annuity after the 10th day of October, 1928, shall be converted at the rate of exchange prescribed by the Secretary of State in Council as hereinbefore provided, and to the resulting annuity shall be added, so long as he is in India and continues to have his permanent residence there, the difference between the values of the full sterling annuity converted at that rate and at the rate of 1*s.* 4*d.* respectively.

CHAPTER XLIX.—MEMBERS OF THE INDIAN CIVIL SERVICE—*continued.*

990A. (*a*) A Chaplain who wishes to retire from the service while on leave in Europe must submit his application to the Secretary of State.

(*b*) When a Chaplain makes his application under this Article, whether after completing his full period of service and residence, or after having been declared by the Medical Board to be unfit for further service in India, his resignation is accepted, subject to the adjustment of any demands that may be standing against him in India; and he is directed to apply to the Local Government under which he was serving at the time of retirement or to the Government of India, as the case may be, for the pension to which he may be entitled.

The Archdeacon of Calcutta or the Presidency Senior Chaplain, Church of Scotland, Bengal, will submit his application to the Government of India in the Department of Education, Health and Lands.

SUPPLEMENTARY REGULATIONS GOVERNING THE DRAWING OF BENEFITS FROM THE GENERAL PASSAGE FUND, MADE UNDER REGULATION 15 IN SCHEDULE IV BY THE GOVERNOR-GENERAL IN COUNCIL, 6TH FEBRUARY, 1925.

Part I.—Passages by Sea.

(1) Every application by an officer for a passage by sea shall be made to the audit officer by whom his pay is audited ; provided that if the officer is in Europe the application shall be made to the High Commissioner for India. If the application is made to the High Commissioner, the officer must present with his application a certificate from the audit officer stating the amount in the General Passage Fund at the credit of each person for whom a passage is to be taken.

(2) The application shall specify the persons for whom it is desired to secure passages. If the audit officer or the High Commissioner, as the case may be, is satisfied that any benefit is admissible under the rules, he will furnish to the applicant a certificate stating the maximum cost of the passage which may be engaged for each such person at the charge of the General Passage Fund.

(3) When the officer engages the passage or passages he will present to the steamship company the certificate and on receiving the ticket or tickets will give the Company a receipt in the form prescribed showing the accommodation engaged, the persons for whom engaged and the cost. If the cost of any ticket should exceed the amount entered in the certificate, the difference must be paid by the officer himself.

Note 1.—Although the benefits admissible from the General Passage Fund are stated in terms of the cost of passages by P. & O., an officer is free to choose the line of steamers by which he will travel, and to book a passage in a class lower than P. & O., 1st Class B. The saving accruing from the exercise of either option will remain at credit in the Personal Passage Account of the person or persons concerned and can be used towards meeting the cost of additional passage or passages engaged in excess of the number of P. & O.

1st Class B passages, the value of which is credited in the Personal Passage Account.

Note 2.—Nothing in the wording of the supplementary regulations is intended to restrict the employment of agents in booking passages or in other transactions with the steamship companies.

(4) If for any reason the officer, after obtaining the certificate, but before presenting it to the steamship company, finds that he does not desire to use it, he should return it without delay to the audit officer or the High Commissioner, as the case may be.

(5) If the officer, after presenting the certificate to the steamship company, cancels the passages which he has engaged, he should at once inform the audit officer or the High Commissioner, as the case may be, that he has done so; he should also take steps to obtain back the certificate from the steamship company and return it to the audit officer or High Commissioner.

(6) If the officer cancels a passage engaged by him, for the cost of which the steamship company has presented a claim for payment, he should, besides communicating with the company, immediately inform the audit officer or the High Commissioner, as the case may be, who will apply to the steamship company for a refund. No refund will be made except to the audit officer.

(7) Any amount forfeited by the officer as a result of cancelling a passage in circumstances where the steamship company is entitled to claim such forfeiture, shall be debited to the passage account concerned.

(8) The above rules do not apply in their entirety to cases in which an officer in India wishes to obtain a passage or passages for his family resident outside Asia. In such cases, the application should be made by the officer to the High Commissioner and supported by a certificate from the audit officer in India stating the amount in the General Passage Fund at the credit of each person for whom a passage is to be taken. The application should specify the persons for whom it is desired to secure passages, and should contain full information as regards the steamer line and the route by which it is desired to travel and the class of accommodation required. On receipt of such an application, the High Commissioner will, on behalf of the officer, arrange with the steamship company for the required passages, if he is satisfied that the cost of such passages is admissible under the rules. If the cost of any such passage exceeds the maximum amount admissible therefor under the rules, the officer must arrange for the payment of the difference to the High Commissioner before the passage is engaged. As soon as the necessary arrangements have been made by the High Commissioner, he will intimate the fact with full particulars to the officer concerned, as well as to the audit officer in India. If for any reason the officer, after obtaining the certificate from the audit officer but before forwarding it to the High Commissioner, does not desire to use it, he should return it without delay to the audit officer. If, after forwarding the certificate to the High Commissioner, it is found that the passages are not required, or if passages already engaged are cancelled, the officer will be responsible for intimating the fact promptly to the High Commissioner, and for returning the ticket or tickets to the High Commissioner. He will be similarly responsible for intimating promptly to the steamship company the cancellation of a passage already engaged. On receipt of the intimation, the High Commissioner will take steps to obtain a refund from the steamship company where necessary, and will also inform the audit officer in India of the non-utilisation or a certificate presented to him or the cancellation of a passage.

(9) An officer, who at the time of proceeding on leave declares his intention of retiring from service is entitled to draw on the Passage Fund for single passages only. If, however, no such declaration is made but the officer draws on the Passage Fund for return passages, whether for himself, for his wife, or for his children and retires on the termination of leave, he should return the unused half of the return ticket or tickets which have not been utilised to the audit officer concerned in India who will watch for the return of the unused halves of the return tickets, and obtain from the steamship company concerned a refund in respect of the return passage or passages. If, however, the return halves are actually utilised, the Audit Officer should realise from the officer concerned, the cost thereof. In cases in which an officer who does not return to duty actually uses the return ticket or tickets for the journey back to India, the cost of the same will be recovered from him unless the Governor-General in Council is satisfied that the officer was prevented, by circumstances beyond his control, from returning to duty.

There may be cases in which the High Commissioner arranges return passages for officers returning to India for a short spell of duty prior to retirement. If in any such case the return half of the ticket or tickets is not utilised, it should be returned to the audit officer concerned in India. If the officer does not actually join duty, the entire cost of the return passage, or the cost of the journey to India only, according as the return half of the ticket or tickets is or is not used, will be recovered from him.

When an officer takes return passages for himself and/or his wife and children and returns to duty in India leaving his wife and/or children at home or when an officer while on duty in India sends his wife and/or children out of Asia on return tickets of which the second halves are not utilised, he should return the unused half of the return ticket or tickets to the audit officer concerned in India. If, however, the second halves of the return tickets are actually utilised, the officer should make a declaration in due course to the audit officer that the tickets have actually been utilised.

No refund will be made by a steamship company under this rule except to the audit officer, who will make the necessary adjustment of the amount between the officer and the Government if the cost of the passage involved or any portion thereof has been borne by the officer.

Part II.—Journeys by Land.

(1) Every application by an officer for the benefit permissible under Regulation 8 shall be made to the High Commissioner for India. An

an exception to this general rule, if the officer obtains from the steamship company in India a through ticket covering the overland journey he may make his claim to the audit officer in India for the whole journey including the cost of the journey by land.

(2) No claim is admissible in respect of a railway journey performed in India or in the country of destination, provided that a person travelling on a through ticket to or from London may make a claim in respect of the journey between London and the Channel port.

(3) The amount payable in respect of a journey by land shall in no case exceed the cost of an ordinary first-class railway fare by a direct route.

Note.—In cases where the cost of the journey by land exceeds the ordinary first-class fare by a direct route, the difference must be paid by the officer himself.

(4) The application shall specify the persons for whom the benefit is claimed and shall state the facts of the claim in sufficient detail to enable the High Commissioner to satisfy himself that the prescribed conditions are fulfilled. The officer shall be bound to furnish such further information as the High Commissioner may require for this purpose.

(5) In the case of a journey from India the claim should be accompanied by—

(*a*) a declaration signed by the officer that the land journey was actually performed by the persons on whose behalf the claim is made; and

(*b*) a certificate, which the officer should obtain from his audit officer in India, showing the amount to which he is entitled in respect of the journey from India and the cost of the passage actually engaged.

Note.—If an officer intends to present a claim to the High Commissioner under this regulation he should in his own interests take steps to obtain the certificate referred to in clause (*b*) before he leaves India.

(6) In the case of a journey to India the officer shall submit to the High Commissioner a declaration stating the route by which he, or the person on whose behalf he makes the claim, intends to travel

(7) The procedure laid down in rule (8) of Part I will govern cases in which an officer in India wishes to obtain from the steamship company a through ticket to India covering a journey by land for a member of his family resident outside Asia. In cases where such a land journey is to be performed otherwise than on a through ticket, the application for the cost of the land journey should be made by the officer to the High Commissioner simultaneously with the application for a sea passage made under rule (8) of Part I. With the application the officer should submit to the High Commissioner a declaration stating the route by which the person on whose behalf he makes the claim desires to travel and the class of accommodation required. On receipt of such an application the High Commissioner will arrange for the payment of the cost of the land journey in advance to the member of the officer's family, if he is satisfied that the prescribed conditions are fulfilled. The fact of the payment will forthwith be intimated by the High Commissioner with full details to the officer and also to the audit officer in India.

Part III.—General.

(1) In urgent or special cases the Governor-General in Council may sanction such modification of the procedure prescribed in these regulations as he may deem to be necessary.

(2) The High Commissioner and the audit officers in India may adopt, in exceptional cases not covered by these regulations, a suitable procedure provided that the spirit of any of these regulations is not contravened.

14. If furlough be taken partly in India and partly out of India, the commencement and termination of the furlough shall be respectively determined under the provisions of Rule 13, according as the furlough begins or ends in or out of India.

15. For the interval between the date of quitting his office and the commencement of furlough out of India, and between the termination of furlough out of India and resuming his office, a Judge may be allowed a subsidiary leave not ordinarily exceeding thirty days, which in special cases may be extended.

16. A Judge when on furlough or subsidiary leave shall receive allowances at the monthly rate shown in the following table :—

	When resident in Asia during furlough. Rs	When resident outside Asia during furlough. £
Leave on half allowances	1,110	111
Leave on full allowances	2,220	222
Subsidiary leave ...	1,110	—

NOTE.—For the first month of any period of leave on full allowances in lieu of the allowances in the above table a Judge may draw his salary.

17. Subject to the condition that no Judge is appointed to act in his place during the vacation, a Judge may take furlough in combination with vacation on full salary :—

(*a*) when the vacation consists of one continuous period, either at the beginning or end thereof, but not both; or

(*b*) when the vacation is divided into two separate periods, for the interval or any part thereof, between the two periods of the same vacation, or between the second part of one vacation and the commencement of the next ensuing vacation.

18. Except under medical certificate, the number of furloughs to be granted at any one time, and the grant of furlough to individual Judges, shall be subject to and limited by the exigencies of the service, which exigencies shall be determined exclusively by the authority with whom rests the question of granting the furlough.

Note to Rule 10 (*b*) (ii).—The total of (A) and (B) is subject to the limit of one year.

19. Applications for furlough not supported by medical certificate shall be granted usually in the following order:—

The Judge who has the greatest amount of furlough due to him under Rule 9 shall have the preference. If two or more applicants are on an equality in this respect, preference shall be given to the applicant whose actual service in a High Court is longest, reckoning, in the case of a Judge who has not taken furlough or leave granted under Rule 20, from the date of the commencement of his service in the High Court, and in the case of a Judge who has taken furlough, subsidiary leave, or leave granted under Rule 20, from the date of his last return from such furlough or leave. If two or more applicants are equal in both the above-mentioned respects, the preference shall be given to the senior in the Court.

20. If the Government in its discretion deems it necessary, in any special instance, to grant to any Judge leave of absence for which no express provision is made in the foregoing rules, the Judge shall be entitled to draw no salary or allowances during such leave. Such leave shall in no case exceed six months and shall not be granted more than once during the whole period of the Judge's service as a Judge.

21. Applications for leave shall in all cases be submitted and returns to duty, whether from leave or vacation, shall in all cases be reported in such manner as the Government shall from time to time prescribe.

22. No substantive appointment shall be vacated merely by reason of leave being granted under these rules.

22A. When the day immediately preceding the day on which a Judge's leave or vacation begins or immediately following the day on which his leave, vacation or joining time expires is an authorised holiday, or one of a number of consecutive authorised holidays, the Judge may leave his station at the close of the day before, or return to it on the day following, such holiday or holidays, provided that no Judge is appointed to act in his place during the holiday period.

23. If a Judge overstays any leave or any vacation whether combined with furlough or not, he shall forfeit all salary during the time of his remaining so absent, and if he overstays his leave or vacation for more than one week, his office shall be liable to be declared vacant; provided that if the overstayal is due to circumstances beyond his control the period of overstayal may, at the discretion of the authority with whom rests the question of granting furlough, be treated as furlough and be debited to his furlough account under Rule 8. A Judge on leave or vacation is not obliged to return to duty on an authorised holiday, unless another officer is officiating as Judge in consequence of his absence.

25. Except in the case of a member of the Indian Civil Service, who may draw the pension shown in col. 8 of the table in Rule 24 in addition to the pension for which he is eligible under the ordinary rules relating to that service, a Judge receiving a pension under Rule 24 will not be entitled to any other pension or retiring allowance.

25A.—(1) If a Judge of a High Court is permitted to retire before completing one of the periods of service for pension specified in column 1 of the annexed table in a High Court, but after

completing that period of service in a High Court and a Chief Court combined, or in a High Court and one of the Judicial Commissioner's Courts of Oudh, Sind, or the Central Provinces combined, and if under the rules applicable to him he might receive the pension specified in column 3 or in column 4 of the annexed table if his total combined service had been in the Chief Court, or in the Judicial Commissioner's Court concerned, he shall receive a pension according to the length of his combined service for pension calculated in accordance with the following rule :—

Provided that no Judge shall receive a pension calculated in accordance with this rule who has not attained the age of 60 years, unless he either retires on medical certificate or has had a service for pension of at least 11½ years in a High Court and Chief Court combined, or in a High Court and a Judicial Commissioner's Court combined.

(2) If a Judge of a High Court, who has completed not less than 2½ years for pension as a Chief Justice of a High Court, is permitted to retire with a pension calculated under sub-rule (1), he shall receive an additional pension of the difference between the amounts for his combined service for pension as a Judge shown in columns 3 and 7 or in columns 6 and 7 of the table in Rule 24, according as his service for pension as a Chief Justice was not less than 5¾ years or not less than 2½ years respectively.

Provided that no Judge shall receive an additional pension calculated in accordance with this rule who has not attained the age of 60 years, unless he either retires on medical certificate or has had a service for pension of at least 11½ years in a High Court and Chief Court combined, or in a High Court and a Judicial Commissioner's Court combined.

(4) If a Judge of a High Court, who has rendered previous service both in a Chief Court and in one of the specified Judicial Commissioner's Courts is permitted to retire, the above provisions may be applied by either—

(*a*) omitting service in a Judicial Commissioner's Court, or

[Rule 25 (A) (4) has effect from 22nd October, 1924.]

25B. Pensions paid in India shall be issued in rupees and converted at such rate of exchange as the Secretary of State in Council may by order prescribe :

Provided that pensioners of the following classes may, at their option, convert their pensions into rupees at the rate of 1*s.* 4*d.* to the rupee, so long as they are in India and continue to have their permanent residence there :—

(1) Pensioners resident in India who were on 1st February, 1921, in receipt of pensions converted at that rate ;

(2) Pensioners of Indian domicile who were on 1st February, 1921, temporarily drawing their pensions in sterling ;

(3) Pensioners who were in Government service on 1st February, 1921, and who at that date were of Indian domicile.

Provided further that the pension of any pensioner referred to in clauses (1), (2) or (3) who has commuted any part of his pension after the 10th day of October, 1928, shall be converted at the rate of exchange prescribed by the Secretary of State in Council as hereinbefore provided, and to the resulting pension shall be added, so long as he is in India and continues to have his permanent residence there, the difference between the values of the full sterling pension converted at that rate and at the rate of 1*s.* 4*d.* respectively.

26. When a Judge who, at the time of his appointment to a High Court, was a member of one of the Government Services in India, is permitted to retire without a pension under the preceding rules, he shall receive such a pension as he might receive under the rules applicable to the branch of the Service to which he belonged when so appointed, reckoning the period of his service as a Judge of a High Court towards service for that pension.

27. If a Judge who, at the time of his appointment to a High Court, was a member of one of the Government Services in India, is permitted to retire after six years and nine months of service for pension as Judge, he shall have the option of taking his pension or retiring allowance either under these rules or under the

rules applicable to the branch of the Service to which he belonged when appointed.

28. The words 'a member of one of the Government Services in India' in Rules 26 and 27 include an acting member, and for the purpose of these rules acting service in the appointment held at the time of appointment as a Judge of the High Court shall be regarded as substantive.

29. In the event of the appointment to be a Judge of a High Court of a retired Judge who is in receipt of a pension under the preceding rules, the Secretary of State in Council shall decide in each case whether his salary shall be reduced by the amount of such pension, or by any part of such amount.

30. No Judge, selected from the Indian Civil Service, shall receive any pension under these rules unless he shall have fully complied with all the rules and regulations in force for the time being as to payments to be made by him as a member of the Indian Civil Service on account of the provision for pension to his wife and children.

31. If a Judge is transferred from one High Court to another, the period he has served in each Court shall count towards his qualification for pension.

32. A Judge appointed under Statute 5 & 6 Geo. V, cap. 61, sec. 105, to perform the duties of Chief Justice is not a Chief Justice within the meaning of these rules as to pension: Provided that, if such Judge be afterwards appointed to be a Chief Justice, the period during which he performed the duties of Chief Justice as aforesaid shall count as service for pension according to the table in Rule 24: Provided also, that the period during which a Judge performs (under Statute 5 & 6 Geo. V, cap. 61, section 105) the duties of Chief Justice of the High Court at Calcutta shall not count towards pension at a rate exceeding £1,500 a year, unless such Judge is subsequently appointed to the office of Chief Justice of the said High Court at Calcutta.

32A. With effect from the 1st April, 1925, the Civil Pensions (Commutation) Rules shall as far as possible apply to the Judges.

33. The above rules shall apply to every Judge now holding office, as well as to those who may be hereafter appointed.

Section IV.—Expenses for Equipment and Voyage.

34. In exercise of the powers conferred on him by section 104 (1) of the Government of India Act, the Secretary of State for India in Council, in supersession of previous orders on the subject, hereby fixes £500 as the sum payable to a Chief Justice or other Judge of one of the several High Courts in India if permanently resident in Europe at the time of appointment, for the expenses of equipment and voyage, provided that the allowance is not payable to the Chief Justice or Judge who was a member of the Government Services in India at the time of his appointment.

Section V.—Travelling Allowances.

35. (1) A Judge is entitled when travelling on duty—

(i) when travelling by railway, to a reserved first-class compartment, and to fares (if actually paid) for four servants at lowest class rates;

(ii) when travelling by steamer, to a reserved cabin (if one is available) and to fares (if actually paid) for four servants at lowest class rates, subject to the usual deduction on account of messing charges; and

(iii) when travelling by road, to a mileage of one rupee.

(2) For the purposes of this rule, a Judge shall be deemed to be travelling on duty if, not being a Vacation Judge, he travels:—

(*a*) from any place in India for the purpose of doing duty during the vacation in the High Court of which he is a Judge, or

(*b*) during the vacation for the purpose of returning to any such place after completion of such duty.

He is also entitled to draw daily allowance at the rate of 15 rupees for each day on which he has been engaged on inspection work: Provided that if any persons (other than four servants) accompany a Judge in his reserved accommodation, fares shall be payable by him on their account, and, if full tariff rates have been paid for the accommodation, shall be credited to Government.

35A. A Judge is entitled, in addition to allowances admissible under Rule 35, to recover the actual cost incurred by him while travelling on inspection or circuit duty on the transport of a conveyance and two horses or of a motor car, including the fares of one syce for each horse or one driver or cleaner for the car.

35B. A Judge of the High Court of Judicature at Patna proceeding on circuit to Cuttack is entitled to the following concessions:—

(2) He will draw halting allowance at the rate of Rs. 15 a day for such period as it may be necessary for him to remain in Cuttack in connection with this duties;

(3) He will draw daily allowance for the day on which he arrives at or leaves Cuttack if he sits in Court on that day.

36. When a Judge who has been sitting at Rangoon is required by the Chief Justice to sit in Mandalay under the provisions of clause 41 of the Letters Patent constituting the High Court of Judicature at Rangoon with the intention that he shall sit in Mandalay for a period of not less than 20 days, there shall be paid to him the expenditure actually incurred by him on his journey to Mandalay and on his return journey to Rangoon for the transport of the following persons and goods:—

(i) The Judge himself, by a reserved first-class compartment;

(ii) Any members of the family of the Judge normally resident with him who do not travel in the reserved compartment by passenger train at first-class rates. For the purpose of this rule the family of the Judge means his wife, his legitimate children and his step-children residing with him;

(iii) Personal servants, not exceeding eight in number, by passenger train at lowest class rates;

(iv) Personal effects, not exceeding the expenditure which would be incurred in the transport of 60 maunds of goods by road and by goods train, and the expenditure incurred in embarking and disembarking such personal effects; and

(v) A conveyance and two horses or a motor car by passenger train at owner's risk.

37. When a Government servant, appointed to be a Judge, travels by railway to join his post, he may, at his option and in lieu of drawing travelling allowance under the ordinary rules governing a journey on transfer applicable to him, travel in a reserved first class compartment.

The Government servant, when he avails himself of this concession, must pay to the Government the fare which he would have paid if no accommodation had been reserved, and must, in addition, pay in cash to the station-master of the station from which the journey commences the fares for any members of his family accompanying him, whether they share his reserved accommodation or not. When Government pays full tariff rates for the accommodation, all such fares will be credited to Government.

38. When a person not already in Government service is appointed to be a Judge, he may, when travelling by railway to join his post, travel in a reserved first-class compartment on the condition described in Rule 37.

39. When a Judge travels by railway—

(i) When proceeding on or returning from leave (including vacation spent outside India); or

(ii) when retiring from the service or proceeding to join another post after resigning office,

he may travel in a reserved first-class compartment on the condition described in Rule 37.

40. When a Judge is transferred from one High Court to another, there shall be paid to him the expenditure actually incurred by him on his journey by railway or by steamer to the place of the sitting of the other High Court for the transport of the following persons and goods:—

(i) The Judge himself, by a reserved first-class compartment or a reserved first-class cabin (if one is available);

(ii) any members of the family of the Judge normally resident with him who do not travel in the reserved compartment or cabin by passenger train or steamer at first-class rates: for the purpose of this rule the family of the Judge means his wife, his legitimate children and his step-children residing with him;

(iii) personal servants, not exceeding eight in number, by passenger train or steamer at lowest class rates;

(iv) personal effects, not exceeding the expenditure which would be incurred in the transport of 60 maunds of goods by road and by goods train or steamer, and the expenditure incurred in embarking and disembarking such personal effects; and

(v) conveyance and two horses or a motor car by passenger train or by steamer at owner's risk.

SECTION VI.

42.—(1) A Judge who is not a member of the Indian Civil Service, but whose domicile at the time of his appointment was elsewhere than in Asia, shall be entitled, with effect from 1st April, 1924, to receive at the cost of a local Government the number of passages shown in the following table:—

Judge's age at the date of appointment, or, in the case of appointment before 1st April, 1924, at that date.	Number of return passages.

(2) A Judge to whom sub-rule (1) applies is further entitled, if married at the date of his appointment, or, in the case of Judges appointed before 1st April, 1924, if married before that date, to the same number of return passages for his wife to which he himself is entitled, and in any other case to that number of return passages to which he would himself be entitled under the foregoing table if the year of age shown therein represented the Judge's age at the date of his marriage.

(3) A Judge to whom sub-rule (2) applies is further entitled during his service as a Judge to one single passage for each legitimate child (including step-children residing with and wholly dependent upon the Judge) who, if a female, is unmarried and under the age of 21, or, if a male, is under the age of 12.

(4) Any passage or passages to which a Judge may be entitled, in accordance with this Rule, immediately before the date on which his resignation of his appointment as a Judge takes effect, may be granted to him at any time within six months after that date, provided that the Secretary of State in Council may, if he think fit to do so, extend the aforesaid period of six months in the case of any Judge.

(5) Notwithstanding the foregoing provisions of this rule, no passage shall be granted, either for himself or for his wife, to a Judge who has received an allowance under Rule 34 until the completion of five years, and a second passage shall not be granted until the completion of 10 years' total service as Judge of a High Court.

SECTION VII.

Residential Accommodation.

43. If a Judge is provided with residential accommodation, either leased or owned by Government, it shall be on such conditions in regard to the payment of rent and otherwise as are for the time being applicable to members of the Indian Civil Service serving under the administrative control of the Governor-General in Council in the town in which the headquarters of the Court to which the Judge belongs is situate.

EXTRACTS FROM THE RULES REGULATING THE GENERAL PROVIDENT FUND.

Scope of Fund.

1. The fund shall be a general fund open to all civil officers in permanent pensionable and non-pensionable posts in service which is superior within the meaning of the rules regulating such service * * * to certain military subordinates in civil employ; but it shall not be open to subscribers to any other provident fund instituted by Government, or to any class of officers for whom a compulsory family pension fund has already been established.

Conditions of Membership of Fund; closure of existing Provident Funds.

2. As regards officers in the service of Government at the date of the institution of the General Provident fund:—

(*a*) Officers in whose case subscription to an existing service provident fund [see rule 3 (c)] is optional, or who are not entitled to subscribe to such a fund, shall be permitted to join the new fund as optional subscribers at any time.

(*b*) Officers in whose case subscription to an existing service provident fund is compulsory shall be permitted to join the General Provident fund as compulsory subscribers at any time.

(*c*) When subscribers to an existing service provident fund join the new fund, their accounts with the existing fund, including any liability for the refund of advances, shall be transferred to the General Provident fund.

(*d*) Officers who join the General Provident fund, whether as compulsory or as optional subscribers, shall cease to be eligible to subscribe to any existing Provident fund, with effect from the date of joining the fund.

(*e*) A non-pensionable Government servant who is a subscriber to the State Railway Provident fund, or any other special Provident fund, on transfer to pensionable Government service shall, if he is a compulsory subscriber to the General Provident fund, transfer to the fund the bonus contributed by Government, plus interest thereon, in the State Railway or other Provident fund concerned. An optional subscriber need not transfer the amount if it is less than Rs. 1,900, but shall transfer it in any other case.

(*f*) The rules applicable to subscribers to the existing service provident funds mentioned in rule 3 (*c*), who do not exercise the option of joining the General Provident fund will remain unchanged, but all existing funds will be closed to new subscribers, with effect from the date of the institution of that fund.

3. As regards officers entering the service of Government after the institution of the General Provident fund:—

(*a*) Subscription to the fund shall be compulsory in the case of (i) all Europeans and Anglo-Indians* in permanent employ on attaining a substantive pay of Rs. 100 a month or more; (ii) all members of the staff employed in the Treasurer's Departments or Currency Offices.

(*b*) All other officers eligible to join the fund will be admitted as optional subscribers.

(*c*) The existing service provident funds specified below shall be absolutely closed to future entrants into Government service, namely, the Civil Engineers Provident Fund and the Provident Funds of the Finance, Police, Geological Survey, Opium, Northern India Salt Revenue, Forest and Civil Veterinary Departments.

4. If an officer, who is entitled to subscribe to the fund, is on foreign service, he shall be subject to these rules except where otherwise stated in the same manner as if he were not so transferred.

5. (1) In the case of all officers the privilege of optional subscription shall lapse if subscriptions are discontinued (otherwise than on leave) more than three times. In the event of such a lapse of subscription no right to withdrawal of the sum at credit of the subscriber shall be recognised other than is provided for in Rules 10, 15, and 18.

(2) If an officer, subsequent to his becoming a subscriber to the Fund, be reduced to the position of an inferior servant, he shall cease to subscribe to the fund so long as he is not reinstated or re-promoted to superior service, but a final withdrawal of his deposits shall be allowed only as provided for in Rules 10, 11, and 17.

Rate of Interest.

6. (1) Subject to the provisions of Clause (2), compound interest on the balances at credit of subscribers shall be paid at such rate as the Governor-General in Council, having regard to the yield on long-dated Government loans and with the approval of the Secretary of State in Council, may from time to time prescribe.

Provided that, during any period for which the rate prescribed is less than 4 per cent., the interest on the subscriptions and also on the balances at credit of subscribers who joined the Fund before the Governor-General in Council had prescribed or declared his intention to prescribe a rate of less than 4 per cent. shall, notwithstanding such prescription, be paid at the rate of 4 per cent.

Provided further that six months' notice shall be given to subscribers before effect is given to a reduction in the rate of interest.

The rate prescribed with effect from 1st April, 1927, is 4½ per cent.

Rates of Subscription.

7. The monthly rate of subscription shall be an amount expressed in whole rupees, and shall remain fixed throughout the financial year. It may be any sum in whole rupees not less than 6¼ per cent. of pay (*i.e.*, one anna in the rupee) and not exceeding 15⅝ per cent. (*i.e.*, 2½ annas in the rupee), the rate of pay for this purpose

* The term "Anglo-Indians" includes all persons of mixed and Asiatic descent.

being that drawn in respect of the 31st March of the financial year preceding.

The amount which a subscriber elects to subscribe monthly for each financial year shall be assumed to be represented by the deduction which he himself causes to be made in his pay bill for the preceding March: provided that if the sum so deducted is below the minimum or above the maximum limit above prescribed, the subscriber shall be assumed to have elected to subscribe the minimum or the maximum permissible amount, as the case may be. The amount thus elected shall not be variable later on in the year on account of any increase or decrease in the rate of pay which may ultimately be found to have been due in respect of the 31st March or which may take place during the year.

SUBSCRIPTION DURING LEAVE.

8. (*a*) Subscription during leave shall be optional. The monthly amount, if any, subscribed shall be a sum expressed in whole rupees and not exceeding, in the case of leave on average pay, the amount which the subscriber was subscribing prior to proceeding on leave or, in the case of other leave, half that amount.

(*b*) The amount, if any, payable in respect of a month spent partly on duty and partly on leave shall be calculated proportionately; that is to say, at the duty rate for the duty portion and the leave rate, if any, for the leave portion, each separate amount being rounded to the nearest higher or lower rupee according as the fraction of a rupee does, or does not, exceed eight annas.

(*c*) If the amount of a subscriber's leave-salary varies during different periods of his leave, he may, subject to the limits prescribed in clause (*a*) of this rule, notify his intention of subscribing at a different rate for each such period. In that case the subscription payable in respect of a month which includes portions of two such periods shall be calculated proportionately in the manner indicated in clause (*b*) of this rule.

SUBSCRIPTION IN RESPECT OF TIME SPENT UNDER SUSPENSION.

8A. (*a*) A subscriber on reinstatement after a period passed under suspension shall be allowed the option of subscribing for that period. The monthly amount, if any, subscribed shall be a sum expressed in whole rupees and not exceeding half the amount which the subscriber was subscribing under Rule 7 prior to being placed under suspension. In case, however, the subscriber is allowed full pay for the period of suspension, the maximum amount of subscription permissible shall be the amount which he was subscribing prior to being placed under suspension.

(*b*) In the case of a month spent partly on duty and partly on suspension followed by reinstatement, the amount subscribed shall be calculated proportionately in the manner indicated in Rule 8 (*b*).

REALISATION OF SUBSCRIPTIONS.

9. Subscriptions shall be recovered by deduction from pay-bills, but they may be made by remittance in cash to the Audit Office when an officer is in foreign service, or is on leave and draws his leave-salary from a Colonial Treasury.

When a subscriber draws his leave-salary from the Home Treasury of the Government of India, his subscriptions may be paid by deductions from leave-salary, the remittances to India being effected by means of the remittance account between England and India, and the credit to the officer's account in the Fund in respect of such remittances being given at the current rate for remittance through Government.

A subscriber who will draw his leave-salary through the Home Treasury of the Government of India, and who desires to subscribe during leave or any part of it must notify his intention beforehand in order to allow of the deductions from his leave-salary being noted in his leave and pay certificate. Unless an extension of leave is granted, the option thus notified shall be final.

A subscriber who fails to notify his intention to continue to subscribe when proceeding on leave, can subsequently pay his subscription in cash.

WITHDRAWALS ON RETIREMENT.

10. The amount which accumulates to the credit of a subscriber in permanent employ shall, when he quits the service, become his property and be handed over to him, unless the Account Officer has received notice of an attachment, assignment, or encumbrance affecting the disposal of the amount or any portion of it.

Should such notice have been received, the Account Officer shall hand over to the subscriber only that portion of the amount which is not affected by the attachment, assignment, or encumbrance, and shall obtain the orders of the Government of India in the Finance Department, as Administrator of the Fund, regarding the disposal of the balance. A subscriber holding a temporary appointment may, subject to the same conditions, either withdraw the amount on the termination of his appointment, or leave it in the fund, to be withdrawn at the time he finally quits the service.

11. Relates to the withdrawal of deposits at the credit of a subscriber before the actual date of his retirement.

12. Ordinarily, subscribers should make their own arrangements on retirement to draw in India their accumulations in the Fund. A subscriber, whether gazetted or non-gazetted, who retires in England, may withdraw his accumulations as provided in rule 11 by instructing the Account Officer concerned specifically as to his wishes, *i.e.*, whether the amount is to be remitted to him in England or paid into a bank in India. When, however, an Account Officer has received intimation from the competent authority that the retirement has been sanctioned of an officer, gazetted or non-gazetted, on leave in England, and when no instructions are received prior to the date from which retirement is to have effect, he shall purchase on that date, or as soon as possible thereafter, sterling bills equivalent to the amount to be handed over to the retiring officer and send them to him in England. Any further subscription paid by the subscriber in England, of which intimation is subsequently received by the Account Officer, shall be similarly remitted after the subscriber's account has been finally made up under Rule 25. Where the beneficiaries of a deceased subscriber [illegible]

determined by Rule 15] are resident in England, the Account Officer in a similar manner, on receipt of due intimation, shall forward the amount payable to them by sterling bills.

DISPOSAL ON SUBSCRIBER'S DEATH.

13. Each subscriber shall, as soon after he joins the fund as possible, be called upon by the Account Officer to furnish a "Form of Declaration" showing how he wishes the amount of his accumulations to be disposed of on his death.

14. For the purposes of these rules, only the following survivors of a subscriber shall be held to constitute his family:—

(*i*) widow or widows;
(*ii*) children;
(*iii*) widow or widows, and children of a deceased son.

An adopted child shall be considered to be a child within the meaning of this rule, when, under the personal law of the subscriber, adoption is legally recognised as conferring the status of a natural child, but in this case only.

If doubts arise in an individual case the Account Officer concerned will refer the matter to the Legal Remembrancer to the Local Government (or corresponding officer) and his opinion shall be final for the purposes of these rules. A declaration in favour of an adopted child is made at the subscriber's risk and can be challenged at any time.

Full particulars regarding disposal of balances on deaths of subscribers are contained in articles 15, 16, 17 and 18 of the rules.

19. (1) Government will not be bound by, or recognise, any assignment or encumbrance executed or attempted to be created which affects the disposal of the accumulations of a subscriber who dies before retirement. (2) The accumulations of the subscriber are not liable to forfeiture on dismissal or on conviction by a Criminal Court except for an offence for which the penalty of forfeiture of the offender's property is prescribed by law.

ADVANCES FOR SPECIAL PURPOSES.

20. (1) No final withdrawal will be allowed until the subscriber is quitting the service or dies, except in the case of military subordinates in civil employ (who may, at their option, withdraw the sums at their credit, in the event of their reverting to their substantive appointment in the Military Department). But when the pecuniary circumstances of a subscriber are such that the indulgence is absolutely necessary, a temporary advance not ordinarily exceeding three months' pay may be allowed from the sum at his credit at the discretion of the sanctioning authority, who shall be—

(*i*) the local Government, for subscribers who are gazetted officers; or such heads of departments as the Government of India or the local Government, as the case may be, may authorise in this behalf from time to time;
(*ii*) the head of the Department, for subscribers who are non-gazetted officers in receipt of Rs. 150 *per mensem* or over;
(*iii*) the head of the office, for other officers.

(2) The following are cited as examples of occasions on which the grant of advances may be considered:—

(*a*) to pay expenses incurred in connection with the illness of a subscriber or a member of his family;
(*b*) to pay for the passage over the sea of a subscriber or any member of his family;
(*c*) to pay expenses in connection with marriages, funerals, or ceremonies which by the religion of the subscriber it is incumbent upon him to perform and in connection with which it is obligatory that expenditure should be incurred.

(3) When one or more advances have already been granted to a subscriber, a subsequent advance shall not be granted to him, except for strong reasons to be recorded in writing by the sanctioning authority, until at least 12 months have elapsed since the complete repayment of the last advance taken. The account officer shall bring to notice instances in which the spirit of this instruction appears to be disregarded.

(4) (*a*) Advances will be recovered at the discretion of the sanctioning authority, in not less than twelve instalments or, unless the Government of India, in special circumstances, otherwise direct, more than twenty-four. A subscriber may, however, at his option make repayment in less than 12 instalments or may repay two or more instalments at the same time.

(*b*) In determining the advance to be sanctioned, due regard shall be paid to the amount of subscriptions lying to the credit of the subscriber. The amount of the advance shall be a sum expressed in whole rupees and ordinarily the monthly instalments shall also be in whole rupees, the advance applied for being raised or reduced, if necessary, to enable instalments to be thus fixed.

(*c*) Recoveries shall be made monthly, commencing from the first payment of a full month's pay after the advance is granted, but no recovery will be made from a subscriber while he is on leave of any kind. Recovery may also be postponed by the sanctioning authority while an advance granted to the officer otherwise than from the Fund is being recovered.

(*d*) When two or more advances are made, each advance should be treated separately, and the monthly deduction of not less than one twenty-fourth of each advance shall be made until that advance is cleared.

(*e*) The instalments shall be recovered by compulsory deductions from pay, and shall be paid in addition to the usual subscription, if any.

RESERVATION OF POWER TO GOVERNMENT TO ALTER RULES.

22. The Government reserve to themselves the power to amend or alter the rules as may be required.

THE INDIAN CIVIL SERVICE FAMILY PENSION RULES.

I.
THE INDIAN CIVIL SERVICE FAMILY PENSION RULES.

1.—(1) These rules may be called the Indian Civil Service Family Pension Rules.

(2) They apply to all covenanted members of the Indian Civil Service who are of European race, or who, being of non-European race—

(*a*) were appointed to the Service between the 1st August, 1914, and the 4th January, 1923; or

(*b*) were appointed in the years 1912 and 1913 and have been admitted as subscribers.

(3) If any question arises as to whether these rules apply or do not apply to any individual member of the Indian Civil Service, the question shall be decided by the Secretary of State in Council and his decision shall be final.

2. Every person to whom these rules apply (hereinafter referred to as a "subscriber") shall make, with effect from the date of his arrival in India to join his first appointment, the contributions and payments* hereinafter prescribed.

3. The sums so contributed or paid shall be credited by the Secretary of State in Council to the revenues of India, and the pensions or other benefits payable under these rules shall be debited as a charge upon those revenues.

4. The pensions and other benefits payable under these rules shall be divided into two portions, the one met from the contributions of subscribers and the other met from public funds.

5. A *pro forma* account shall be maintained by the Secretary of State in Council of all contributions and payments received and of all disbursements made therefrom, together with an account of interest accruing on the balance calculated at such rates† as may from time to time be fixed by the Secretary of State in Council with reference to the market rates of the day.

6.—(1) The Secretary of State in Council shall from time to time, at such periods as he may determine, place the *pro forma* accounts referred to in Rule 5, together with statistics of the ages, births, marriages and deaths of the subscribers and of their dependants, before such Actuary or Actuaries as he may select, with instructions to examine them and report thereon.

(2) The Report of the Actuary or Actuaries shall be published in such manner as the Secretary of State in Council may direct.

(3) The Secretary of State in Council shall, after consideration of the Actuary's Report, make by amendment of these rules such alterations in the rates of contributions, payments, and benefits as he may think necessary. Every such alteration shall, in the absence of provision in the rules to the contrary, take effect from the first day of the month following the date of publication of the amendment in the *Gazette of India:*

Provided that no reduction shall be made in respect of the benefits payable to any person already in receipt thereof, other than the withdrawal or reduction of any increase granted temporarily.

(4) The cost of the actuarial examination and Report aforesaid, together with all other expenses incurred in connection with the administration of the rules, shall be borne by the Secretary of State in Council.

7. With effect from the 1st August, 1925, the monthly contributions payable by a subscriber shall be those shown in the First Schedule to these rules, and shall be deducted from his pay at the time of issue. If at any time a subscriber is not in receipt of pay he shall not thereby be relieved of the obligation to pay the contributions due from him.‡

8. Subject to the provisions of Rule 23 and Rule 25, contributions payable under Rule 7 shall cease when the subscriber retires from the Service on a pension.

9. A subscriber who is dismissed from the Service or who resigns without being entitled to an annuity or pension shall thereupon cease to be a subscriber and his family shall cease to be entitled to any pensions under these rules, nor shall the subscriber be entitled to any refund of contributions or other payments:

Provided that the Secretary of State in Council may at his discretion permit any subscriber who has resigned without being entitled to an annuity or pension to continue his contributions and thereby to retain for his family the benefits of these rules, and if such permission is granted contributions shall be payable until the subscriber's 54th birthday.

10 Subject to the provisions of Rule 8, the contribution payable on behalf of a child is payable in the case of a son until his attainment of the age of 24 years or previous death, and in the case of a daughter until her marriage or previous death.

11.—(1) Subject to the provisions of Rules 13 and 23A, every subscriber in the Service shall report his marriage in the form prescribed in the Second Schedule, within one month of the date thereof, or within one month of his arrival in India if he was then married, and shall on marriage, or remarriage, or on entering the Service married pay, in addition to the monthly contributions prescribed by Rule 7, the donation specified in the Third Schedule to these rules against the year of his age, and if the age of the subscriber exceeds that of his wife by five years or more he shall further pay the disparity fine specified in the Fourth Schedule.§

---

* These contributions and payments are fixed in sterling, and when recovered or paid in India are convertible into rupees at the current rate of exchange.

† The rate of interest fixed for the present is 5½ per cent. per annum.

‡ If a subscriber is not in receipt of pay from a Government in India, he should arrange to pay the contributions due from him, either by cash or by cheque, to the Accountant-General, India Office, or to the Pay and Accounts Officer, Pay and Accounts Office, Imperial Secretariat Buildings, New Delhi.

§ The reports required by these Rules should be made:—

(1) To the Pay and Accounts Officer, Pay and Accounts Office, Imperial Secretariat Buildings, New Delhi, when the subscriber is drawing pay in India or in a Colony to which he has gone direct from India; or

(2) To the Controller of Pension Funds, India Office, Whitehall, London, S.W. 1, when the subscriber is drawing his pay in England or in a Colony to which he has gone direct from England.

The Fourth Schedule has not been reproduced here, but copies of the rules to which all the Schedules are appended may be obtained on application to one of the officers mentioned.

(2) Donations and disparity fines payable under this rule may be paid either in one sum or in 12 equal monthly instalments, and if paid in instalments interest shall be levied on the unpaid portion at the rates fixed by the Secretary of State in Council under the provisions of Rule 5, but any instalment may, if the subscriber so desires, be paid in advance of the due date.

(3) Donations and disparity fines payable on marriage shall be increased by 2½ per cent. if the fact of marriage is not reported within one month from the date thereof, and by 5 per cent. if the delay exceeds six months. If the marriage is not reported within one year the subscriber may be required to produce medical evidence as to the state of his health in the form prescribed in the Fifth Schedule, and the Secretary of State in Council shall in each case decide whether, and, if so, on what terms liability for widow's pension shall be accepted.*

12.—(1) Subject to the provisions of Rule 13, every subscriber in the Service† shall report in the form prescribed in the Sixth Schedule, within one month of its occurrence, the birth of every child born alive in wedlock, or, if he was married and had children living at the date of his arrival in India, he shall report their names and dates of birth within one month of that date.‡

(2) No payment shall be required in respect of any child who dies within 30 days of birth.

(3) If the birth of a child is not reported within one month, the subscriber shall pay a fine of 12*s* and a further fine of 2*s*. for each succeeding month's delay. If the delay exceeds 12 months the subscriber may be required to produce medical evidence as to the state of his health in the form prescribed in the Fifth Schedule, and the Secretary of State in Council shall in each case decide whether, and, if so, on what terms, liability for orphan's pension shall be accepted.§

13. Reports shall not be accepted nor contributions or payments received in respect of any wife married during the lifetime of another wife, or of any child born of a wife married as aforesaid; and no wife married as aforesaid or child born of such a marriage shall be entitled to any benefit under these rules.‖

14. Interest from the due date shall be charged on monthly contributions or donations or any portion thereof remaining unpaid for more than one month from such date at the rates fixed by the Secretary of State in Council under the provisions of Rule 5.

15. Any contribution or payment due at a subscriber's death shall be deducted, without any addition for interest beyond the date of death, in four quarterly instalments from the pensions due to his dependants:

Provided that if the sum due as aforesaid is more than half the annual amount of the pensions it shall be deducted in such a number of quarterly instalments as the Secretary of State in Council may direct.

16. The widow or child of a deceased subscriber whose marriage or birth was not reported by the subscriber during his lifetime in accordance with these rules shall be entitled to no benefit under these rules; but the Secretary of State in Council may, on good cause being shown for the omission to report a marriage or birth, admit such a widow or child to a pension on terms to be fixed by him.

17.—(1) A posthumous child of a subscriber by a marriage contracted before retirement and duly reported in accordance with Rule 11 shall be entitled to pension without payment.

(2) A posthumous child of a subscriber by a marriage contracted after retirement shall be entitled to pension on payment of the donation prescribed in the Seventh Schedule appropriate to the age which the father would have attained, if alive, at the date of the child's birth.

(3) No child shall be entitled to benefit under this rule whose birth is not reported¶ within 12 months of its occurrence.

18. Subject to the provisions of Rule 21, the pension of a widow under these rules shall continue in full during widowhood. On remarriage she shall retain half her pension during coverture, but if she again become a widow she shall be entitled to revert to full pension, and should her last husband have been a subscriber, to draw in addition pension as his widow. Reduction to the half rate shall take effect from the commencement of the quarter following that in which the remarriage occurred; the full pension shall be restored from the day following that on which the pensioner again becomes a widow.

19.—(1) Subject to the provisions of Rule 21, the pension of a male orphan shall be payable until he attains the age of 24, unless he was admitted to pension with effect from a date prior to the 1st April, 1914, in which case it is payable until he attains the age of 21 only.

(2) Subject as aforesaid the pension of a female orphan is payable until the end of the quarter in which she marries, and shall not revive upon widowhood. On marriage a female orphan shall be granted from public funds a donation of £250.

(3) The Secretary of State in Council, or, in the case of a pension drawn in India, the Governor-General in Council, may at his discretion permit a portion of the pension of a male orphan who has reached the age of 16 years to be commuted with a view to the proceeds being applied to the pensioner's advancement in life.

(4) The pension of a minor orphan shall be paid to his or her mother or other duly appointed or recognised guardian.

20. Declarations shall be furnished quarterly by pensioners as to their continued widowhood, spinsterhood or survival as the case may be.**

* These clauses 11 (3) and 12 (3) are not to be read as implying an option of omitting or postponing any report that a subscriber is required to make under Rules 11 and 12. Intentional neglect to report is a breach of discipline.

† Retired officers, not being liable for subscription in respect of children born of marriages contracted before retirement are not subject to the provisions of Rule 12; but they should in the interests of their children report every birth without delay, as failure to do so will entail loss of benefit under the provision of Rule 16.

‡ *See* note § on p. 398.

§ *See* note * above.

‖ This rule is designed to apply to subscribers who may lawfully have more than one wife living at the same time.

¶ Reports should be made as in the case of those required by Rules 11 and 12, which see.

** Forms for the purpose of the declarations required by this rule are supplied by the High Commissioner for India, 42, Grosvenor Gardens, London, S.W. 1, or, in the case of pensioners receiving payment in India, by the Pay and Accounts Officer, Pay and Accounts Office, Imperial Secretariat Buildings, New Delhi.

21. Pensions under these rules shall be tenable during good behaviour, and if the Secretary of State in Council, or, in the case of a pension drawn in India, the Governor-General in Council, is satisfied that the pensioner is leading an immoral life or has been guilty of gross misconduct, he may withhold further payment in whole or in part, and an order to this effect by the Secretary of State in Council or by the Governor-General in Council, as the case may be, shall be final and conclusive.

22. A pension payable under these rules shall enure for the benefit of the pensioner only, and no transfer, assignment or other alienation thereof shall be recognised.

23.—(1) A subscriber who marries after he has retired from the service on a pension may, if he so chooses, secure pension for his widow or for his children born of such marriage, or for both, on the conditions that reports* of occurrences are made within one month in the form prescribed in the Second or Sixth Schedule, as may be appropriate, and that a certificate of health in the form prescribed in the Fifth Schedule, is furnished either—

(*a*) with the Report of the marriage if he wishes to secure pension for his widow and for children resulting from the marriage, or for his widow only, or

(*b*) with the Report of the birth of the first child resulting from the marriage if he wishes to secure pension for his children only.

(2) Notwithstanding the provisions of Rule 8, there shall be payable on each occurrence reported as aforesaid, and subject to the provisions of Rules 11, 12, 14 and 23A, so far as they may be applicable, the donation prescribed in the Seventh Schedule, together with the disparity fine specified in the Fourth Schedule.

23A.—(1) On the termination of the marriage of a subscriber by divorce or annulment he shall be liable thereafter until remarriage for subscription at the unmarried rate together with subscriptions for children, if any.

(2) Where the marriage has been terminated by divorce on the petition of the wife she shall be entitled after the death of her divorced husband to pension of half the amount met from the contributions of subscribers as shown in the Eighth Schedule according to the class of her husband on the date of termination of the marriage: Provided that—

(*a*) On remarriage she shall forfeit absolutely all claim to benefit under this rule; and

(*b*) Where the divorced husband has retired on proportionate pension the Secretary of State in Council shall in each case declare the amount of the pension for which the divorced wife is eligible; but the amount so declared shall not be less than half the amount of the pension met from the contributions of subscribers to which she would have been entitled at the date of her divorce had her husband then died.

(3) Where the marriage has been terminated by divorce on the petition of the husband he shall be exempted on remarriage from payment of donation other than disparity donation, if any, but this exemption shall apply on the first subsequent remarriage only.

(4) In cases of annulment the subscriber shall be entitled to receive a lump sum the amount of which shall be fixed in each case by the Secretary of State in Council.

(5) This rule shall not apply in the case of marriages dissolved or annulled before 16th February, 1926.

24. Every subscriber shall report‡ within one month of its occurrence the death of any dependant eligible for benefit under these rules.

25. These rules shall apply to a subscriber who retires under the Premature Retirement rules, subject to the modifications laid down in Rule 12 of those rules.§

26. With effect from 1st January, 1925, the pensions‖ payable under these rules shall be of the amounts specified in the Eighth Schedule, and shall be payable quarterly in advance on or after 1st January, 1st April, 1st July, and 1st October.

27.—(1) Pensions under these rules shall be payable in London in sterling.¶ Pensioners residing in India may, however, at their option, receive payment** in that country in rupees at the current rate of exchange. Provided that:

(*a*) Pensioners who were receiving pension in India prior to the 1st February, 1921, at 1*s*. 4*d*. the rupee shall, so long as they are in India and continue to have their permanent residence there, continue to receive it at a rate not less favourable than 1*s*. 4*d*. the rupee.

(*b*) Pensioners who were admitted to pension before the 1st February, 1921, or who are dependants of subscribers in the service on that date, and who commenced or shall commence to receive payment in India after that date, shall, so long as they are in India and have their permanent residence there, receive payment at a rate not less favourable than 1*s*. 8*d*. the rupee.

(2) A pensioner residing in India who has elected to receive pension in India shall not subsequently be permitted to change the place of payment except at the commencement of an official year.

(2) They apply to all covenanted members of the Indian Civil Service who, being of non-European race :—

(*a*) were appointed to the service after 4th January, 1923, or

(*b*) were appointed before the year 1912 and have been admitted as subscribers.

(3) If any question arises as to whether these rules apply or do not apply to any individual member of the Indian Civil Service, the question shall be decided by the Secretary of State in Council and his decision shall be final.

2. Subject to the provisions of Rule 3 every person to whom these rules apply (hereinafter referred to as a subscriber) shall with effect from the date of his arrival in India be liable for contributions and payments of the amount and under the conditions prescribed by the Indian Civil Service Family Pension Rules ; and his widow and orphans, if any, shall be entitled to benefits of the amount and under the conditions prescribed by those rules.

3. It shall not be obligatory on the Secretary of State in Council to maintain, or to submit for actuarial report, accounts and statistics relating to subscribers under these rules and their dependants.

APPENDIX.

Extract from the Premature Retirement Rules (8th November, 1921).

12.—(1) A member of the Indian Civil Service who retires under these rules may adopt, at his option, any one of the three following methods of retaining for his wife and children benefits admissible under the Indian Civil Service Family Pension Regulations, namely :—

(*a*) He may cease to make any contributions and payments under the regulations, and shall then retain only the right to a proportion of the contingent benefits under the regulations for his wife and children existing on the date of retirement, and for any children subsequently born to that wife. This proportion shall be equal to the number of his completed years' total service divided by 25, and the calculation shall be based upon the pension admissible to the widow of an officer of the class to which he belonged at the time of his retirement.

(*b*) He may continue up to his 51rst birthday to make contributions under the regulations at the rates payable by him at the date of retirement, and shall then retain the right to the full contingent benefits admissible under the regulations, according to his class on the date of his retirement, for his wife existing at the date of retirement, and for any children by her, whether born before or after retirement. Under this alternative, subscriptions will be payable under the ordinary regulations for each child, whether born before or after retirement. In the event of the death of the wife, subscriptions at the bachelor rate appropriate to the subscriber's class on retirement will be payable until age 51.

(*c*) He may continue up to his 51rst birthday to make contributions and payments under the regulations at the rates which would have been payable by him from time to time had he remained in the Service. In that case he shall retain the full benefits admissible under the regulations as if he had remained in the Service until death or retirement with an ordinary pension.

Provided that, in the event of the officer failing to notify within three months of the date of his retirement the method selected by him, he shall be deemed to have elected the first of the above methods.

(2) The Secretary of State in Council shall make good to the Indian Civil Service Family Pension Fund under a suitable procedure any loss which may be estimated to be thrown upon it by the operation of this rule.

4. To each officer's account in the Fund shall be credited—

Conditions and Rates of Contribution.

5. Every member of the Indian Civil Service shall contribute to the Fund not less than 4 nor more than 12½ per cent. of all emoluments drawn by him after these rules come into force:

Provided that—

(1) contribution shall be optional for members of the Executive Council of the Governor-General or of a Governor and for Judges of High Courts;

(2) contribution on account of leave-salary drawn during leave preliminary to retirement shall be optional; but an officer who, after electing not to contribute during a period of such leave, subsequently returns to duty, shall contribute at the rate of 4 per cent. on all leave-salary drawn during the leave; and

(3) contribution shall be optional on account of subsistence grant, leave-salary equal to subsistence grant, or minimum leave-salary.

6. The amount to be contributed by each officer shall be fixed by the officer himself, subject to the provisions of Rules 5, 7, 8 and 9 and to the following general conditions:—

(1) The amount fixed shall be a number of complete rupees.

(2) If the amount fixed by an officer is, in relation to the emoluments on account of which it is contributed, either below the minimum or above the maximum percentage prescribed by Rule 5, the Account Officer shall presume that the contributor's intention was to contribute the minimum or the maximum, as the case may be, rounded off to the nearest rupee, and shall intimate to the contributor the amount to be paid by, or refunded to, him accordingly.

7. When any emoluments other than leave-salary are drawn from a Government treasury in India, the contribution on account of such emoluments shall be such amount as may be deducted by the officer on this account from the bill on which the emoluments are drawn.

8. When an officer is:—

(*a*) transferred to foreign service in which he will not be drawing his pay from a Government treasury in India, or

(*b*) sent on deputation out of India,

he shall, before proceeding to join his new duty, intimate to the Account Officer the amount of his emoluments while on such foreign service or deputation, and the amount of the monthly contribution which he desires to make on account of those emoluments. When the amount of his emoluments is changed during the foreign service or deputation, the officer may intimate to the Account Officer

* Statutory Rules and Orders, No. 1920 of 1924, amended to 16th Sept., 1925.

a change in the amount of his contribution, and he shall intimate such a change when the existing amount falls, in relation to the changed emoluments, outside the limits prescribed by Rule 5.

9. The amount of contribution on account of leave-salary shall be fixed by the following method :—

(*a*) Before departure on leave, every officer shall intimate to the Account Officer in India the amount which he desires to contribute monthly during his leave. He shall also intimate whether he wishes to contribute in the event of his drawing subsistence grant, leave-salary equal to subsistence grant, or minimum leave-salary. The amount in each case shall be a fixed percentage of the emoluments admissible to him during his leave. These particulars shall be entered in the officer's leave-salary certificate.

(*b*) An intimation thus made to the Account Officer shall be final, and no alteration of the percentage fixed shall be permitted during the course of the leave.

(*c*) If no intimation under this rule is made before an officer goes on leave, contribution shall be deducted throughout his leave at the rate of 4 per cent. of his leave-salary.

Realisation of Contributions.

10.—(*a*) Contributions in respect of sterling overseas pay drawn from the Home Treasury shall be recovered in India from the pay of the officer concerned. Contributions in respect of other emoluments drawn from a Government Treasury in India, or from the Home or a Colonial Treasury, shall be recovered by deduction from the emoluments concerned.

(*b*) When emoluments are drawn from any other source, contributions shall be paid by remittance in cash to the Account Officer.

11. (*Deleted.*)

Interest on Contributions.

12. Interest at the rate for the time being allowed on contributions to the General Provident Fund shall be credited by Government, as from the 31st March of each year, to the account of each contributor to the Fund, subject to the following conditions :—

(1) Interest for 12 months shall be credited on the amount at the credit of the officer on the 31st March of the preceding year, less any advance taken during the year.

(2) Interest shall be credited for each month of the year upon the sum by which the minimum amount at the credit of the officer, between the close of the fourth day and the end of the month, exceeded the amount on which interest is credited under condition (1) of this rule. For the purpose of this rule a contribution paid by deduction from emoluments shall be treated as having been deposited in the Fund on the first day of the month in which payment is actually made.

(3) Before the amount at an officer's credit in the Fund is finally paid under Rule 18 his account shall be credited with interest up to the end of the month preceding that in which the payment is made, or up to the end of the sixth month after the end of the month in which he quitted the service or died, whichever of these periods be less.

(4) Before any reduction is made in the rate of interest allowed, in conformity with a reduction in the rate allowed on contributions to the General Provident Fund, six months' notice shall be given to all contributors.

Advances from the Fund.

13.—(1) The local Government or, in the case of a Chief Commissioner or of an officer serving under the Government of India, the Governor-General in Council, may sanction the payment to any contributor of an advance, consisting of a sum of whole rupees and ordinarily not exceeding in amount three months' pay, from the sum standing to his credit in the Fund.

(2) An advance shall not be granted under this rule to any contributor until at least 12 months has elapsed from the date of repayment of the last instalment of any previous advance, unless the Governor-General in Council, or the local Government, as the case may be, considers, for reasons which shall be recorded in writing, that this restriction may be relaxed.

14.—(*a*) An advance shall be recovered in such number of equal monthly instalments, not being less than 12 or more than 24, as the sanctioning authority may prescribe. A contributor may, however, at his option, make repayment in a smaller number of instalments than that prescribed. Each instalment shall be a number of complete rupees, the amount of the advance being raised or reduced, if necessary, to admit of the fixation of such instalment.

(*b*) Recovery shall be made in the manner provided by Rule 10 for the realisation of contributions, and shall commence on the first occasion after the advance is made on which the officer draws pay for a full month. It shall not be made while the officer is on leave or in receipt of subsistence grant, and it may be postponed by the sanctioning authority during the recovery of an advance granted to the officer otherwise than from the Fund.

(*c*) If at any time, under the provisions of Rule 13 (2), an advance has been made to an officer before one previously made has

been completely repaid, each advance shall be treated separately for purposes of recovery.

(*d*) When an advance is repayable in 12 instalments, an additional instalment equivalent to that percentage of the advance which is prescribed for corresponding recoveries under the rules of the General Provident Fund shall be paid as interest in the month following that in which the 12th instalment is repayable. Similarly, when the advance is repayable in more than 12 instalments, an additional instalment of twice the percentage of the advance specified above shall be paid as interest. Such additional instalments shall be rounded off to the nearest rupee

(*e*) Recoveries made in accordance with this rule shall be credited, as they are made, to the officer's account in the Fund; the date of credit being determined, for the purpose of calculating interest, by the procedure prescribed in Rule 12 (2).

Insurance Policies.

15. Payments towards a policy of insurance of any description on the contributor's own life may, at the option of a contributor, be substituted for contributions to the Fund, subject to the following conditions :—

(1) If the payments substituted be less than the minimum contribution required by Rule 5, the deficiency shall be paid by the contributor as a contribution to the Fund.

(2) Government will not make any payments to insurance companies on behalf of contributors, nor will they take steps to keep the policy alive. If a contributor records on his pay bill that he is making payments to an insurance company, the Account Officer shall recover the deficiency, if any, due under sub-clause (1) above, and demand periodically to see the receipts or certified copies of the receipts showing that such payments have been made. Failing the production of such receipts he shall make the necessary deductions from the contributor's emoluments and pay them to his credit in the Fund, and shall require the subscriber to furnish a certificate by the insurance company either that the policy has lapsed or matured, in which case the amount realised by surrender, or on maturity, shall be stated in the certificate, or that premia have not been paid, as the case may be. Should a contributor prefer, he may make the usual deduction from his pay bills for credit to the Fund and arrange with the Account Officer to draw from the Fund as required the sums necessary to pay premia. Any sums already at credit of the contributor in the Fund may be withdrawn for such payments. Such withdrawals shall be treated as advances for the purpose of Rule 12 (1) only, and not for the purpose of Rules 13 and 14.

(3) If any policy lapses, the contributor shall pay to the Fund the amount of premia paid with interest thereon, and if any policy matures he shall pay to the Fund the amount of premia paid with interest thereon, or at his option the sum realised.

Final Withdrawal of Accumulations in the Fund.

16. The amount accumulated in the Fund to the credit of a contributor shall be his property, funded for his benefit, and shall not be liable to forfeiture in the event of his dismissal from the service or of his quitting it before he becomes entitled to annuity.

17. It shall not be permissible to withdraw a contributor's property in the Fund until he finally quits the service or dies.

Provided that a contributor who has been granted leave preliminary to retirement, or who, while on leave, is either permitted to retire or is declared by a medical board to be unfit for further service, may withdraw the amount standing at his credit at any time between the commencement of the leave, or the date of such permission, or of such declaration, as the case may be and the date of actual retirement.

18. Sums finally withdrawn from the Fund shall be payable in accordance with the following provisions :—

(1) The local Government shall, on the application of the contributor, direct the Account Officer to pay the amount at the contributor's credit, and such amount shall thereupon be paid in full unless the Account Officer shall have received notice of any attachment, assignment or encumbrance affecting the disposal of the amount or of any portion of it; in which case he shall pay to the contributor such portion only of the amount as is not affected by the attachment, assignment, or encumbrance, and shall obtain the orders of the local Government as to the disposal of the balance.

(2) If a contributor dies, the Account Officer shall take steps, in consultation, if necessary, with the local Government under which the contributor was serving, to ascertain the person legally entitled to receive the amount at the contributor's credit, and shall pay the amount to that person. Where the contributor has died leaving a widow or children, then, unless the Account Officer has received from him a direction to the contrary in writing, Rs. 5,000 of the sum standing to the credit of the contributor at the time of his decease, or the whole of such sum if it be less than Rs. 5,000, shall be payable to the widow, or, if there be no widow, to the children, or to such

person as may be authorised by law to receive payment on behalf of the widow or the children as the case may be.

(3) Payment of amounts withdrawn shall be made in India only and the persons to whom the amounts are payable shall make their own arrangements to receive payment in India.

PROCEDURE.

19. All sums paid into the Fund under these rules shall be credited in the books of the Government of India to an account named "The Indian Civil Service Provident Fund." Sums not claimed for a period exceeding six months after the contributor has died or quitted the service shall be transferred to "Deposits" at the end of the year, and treated under the ordinary rules relating to deposits.

20. When paying a contribution in India, either by deduction from emoluments or in cash, the contributor shall quote the number of his account, which shall be communicated to him by the Account Officer, and shall remain unaltered until a change is intimated by the Account Officer.

21.—(*a*) As soon as possible after the close of each year, every contributor shall be supplied with a statement of his account in the Fund. Every such statement shall show the opening balance, as on 1st April of the year; all amounts credited or withdrawn during the year; the amount of interest credited as on the 31st March of the year; and the closing balance as on that date.

(*b*) Contributors are required to satisfy themselves as to the correctness of the annual statements, and errors should be brought to the notice of the Account Officer concerned within six months from the date of receipt of a statement.

THE CIVIL PENSIONS (COMMUTATION) RULES,

DATED SEPTEMBER 16, 1925, MADE BY THE SECRETARY OF STATE FOR INDIA IN COUNCIL, UNDER SECTION 96B (2) (3) OF THE GOVERNMENT OF INDIA ACT.

In exercise of the powers conferred by sub-sections (2) and (3) of section 96B of the Government of India Act, the Secretary of State in Council, with the concurrence of the majority of votes at a meeting of the Council of India held on the 16th day of September, 1925, hereby makes the following rules to regulate the commutation of civil pensions, namely:—

1.—(*a*) These rules may be called the Civil Pensions (Commutation) Rules.

(*b*) They shall be deemed to have come into force on 1st April, 1925.

2. The powers granted by these rules shall be exercised, in relation to Government servants who are under the administrative control of a local Government, by the local Government, and in relation to other Government servants by the Governor-General in Council, and may, subject to any condition which they may think fit to impose, be delegated by them to the High Commissioner for India, or, with the approval of the Governor-General in Council, to any other authority.

3. A Government servant who is a member of one of the Services or holds one of the posts included in the appendix to these rules shall be entitled, subject to the conditions hereinafter specified, to commute for a lump payment any portion, not exceeding one-half, of any pension which has been or may be granted to him under civil rules. But any such commutation shall be subject to the condition that—

(*a*) if the pension exceeds £180 when payable in London, or Rs. 2,057 when payable in India, not less than £150 (or Rs. 1,714) of its value shall remain uncommuted; and

(*b*) if the pension is less than £180 (or Rs. 2,057), not more than £30 (or Rs. 343) of its value shall be commuted, and not less than £120 (or Rs. 1,371) shall remain uncommuted:

Provided that the sanctioning authority may at its discretion relax or waive this condition in the case of a pension granted under the Premature Retirement Rules.

Provided further that in calculating the amount of a pension for the purposes of this Rule, there may be added to it the uncommuted portion of any other permanent pension or pensions payable to the applicant from Indian or other Government revenues.

4. On the application of any Government servant to whom Rule 3 does not apply, the sanctioning authority may, on such conditions as it thinks fit to impose, sanction the commutation, for a lump payment of a portion, not exceeding one-half, of any pension which has been or is about to be granted to him under civil rules.

5. Applications shall be addressed—

(1)—(*a*) in the case of pensioners who draw their pensions from Indian Treasuries, or who, being resident in Colonies having an account current with the Accountant-General, Central Revenues, draw their pensions from the local Treasuries, to the local Government or to the Government of India, as the case may be; and

(*b*) except as provided in sub-rule (2) of this Rule, in the case of all other pensioners, to the High Commissioner for India, provided that in the case of pensioners residing in a Dominion or Colony, other than those referred to in clause (*a*) of this Rule, the application, shall be addressed to the High Commissioner through the official from whom the pension is drawn.

(2) The High Commissioner shall refuse to entertain the application of a pensioner whose permanent residence is in India or in any colony having an account current with the Accountant-General, Central Revenues. Such pensioner, if he desires to commute, must transfer the payment of his pension to India or to a colony having an account current with the Accountant-General, Central Revenues, and then apply for commutation under clause (*a*) of this Rule.

6. No communication shall be sanctioned until the pensioner has produced a certificate from such medical authority as may be prescribed in this behalf by the sanctioning authority to the effect that his bodily health and prospects of duration of life are such as to justify commutation.

7. The lump sum payable on commutation shall be calculated in accordance with a table* or tables of present values which shall be prescribed by the Governor-General in Council in the case of pensioners whose domicile at the time of first appointment to Government Service was Asiatic, and by the Secretary of State in Council in all other cases. For the purpose of this Rule, the age of impaired lives shall be assumed to be such age, not being less than the actual age, as the certifying medical authority may direct, and domicile shall be determined in accordance with the provisions of Appendix B to Schedule IV of the Superior Civil Services (Revision of Pay, Passage and Pension), Rules 1924.

8. When commutation has been sanctioned the pensioner shall be informed accordingly, and

* See table on p. 423, which applies.

shall have the option of withdrawing his application within one week after being so informed. If he does not withdraw his application within that period, the commutation of pension shall become absolute, and payment of the lump sum shall be made forthwith, payment of the commuted portion of the pension thereupon ceasing.

9. The lump sum, in cases in which application is addressed to the local Government or to the Government of India under rule 5 (*a*) shall be payable in India; in all other cases it shall be payable at the Home Treasury. The rate of exchange for conversion of the lump sum, where the question of conversion arises, shall be such rate as the Secretary of State in Council may by order prescribe.

10. If, when the commutation of a portion of a pension has been sanctioned, the pensioner dies on or after the date from which commutation is to take effect, but before receiving the commutation value, this value shall be paid to his heirs.

11. Rules 14 to 23 inclusive of the Premature Retirement Rules* are hereby repealed.

The Staff College certificate exempts an officer from certain examinations.

An officer who is prevented by ill-health from returning to duty within the maximum period of two years' absence, will, unless he is specially granted an extension of leave without pay, be placed on the temporary non-effective or the retired list, as the circumstances of the case may require. An officer will also be liable to be placed on the temporary non-effective list or the retired list should his health require an undue amount of leave, whether in or out of India. This power will be exercised by the Government of India, at the instance of the authority empowered to sanction the leave, if the officer be in India,

All leave, in or out of India, counts as service for pension.

Leave, whether in or out of India, does not involve forfeiture of appointment, and may be granted at any time, but solely at the discretion of the sanctioning authority, and subject to the conditions laid down in para. 875 *et seq.*, Regulations for the Army in India.

An officer on leave, whether in India or out of India, will be required to rejoin at once on being recalled to duty, unless certified by a Medical Board as unfit to do so.

These rules do not apply to—

Officers in permanent civil employ.

Officers holding appointments which are governed by special regulations in regard to leave of absence.

Officers holding commands, other than regimental, and those holding staff or administrative appointments of limited tenure, may avail themselves of such privilege leave as is due to them and in addition six months' furlough (leave on private affairs or medical certificate) which may be combined with the privilege leave subject to the provisos that :—

(1) Combined leave is not taken more than twice during the tenure of the appointment.

(2) An officer who is absent from duty for longer than eight months consecutively (whether the period includes privilege leave or not) or an aggregate of more than eight months' combined leave, if leave is taken in two instalments during the tenure of an appointment, will be required to vacate the appointment with effect from the day following that on which the limits expire.

Other Major-Generals ..	1,250	0	0
Colonels	1,175	0	0

NOTE.—The above rates are subject to revision, not exceeding 20 per cent. in all, on account of the rise or fall in the cost of living. With effect from the 1st July, 1927, the rates have been reduced by 6 per cent.

UNEMPLOYED PAY.

Officers of the Indian Army who vacate their appointments either by the expiration of the prescribed period of tenure, or on attaining the age of vacation, will be granted unemployed pay until retirement, or further employment as follows :—

Out of India.—Officers up to and including the rank of Lieut.-Colonel, will receive the rate of half-pay laid down for a British Service officer in the Royal Warrant, as shown below, plus an Indian allowance equal to the Indian element in the pension for which the officer has qualified at the time he becomes unemployed, except when the special rate of unemployed pay provided for combatant Lieut.-Colonels for the first six months of unemployment, is issuable.

To qualify for the special rate of unemployed pay, Lieut.-Colonels must have held substantive command of an Indian Regimental Unit or an equivalent appointment for not less than four years, or have vacated the command of Cavalry Regiments or Infantry Battalions on reaching the age limit. Unemployed pay at this special rate may also be issued for six months in the case of a Lieut.-Colonel promoted to Colonel during the currency of his tenure of command of an Indian Regimental Unit or equivalent appointment, and it may be continued for the remainder of six months of the unemployment in the case of a Lieut.-Colonel promoted to Colonel during this period.

If a period of re-employment as Lieut.-Colonel in a permanent or officiating appointment, or re-employment as a Colonel in an officiating appointment only, occurs before an

INDIAN ARMY—*continued.*

UNEMPLOYED PAY—*continued.*

officer, who has completed the tenure of his command of an Indian Regimental Unit or an equivalent appointment, is transferred to the Unemployed List or before the six months' period has elapsed, unemployed pay at the special rate may be issued for a total period of six months. Employment as Colonel in a substantive appointment subsequent to the date on which an officer completes his tenure of command of an Indian Regiment or equivalent appointment will, however, terminate his eligibility for a special rate of unemployed pay in respect of any subsequent period of unemployment.

Officers who draw this higher rate of unemployed pay are not entitled to draw the equivalent of the Indian element of their pension in addition.

A Colonel who is ineligible for the special rate of unemployed pay referred to, or who has completed the period during which the special rate may be admissible, will receive the half-pay of the rank of a British Service officer of corresponding rank as laid down in the Royal Warrant, plus an Indian allowance of £200 per annum.

General officers will receive the half-pay of rank of a British Service officer of corresponding rank, as laid down in the Royal Warrant with an Indian element at present £100 a year. The Indian element may be drawn for a maximum period of 2 years.

Unemployed pay may be drawn for a period not exceeding three years in the case of General officers and Colonels, and five years by officers of and below the substantive rank of Lieut.-Colonel.

A Lieut.-Colonel is permitted to count the period during which he may be in receipt of the special rate of unemployed pay as service for pension. In no other circumstances does time spent on the unemployed list count for that purpose.

In India.—The rates of unemployed pay for officers remaining in India while on the unemployed list, will be the same as those issuable in this country, converted into Rupees at the same rates as sterling pensions when the latter are payable in India.

NOTE.—The above rates are subject to revision on account of the rise or fall of the cost of living. With effect from the 1st July, 1927, the rates have been reduced by 6 per cent.

Conditions of Service on the Temporary Non-effective List.

An officer of the Indian Army or Indian Medical Service who, on completion of the maximum period of leave on medical certificate admissible under the regulations is unfit to return to duty, or an officer who has had an undue amount of sick leave, may, on the recommendation of a Medical Board, be placed on the temporary non-effective list, provided that the Board certify that there is a reasonable probability of his becoming fit for further duty, and provided also, in the case of an officer of the Indian Army, that he has had three years' service in India in the Indian Army (excluding any periods of leave except privilege leave). While on the temporary non-effective list he will receive the half-pay of his rank and length of service as laid down in the Royal Warrant, or the retiring pension for which he has qualified, whichever may be the more favourable to him.

An officer placed on the temporary non-effective list will be examined by a Medical Board as to his fitness to return to duty at such intervals as the Medical Board may recommend; if still reported unfit after being three years on the temporary non-effective list, or if at any time

INDIAN ARMY—*continued.*

TEMPORARY NON-EFFECTIVE LIST—*continued.*

he is reported to be unfit for further service in India, he will be transferred to the retired list on the permanent retiring or invalid pension to which he may be entitled. An officer reported to be still unfit to return to duty in India after two years on the temporary non-effective list may be permitted to retire on the retiring or invalid pension admissible. An officer whose transfer to the temporary non-effective list was due to medical unfitness caused by military duty (or by civil duty in the case of an officer in civil employ) will, on restoration to full pay, or on retiring direct from the temporary non-effective list, be allowed to reckon towards promotion and pension time not exceeding one year of the period spent on the temporary non-effective list.

An officer who has not qualified for permanent retention in the Indian Army, or who, having so qualified, has not completed three years in India in the Indian Army (exclusive of any leave except privilege leave) and who is invalided on account of unfitness not caused by duty, shall be dealt with under the conditions laid down in the Royal Warrant.

Officers not resident in London when ordered to appear before the Medical Board for the periodical examinations above mentioned will, on application, be provided with travelling warrants, and will also be granted travelling allowance (to be claimed afterwards) in accordance with War Office Allowance Regulations. But an officer who, at other times than the periodical examinations, appears before the Board with a view to restoration to the active list or to being transferred to the retired list will do so at his own expense.

An officer who is unable to appear before the Board when ordered to do so will be required to furnish a certificate to that effect signed by two registered medical practitioners; if he is unable to appear for three years he will be placed on the retired list without further report.

An officer cannot be promoted while on the temporary non-effective list, but if he completes the length of service which, without promotion qualifies for a higher rate of invalid pension, he will receive that rate from the date on which he completed such length of service.

Transfer to the temporary non-effective list involves the vacation of any regimental or other appointment.

An officer on the temporary non-effective list must not leave the United Kingdom or take up employment without the permission of the India Office.

An officer who is reported permanently unfit cannot claim to be placed on the temporary non-effective list in order to increase his service for pension.

Retirement.

The following rules apply only to officers who entered the Indian Army on or after 1st July, 1881.

The regulations applicable to officers who entered the Indian Army before that date can be ascertained from the Secretary, Military Department, India Office.

Retirement is compulsory at the following ages:—

Colonels	57
Major-Generals...	62
Lieutenant-Generals	67

but an officer may be retained in the Service beyond these ages in the event of a national emergency. A General Officer who has been unemployed for three years is placed on the retired list, irrespective of his age.

An officer of the Indian Army may apply to retire on pension after 18 years' service, but if he entered the Indian Army after 9th January, 1892, he remains liable to be recalled for service in the event of a national emergency. Officers with less than 18 years' service are not entitled to any pension unless they are invalided on the report of a Medical Board.

In reckoning service for pension all commissioned service or service in the rank of Warrant Officer, Class I, and half-service in ranks below that of warrant officer, Class I, is included.

For officers of the substantive rank of Lieutenant-Colonel and under, the retired pay will consist of three elements: (*a*) a Service element, based on the officer's total service, (*b*) a rank element for the rank from which the officer retires, and (*c*) an Indian element according to the length of Indian service. In computing the Indian element, a period of service before the date of landing in India for the first time, up to a maximum of five years, may be reckoned.

The scale will be as follows:—

(*a*) Service element: £150 a year after 15 years' service, with an increment of £15 for each completed year over 15.

(*b*) Rank element:

Rank from which retired.	After completing One Year's Service in the Rank.	After completing each additional Year's Service.	Maximum Rank Element.

With effect from the 11th May, 1928, officers of and above the rank of Colonel are eligible for retiring pensions at the British service rates and conditions for service and rank elements, with an Indian element at £5 for each completed year of service, subject to a maximum of £200. This Indian element is not subject to revision on account of variations in the cost of living. Service out of India before joining the Indian Army will count towards Indian element of pension to the extent allowed by Pay and Allowance Regulations, part II, paragraph 406. The counting of unemployed service for the same purpose is governed by paragraph 411 *ibid.*

No officer on promotion will draw a smaller pension than that which he had earned before promotion. The British Service element of pensions of Colonels and General Officers who receive pensions under these rules will be subject to a cost of living reduction of 6 per cent. as from the 1st July, 1927, and to further triennial revisions commencing from the 1st July, 1930.

All King's commissioned officers of the Indian Army, who were serving on the 11th May, 1928, are permitted to exercise the option, within six calendar months from the 9th October, 1928, of electing the above revised rates and conditions.

Whatever such officers decide in accordance with paragraph 1, they will be eligible, however, on retirement, to accept, in lieu of the pension admissible under Army Instruction (India), No. B. 112 of 1928, such pension as might have been awarded to them under the regulations in force on the 10th May, 1928, in accordance with the substantive rank they held on that day, service being counted under the same regulations up to the day preceding that of retirement.

The concessions granted by Notes 7 and 9 to paragraph 396A, and the portion of Note 8 *ibid.* inserted by correction slip No. 380 of May, 1927, Pay and Allowance Regulations, Part II, will not apply to officers who elect to receive pension under Army Instruction (India), No. B. 112 of 1928.

Lieutenant-Colonels and Brevet Lieutenant-Colonels, who after the 31st January, 1926, are promoted to the substantive rank of Colonel and remain in command of regimental units, will be eligible to retire on the maximum pension of a Lieutenant-Colonel whether such pension has been earned by service or not. Service rendered by an officer of the rank of Colonel in first grade staff appointments, equivalent departmental appointments or higher appointments alone will qualify for increments to pension as for a Colonel, but officers promoted substantive Colonels and in command of regimental units before the 1st February, 1926, will, in the matter of increments of pension, continue to be governed by the rules applicable to them when they were so promoted.

These basic rates of pension for officers below the rank of Colonel and those officers of and above the rank of Colonel who receive pensions under the rules in force between 1st April, 1919, and 10th May, 1928, are subject to a reduction of 4½ per cent. as from the 1st July, 1927, on account of the fall in the cost of living compared with the year 1919. A further revision of pensions on this account may take place every three years, reckoning from the 1st July, 1927, to an extent not exceeding 20 per cent. In all, but in the case of an officer who entered the Indian Army before 1st July, 1920, the pension will not in any case be reduced below that which he would have received under the old scale, service for pension being calculated under the new rules. A Lieutenant-Colonel who entered the Indian Army before 1st July, 1920, and who has qualified for the maximum pension under the new rules will in no case be liable to have his pension reduced below the maximum under the old rules (£700 a year). Similarly a Lieutenant-Colonel who entered the Indian Army before 1st July, 1920, and who completes his tenure of command before

INDIAN ARMY—*continued.*

RETIREMENT—*continued.*

qualifying for the maximum pension of his rank, shall in no case be granted a lower rate of pension than £700 a year, and in the event of the pension rates being reduced his pension shall not be reduced below the old maximum of £700 a year. The period of six months, during which a Lieutenant-Colonel draws a special rate of unemployed pay after vacating command of an Indian regimental unit which he has held for four years, may reckon as service for pension. This concession does not apply to an officer who has been promoted to the substantive rank of Colonel.

An additional pension of £200 a year will be granted to military officers on the supernumerary list who have rendered approved service for three years (including officiating service) in civil posts which now carry a pay of Rs. 4,000 a month or more; and an additional pension of £100 a year subject to the same conditions where the post held now carries a pay of Rs. 3,000 to Rs. 4,000 a month. Each completed year of qualifying service will earn one-third of such additional pensions. The total pensions admissible in such cases will be subject to maxima of £1,000 and £900 a year respectively.

INVALIDING.

An officer invalided as the result of a disability attributable to military service which was contracted on or after 1st October, 1921, will, subject to certain limitations, be eligible for a pension consisting of

(*a*) service and rank elements calculated as above.

(*b*) disability element varying from £100 per annum for 100 per cent. disability to £20 for a 20 per cent. disability.

(*c*) Indian element commencing at £3 per annum after 5 years' Indian service and rising to £45 after 17 years' service, after which the rates of Indian element stated above will be admissible.

If the officer has less than 25 years' service, the minimum rate of pension, apart from disability and Indian elements, shall be £300 a year less £10 for each year or part of a year short of 25 years, without any rank element. If more favourable to the officer, he may be granted £10 a year for each year of service together with the rank, disability and Indian elements of pension.

In cases in which disability is not attributable to military service, an officer may be granted,

(*a*) if he has completed 10 years commissioned service—a gratuity of £1,000, rising by £100 for each additional year's service up to £1,400.

(*b*) if he has completed 15 years' service—the pension which would have been admissible to him under the Royal Warrant had he been an officer of the British Service.

(*c*) if he has completed 16 years' service for Indian pension—the Indian pension admissible under the rules above.

R.A. AND R.E. OFFICERS ON INDIAN ESTABLISHMENT.

By Army Instruction (India) 1005 22, the above rates of pension are applied to Royal Artillery Officers selected for continuous service in the Indian Ordnance Department and Royal Engineer Officers serving under the 1904 conditions of service who have completed 18 years' service for Indian pension, service out of India up to a maximum of five years being allowed to count for Indian element.

No service rendered out of India after an officer has left India finally is allowed to count for Indian element.

Under A.I. (I.) B 274 of 1928, Royal Artillery and Royal Engineer Officers above the rank of Lieutenant-Colonel who were in the Indian Service on or after the 11th May, 1928, and who have otherwise qualified for an Indian pension, may be granted an Indian element in addition to their British Service retired pay, in accordance with the rules for Indian Army Officers.

Under A.Is. (I.) 896 and 965 of 1925, certain British Officers of Indian Artillery Units can also qualify, under the conditions laid down therein, for an Indian element of pension.

The conditions governing the grant of Indian pensions to officers of the I.A.S.C. and Royal Corps of Signals are contained in A.Is. (I.) B 101 of 1927 and A.I. (I.) A 51 of 1926 respectively.

FAMILY PENSIONS.

The claim to pension by the widow and family of an officer who enters the Indian Army from the British Army or the Unattached List, of a Chaplain or of a Medical Officer is treated under the provisions of such Royal Warrants regulating the grant of pensions to the widows and families of officers of His Majesty's British Forces as may be in force for the time being. The following are certain extracts from the Royal Warrant:—

If the officer's death was due to wounds, injuries, or disease directly attributable to the conditions of service, twice the above maximum rate of pension may be granted.*

* *Note.*—Where an officer's death was the result of service during the Great War the claim of his widow to pension, at special rates, is considered under the War Warrants.

If the officer was killed in action, or died of wounds received in action (within seven years of being wounded), a gratuity in addition to pension may be granted to his widow (at the amounts stated in the Royal Warrant in force at the time being).

If an officer, otherwise than through his own serious negligence or misconduct, is killed or dies of injuries sustained while on flying duty or while being carried on duty in aircraft under proper authority (within seven years of being injured), a gratuity on the above scale shall be issuable to his widow, as though he had been killed in action, so long as this rule shall continue in force for officers of the Royal Air Force.

The ordinary rate of compassionate allowance for each child shall not exceed £16 a year, or £25 a year if motherless.

If the officer died in the circumstances described in Art. 660 the rate of compassionate allowance for each of his children shall be £24 a year, or £40 a year if motherless. In addition, in cases of pecuniary need, an education allowance may be granted by the Secretary of State to each child, not exceeding £35 a year, commencing at the age of 8 years and ceasing at the age of 18 years. This allowance may be extended or granted after the age of 18 years when the education of the child is being continued at a secondary school, technical school, or university.

A pension to the widow or other relative of a deceased officer shall not be claimed as a right. It shall not be granted when the applicant is shown to be unworthy of Our Royal favour, nor shall it be granted unless the officer's service has been such as, in the opinion of Our Army Council, to justify the award.

If the applicant is granted any other pension or allowance from the public on account of the officer's services, whether in the Army or in any other capacity, the grant permissible under these regulations shall be reduced by the amount of such pension or allowance.

Subject to any exception which Our Army Council may approve in a particular case, a grant under these regulations shall not be made to a widow who was separated from her husband at the time of his death. Should such exception be approved, the grant shall be made at such rate, within the scales laid down in Arts. 634 to 636, and subject to such conditions as Our Army Council may determine.

The conditions for the grant of a pension at the double rate (Art. 660) and of compassionate and education allowances at the rates laid down in Art. 664 shall be :—

(1) That the death occurred within seven years after the officer was wounded or injured, or after he was first removed from duty on account of the disease.

(2) That the officer married before he received the wound or injury or before he was removed from duty on account of the disease.

(3) In the case of disease, that the officer survived his marriage by at least a year, unless it can be shown that he was manifestly in good health at the time of his marriage.

(4) In the event of death after retirement that the officer did not elect the conditions of voluntary retirement instead of retirement for disability.

The conditions for the grant of an *ordinary* pension shall be :—

(1) That the pecuniary circumstances of the applicant are such as, in the opinion of Our Army Council, to justify the award.

(2) That the officer married while on the active list; that he was not over 60 years of age at the time of his marriage, and was not (if married after 30th June 1881) more than 25 years older than his wife.

(3) That the officer survived his marriage by at least one year, unless it be shown that he was manifestly in good health at the date of his marriage and that his death was caused by disease or injury not due to causes within his own control.

(4) That the officer, being liable to service, had not been excused, at his own request, from serving, after having been officially warned that his widow would thereby forfeit all claim to pension.

INDIAN ARMY *—continued.*

FAMILY PENSIONS—*continued.*

(5) That the officer did not retire with a gratuity; *or having joined Our Army from the late Indian forces, did not retire after 1st December, 1881, under the regulations for Our Indian Forces, or on the special retired pay laid down in* Appendix IV (paras. 4 to 6) of the Warrant of 26th October, 1900.

(6) That the officer had not less than the following periods of service (reckoned under Arts. 537 and 538) :—

(*a*) If dying whilst on the active list, or after compulsory retirement, or retirement caused by ill-health rendering the officer permanently unfit for further service—ten years; in the case of officers of Our West India Regiment—eight years.

(*b*) If dying after having retired voluntarily, or for misconduct or incapacity—20 years.

An ordinary pension shall not be granted to the widow of an officer married after retirement unless :—

(*a*) His retirement took place before 30th August, 1907, and his service amounted to 20 years; and

(*b*) His retirement is shown by official documents recorded at the War Office, at the time of such retirement, to have been occasioned by disability arising from wounds received in action, or by ill health caused by military service; and

(*c*) He survived his marriage for at least three years.

Provided always, however, that if an officer marries after leaving the Army, and is afterwards taken into employment on account of a national emergency, or if an officer marries during such employment, his widow may be granted a pension if she is in other respects eligible.

A widow's pension shall, as a rule, commence from the day following that of her husband's death, and shall be suspended or discontinued should she subsequently prove unworthy of it, or, in the case of an ordinary pension, if her pecuniary circumstances become such as not to justify, in the opinion of Our Army Council, the issue of a pension.

The pension of a widow who re-marries shall be suspended from the date following that of her re-marriage; but in the event of her again becoming a widow, her pension may be restored, if she is otherwise qualified.

In the case of pensions granted at the double rate, the income of the widow shall be taken into account in considering her claim to restoration of pension.

Compassionate allowances under Arts. 663 and 664 may be granted to the legitimate children (sons under the age of 18 and daughters under the age of 21) of a deceased officer whose widow is awarded a pension, or is ineligible for a pension solely by reason of her pecuniary circumstances, or would, if she had been living at the time of the officer's death, have been eligible for a pension, provided, in the case of ordinary allowances, that such children are not, in the opinion of Our Army Council, disqualified for the award by their pecuniary circumstances.

Such compassionate allowances may also be granted at the discretion of Our Army Council, where the widow is not granted a pension, having been separated from her husband at the time of his death.

Compassionate allowances may also be granted (subject to the above conditions) to an officer's children over those ages, but only in special cases in which it is shown :—

(*a*) That the children become afflicted during the officer's lifetime with some mental or bodily infirmity rendering them dependent upon him, and incapable of making adequate exertion for their own support;

(*b*) that such incapacity dates from a period before the children reach the limit of age, as above laid down; and

(*c*) that they are in distressed circumstances.

The allowances granted under Art. 678 shall cease, as a rule, (1) when the son of an officer attains the age of 18; (2) when the daughter of an officer attains the age of 21; or (3) at the expiration of the year commencing on 1st April in which the child of an officer is otherwise provided for (or, if a daughter, marries). In special cases, however, in which it is shown that the children are afflicted with some mental or bodily infirmity rendering them incapable of making adequate exertion for their own support, and that they are in distressed circumstances, the allowances may be continued at the discretion of Our Army Council.

A compassionate allowance may also be continued or granted concurrently with education allowance awarded under Art. 664 for the son of a deceased officer between the ages of 18 and 21.

[*Note.*—The above extracts are only certain of the Regulations in force at the date of compilation and should not be regarded as a substitute for the regulations, which are subject to such alterations or corrections as may be made from time to time.]

Widows and children of officers of the Indian Army and Indian Medical Service are also entitled to pensions under the Regulations of either the Indian Military Service Family Pension Fund or the Indian Military Widows' and Orphans' Fund. Under one or other of these sets of Regulations all officers, according to the date of their entering the Service, must subscribe as a condition of their appointment to the Indian Army. The Regulations will be found on page 425 *et seq.*

MILITARY (late LORD CLIVE'S) FUND.

Widows' Pensions.

1. The widows of officers who were originally in the old Indian service are alone eligible for this pension.

2. They will be required to make a statutory declaration as to the amount of real and personal property possessed by their late husbands and by themselves; and no widow will be eligible for the full pension if the total of such property amounts to the following sums:—

In the case of the widow of	a colonel ...	£4,000
,, ,, ,,	a lieutenant-colonel...	3,000
,, ,, ,,	a major ...	2,500
,, ,, ,,	a captain ...	2,000
,, ,, ,,	a lieutenant	1,000

Life interests and annuities are capitalised for the purpose of calculating these limits under rules laid down by the Secretary of State in Council.

3. The rates of pensions are as follows:—

Ranks.	Widows' Pensions	
	Per diem. s. d.	Per annum. £ s. d.
Surgeon-General and Colonel...	6 3	114 1 3

Lieutenant	1 3	22 16 3

Pensions at diminished rates (the amount of which will be decided by the Secretary of State in Council) will, however, be granted in certain cases in which the property possessed exceeds the above limits. A diminished pension cannot be granted of a lower amount than £10. This modification of the old rule has effect from 18th February, 1890.

4. The pension of a widow may be withheld or discontinued should her conduct be such as to render her, in the opinion of the Secretary of State, unworthy of it.

5. The pension is liable to be discontinued or reduced if at any time after the officer's death his widow receives any accession of property or income.

6. Pensions lapse on re-marriage and are not restored on a second widowhood.

7. Pensioners neglecting to claim the pension for three half-years will be considered as dead; and no arrears for a longer period than two years back from the date of application for admission or re-admission, as the case may be, will be allowed either to claimants or to pensioners after admission.

8. The widows of officers formerly of the Indian service, who have joined the British army, are permitted to make their choice between these pensions and Royal Warrant pensions.

9. *The widows of officers who have retired from the service are not eligible for the benefit of these pensions.**

10. The widows of officers who at the time of their death were pensioners on the Military (late Lord Clive's) Fund, are entitled to the benefits of the Fund provided they were married to their husbands prior to the latter becoming pensioners on the Fund.

11. The pensions are payable quarterly, on the 1st January, 1st April, 1st July, and 1st October.

12. In the event of any question arising concerning the qualifications of widows claiming these pensions, the decision rests with the Secretary of State in Council.

13. These regulations are subject to any alterations which may be decided on by the Secretary of State in Council.

Note.—Applications for pensions should be addressed to—

REGULATIONS FOR THE COMMUTATION OF PENSIONS OF OFFICERS OF THE INDIAN SERVICE.

1. These Regulations are applicable only to officers retired on or after the 1st July, 1881, and who are in receipt of service pensions, or permanent wound, injury or disability pensions.

2. An Officer who has attained the age of 40 years (or who has been certified as permanently incapable, through disability, of further military service) may be allowed to commute a portion, not exceeding one-half,* of his pension or pensions,† provided that the amount left uncommuted is not less than 150*l.* a year. An exception to this limit may be made in cases where the total amount of pension or pensions of an Officer is less than 180*l.* a year, in which cases pension not exceeding 30*l.* may be commuted, provided that not less than 120*l.* a year remains uncommuted. In calculating the amount of a pension for the purposes of this Rule, there may be added to it the uncommuted portion of any other permanent pension or pensions payable to the applicant from Indian or other Government revenues.

3. In the case of service pensions, commutation may take place on retirement, or at any time subsequent thereto.

4. An officer who is still serving may commute such portion of his wound pension as is admissible under Rule 2, the amount of pension (or invalid pension) being calculated at the rate appropriate to his rank and length of service at the time of making application to commute.

5. An officer in Europe desirous of commuting must make application, in writing, to the Under Secretary of State for India, stating his desire so to commute, and furnishing information as to his age, rank, and the amount of his pension or pensions.

6. If the Secretary of State for India in Council shall approve the commutation, subject to the report of the Medical Board at the India Office as to the officer's expectation of life, the officer will be informed of the capital sum which will be payable to him in the event of his being found to have an average expectation of life. At the same time he will be instructed as to the date on which he should present himself for examination by the Board. He will have the option of withdrawing his application at any time before the date fixed for his medical examination.

7. The applicant will be required to furnish for the Board's information such particulars as to his health and habits as are usual in the case of persons proposing to assure their lives with assurance companies.

8. An officer in India desirous of commuting must address the authorities in that country. He will be required to follow a similar procedure. He may appear before a Medical Board at any station in India that may be convenient, such Board being assembled under the orders of the Local Government and presided over (when practicable) by the Chief Civil Medical Administrative Officer of the Province.

An Officer residing in a Dominion or Colony and desirous of commuting will, if the accounting authority in the Dominion or Colony from whom he draws his pension is in direct account current with the Accountant-General, Central Revenues, address the authorities in India; otherwise he will address the Under Secretary of State for India. In both cases the application will be forwarded through the official from whom the Officer draws his pension. If the application is approved the Officer will be informed and a special Civil Medical Board will be assembled under the orders of the Government of the Dominion or Colony.

The Medical Board will report in the following form:—

"We have carefully examined
and are of opinion that he is (*or* is not) in good bodily health, and has (*or* has not) the prospect

* Less any amount previously commuted.

† Less cost of living deductions.

of an average duration of life. We therefore (*or* do not) recommend compliance with his application to be allowed to capitalise a portion of his pension."

In the case of impaired lives in which compliance with the officer's application is recommended, but with an addition of years of age, the following should be added:—"but as he is suffering his age for purposes of commutation should be taken to be years."

9. The basis of commutation, subject to an addition of years of age in the case of impaired lives, shall be the following table, the age of the officer being reckoned at the age he will attain on the birthday next succeeding the date upon which the capitalised sum will become payable—

These rates are applicable to all applications for commutation received after 16th March, 1927

NOTE.—*In order to ensure payment at the rate shown for any specified age, it is essential that the application to commute should reach the India Office or the Government of India, as the case may be, at least one month before the date on which the applicant will attain that age.*

10. If the Board report that the Officer has an average expectation of life, the capital sum already notified to the Officer will be paid in the manner indicated by him on his form of application.

11. In cases where an addition to his age is recommended, the officer will be informed of the Board's recommendation and of the capital sum payable in view thereof. No further steps will be taken pending the receipt of an intimation from the officer that he desires his application to be proceeded with on the revised basis. On receipt of such intimation, payment of the capital sum will be authorised.

12. The capitalised sum will be payable in India if the commutation is effected there; in all other cases it will be payable by the official through whom the pension is being issued. When commutation is effected in India by officers residing temporarily in that country the commutation will be on the basis of the rate of exchange of 1*s.* 6*d.* the rupee. In each case the Officer's pension will be issued in full up to the date of payment unless any delay has been caused by the Officer's own fault or that of his agents.

13. In the case of officers of the India Unattached List or the Indian Medical Department pensioned under the old rules which lay down both sterling and rupee rates of pension, commutations effected in India will be calculated on the Indian rate of pension, and should the pensioner subsequently move to Europe or to a Colony the rate of pension issuable will be calculated by deducting from the European rate of pension a fraction corresponding to the fraction of the Indian pension which has been commuted.

14. In any case in which a pensioner shall accept public employment involving the withholding of pension, a deduction will be made from the salary payable to him equal to the amount which would have been abated from the pension if it had not been commuted, and, in the event of his becoming entitled to a pension in respect of such employment, the amount of such pension granted to him shall not exceed the amount which he might have received had his pension not been so commuted.

15. No refund of any travelling or other expenses incurred by an officer in connection with the commutation of a portion of his pension is admissible.

NOTE.—*The pension and compassionate allowance which may be granted to the widow of an officer whose marriage took place after commutation, or a child born after commutation, whether of a marriage before or after commutation, shall be reduced by the fraction corresponding to the part of pension commuted.*

THE INDIAN MILITARY SERVICE FAMILY PENSION REGULATIONS.

SELECTIONS FROM THE REGULATIONS FOR THE PROVISION OF PENSIONS FOR THE WIDOWS AND ORPHANS OF MILITARY, MEDICAL, MARINE, AND ECCLESIASTICAL OFFICERS IN THE SERVICE OF THE GOVERNMENT OF INDIA.

[Established 1st January, 1873, closed to fresh entrants 31st December, 1914. *See* page 435 for Regulations of the Indian Military Widows' and Orphans' Fund, established 1st January, 1915.]

The Secretary of State for India in Council has reserved to himself the absolute right to regulate from time to time the contributions to be required from officers, under these regulations, and to make any alterations in the regulations themselves that may appear to him equitable, provided always that the scale of pensions fixed thereby shall not be reduced in the case of actual incumbents.

---

1. Pensions will be provided under these regulations for the widows and orphans of the following officers on the Indian Establishment, not being entitled to the benefits of any of the late Military and Medical Funds:—

Officers of the Indian Army.*

Officers of the Indian Medical Service, including Indians who avail themselves of the option given to them of becoming subscribers.

Chaplains.

3. Every officer who enters the service on and after the 1st January, 1873, and up to and including the the 31st December, 1914, must, as a condition of his appointment, provide pensions for his family under these regulations.

5. For the purposes of these regulations officers are classed as follows (for Marine officers *see* 5B):—

Class I.—Lieutenant-Colonels in receipt of Colonels' allowances and Major-Generals of the Indian Medical Service (*see* Article 9).

Class II.—Officers of the Indian Army, Royal Artillery and Royal Engineers of 26 years' service,† Archdeacons and Officers of the Medical Service of 20 years' service.

No Officer of the Indian Medical Service will be compelled to subscribe in Classes II or III who has not attained the rank of Lieutenant-Colonel or Major as the case may be. In all such cases the subscriber must elect, within three months of the date of completing the qualifying service, whether he will (i) subscribe in the Class in which his length of service places him, or (ii) continue to subscribe in the lower Class. If he elects (i) he will be charged the donation and increased subscription from the date of completing the prescribed service; if (ii) he will, in the event of subsequent promotion, be charged the donation and increased subscription from the date of such promotion.

An Officer cannot enter a higher Class unless he has previously subscribed in the Class immediately below it.

The Archdeacons of Rangoon, Lucknow, and Nagpur, who receive no archidiaconal allowance, have the option of subscribing either in Class II or Class III, but the option must be exercised within three months of the date of appointment.

INDIAN MILITARY SERVICE FAMILY PENSION REGULATIONS—*continued.*

5A. Royal Artillery and Royal Engineer officers who have been selected, or who have elected, for continuous service in India have the option of subscribing under these regulations, in accordance with the conditions laid down in the Appendix.‡

Royal Engineer officers under the 1904 conditions of service must elect within three months of their arrival in India whether they desire to subscribe for benefits under these regulations. Should they elect to subscribe they will be liable for the special donations prescribed in the Appendix‡ and must submit satisfactory medical certificates. On reversion to the Imperial Establishment they can remain subscribers only if they have qualified for pension under Indian Army Regulations, in which event they may elect to continue subscription or to withdraw, the exercise of the option being final. If they do not within three months of their reversion to the Imperial Establishment notify their intention of continuing subscription they will be regarded as having withdrawn and their dependants will cease to have any claim to benefit under these Regulations.

In the event of withdrawal either on reversion to the Imperial Establishment as above or after retirement on a pension awarded under Indian Army Regulations, married officers and widowers with children will be entitled to refunds as prescribed in Article 28 for retired officers, but no refund will be made in respect of unmarried subscriptions or of risks which have terminated by death or otherwise.

5B. Executive and Engineer officers of the Royal Indian Marine who entered that service before the 1st January, 1893, were allowed the option of subscribing under these regulations from that date. Those who elected to do so will not be permitted to discontinue their subscription so long as they remain in the service, neither will those who declined to subscribe be allowed at any future time to become subscribers.

Executive and engineer officers of the Royal Indian Marine who entered that service after 1st January, 1893, and before 1st January, 1915, must subscribe under these regulations as a condition of their appointment to the service.

An officer who has elected to subscribe in a superior class will not subsequently be allowed to revert to a lower class.

5C. Indian Army officers subscribing under these Regulations who are transferred to the Royal Corps of Signals and continue to serve in India under the 1926 conditions of service may, at their option, continue subscription or withdraw. Should they fulfil either condition, they may, at their option, continue subscription or withdraw. On withdrawal, which, in either of the above cases, will be final, married officers and widowers with children will be entitled to refunds as prescribed in Article 28 for retired officers, but no refund will be made in respect of unmarried subscription or of risks which have terminated by death or otherwise. THE INDIAN MILITARY WIDOWS' AND ORPHANS' FUND.

Established 1st January, 1915.

SELECTIONS FROM THE REGULATIONS FOR THE PROVISION OF PENSIONS FOR THE WIDOWS AND ORPHANS OF MILITARY, MEDICAL, MARINE, AND ECCLESIASTICAL OFFICERS IN THE SERVICE OF THE GOVERNMENT OF INDIA.

The Secretary of State for India in Council reserves to himself the absolute right to modify from time to time the contributions to be required from officers and to make any alterations in the regulations that may appear to him equitable: provided always that the scale of pensions shall not be reduced in the case of actual incumbents.

1. The following regulations are designed to secure suitable provision for the widows and orphans of officers of the Indian Army, officers of the Indian Medical Service, Executive and Engineer officers of the Royal Indian Marine, and Chaplains on the Indian Establishment, not being subscribers under the Indian Military Service Family Pension Regulations; also of continuous service Royal Artillery and Royal Engineer officers, Royal Engineer officers under the 1904 conditions of service, officers of the Royal Corps of Signals, and officers of the continuous Indian Service Cadre for the Army Veterinary Services in India, who, not being subscribers under the Indian Military Service Family Pension Regulations, elect to subscribe to this Fund.

2. Every officer who enters the service on and after the 1st January, 1915, must, as a condition of his appointment, provide pensions for his family under these regulations.

3. Royal Artillery and Royal Engineer officers who have been selected or who have elected for continuous service in India, Royal Engineer officers under the 1904 conditions of service, officers of the continuous Indian Service Cadre for the Army Veterinary Services in India, and officers of the Royal Signal Corps (other than those transferred to that Corps from the Indian Army, for whom provision is made in Article 3A) under the 1926 conditions of service have the option of subscribing under these Regulations in accordance with the conditions laid down in the Appendix.

3A. Indian Army officers subscribing under these Regulations who are transferred to the Royal Corps of Signals and continue to serve in India under the 1926 conditions of service may, at their option, continue subscription or withdraw. On transfer to the Imperial Establishment such officers can remain subscribers only if (*a*) they were transferred from the Indian Army or (*b*) they have qualified for pension under Indian Army Regulations. Should they fulfil either condition they may at their option continue subscription or withdraw. On withdrawal, which in any case will be final, married officers and widowers with children will be entitled to refunds as prescribed in Article 30 for transferred and resigned officers, but no refund will be made in respect of unmarried subscription or of risks which have terminated by death or otherwise. Officers who do not within three months of transfer to the Royal Corps of Signals or to the Imperial Establishment notify their intention of continuing subscription will be regarded as having withdrawn, and their dependants will cease to have any claim to benefit under these Regulations.

3B. Non-European officers are not eligible to subscribe under these Regulations except as provided for officers of the Indian Medical Service in Article 1.

4. For the purposes of these Regulations subscribers are classed as follows:—

Class I.—Major-Generals of the Indian Medical Service and those who avail

INDIAN MILITARY WIDOWS' AND ORPHANS FUND—*continued.*

them-elves of subscribing in this class under the terms of Article 5

Class II.—Officers of the Indian Army, Royal Artillery, Royal Engineers, Royal Corps of Signals, and of the continuous Indian Service Cadre for the Army Veterinary Services in India, of 26 years' service†; officers of the Medical Service of 20 years' service; Executive and Engineer officers of the Royal Indian Marine of 20 years' service†; and Archdeacons.

Class III.—Officers of the Indian Army, Royal Artillery, Royal Engineers, Royal Corps of Signals, and of the continuous Indian Service Cadre for the Army Veterinary Services in India, of 18 years' service†; officers of the Medical Service of 12 years' service; Executive and Engineer officers of the Royal Indian Marine of 15 years' service†; and Senior Chaplains.

Class IV.—Officers of the Indian Army, Royal Artillery, Royal Engineers, Royal Corps of Signals, and of the continuous Indian Service Cadre for the Army Veterinary Services in India, of nine years' service*; officers of the Medical Service of six years' service; Executive and Engineer officers of the Royal Indian Marine of 12 years' service†; and Junior and Probationary Chaplains.

Class V.—Officers of the Indian Army, Royal Artillery, Royal Engineers, Royal Corps of Signals, and of the continuous Indian Service Cadre for the Army Veterinary Services in India, under nine years' service*; officers of the Medical Service of under six years' service; and Executive and Engineer officers of the Royal Indian Marine of under 12 years' service.†

Note.—No officer of the Indian Army, Royal Artillery, Royal Engineers, Royal Corps of Signals, or of the continuous Indian Service Cadre for the Army Veterinary Services in India, will be compelled to subscribe in Classes II, III, or IV who has not attained the rank of Lieutenant-Colonel, Major, or Captain, as the case may be. No officer of the Indian Medical Service will be compelled to subscribe in Classes II or III who has not attained the rank of Lieutenant-Colonel or Major, as the case may be, and no officer of the Royal Indian Marine who is not in a first-class port appointment, or an Engineer Captain or an Engineer Commander of 20 years' service, will be compelled to subscribe in Class II. In all such cases the subscriber must elect, within three months from the date of completing the qualifying service, whether he will (i) subscribe in the class in which his length of service places him, or (ii) continue to subscribe in the lower class. If he elects (i) he will be charged the increased subscription from the date of completing the prescribed service; if (ii) he will, in the event of subsequent promotion, be charged the increased subscription from the date of such promotion.

An officer cannot enter a higher class unless he has previously subscribed in the class immediately below it, nor can an officer who has elected to subscribe in a higher class be allowed subsequently to revert to a lower one.

5. The contributions for pensions under these Regulations, and the pensions of widows, will be regulated by the class of the contributing officer. An officer cannot secure a higher pension for his widow by contributing as if he belonged to a higher class.

As an exception to this rule, the option of subscribing in Class I is allowed as follows:—

(i) To an officer of the Indian Army, also to an officer of the Royal Artillery, Royal Engineers, Royal Corps of Signals, or of the continuous Indian Service Cadre for the Army Veterinary Services in India, who is a subscriber under these Regulations, at the time of completing 29 years' service on full pay, including time spent on "unemployed pay," from date of first commission, provided he has previously subscribed in Class II.

(ii) To a medical officer at the time of completing 25 years' full-pay service, provided he has not previously been promoted to the rank of Major-General, but has previously subscribed in Class II.

(iii) To an Executive or Engineer Officer of the Royal Indian Marine who has completed 25 years' service.

(iv) To an Archdeacon at the time of completing five years' service as such (excluding any officiating period), providing he has attained the age of 49 years.

To secure these benefits without medical examination the decision of the officer must be notified within three months of the date of completing the qualifying service, but the option can be exercised at any subsequent period prior to retirement on the production of a certificate of health signed by two qualified medical practitioners. Contributions will be payable in Class I in the former case with effect from the date of completing the qualifying service, but in the latter case with effect from the date of the letter enclosing the necessary certificate of health.

6. The pensions provided under these Regulations are payable in arrear. Payments are made

* Service for this purpose is reckoned from date of first Commission with the following exceptions, namely:—
(*a*) Officers of the Indian Army who have been specially permitted to reckon towards promotion any service previous to the date of first regular Commission include all service which counts for promotion.
(*b*) Officers appointed to the Indian Army from the Royal Marines reckon service only from the date from which the periods for promotion are reckoned.

In cases of officers of the Indian Army and Royal Artillery and Royal Engineers all time spent on "unemployed pay" counts towards periods of service required for subscription in higher classes, including Class I. The only period excluded is time spent on the Temporary Non-Effective List, which is not allowed to reckon towards promotion.

† Service for this purpose is reckoned from the "date permitted to count for promotion" as shown under the column so headed in the Royal Indian Marine List.

Pensioners residing *outside India* receive payment either from the Accountant-General, India Office, or at their option, if resident in any of the British Colonies or Dominions, through such other channel as may from time to time be authorised by the Secretary of State for India in Council for the payment of pensions therein. A pensioner drawing pension locally will receive payment at the current rate of exchange.

Pensioners residing *in India* may, however, at their option, receive payment in that country in rupees at the current rate of exchange. Provided that:—

(*a*) Pensioners who were receiving pension in India prior to the 1st February, 1921, at 1*s.* 4*d.* the rupee shall, so long as they are in India and continue to have their permanent residence there, continue to receive it at a rate not less favourable than 1*s.* 4*d.* the rupee.

(*b*) Pensioners who were admitted to pension before the 1st February, 1921, or who are dependants of subscribers in the service on that date, and who commenced or shall commence to receive payment in India after that date, shall, so long as they are in India and have their permanent residence there, receive payment at a rate not less favourable than 1*s.* 8*d.* the rupee.

A pensioner who has exercised the option and receives payment in India is only permitted to change at the commencement of an official year.

These donations may be paid without interest in one sum within one month from the date of becoming due; or they may be paid in twelve equal monthly instalments, interest on the unpaid portion being levied at the rates allowed on the balances as fixed from time to time by the Secretary of State in Council with reference to the market rates of the day. 13. Interest will be charged on arrears at the rates allowed on the balances as fixed from time to time by the Secretary of State in Council with reference to the market rates of the day. The balance of any contribution outstanding at the date of a subscriber's death will be recovered rateably without further interest from the pensions of his widow and orphans in twelve monthly instalments.

INDIAN MILITARY WIDOWS' AND ORPHANS' FUND—*continued.*

*Reports of Marriages, Births, and Deaths.**

14. An officer who is married at the date of his admission into the service must at the time of his admission report the fact of his marriage, and the names and dates of birth of his children, if any have been born to him. A member in the service must report his marriage, or the birth of a child born in wedlock, or the death of a wife or child within one month of the occurrence.

15. The birth of every child born alive must be reported; but if a child dies before it is 30 days old, no payment in respect of it will be required. If the report of birth be not made within one month, a fine of 10s. will be imposed, and an additional 2s. will be charged for each succeeding month's delay. After 12 months' delay, medical evidence as to the state of the member's health must be furnished, in order that it may be determined whether, and, if so, on what terms, liability for orphan's pension should be accepted.

16. If the report of a marriage be not made within one month, any donation which may be payable under Tables V and VI will be increased 2½ per cent. and interest thereon charged from the date of marriage. After six months' delay donations will be increased to 5 per cent. and interest charged as above. Should no donation be payable under Tables V and VI, a fine of 10s. will be imposed if the report is not made within one month of the marriage, and an additional 2s. will be charged for each succeeding month's delay. In either case, after 12 months' delay, medical evidence as to the state of the subscriber's health must be furnished in order that it may be determined whether and, if so, on what terms, liability for widow's pension shall be accepted.

17. In the event of the report of a marriage or the birth of a child not having been made by a subscriber during his lifetime, in accordance with the rules, the widow or child will not be entitled to any benefits.

The absence of report, however, from an officer who dies between the date of his admission to the Indian Army and the date of the *Gazette of India* announcing it would not invalidate his widow's or child's claim to pension or involve the additional payments prescribed in Article 16.

Note.—The provisions of Articles 16 and 17 are not to be read as implying an option of omitting or postponing any report that a subscriber is required to make under these regulations. Intentional neglect to report is a breach of discipline.

Posthumous Child.

18. Provided the birth of a posthumous child is reported within one month and the contribution required by the regulations has been or was being paid for the father's youngest child, if any, living at the time of his death, a pension will be granted to the child without any payment if the child is born of a marriage in respect of which the prescribed payments have been made. The report should be made within 30 days, and a certificate of the child's birth should be furnished.

Duration of Pensions.

19. If a widow re-marry, her pension will cease during coverture; but if she again become a widow she will be entitled to revert to her pension as widow of her first husband. In the event of her second husband being also a subscriber, both pensions may be drawn after his death.

20. The pension of a male orphan is payable until he attains the age of 21 years.

21. A subscriber may provide a special pension for a son who, while under the age of 21 years, is pronounced to be permanently incapacitated from earning a livelihood. The subscription to be paid and the amount of pension which it will provide will be decided on the merits of each particular case. Payment of any pension so provided will be made from the date on which the son attains the age of 21 years or becomes fatherless, whichever is later.

23. The pension of a female orphan continues until her marriage, and then ceases absolutely. It does not revive on widowhood.

23A. On the termination of the marriage of a subscriber by divorce or annulment he will be liable thereafter, until re-marriage, for subscription at the unmarried rate only, together with subscriptions for children, if any.

Where the marriage has been terminated by divorce on the petition of the wife, she will be entitled, after the death of her divorced husband, to pension of half the amount applicable to his class at the date of such termination, or of £40 a year, whichever is greater: provided that on her re-marriage she will forfeit absolutely all claim to benefit under this Rule.

Where the marriage has been terminated by divorce on the petition of the husband, the rates of contribution required from him in each class on second marriage will be limited to those for which he became liable on his first marriage, and will not be enhanced should the second marriage take place in a higher class. He will, further, be exempt from excess age donation, but will be liable for disparity donation, if any.

In cases of annulment the subscriber may be entitled to a lump sum payment. The Secretary of State for India in Council will in each case decide whether the said payment is admissible, and, if so, its amount.

This Article will not apply in the case of marriages dissolved before 16th February, 1926.

Good Conduct.

24. The pensions provided under these Regulations shall, in all cases, be held during good behaviour only, and will be withheld if any pensioner is found to be leading an immoral life, or on proof of any gross misconduct. In

* *S* page 436.

any such case the order of the Secretary of State for India in Council or, when the pension is being drawn in India from a Government Treasury there, the order of the Government of India shall be final and conclusive.

Alienation of Pension.

25. A pension paid under these Regulations may not be transferred or assigned or in any way alienated from the pensioner to whom or for whose benefit it is payable.

Passage Money.

26. An officer may, by a special contribution, provide passage money from India for his widow and orphans. The amount so secured will be paid to the widow, or to any children of the deceased officer, for the provision of their passage money and contingent expenses. If, however, the surviving members of the deceased officer's family are not in India, or do not wish to leave India for any other country, the money will be credited to the deceased officer's estate, and payment can be made in India in rupees, or in England at the market rate of exchange, according to the election of the person or persons entitled to receive the money The amount secured must not exceed Rs. 3,000, and a health certificate must in every case be furnished by the subscriber.

27. This insurance may be effected by an immediate payment in one sum, or, if the subscriber so desires it, by instalments extending over four years subject to interest on arrears at the rates allowed on the balances as fixed from time to time by the Secretary of State in Council with reference to the market rates of the day, and in the event of a subscriber dying before completion of the payment, the balance due at the date of his death will be deducted from the sum assured.

28. A subscriber may at any time take the Surrender Value of his insurance effected under Article 26.

29. The following are the tables of premia and of surrender values referred to in Articles 26, 27 and 28 :—

30. Officers who may be transferred from the Indian Army to the British Army, except those transferred to the Royal Corps of Signals as provided in Article 3A, and officers of the Indian Medical Service who may be transferred to the Royal Army Medical Corps, are not permitted to remain subscribers. Married officers and widowers with children will be entitled to receive back the portion, if any, of the contributions paid in respect of their living dependants entitled to contingent pensions which is in excess of the risk borne in respect of those dependants. No refund will be made in respect of unmarried subscriptions or of risks which have terminated by death or otherwise

As an exception to this rule, an officer who is granted a compassionate allowance on resigning the Service may continue to subscribe at the half rate of subscription.

Officers on the Temporary Non-effective List.

31. Married officers on the temporary non-effective list must continue to subscribe for full benefits, but while in receipt of temporary invalid pension, they will have the option of paying only half rates for their wives. In the latter case they will, on retirement, or reversion to full-pay, be required to pay arrears, with interest; and, in the event of the death of a subscriber while on the temporary non-effective list, or before the arrears have been paid, the amount due will be recovered from the pension granted to the widow. Unmarried officers must continue to subscribe at the half-rate of subscription.*

Retired Officers.

32. All officers, whether married or unmarried, who retire from the Service on a pension must continue to subscribe, paying the half-rate of subscription according to their class at the date of retirement. For children the full rate of subscription will be payable.

Any donation for which a retired officer may become liable will be payable at the full rates laid down in Article 11 for all subscribers.

Refunds on Account of Deceased Unmarried Subscribers.

33. The whole of the subscription which has been paid by an officer who has remained unmarried up to the date of his death will be refunded, without interest, to his estate.

In the case of an officer who at his death was subscribing as a widower without surviving children eligible for pension, the subscriptions paid by him for the period during which he so subscribed, excluding any such period prior to a re-marriage, will be refunded, without interest, to his estate.

Dismissed Officers.

34. An officer who is dismissed the Service by sentence of a court-martial, or by other competent authority, will cease, *ipso facto*, to be a contributor to this Fund, and will have no claim to any refund. His family will not be entitled to any pensions from this Fund.

Declarations.

35. Declarations as to continued widowhood and the survival of children must be furnished to the Accountant-General, India Office, or to the proper officer in India.

Officers of Special Classes.

Officers of the classes named in Article 3 have the option of subscribing under these Regulations in accordance with special conditions which are laid down in the Regulations.

Reports and applications under these Regulations should be made:—

1. To the Controller of Military Accounts, Presidency and Assam District, Calcutta, when the subscriber is drawing pay or pension in India or at a colonial station (including China) where a unit of the Indian Army is stationed.

2. To the Controller of Pension Funds, India Office, Whitehall, London, S.W. 1, if the subscriber is drawing his pay or pension elsewhere than above, or if the subscriber, after receiving in India or at a colonial station in advance the pay for the privilege leave portion of combined leave, proposes to draw his furlough pay elsewhere.

A complete copy of the regulations can be obtained on application to the Controller of Pension Funds, India Office.

INDIA OFFICE,

* This regulation applies also to Executive and Engineer Officers of the Royal Indian Marine who are temporarily transferred to the Retired List.

DEPARTMENTAL OFFICERS WITH COMMISSIONED RANK WARRANT OFFICERS OF DEPARTMENTS, AND ASSISTANT SURGEONS, INDIAN MEDICAL DEPARTMENT.

The grades and ranks of Commissioned Officers of Departments in India, as amended by Royal Warrants dated 2nd January, 1904, and 21st September, 1917, are as follows :—

Grades.	*Rank.*
Commissary	... Major.
Deputy Commissary	... Captain.
Assistant Commissary	... Lieutenant.

Leave Rules.

A departmental officer, warrant officer, senior assistant-surgeon, or assistant-surgeon, Indian Medical Department, subject to these rules may be granted—

(*a*) Privilege leave under such regulations as may from time to time be in force.

(*b*) Leave in or out of India for one year, in the first instance on leave pay at the sterling rates admissible under the Royal Warrant to individuals of the same rank in the British Service under similar conditions, Assistant-Surgeons, 4th Class, being regarded for this purpose as staff sergeants. The rates for departmental Officers will be those in force for quarter-masters of the same length of commissioned service irrespective of rank.

Leave may be granted at any time at the discretion of the sanctioning authority.

Leave in or out of India in excess of one year cannot be claimed as a right, but extensions up to two years' absence from duty may be granted on medical certificate or on urgent grounds, at the discretion of the sanctioning authority. Extensions beyond two years' absence from duty will only be admissible in very special cases, and without pay.

A departmental officer, warrant officer, senior assistant-surgeon, or an assistant-surgeon, Indian Medical Department, unable on account of ill-health to return to his duty within the maximum period of two years' absence will, unless specially granted leave without pay, be placed on temporary half-pay, or on the retired list, according to the circumstances of his case. An undue amount of leave, whether in or out of India, on account of ill-health will likewise render an officer liable to be transferred to half-pay or to the retired list, and the power of such transfer will be exercised by the Government of India or the Secretary of State for India, as the case may be.

Combined Leave.

Combined leave is admissible to departmental officers and warrant officers including members of the Assistant Surgeon Branch of the Indian Medical Department, under rules similar to those governing the grant of combined leave to commissioned officers. During such leave they receive full emoluments for the period which is on privilege leave, and for the remaining period the ordinary leave pay as detailed above.

The conditions governing the grant of pensions to Departmental Officers and Warrant Officers of the India Unattached List and Assistant Surgeons of the I.M.D., are laid down in Pay and Allowance Regulations for the Army in India (Part II).

8. Retirement is compulsory for all classes at the age of 55 years.

9. A retired Warrant Officer may be allowed to commute a portion, not exceeding one-third, of his pension, provided that the amount left uncommuted is not less than £80 a year, under rules similar to those stated on page 422, and subject to the production of evidence that commutation will be a distinct and permanent advantage to the individual, and after the production of the written consent of the pensioner's wife if married.

10. Pensions are admissible to the widows and children of Departmental Officers (including Senior Assistant Surgeons of the Indian Medical Department) and of Departmental Warrant Officers (including Assistant Surgeons of the Indian Medical Department) who may die, either while in the service or on the Pension establishment, provided, in the latter case, that she married the deceased previously to his retiring from the army or being invalided.

During leave in India other than privilege or temporary leave, Indian grade pay, at the rates shown on pages 300 and 301, will be drawn.

Temporary Retirement.

Officers of the Royal Indian Marine, who, after exhausting the furlough admissible to them are unfit for service, but not irremediably broken in health, may be temporarily transferred to the retired list. Temporary retirement is subject to the condition that the disease which necessitates it must have been contracted in and by the service.

I. An officer granted temporary retirement will be permitted to remain in that position till his total continuous absence from duty on furlough and temporary retirement together amounts to four years. If then still unfit to return to duty, he must be placed on the permanent retired list, receiving the pension (if any) or gratuity for which he had qualified at the time of being granted temporary retirement.

II. No period spent on temporary retirement will count as service for pension, nor will an officer be eligible for promotion while he is in that position. An officer replaced on the effective list, on becoming fit to return to duty, will be restored to the rank from which he retired, and his name will be placed in the same numerical position in that rank which it occupied at the time of temporary retirement. When he returns to duty, the date of his arrival in India will be reckoned as that of his restoration to the active list.

III. Officers will be required to appear before a Medical Board at the expiration of one year on temporary retirement, and again, if retained in that position, before the end of the second year; and those who, in view to being restored to the effective list, may wish to appear before the Board at other times than those specified, may be permitted to do so. Officers ordered periodically to appear before the Board will be allowed, in the United Kingdom, their *bonâ fide* travelling expenses, and lodging allowance at the rates admissible under rule, but those appearing at other times, and at their own wish, must do so at their own expense.

IV. The rate of pension admissible to an officer during temporary retirement will be the same as that to which he would be entitled if permanently retired.

Pension Regulations.

1885 RULES, WITH SUBSEQUENT ALTERATIONS.

I. The service for pension of an officer of the Royal Indian Marine reckons from the date of his arrival in India if his appointment was confirmed in England, and from the date of joining for duty if it was made subject to a report of fitness by a medical board in India, provided that in either case he had attained the age of 19 on the date mentioned, otherwise his service reckons from the date on which he attained that age.

II. A superannuation pension or an invalid pension granted on account of incapacity for further service due to old age or natural decay from advancing years, shall, if the officer's qualifying service began after he attained the age of 30 years be reduced by one-fortieth for every year or part of a year by which his age at the commencement of his qualifying service exceeded 30 years.

III. Retirement at the age of 55 years will be compulsory. But an officer holding the appointment of Director or Deputy Director, Royal Indian Marine who attains that age during his incumbency, may, with the approval of the Government of India, complete five years in the appointment. The amount of superannuation pension is that admissible as an invalid pension. [This rule will not be applicable to those officers who have already received special extension of tenure.]

The retirement of Royal Indian Marine Officers while on furlough or on leave in England will be carried out by the Secretary of State.

IV. (1) Service Pensions will consist of two parts (*a*) a service element, based on total service for pension and (*b*) a rank element beginning from the rank of Commander or Engineer Commander.*

(2) Extra pensions on the undermentioned scale are admissible to the officers of the Royal Indian Marine if retired as Flag Officer Commanding, or Chief of the Staff or Engineer Captain on the Staff:—

	Per annum £
(i) For three to five years' continuous service as Flag Officer Commanding ...	175
(ii) For four years' continuous service as Chief of the Staff	88
(iii) For four years' continuous service as Engineer Captain on the Staff ...	88
(iv) For three to five years' continuous service partly as Chief of the Staff and partly as Flag Officer Commanding as shown below:—	
(*a*) For time served as Chief of the Staff at £22 per annum.	
(*b*) For time served as Flag Officer Commanding at £44 per annum.	

The amount is subject to a maximum of £175 per annum for the combined service.

The above periods are inclusive of leave admissible under the army staff leave rules.

PENSION REGULATIONS—*continued.*

(3) All pensions are sterling pensions, and are convertible in India at the official rate of exchange.

(4) These rates of pension have effect as from 1st April, 1919, and are admissible to all regular officers who, being otherwise entitled, have rendered satisfactory paid service (military, naval or marine) during the Great War, including officers who, having retired on pension before the war, have been re-employed as officers during the war, and have thereafter reverted to retirement.

(5) Temporary rank (including paid acting rank) held during the Great War, followed by substantive promotion to that rank, will count as service in the rank towards pension. Service as an Engineer apprentice does not count for pension.

(6) These rates are basic and are subject to a cost of living reduction of 4½ per cent. with effect from 1st July, 1927, on account of the alteration in the cost of living as compared with the year 1919. They are liable to cost of living revision every three years.

(7) "Rank" in this memorandum means substantive rank except where otherwise stated.

(8) Revised rates of invalid pension and rates of unemployed pay are under consideration.

V. Service in the Marine Survey, or in port or shore appointments, gives no claim to any higher pension than that fixed for an officer's rank in the Marine.

VI. The pensions of warrant officers will be calculated under the Civil Service Regulations, Rs. 90 per mensem (compensation in lieu of board and lodging) being added to their pay for the calculation of pension. This also applies in the case of gunners holding the appointments of master-rigger, Bombay Dockyard, boatswain, Kidderpore Dockyard, and the gunner in charge of arsenal's stores, Bombay Dockyard.

VII. An officer may be allowed to commute a portion, not exceeding one-half, of his pension, the commuted value being payable under rules which are identical with those for Military Officers (*see* page 422).

VIII. Compassionate allowances on the following scale are admissible to the families of officers killed in the execution of duty :—

	Widow.	Child.
Captain or Commander ...	£100 a year, or Rs. 100 a month.	£20 a year, or Rs. 20 a month.
Port Officer		
Engineer-Commander ...		
Lieut.-Commander and Lieutenant	£75 a year, or Rs. 75 a month.	£15 a year, or Rs. 15 a month.
Engineer-Lieut.-Commander and Engineer-Lieutenant		
Sub-Lieutenant	£50 a year, or Rs. 50 a month.	£10 a year, or Rs. 10 a month.
Engineer-Sub-Lieutenant		

The cases of the families of the Director or Deputy Director will be specially considered.

Subject to the approval of the Secretary of State, a compassionate allowance not exceeding in the aggregate the rate shown in the above table for a widow may be granted to the mother or sisters of an officer who may be drowned, or meet with a violent death, in the execution of his duty, and who does not leave a widow or child. To be eligible for such a compassionate allowance it must be shown that the mother or sisters were dependent on the officer, and are in distressed circumstances.

IX. The regulations and conditions under which all such compassionate allowances are to be awarded will be analogous to those prescribed for the military service.

INDIA.

The following article is compiled principally from the 'Imperial Gazetteer of India,' New Edition; the statistics have been brought up to date as far as possible.

Physical Features of India.—By India is meant not merely that great triangular peninsula, the base of which rests upon the Himalayan ranges and the sides of which are washed by the Arabian Sea on the west and the Bay of Bengal on the east, but also the vast entourage of mountainous plateaux across which, through all historic ages, its land approaches have been found. Physically, economically, and politically, the India of to-day is held to include those outlying territories over which Indian administration extends its control, even to the eastern and southern limits of Persia, Russia, Tibet and China.

Two great Divisions.—There are two great divisions of India—first, the extra-peninsular area of highland and lowland; second, the true peninsula. The former includes the more recently elevated plains and peaks of Baluchistan, Kashmir, the Himalayas, and Burma; the latter, which includes the great depression of the Indo-Gangetic plain, is the ancient India of the dim geological past—the India of old-world fable and of English history.

Physical Aspects.—The continent of India extends from the eighth degree to the thirty-seventh degree of north latitude, that is to say, from the equatorial regions to within the temperate zone. It presents extraordinary variety in its physical aspects. In the north rise magnificent mountains bound by snowfield and glacier in eternal solitude. At their feet lie smooth wide spaces of depressed river-basins, either sandy, dry, and sun-scorched, or cultivated and water-logged under a steamy moisture-laden atmosphere. To the south spreads a great central plateau, where indigenous forest still hides the scattered clans of aboriginal tribes, flanked on the west by the broken crags and castellated outlines of the ridges overlooking the Indian Ocean, and on the south by gentle, smooth, rounded slopes of green upland.

Dimensions and Area.—Roughly speaking, the length from north to south is equal to the greatest breadth, about 1,900 miles. According to the revised areas adopted in the census of 1921, the Indian Empire contains 1,805,332 square miles of country, and is therefore greater by 40,000 square miles than the whole of Europe, excluding Russia.

Sulaiman and Kirthar Mountains.—Westwards from the Indus Valley plains, and facing the Aravalli Mountains, the Sulaiman Mountains shut off North Baluchistan from the Punjab. Stretching southwards from these the Kirthar range, dividing Sind from Baluchistan, presents for hundreds of miles to the Karachi frontier impassable walls of great natural strength. At points transverse lines of drainage open up ways more or less constricted; such are the passes of Mula, Mashkat and Bolan. At one point opposite to Jacobabad in Sind a deep indentation or bay, the Gandava Basin, opens the way to Quetta which lies in an open plain 5,500 feet above sea-level.

Pathan Frontier.—The Sulaiman ranges extend northward to the Gomal river which, politically, marks the northern limit of Baluchistan. Northwards stretch the narrow irregular border districts of the Pathan frontier, now known as the North-West Frontier Province. The country is all mountainous, and through it there run the chief passes into Afghanistan — the Gomal, the Tochi, the Kurram and the Khyber. Parting the Kurram and Khyber valleys almost at right angles runs the great transverse Safed Koh range, a southern offshoot of which separates the Kurram and the Tochi.

Afghanistan.—Behind and beyond these bands of border mountains lies Afghanistan, which slopes gently downwards from north-east to south-west but is never lower than 1,500 feet above sea-level. Four great river basins drain the country—the Kabul in the north-east, the Oxus on the north, the Helmand in the centre and south-west, and the tributaries of the Indus westwards. The country is in parts exceptionally fertile and some of its valleys are visions of luxuriant beauty. The northern hills are rich with verdure, their summits crowned with pines.

Hindu Kush Mountains.—The Hindu Kush mountains, flanking the northern province of Afghanistan, have several depressions which form comparatively easy byways between north and south, the most famous of which is the Hindu Kusht ('dead Hindu'), leading from the Oxus basin to Kabul, over which Alexander the Great led his Greek soldiers. But the approaches to this range from the north are inconceivably difficult, thus forming the real northern mountain barrier of India in this direction. Near Herat, in the far west, there exists the only break in the otherwise continuous and formidable wall of mountains which traverses Asia from the Behring Straits to the Caspian Sea. Near Herat it is possible to pass from the Russian outposts and railway system into India without encountering any formidable altitude—and this is possible nowhere else.

The Pamirs.—The crest of the Hindu Kush pushes forward to the Little Pamir, of which it forms the southern boundary, and unites at the extreme eastern limits of the Pamir with two other gigantic mountain ranges; one, running northward, separates Russia from China; the other, running south-east (under the name of Muztagh), divides again into two mighty arms—the Kwen Lun range eastward and the Himalayas south-eastward. These enclose between them the rugged and elevated horn of North-Western Tibet, parting those desolate uplands from Chinese-Turkestan on the north and from the Trans-Indus borderlands of Kashmir on the south-west.

Jammu and Kashmir.—The mountainous Kashmir country is traversed from south-east to north-west by the Indus, which suddenly, near Gilgit, turns to the south-west towards the plains of Peshawar through wild unapproachable mountain districts as yet only partially explored. North-west of the bend are the passes from Gilgit into Chitral and to the Pamirs. Southwards are the valleys of Buner, Swat, and Bajaur. To the west stretch the long offshoots of the Hindu Kush; to the north the Muztagh and its extension the Karakoram.

The Himalaya Mountains.—The great bend of the Indus in Kashmir is caused by the initial peaks of the Himalaya Mountains, no part of which lies beyond the river either north or west. Literally the name is equivalent to 'the abode of snow'; the mountains were known to early geographers as Imaus or Himaus and Hemodas. From the great peak of Nanga Parbat (26,182 feet) in Kashmir, the Himalayas stretch in a broad mass, 100 miles wide, eastward for 1,500 miles through 20° of longitude, in a curve which has been compared to the blade of a scimitar, the edge facing the plains of India. Barely one-third of this vast range is known with any degree of accuracy.

Himalayan Passes.—The main passes across the Himalayas may be divided into three groups. The Shipki group, marked by the passage of the Sutlej River, makes the line of connection with Tibet and probably determined the position of Simla. There is a well-engineered road for a considerable part of the length, but as a trade route it has never proved a success. The Almora group which determined the position of Naini Tal and Almora forms a line of communication through which traffic is maintained chiefly by the agency of sheep as transport animals. A little to the east of this group the River Gogra effects an opening. The third group crosses the northern barriers of Sikkim from Darjeeling to Southern Tibet and Lhasa. None of these passes at present contributes anything material to the commercial prosperity of India.

Brahmaputra and Indus.—On the north-west the Himalayas are enclosed by the Indus river; on the north-east by the Brahmaputra, which rises from nearly the same central point as does the Indus. The two rivers form deep troughs at the back of the Himalayan system during their earlier and glacier-fed stages of existence. They are the natural drains of this gigantic ice-bound district, pouring their glacial floods in opposite directions to either side of India. Their deeply eroded valleys are, however, but scratches on the vast surface of the elevated region of which the Himalayas form the abutment.

Assam.—Between the Eastern Himalayan system and Northern Burma lie the Assam Hills and plateaux, the Garo, Khasi, Jaintia and Naga Hills, probably a part of the ancient mainland of Jurassic times which extended to Africa. There are comparatively wide undulating uplands with cliff-bound edges and spurs radiating from them in irregular formation. River and mountain combine to form an unending panorama of scenic beauty similar to that of Burma. Terraced gardens for the growth of tea climb the hillsides or fill up the undulations of the river bank; there are enormous tracts of waste country and vast impenetrable jungles.

Burmese Hills.—The Burmese Hills, which flank the Brahmaputra bend, and the Chindwin river, are of newer formation. Folding and curving like waves of the sea, the hills reach down the western coast of Burma till they terminate southwards in the Arakan Yoma which parts the Irrawaddy basin from the narrow littoral of the Bay of Bengal. So stiff, so steep, and so forest-covered are these solid waves that they have so far proved an insurmountable stumbling block to railway engineering.

Upper and Lower Burma.—Beyond them to the east the Chindwin, Irrawaddy and Salween rivers form delightful valleys full of cultivation. Orchid-bedecked forests and undulating wheat-covered plateaux are the chief characteristics; the intersecting drainage lines are deep and steeply enclosed, making it difficult to cross, and railway construction is almost impossible. Lower Burma, with a more humid atmosphere, is inimical to European existence; the productive soil of the great deltas of the Irrawaddy and Salween ensures its wealth on easy terms of agricultural labour.

Indo-Gangetic Depression.—In some respects the Indo-Gangetic Depression is the most important physical feature of India. Within the Ganges basin have ever been founded the chief kingdoms, the most ancient cities, the earliest centres of civilization, of industry, and of wealth. From the delta of the Ganges to the delta of the Indus stretches a strange wide depression within which is not to be found a boulder nor even a pebble, to break the monotony of its alluvial surface.

Basins of the Ganges and Mahanadi.—The total length of the Ganges is 1,550 miles. The heat-stricken plains of its basin have given India its colouring in history, and from them are derived the popular conception of the India of the last century. The thick humid atmosphere of the Gangetic basin makes all the land green with vegetation—rice-fields, mango groves, tamarinds, and palms—until the river widens out into the deadly swamps and flats of the Sundarbands. The basin of the Mahanadi is separated from the plains of Lower Bengal by a broad band of hill country, but it differs very little from them in most essential physical characteristics. The delta forms the chief feature of the fertile flats of Orissa.

Indus Basin.—The Indus plain presents an aspect of flat treeless landscape, a broad grey sea expanding to a level horizon, though not so

very long ago forests grew on the Indus. The disappearance of the forests has greatly changed the meteorological conditions. Nowadays the rainfall is scanty, and the heat from April to July is occasionally terrific. The hot dry climate prevents the growth of the vegetation which is found in the reeking atmosphere of Bengal; tamarisk and other scrub fringe the river banks. Irrigation is gradually changing this, and there are green spots which are once again surely altering the character of the landscape if not of the climate also. The frontier stations below Kohat form oases in the desert, but their humidity, born of excessive irrigation, renders them unhealthy even in the midst of the dry desert air.

Rivers of the Punjab.—All the rivers of the Punjab have their sources in the Himalayas, but the Indus and its most important tributary, the Sutlej, alone rise beyond the northern range. Between these two rivers are three other great tributaries of the Indus, the Jhelum, Chenab, and Ravi. These three rivers, with the Sutlej and its tributary, the Beas, all flow from the Kashmir Mountains, and form the five rivers which give the name Punjab to this district. From the natural reservoir in Kashmir these rivers roll down their mud-coloured flood in the snow-melting time, or wind in snaky twists about the floor of their wide beds in the cold season in ever-changing channels which completely baffle the restraint of engineering science.

The Indian Desert.—Between the Indus and the Aravalli Mountains lies the Thar or Indian Desert, extending for 300 miles in width, arid, hot and desolate, yet said to be bracing and wholesome beyond any other part of India. Sand-dunes from 50 to 100 feet high are ranged in curves which move in obedience to the westerly winds; there is little vegetation and only a single river-bed of any importance, that of the Luni, draining the northern slopes of the Aravallis. The desert terminates in the Rann of Cutch, a broad depression, once wholly covered by the sea, now chiefly dry land; a salt, barren, blinding waste of sand, where only the wild ass can thrive These wastes are of recent formation and may again return to the sea. Kathiawar, which borders the Cutch is possibly of as ancient formation as the Aravallis, but south of it in the Gulf of Cambay, and northwards beyond the mouths of the Indus and on the coast of Makran, the process of silting is proceeding apace owing to the influence of the south-west monsoon currents and the action of the rivers. Parts of Kathiawar have yielded to the sea, especially in the neighbourhood of Dwarka, and there are traditions of islands, further south, fringing the coast, which have altogether disappeared.

Narbada and Tapti Rivers.—The Narbada and the Tapti further south, flowing into the Gulf of Cambay, form an exception to the general rule which governs the course of the rivers of the Peninsula, inasmuch as they flow from east to west in comparatively deep and narrow valleys. They only remain of the river-system of the submerged western continent. They divide the plains of the Vindhyan system from the Deccan traps and the central plateaux. The two rivers are separated from one another by the Satpura hills which are thickly clad with forest.

The Deccan.—South of the Tapti river commences the Deccan, a great three-cornered upheaval, sloping gently from the Western Ghats (3,000 feet) to the Eastern Ghats, overlooking the Bay of Bengal. It consists of wide rust-coloured plains streaked and dotted with hills with intervening bare patches or stunted forests. In the gneissic regions, granite tors and bosses, sometimes of immense size, frequently stud the plains. Black soil, locally known as 'cotton soil,' prevails near the rivers, and there is no more productive soil in India. The highlands are drained by the Godaveri, Kistna, Cauvery and Penner with their countless tributaries. Fringing this plateau on either side is a narrow strip of coast land comprising the lowlands of Bombay on the west and of Madras on the east, which form the India known to mediæval tradition, and it was on them that the sea-faring foreigner, pushing forward his commercial interests, first set his foot.

Western Coast.—The Western Ghats south of Bombay have their seaward slopes clothed with dense forests, and the intersecting valleys are filled with luxuriant vegetation nourished by sea-borne mists and vapours. The lowland coast strip is known as the Konkan, Kanara and Malabar. In the district of Malabar the Ghats merge into the Nilgiris (Blue Hills) 7,000 to 8,000 feet high, at the apex of the triangle of the Peninsula, then drop suddenly into the Palghat Gap. Beyond the Gap the Ghats continue southwards through the Anaimalai group to Cape Comorin. A warm climate and an abundant rainfall (80 to 100 inches annually in the neighbourhood of the Nilgiris) give an abundance of natural flower growth and an indigenous sub-tropical vegetation. Imported Australian trees, eucalyptus, wattle, &c., thrive here.

Eastern Coast.—From these hills to the eastern coast, known as the Coromandel coast, stretches an expanse of lowland 100 miles wide, which forms the richest section of the Madras Presidency. The western boundary is formed by the Eastern Ghats which start from the apex near the Nilgiris and conform to the bend of the coast line until they reach the watershed of the Narbada and Mahanadi basins. All the rivers of Central and Southern India break through the range on their way to the Indian Ocean; the deltas of the Godaveri and Kistna and of the Cauvery, with their systems of irrigation, form a remarkable feature in the economic geography of Madras. The rainfall is about 40 to 50 inches; rice and palms are cultivated and a highly developed system of irrigation is employed. Here are found busy centres of native culture and industry, where alone throughout the breadth and length of the continent are seen evidences of a really indigenous native art. The strip of maritime territory between Cape Comorin and the Mahanadi basin, known as the Carnatic, has a humid enervating atmosphere but faintly relieved by the freshness of the sea. The climate and easy abundance of food tell against physical development, and the swarming, indolent, rice-eating population contribute little to the strength of the Empire.

Southern Limits.—In the extreme south the Southern Ghats shut the districts of Tinnevelly and Madura from the western maritime state of Travancore. Tinnevelly and Madura consist mostly of open red, treeless plains, with isolated hills and masses of rocks, presenting a desolate appearance. Groves of palmyra and coco-nut flourish near the coast and along the river-banks. Travancore is very picturesque with undulating country and magnificent primæval forests on the Ghats, and one unbroken mass of coco-nut and areca palms in the maritime lowland strip The rainfall is abundant, giving effects of climate and scenery like those of Ceylon.

Ceylon.—The Southern Island of Ceylon is a Crown Colony, politically separated from India. It is geographically connected with the continent by Adam's Bridge, in which are two narrow passages for ships passing between Palk Strait on the north and the Gulf of Manaar on the south. The Manaar passage is navigable for small boats, the Pamban admits vessels drawing 10 feet of water. The Indian coast line is broken by shoals, rocks and reefs, with many evidences of the submergence which separated the Island from the mainland.

Andaman and Nicobar Islands.—The Andaman and Nicobar Islands with the Preparis and Cocos groups are formed by the summits of a submarine range extending in a curve for 700 miles, connected with the Arakan Yoma of Burma and Sumatra. The convict settlement of Port Blair in the Andamans forms the chief interesting feature.

Maldive and Laccadive Islands.—The Maldive and Laccadive Islands, with Minicoy ying midway between them, are the visible remains of a great submerged Indo-African continent. Between the Maldive Islands and the Seychelle Islands, which are connected with Madagascar and Africa by comparatively shallow waters, there exists a submarine bank which cuts off the deep ice-cold currents of the Antarctic from the Arabian Sea. The Laccadive Islands are part of the Madras Presidency. The Maldive Islands belong administratively to Ceylon.

Aden and its Dependencies.—The peninsula and isthmus of Aden on the south coast of the province of Yemen, Arabia, with the island of Sirah and the peninsula of Jebel Ihsan, or Little Aden, and Sheikh Othman, are British territory. Aden consists of a huge crater walled round by precipices, the highest peak being 1,775 feet above the sea. In spite of the high average temperature, Aden is not an unhealthy station for troops, and is exceptionally free from infectious diseases and epidemics; it is unfit for long residence. The rainfall varies from ¼ inch to 8¾ inches, with an irregular average of 3 inches. Water for drinking purposes is largely obtained by condensation. Attached to the settlement are the islands of Perim, a volcanic island in the Straits of Bab-el-Mandeb, Sokotra, a coaling station, in the Arabian Sea, and Kuria Muria, on which are large guano deposits.

Mergui Archipelago.—These Islands, which are of wild, fantastic and picturesque beauty, lie off the Mergui coast, Tenasserim. Mangroves grow extensively round the coasts of the northern islands; the pearl fisheries are important, and tin is believed to exist in some of the islands. Edible birds' nests are obtained on almost every rocky island.

Foreign Possessions.—The only possessions held in India by European powers, other than Great Britain, are (1) Goa, Daman and Diu Island, on the west coast, belonging to Portugal, (2) Pondicherry, on the south-west coast, Chandernagore on the Hoogly, Karikal on the Cauvery, Yanaon on the Godavari and Mahe on the west coast, belonging to France.

Ethnography.—India is a mosaic of races, religions and languages, having nothing in common with each other, and this segregation is carried to an indefinite extent by the isolating institution of caste. The differences between the countries of India are not less than those between the countries of Europe, and the diversities of religion and race are not less wide in India than in Europe. The Madrassi differs widely from the Sikh, and the languages of Southern India are quite as unintelligible in Lahore as they would be in London.

Seven Main Types.—The Ethnographic Survey of the peoples of India is still in progress, but analysis of the data up to the year 1905 renders it possible to distinguish provisionally three main classes — Aryan, Dravidian and Mongoloid—in opposition to the older theory that divided the population into two classes—Aryan and aboriginal. Composing these three great classes are seven main physical types—the Dravidian, Turko-Iranian, Indo-Aryan, Scytho-Dravidian, Aryo-Dravidian, Mongolo-Dravidian and Mongoloid.

Dravidian.—The Dravidians may be regarded as the earliest inhabitants of India of whom we have any knowledge. It is the oldest and most primitive of all the types, and occupies the oldest geological formation in India, Madras, Hyderabad, the Central Provinces, most of Central India, and Chota Nagpur. Labour is the birthright of the Dravidian; he is recognizable by his black skin, squat figure, long head, and the negro-like proportions of his nose.

Turko-Iranian.—The Turko-Iranians are represented by the Baloch, Brahui, and Afghans of Baluchistan and the North-West Frontier Province, and are the result probably of a fusion of Turki and Persian elements in which the former predominate. The stature is above the mean, complexion fair, eyes mostly dark, hair on face plentiful, head broad, nose moderately narrow, prominent and very long.

Indo-Aryan.—The Indo-Aryan type is represented by the Jats, Rajputs and Khattris of the Punjab, Rajputana, and Kashmir. The stature is mostly tall, skin a very light transparent brown, complexion fair, eyes dark, hair on face plentiful, head long, nose prominent and narrow but not specially long. Very slight physical differences exist between the higher and lower groups of the social scale, and the bonds of caste are less rigid than elsewhere. The type shows practically no signs of having been modified by contact with the Dravidians. It is supposed that the race advanced by slow degrees from the north-west as climatic conditions made it necessary, through tracts, once fertile but now desert, lying towards the south-east of Persia and Central Asia.

Scytho-Dravidian. — The Scytho-Dravidian type comprises the Maratha Brahmans, the Kunbis and the Coorgs of Western India, and is probably formed by a mixture of Dravidian elements with Scythian invaders from Central Asia westwards into the Punjab, Sind, Gujarat, Rajputana and Central India. The type is clearly distinguished from the Turko-Iranian by a lower stature, a greater length of head, a higher nasal index, a shorter nose and a lower orbito-nasal index.

Aryo-Dravidian. — The Aryo-Dravidian or Hindustani type is found in the United Provinces, parts of Rajputana and in Bihar, and is probably the result of the intermixture, in varying proportions, of Indo-Aryans and Dravidians. The complexion varies from lightish-brown to black, the head-form is long, and the nose broader, and the stature less, than among the Indo-Aryans.

Mongolo-Dravidian or Bengali.—The Mongolo-Dravidians or Bengalis of Lower Bengal, and Orissa, comprise the Bengal Brahmans and Kayasths, the Muhammadans of Eastern Bengal, and other groups peculiar to this part of India. The type is probably a blend of Dravidian and Mongoloid elements with a strain of Indo-Aryan blood in the higher groups. The head is broad, complexion dark, stature and nose medium, and hair on face plentiful. This is one of the most distinctive types in India; the physical degeneration that has taken place may be due to a relaxing climate, enfeebling diet and early marriage.

Mongoloid. — The Mongoloid type of the Himalayas, Nepal, Assam and Burma is represented by the Kanets, Lepchas, Limbus, Murmis, and Gurungs, the Bodo of Assam and the Burmese. The head is broad, complexion dark with a yellowish tinge, hair on face scanty, stature short or below the average, nose fine and broad, face flat and eyelids often oblique.

The Operation of Caste.—There is a remarkable correspondence, in all parts of India except the Punjab, between variations of physical type and differences of grouping and social position. This is due to the operation of the caste system. Nowhere else in the world do we find the population of a large sub-continent broken up into an infinite number of mutually exclusive aggregates, the members of which are forbidden by an inexorable social law to marry outside the group to which they themselves belong. Whereas all the nations of Europe are the result of a fusion of a number of distinct tribal types into a more or less definable national type, in India the process of fusion was long ago arrested, and the degree of progress which it had made up to the point at which it ceased to operate is expressed in the physical characteristics of the groups which have been left behind. There is consequently no national type and no nation in the ordinary sense of the word.

Definition of Caste.—A caste may be defined as a collection of families or groups of families, bearing a common name, which usually denotes, or is associated with, a specific occupation; claiming common descent from a mythical ancestor, human or divine; and professing to follow the same calling. A member of the large circle denoted by the common name of the caste is invariably prohibited from marrying outside that circle, but within the circle there are usually a number of smaller circles to each of which the same prohibition applies. Thus a Brahman cannot marry any woman who is not a Brahman, and his wife must be chosen from the same endogamous division of the Brahman caste.

Evolution of Caste.—The census of 1901 showed that there were 2,378 main castes and tribes. There is throughout India a tradition that originally there were four castes, and everywhere the Brahman or priest heads the list. The boundary of a caste may be said to be fixed by the rule restricting intermarriage, but its social status depends on the nature of the occupation of its members and their habits in respect to diet. Caste restrictions impose many disabilities, a sign of which is the energy with which a number of Hindu communities endeavour to improve their position in the social scale accorded to them by their co-religionists by imitating Brahman ways as far as possible. To facilitate the process, the name of the caste is changed, degrading callings are given up, vegetarianism is adopted and Brahmans of the less scrupulous kind are invited to officiate at domestic ceremonies. The members of the new sub-caste hold themselves aloof from former equals and look among other sub-castes for brides for their sons and husbands for their daughters. In this way new sub-castes and even new castes are constantly originating, and the almost insensible transformation, by various agencies, of tribes into castes can to-day be traced all over India.

Influence of Environment. — To the racial differences before described must be added variations due to environment which have been developed during the course of many centuries. In the north-west the dry climate and incessant struggles with man and nature have combined to produce a brave, hardy race of good physique, while the easy life in the steamy and fertile rice plains of the Gangetic delta, though encouraging a rapid increase in numbers, has sapped energy and stunted growth.

Condition of the People.—The native of India is, with a few marked exceptions, of slighter build and weaker frame than the European; his diet, often from choice and often from necessity, is wholly or mainly vegetarian; he is deficient in energy and capacity for sustained labour; his earnings are much smaller, but his wants are simpler and more easily met—food grains are cheap, rents low, houses inexpensive, and clothing is often a matter of decency rather than of necessity. The normal rate of mortality is high, especially among young children, owing to ignorance and prejudice, and in years of drought it rises still higher, not so much on account of direct deaths from starvation, as through dysentery and diarrhœa, due to the eating of improper food, general debility, and the epidemics of cholera so frequent in famine years.

Population and Area.—According to the revised areas adopted in the census of 1921, the Indian empire contains 1,805,332 square miles of country. The Provinces under British administration comprise 1,094,300 square miles, or 61 per cent. of the whole, and the aggregate area of the Indian States is 711,032 square miles, or 39 per cent. The population, as recorded for the census taken in March, 1921, was 318,942,480 persons, or about one-fifth of that of the whole world, of whom 247,003,293 were enumerated in British territory and 71,939,187 in the Indian States.

Statistics relating to the population of India, including the Indian States, will be found in the Statistical Abstract published yearly.

Average Density.—As a whole, the average density (according to the census of 1921) is 177 persons to the square mile; 226 per square mile in British territory and 101 in the Indian States. There are great local variations. In nearly two-thirds of the districts and States the number of persons to the square mile is less than 200, and in about a quarter it ranges from 200 to 500. The units with less than 100 persons to the square mile cover two-fifths of the total area, but contain only one-eleventh of the population, while those with more than 500, though their area is only one-eleventh of the whole, contain one-third of the population.

Highest Density.—The greatest density of population is found in the great Gangetic plain, and the next greatest in the narrow maritime coast strips of the Peninsula. Rainfall and irrigation, tempered by the character of the land and the influence of climate, are the causes of the high density in certain areas. Overcrowding is but a relative term, and one of the most prosperous and progressive tracts in the Empire is the densely inhabited portion of Eastern Bengal.

Urban Population.—Rather less than one-tenth of the people live in municipalities and cantonments of over 5,000 inhabitants, and of these more than one-half are found in places of over 20,000 inhabitants. Towns are undoubtedly growing in both number and population owing to the expansion of industries, such as cotton and jute mills and railway workshops, and the developments due to improved means of communication. Only 33 cities, however, have a population of more than 100,000, as compared with about 44 such towns in England.

Increase of Population.—Since the first systematic attempt to ascertain the population of India, between 1867 and 1872, the numbers have grown steadily by 23 per cent. in 1872–1881, 13 per cent. in 1881–1891, 2·5 per cent. in 1891–1901, 7·1 per cent. in 1901–1911, and 1·2 per cent. in 1911–1921, that is from 206,162,360 in 1867–1872 to 318,942,480 in 1921. In considering the proportional variations, allowance must be made for greater accuracy in later enumerations, and for the increase due to the inclusion of new areas within the scope of the operations. The population of the areas dealt with for the first time in 1921 is 86,533.

The following table compares the results of the census of 1911 with those of the census of 1921:—

	In 1911.	In 1921.	Increase or Decrease, 1911–1921.	Percentage, 1911–1921.
British Provinces	243,933,178	247,003,293	+3,070,115	+1·3
Indian States	71,223,218	71,939,187	+715,969	+1·0
Total	315,156,396	318,942,480	+3,786,084	+1·2

Occupations.—According to the census of 1921, 73 per cent. of the actual workers of India are engaged in agricultural pursuits. The preparation and supply of material substances affords a means of livelihood to 18 per cent. of the population (actual workers), of whom 10 per cent. are employed in industries, 1 per cent. in transport, and 6 per cent. in trade. The extraction of minerals supports only 2 persons per mille., public administration 8, the public force 7, the professions and liberal arts 16, and domestic service 14 persons per mille. Division of labour is practically unknown in India; the devolution of occupation from father to son, so closely bound up with the caste system, is perhaps the most striking feature in the functional distribution of the people of India, though of late years the influence of heredity on function is growing weaker. All paths of employment are now open to high and low alike; education is no longer the prerogative of the higher castes, and people are thus beginning to desert the avocations of their ancestors in favour of others which they regard as more remunerative or more respectable.

Religions.—In the census of 1921 the population is classified as follows:—

		Adherents.
Indo-Aryan ...	Hindus ...	216,734,586
	Buddhists ...	11,571,268
	Sikhs	3,238,803
	Jains	1,178,596
Primitive	Animistic ...	9,774,611
Iranian	Zoroastrians ...	101,778
Semitic	Musalmans ...	68,735,233
	Christians ...	4,754,064
	Jews	21,778
Miscellaneous ...	Minor religions and religions not returned	18,004
Total		316,128,721*

* Religion was not recorded in the case of 2,770,666 persons in the North-West Frontier Province, and 43,095 in certain tracts in Burma.

These figures show the mass of the population to be divided between the Hindu and the Muhammadan religions, the proportion being about 1 Muhammadan (Musalman) to 3 Hindus. Of the Buddhists nearly 97 per cent. are found in Burma. The numbers of the various religions in each province, State, and agency, and further statistics showing the distribution of the whole population according to religion will be found in the Statistical Abstract.

Languages.—Excluding the Gilgit Agency in Kashmir and the Tribal areas of the North West Frontier Province, where a language census was not taken, it was found in 1921 that there were 222 distinct languages recorded as vernacular in the Indian Empire. Of this number 145 belong to the Tibeto-Chinese family, 25 to the Indo-European, 14 to the Dravidian, and 17 to the Austro-Asiatic, the remainder are unclassed. The languages of the Tibeto-Chinese group are spoken by about 13 million persons, or about 4 per cent. of the population. They predominate in Burma, the Assam hills, and in a portion of the Himalayan area. The indigenous languages of the Indo-European family belong to the Aryan sub-family. This has two branches—the Indian and the Eranian. The languages of this group are spoken by nearly three-fourths of the total population of India. They are current everywhere except in Burma, the Assam hills, and the part of the peninsula which lies south of the line extending roughly from Kolhapur to Puri. The Indian branch includes the Sanskritic languages—Hindi, Bengali, Rajasthani, Gujarati, Panjabi, Oriya, Marathi, and others, spoken by nearly 230 million people. Baloch and Pashto are the chief languages belonging to the Eranian branch. In the south of the peninsula Dravidian languages are spoken almost universally. This group comprises Tamil, Malayalam, Kanarese, Telegu, and a number of others, spoken by over 64 million people. The Austro-Asiatic family claims about 4·5 million speakers. It has two local sub-families, the Mon-Khmer and the Munda. The principal members of the former are Mon or Talaing in the neighbourhood of Rangoon, Khasi in the centre of the Assam range, and Palaung and its allied dialects in the neighbourhood of the Salwin—each with about one-fifth of a million speakers. Of the Munda sub-family whose main habitat is the Chota Nagpur plateau, Kherwari (3.5 million speakers) is the most important language.

Hindustani.—Hindustani is spoken over the whole of the north and west of continental India as a second language, or *lingua franca*, used alike in the court and the market-place by every one with any claim to education. Urdu is that form of Hindustani which is written from right to left in the Persian character; it makes a free use of Persian (including Arabic) in its vocabulary. The Hindi form of Hindustani is written from left to right in the Devanagari characters. Rekhta is the form of Hindustani used in poetry; Dakhani is the form used by Musalmans in the Deccan, it is written like Urdu, but is not so much Persianized.

Education.—In 1911 it was found that only 59 per thousand of the people could both read and write, viz., one male in 9.5, and one female in 96. In 1921, 82 per 1,000 were literate, 1 male in 7 and 1 female in 48. It is probable that these proportions are somewhat smaller than is really the case. Burma, with its extensive system of indigenous free education imparted by the monks, easily holds the first place, one-half of its male and one-ninth of its female population being able to read and write, but the number of really educated people is probably smaller here than in any other province. There are more literate persons among the people who speak the Dravidian and Mongolian languages than among those whose vernaculars belong to the Aryan family. The Parsis are the best educated, with nearly three-fourths of their total able to read and write. Then come the Jains with 30 per cent., then the Buddhists and the Christians with nearly 29 and 25 per cent. respectively. The Sikhs and Hindus have each about 6 per cent., the Muhammadans over 4 per cent., and the Animists only ½ per cent. 160 males and 18 females per 10,000 of the total population were literate in English in 1921 as compared with 95 males and 10 females per 10,000 in 1911.

The number of scholars in public and private institutions and fuller statistics showing the distribution of population according to religion and education will be found in the Statistical Abstract.

Meteorology.—India probably presents a greater variety of meteorological conditions, actions and features, than any area of similar size in the world. The normal annual rainfall varies from 426 inches at Cherrapunji, in the Assam Hills, and from between 300 and 400 inches at exposed positions on the Western Ghats and the Arakan and Tenasserim Hills, to less than 3 inches in Upper Sind. In 1861 a rainfall of 905 inches was measured at Cherrapunji, while at stations in Upper Sind it has been nil. A rainfall exceeding 25 inches in 24 hours is of occasional occurrence, and falls exceeding 15 inches are comparatively frequent.

The Monsoons.—The primary fact in the meteorology of India is the alternation of seasons known as the south-west and north-east monsoons. The former is a season of winds of oceanic origin, of high humidity, and of frequent and heavy rain over the whole area; the north-east monsoon is a season of winds of continental origin and great dryness. From this point of view the terms wet and dry monsoons seem to be more appropriate. The causes of the monsoons are many and complex, but the fundamental facts that underlie the explanation of their origin are the differences of temperature in the winter and summer months between Central and Southern Asia, and the Pacific and Atlantic Oceans in the same latitudes.

Dry Monsoon.—The dry monsoon lasts from about the middle of December to the end of May, and may be divided into two periods, one of comparatively low, the other of increasing and high, temperature. The former, the cold

weather of Northern India, includes the months of January and February, the latter extends from March to May.

Wet Monsoon.—The wet monsoon may also be divided into two periods: the first, from June to September, is the monsoon proper, when general and heavy rain falls occasionally or frequently in nearly all parts of India; the second is the retreating monsoon period, lasting from October to December, when the area of rainfall contracts southwards and the intensity and volume of the fall diminish.

Normal Rainfall.—The following gives a statement of the mean or normal rainfall in India, derived from the average data of about 2,000 stations distributed somewhat unequally over the whole of the country:—

	Inches.
Cold weather (January—February)	0·99
Hot weather (March—May) ...	4·58
South-west monsoon (June—September)	34·65
Retreating south-west monsoon (October—December)	4·95

The rainfall of the first half of the wet monsoon is much less valuable and effective, on the whole, for agricultural purposes than the rainfall of the second half. It is essential that there should be occasional to frequent rain in August and September and occasional rain in October, in order to bring the chief food crops to perfection. An abrupt termination of the rains in August may cause the whole of the rice crop in a province to fail to come to maturity. In North-Western and Central India not only may the rains of the south-west monsoon fail more or less completely, but also the preceding or following cold-weather rains, and failure of the first is, in about two cases out of three, accompanied by failure of the second. This double drought is most disastrous.

Average Temperature.—Temperature is perhaps, next to rainfall, the most important feature of meteorological observation in India from the economic standpoint. The highest day temperatures usually occur in Northern India in the month of May. The hottest area is the Pat desert of Upper Sind, of which Jacobabad is imperfectly representative, and after that, the adjacent tracts including the South Western Punjab and North Western Rajputana. At Jacobabad, in seventeen out of twenty years, the highest day temperature ranged from 117° to 126°; the average mean temperature at this station for the year is 80°·4. The average mean temperature at other stations in the plains varies between that of Jacobabad and 71° at Rawal Pindi. In the hill stations the average mean varies from 42°·6 at Leh to 70°·4 at Pachmarhi.

Agriculture.—The soil of India for agricultural purposes may be divided into three great classes:—Alluvial tract, Deccan trap, and crystalline tract. The alluvial tracts are the most extensive and the most important; they occupy the greater portions of Sind, Gujerat, Rajputana, the Punjab, the United Provinces, Bengal, the Godaveri, Kistna, and Tanjore Districts of Madras, extensive parts of Assam and Burma, and the maritime strips and river courses of the Peninsula. Water is found at moderate depths, but in some parts of the Punjab and the United Provinces the wells are deep. Alluvial soils are generally suitable for irrigation; with moderate and well-distributed rainfall a great variety of autumn and spring crops can be grown.

The Trap Soils.—The Deccan trap covers the greater portion of Bombay, the whole of Berar, one-third of the Central Provinces, and one-half of Hyderabad. The fertility of the soil varies to an extraordinary degree; the rich black cotton-soil is highly retentive of moisture, and this is the only kind that is generally adaptable for irrigation purposes. Canals and tanks are not suitable for irrigation in the broken country of the Deccan trap areas, but a considerable area is cultivated under wells, and this represents some of the highest farming in the country.

Crystalline Tracts.—The crystalline tracts occupy the remainder of the Peninsula area, including Madras and Mysore, as well as a long strip along the coast of Southern Burma. The soils vary considerably; the more fertile districts are irrigated with advantage from tanks and wells, and will, under suitable conditions, repay the cost quite as well as the alluvial soils. Rice forms the chief product, though the best soils are suitable for a large variety of crops.

Conservation of Manures.—The chief obstacle to the improvement of Indian agriculture is the lack of manure, due to the use of dung as fuel, and the reluctance of the people, owing to their caste restrictions, to make use of many valuable manures. The Government have reserved areas where firewood may be looked for in the future, with a view to removing one of these obstacles; in the forests under State control timber and minor produce are granted free, or at reduced rates, to local residents. Improved sanitary methods, both for towns and villages, in the form of sewage farms, septic tank systems, or the poudrette system, have been the means of enormously increasing the size of crops in some districts, and the better conservation of manure will, with further extension of these systems, greatly benefit agriculture. Mineral manures are not plentiful in India and their cost is high.

Rotation of Crops.—The practice of regular rotation of crops is followed in many parts of India, whilst the common Indian system of mixed crops serves in many respects the same purposes. This latter practice is undoubtedly successful and profitable, and it enables the cultivator in an unfavourable year to minimise the risk of total failure of his crops. The pulse crop is in every province mixed with other crops; it enriches the soil with nitrogen, and its long tap-roots enable it to withstand drought.

Principal Crops.—The principal crops are rice, wheat, millet (two types, jowar and bajra), pulse (gram or chick-pea), oil-seed (sesamum, linseed, rape, mustard, castor, ground-nut, poppy-seeds, and coco-nut seeds), sugar-cane, cotton, jute, tobacco, opium-yielding poppy, pepper, tea, coffee, cinchona (for quinine), indigo, and many kinds of vegetables and fruits. Rice is grown on

one-third of the cropped area in British India and wheat on about 10 per cent. The areas under cultivation will be found in the Statistical Abstract.

Draught and Dairy Cattle.—In India cows are kept chiefly to produce work cattle, and milk is obtained largely from buffaloes. Camels are employed for tillage to some extent in Northern India, but agricultural operations as a whole, and also the transport of goods by road, mainly depend upon the draught power of bullocks and male buffaloes. In the forests elephants are utilized for removing timber. The sanctity of the cow among the Hindus and the general disinclination to take life results in the maintenance of a considerable number of old and decrepit animals which are the first to succumb during periods of scarcity and famine. Haymaking is not practised by the Indian cultivator and reserve stocks of fodder are not maintained. In the deltaic areas and in rice tracts generally the cattle are miserably weak. Grazing lands are here scarce, and rice straw, which provides little nourishment, is the only fodder available in any quantity. Hides are exported in very large quantities, but their quality is variable. The Government dairy farms and cantonment grass farms are gradually leading up to improved methods.

Sheep and Goats.—Sheep and goats are bred most successfully in areas receiving a moderate rainfall. In peninsular India the shepherds own large flocks with which they wander from place to place. The sheep are generally inferior both as mutton and as wool producers; they are clipped twice a year, and a fleece rarely weighs more than 1½ lbs. Goats are valued for their meat and milk, and in the Himalayas for their hair. The flesh of goats is largely used instead of mutton.

Horses and Mules.—Horses are bred mainly for sale to the Army Remount Department and the police. The purchase of remounts is facilitated, and horse-breeding has been gradually encouraged, by prizes offered at old-established fairs. For many years attention has been given to the breeding of mules for military purposes.

Co-operative Credit Associations.—The agriculture of India is, generally speaking, in the hands of men with small holdings who work mostly on borrowed capital. To minimise the evils of borrowing from private money-lenders the Government has in some districts curtailed the peasant's right to raise money on his land, whilst credit associations of a co-operative character are encouraged. Sums are also advanced by Government for specific purposes at from 5 to 8 per cent. as against the ordinary rate of 24 to 37½ per cent. exacted by the village money-lender. In March, 1905, the year after the passing of the Co-operative Credit Societies Act,* there were altogether 41 societies; for the year 1924–25, there were in British India 62,894 societies, with a membership of 2,594,987. The total working capital available in 1924–25 amounted to approximately £33,398,000. The amount of State aid in loans from the Government in 1924–25 was £544,350.

Agricultural Progress.—Agricultural research and experiment in India are carried out at the Central Agricultural Research Institute at Pusa and by the Agricultural Departments in the Provinces. Considerable progress has been recorded during the last twenty years or so. Improved varieties of wheat, rice, cotton, sugar-cane and other important crops have been brought into existence by research workers or introduced from abroad, and are now grown over wide and increasing areas.

With the introduction of reforms, the subject of Agriculture became transferred; the control of agricultural policy ultimately rests now in the Legislative Council of each province. Ministers, however, are not likely to fail to take advantage of the advice and assistance available from the Central Research Institutions, and in particular of the recommendations resulting from the inquiry undertaken by the Royal Commission appointed in 1925 under the Chairmanship of the Marquess of Linlithgow.

Mines and Minerals.—The high quality of native-made iron, the early manufacture of high-class steels, and artistic products in copper and brass gave India a prominent position in the ancient metallurgical world, while the country is the chief source of the natural nitre which, until it is superseded for most purposes in consequence of modern developments in the chemical industries, was an ingredient of the highest importance in the manufacture of explosives. The chemical manufacturer of Europe, armed with cheap supplies of sulphuric acid and alkali, has also been able to stamp out, in all but remote localities, the once flourishing native manufactures of alum, alkaline compounds, blue vitriol, copperas, copper, lead, steel and iron, and seriously to curtail the export trade in borax. In recent years important progress has been made in the development of modern metallurgical and other industries, but less has been done in this direction than in opening out deposits from which products are obtained suitable for export, or for consumption in the country, by what may be called direct processes.

Coal.—Coal is the most valuable mineral product worked in India, and supports a larger body of labour than any other mining industry. In 1926 over 170,000 persons were engaged in its production. The majority of the workmen follow the vocation of agriculture as well as mining, and return to their homes during the periods of sowing and reaping. The output, which rose from 1,397,818 tons in 1884 to 21,176,600 tons in 1924, amounted to 22,082,336 tons in 1927. The chief sources of Indian coal are the Gondwana coalfields of the Peninsula, the remainder being obtained from seams of Tertiary age in Assam and the Punjab. Gondwana coal is found in the Darjeeling area and in Bhutan and Assam, but the seams are difficult to work. The Jherria coalfield in Bihar and Orissa, and the Raniganj field partly in Bengal and partly in Bihar and Orissa, produce the bulk of the total output. Ceylon, the Straits Settlements and the Philippine Islands are the chief buyers of Indian coal.

* Repealed and replaced by the Co-operative Societies Act, 1912

Mineral Oil.—The petroleum resources of India are confined to the systems of folded rocks at either end of the Himalayan arc; the Iranian system on the west, including the Punjab and Baluchistan and extending into Persia; and the Arakan system on the east, including Assam and Burma and extending into Sumatra, Java, and Borneo. In 1894 the production amounted to 11⅓ million gallons of crude oil; in 1927 it was about 281 million gallons. India imports mineral oil in large quantities, the imports for 1927-28 being over 230 million gallons.

Amber, Graphite, and Mica.—Amber is found in very small quantities in Burma. Graphite is found in small quantities in various places, but little progress has been made in mining it, except in Travancore. India has for many years been the leading producer of mica, exports by sea in 1927 amounting to 77,488 cwt.

Gold.—Gold is washed in small quantities in the river gravels of various parts of India, and it is mined from a rich reef on the Kolar field in the State of Mysore. In 1927 the production of gold amounted to 384,272 ozs., by far the greater part of which came from the Mysore goldfields. Electric power for working these mines is obtained from the Cauvery Falls. There are also gold mines at Hutti in Hyderabad and in the Anantpur district in Madras.

Tin, Copper, Silver, Lead and Zinc.—The only persistent attempt to mine tin is in Burma. The output was for some time insignificant, but in 1924 Burma yielded nearly 2,000 tons. Copper is found in Southern India, in Bihar and Orissa, and in Burma. Important silver-lead-zinc deposits occur at Bawdwin, in Tawngpeng State, one of the Northern Shan States in Upper Burma.

Iron and Steel.—Iron ores are widely distributed in India, but smelting after European methods is confined to the Provinces of Bihar and Orissa and Bengal, where coal is found in proximity to the ore. The manufacture of pig iron has now been established for many years in these Provinces, and during the last four years large steel works have come into existence at Jamshedpur, and are producing several hundreds of thousands of tons of steel annually.

Manganese.—India takes a leading place among the manganese producing countries of the world, the output in 1927 being 1,129,000 tons; 536,000 tons were exported in 1926–27. The deposits occur in the Central Provinces, and Central India, in parts of Madras and Bombay, in Gwalior, and in Southern Burma. In some parts of the Nagpur area the deposits extend for 6 miles, and are 100 feet thick with pure ore.

Salt.—About 2,000,000 tons of salt are consumed annually in India, and of this rather more than two-thirds are manufactured locally. Of the manufactured salt, about 63 per cent. is produced by evaporation from sea water, 28 per cent. from sub-soil water and lakes, and 9 per cent. by mining and quarrying. Deposits of rock-salt are confined to the Punjab and the North-West Frontier Province, and about 150,000 tons a year are here obtained by mining or quarrying. The principal source of supply is the Mayo Mines, near Khewra, in the Salt Range, where the salt deposits have an aggregate thickness of 550 feet, 275 feet of which are of very pure material of a pink or light red colour. The Sambhar Lake in Rajputana is the most important inland source of supply by evaporation.*

Gem Stones.—The only precious and semi-precious stones at present mined in India are the diamond, ruby, sapphire, spinel, tourmaline, garnet, rock-crystal, agate, carnelian, jadeite and amber. Amber has already been referred to; of the rest only the ruby and jadeite attain any considerable value in production. The output of diamonds is comparatively unimportant. The value of the rubies produced in Burma in 1927 was about £21,000.

Famine in India.—India is, and always has been, mainly agricultural and agricultural under conditions peculiarly exposed to famine. The soil is parcelled out in minute farms. The farmers have no capital and depend to a large extent on unorganized local credit, which shrinks when harvests fail. Off the land, but dependent on it, are millions of agricultural labourers, the vast majority of whom have only casual employment and are thrown out of work when harvests fail. Thus, the masses of the Indian people depend upon the harvests, and these depend upon a periodic, but by no means regular, rainfall. But not every failure of the rains causes famine, since the people are not generally dependent upon the out-turn of a single harvest, and the spring harvest may be good although the autumn crops have failed.

Famine Relief.—Modern famine policy is thus a struggle against nature and has two objects, the one remedial the other protective; it seeks to relieve distress when droughts come and in many ways to fortify the people against drought. Under the stern but efficient teaching of experience, an elaborate system of relief has been worked out, which attempts to save life without inducing the population to rely upon Government aid rather than upon their own industry and thrift. Standing preparations are made on a large scale in ordinary times; the country is mapped out into relief-circles of convenient size, and programmes of suitable relief works are revised annually in every District, matters being so arranged that a telegram from head-quarters can mobilize relief. Precautions against possible outbreaks of cholera, &c., are also made in order that the disease may not be spread to the non-affected areas.

Famine Protection.—The efforts of the governments in India are, however, not confined to relief, but are mainly directed to ascertaining how far it is possible to diminish the severity of famines or to place the people in a better condition for enduring them. Most of these efforts will be found more fully described under other sections. With the introduction of the reforms scheme the annual appropriation of £1,000,000 made from Imperial revenues for

* Some further particulars will be found under the head of "Salt Duty."

famine relief and insurance disappeared, and each Provincial Government is required to set aside from its resources a fixed sum every year for famine insurance. The sum thus set aside is devoted, in the first instance, to outlay in the construction of protective works, and, if necessary in relief measures, the sum not required for these purposes being utilised in building up a famine insurance fund.

Railways have revolutionized the conditions, and an absolute dearth of food is now unknown; increased knowledge of the economic conditions of the country and the social conditions of the people, and an elaborate system of agricultural intelligence, enable the government to grapple with famine problems as never before. Irrigation works are undertaken, whether commercially profitable or not, to protect areas that are liable to drought. The land revenue is reduced or remitted, and co-operative credit societies have been founded in order to assist the landowners in times of scarcity; and attempts are made to draw the surplus population from agricultural pursuits to find a means of subsistence in manufactures or some such employment.

Forests of India.—Forests form the headworks of Nature's irrigation scheme in India, not only by storing rainfall water in the soil, but also by supplying moisture to the atmosphere by transpiration from the foliage. The grazing which they afford to countless herds in years of drought assumes a special value in conserving the cattle upon which the agriculture of the country depends. The supply of material for house building, fuel, &c., and the use of forest leaves as manure for the cultivator's fields, are sources of material wealth to the inhabitants in the vicinity, whilst the timber and other products which are utilized throughout the world are a valuable asset to the State.

State Forests.—Approximately a quarter of a million square miles, or about one-fifth of the total area of British India, is under the control of the Forest Department. The proportion of forest area to total area varies considerably in the different provinces. Thus in Bihar and Orissa it is 3·3 per cent., in Assam 41 per cent., and in the Andamans, where it is highest, 70 per cent. The forests are divided into four classes—Reserved, Protected, Unclassed and Public—according to the degree in which they are given over to or protected from the use of the public. In Burma a forest estate is being built up, which in the future should be unique in value.

Control and Revenue.—The duties of demarcation and survey, of protecting forests from men, cattle and fire, devolve upon the India Forest Department, comprising an Imperial and a Provincial Service. Subject to the general supervision of the Government of India, the control of Forest Administration rests with the Local Government in each province, and in two provinces—Bombay and Burma—it has been transferred to a Minister responsible to the provincial council. Forest operations are subject to the control of the local executive officers in matters affecting the rights of the people. Indian forests yield a considerable revenue to the State; in 1925–26 the net profit was approximately £1,940,000.

Irrigation and Canals.—Irrigation has been resorted to in India from time immemorial as a means of supplementing the natural rainfall and of storing water for use at critical periods. In general it may be said that the security of the harvest depends on the existence of some form of irrigation in almost all parts of India, except in tracts such as Eastern Bengal, Assam, or Lower Burma where the average rainfall is not less than 70 inches in the year. As an example of the magnitude of some of the works undertaken by the Government of India may be mentioned the Lower Chenab Canal, which irrigates over 2,500,000 acres, and comprises 427 miles of main canals and 2,262 of distributaries.

Types of Works.—Irrigation works are of three great types—lift, storage and river works—which are represented by wells, tanks, or reservoirs, and canals. The wells and smaller tanks are often the property of private individuals, but the larger tanks and the canals are undertaken by the Government. During 1926–27 the total area irrigated by Government works of all classes in British India amounted to some 28·2 million acres, and the estimated value of the crops so supplied with water was Rs. 140 crores.

Financial Considerations.—With the introduction of the reforms scheme the old classification of irrigation works into "major" (*i.e.*, those undertaken from loan funds) and "minor" (*i.e.*, those undertaken out of ordinary revenues) has been replaced by a classification based on their productivity, and the receipts and charges relating to waterworks, navigable canals, embankments and other purely agricultural works are separated off from those relating to irrigation works proper. The total capital outlay, direct and indirect, on irrigation and navigation works, including works under construction, amounted at the end of the year 1926–27 to Rs. 108·1 crores. The gross revenue for the year was Rs. 11·5 crores and the working expenses Rs. 4,50 lakhs; the net return on capital outlay was, therefore, over 6·5 per cent. Thus, having regard to the remunerative character of the greater part of the outlay, and to the immense value in times of scarcity of the food supplies which can be relied on with confidence from the irrigated area, the policy of Government is to spare no efforts to make ample provision for irrigation works. The tracts in which the net revenue would probably exceed the expenditure on new works, namely, in Punjab, Sind and parts of Madras, are not usually liable to famine.

Navigable Canals.—Irrigation canals are not always suitable for navigation, and many canals have been constructed for navigation which do not irrigate a single acre. The great rivers are navigable by steamers all the year round, and there are innumerable small rivers, tributaries, creeks and backwaters which are fully utilized by small native craft.

Railways.—*Guaranteed Companies.*—Railway construction began in India about the year 1850, and was, for a number of years, carried out through the agency of joint stock companies under contract with the State. The companies were given a guarantee of 5 per cent. on their capital outlay, with half the surplus profits in addition. No capital expenditure beyond that

involved by the grant of free land was entailed on the State, but the general revenues had to meet the amount by which the net receipts fell short of the guaranteed interest. The eight railways which were constructed on these terms have played an important part in the development of the country. Although British capital was thus attracted into India, without which these great works could hardly at that time have been constructed, yet for many years these railways imposed a considerable burden on Indian revenues. All the old guaranteed companies have now been purchased by the Government under their contracts, the last one, the Madras Railway, having been purchased on 31 Dec., 1907.

Direct State Agency.—In 1870 Government began to borrow money for railway developments by direct State agency, but expenditure was to be met by the receipts from the guaranteed railways, and no increased charge was to be thrown on the revenues. In 1879 this system ceased, and the capital outlay was limited to what the Government could borrow in India without unduly pressing the market or could spare from revenue.

Assisted Companies. — These restrictions would, however, have hampered the work of construction, and economic progress would have been severely checked, had not the Government in 1880–81 decided again to evoke the aid of private capital, which it was hoped, would be obtained on better terms than in the days of the old guaranteed companies. From that time onwards a number of companies have assisted in the development of Indian railways. The terms of their contracts vary considerably; some have a guaranteed rate of interest or rebates on traffic interchanged with trunk lines, others receive a subsidy, others have received no more than a free gift of the land required for the construction of the line.

Policy of Advance.—In 1883 the Government proposed a more ambitious programme; railways were to be made as required, but were, as a rule, to have a good prospect of repaying their interest charge, those for famine purposes being paid for, with irrigation works, from the famine insurance grant. Since 1885, when the first programme under the new conditions was introduced, the annual expenditure on railways has constantly increased, with the exception of the war period, during which expenditure was necessarily much curtailed, with the result that in recent years most of all money available for expenditure on railways has had to be devoted to the improvement of existing lines. Funds have now, however, become available for the construction of new lines.

Main Results.—As the net result of rather more than seventy years' construction policy, India on 31st March, 1928, had been provided with 39,712 miles of railway, of which 684 were opened in 1927–28. The total capital at charge, including the outlay incurred by the Government in the purchase of certain railways, amounted on 31st March, 1927, to about Rs. 7,88,67,00,000. After meeting interest and other miscellaneous charges, there was a net gain for 1926–27 on the results of working the State Railways of Rs. 7,20,96,000, of which about Rs. 6,00,00,000 represents the net contribution to the general revenues under the "Separation Scheme" referred to below. The total net gain to the Government from the working of the railways since 1858–59 until the end of 1925–26 amounts to about Rs. 70,40,00,000. Statistics relating to the number of passengers and weight of goods carried, average rates charged per mile, &c., in recent years, will be found in the Statistical Abstract and in Vol. II of the Report by the Railway Board on Indian Railways.

Administration of Railways of the Government of India.—In 1905 the administration of the railways in India was entrusted to an expert Railway Board, consisting of a chairman and two members. In October, 1908, the railway board became the railway department, distinct from and independent of the department of commerce and industry secretariat, though remaining in the administrative charge of the honourable member, commerce and industry department, as railway member. A Committee appointed in 1920 by the Secretary of State to inquire into the administration and working of Indian railways presented its Report in 1921 (Cmd. 1512), and action has been taken on its recommendations, some of which were of far-reaching importance in regard to the future administration of the Indian railway system. A Chief Commissioner of Railways has been appointed with the status of a Secretary to the Government in place of the President of the Railway Board. His special duty is to consider questions of railway policy in the light of this Report and to make recommendations. The Board has at the same time been strengthened by the inclusion of a Financial Commissioner and by addition to the staff of a number of technical officers. A Central Advisory Council has also been formed of members of the Legislative Assembly who will keep the Government in touch with public opinion on railway questions of the day, and Local Advisory Councils have also been formed with a view to affording local railway administrations similar assistance. A scheme for the separation of Railway Finance from General Finance came into force in 1924–25.

Political Division of India.—About two-fifths of the country still remains under the government of hereditary Indian chiefs, whose subjects number nearly 72 millions, or rather less than one-fourth of the whole Indian people. The British territories, therefore, comprise about three-fifths of the area of India, and over three-fourths of its inhabitants.

The Indian princes generally govern their states with the help and advice of political officers appointed by the British Government and residing at their courts. Some of them administer the internal affairs of their States with almost complete independence; in the case of others assistance and advice are required in varying degrees. These rulers possess revenues and armies of their own, and the more important exercise the power of life and death over their subjects; but the authority of each is limited by treaties or engagements, or recognised practice by which their relations with the British government are determined. That government as suzerain in India, does not allow the Indian States to make war upon each other, or do

alliances with foreign countries. It interferes when any chief misgoverns his people; rebukes, and, if needful, removes the oppressor; protects the weak; and firmly imposes peace upon all.

The British possessions are divided into fifteen provinces, each with its own local government; but the whole is under the orders of the supreme government of India, consisting of the governor-general in council. The governor-general, who also bears the title of viceroy, holds his court and government at Delhi in the cold weather, and during summer at Simla, 7,000 feet up the Himalaya mountains. The viceroy of India, and the governors of the different presidencies and provinces are appointed by the Sovereign.

British Administration of India.— The act of 1858, which transferred India from the East India Company to the crown, also laid down the scheme of its government. Under the East India Company, the governor-general was only responsible to the distant court of directors. The court of directors was, in its turn, answerable to the shareholders, or court of proprietors, on the one hand; and, through the board of control, to the sovereign and to parliament on the other. The act of 1858 did away with these intermediary bodies between the governor-general and the British ministry. For the court of directors, the court of proprietors, and the board of control, it substituted a secretary of state, aided by a council who are now appointed by him. The secretary of state is a cabinet minister, who comes into and goes out of office with the other members of the ministry. Members of his council were originally appointed for life, but this system was modified in 1874, and up to the passing of the Council of India Act of 1907 the appointments were for ten years; by that act the period was reduced to seven years, with a possibility of re-appointment for another five years for special reasons. The Government of India Act (1919) fixed the number of members at eight as a minimum and twelve as a maximum, and the period of tenure at five years, and continued the provision as to re-appointment. In 1907 two Indians were appointed members of the secretary of state's council and in 1917 a third was appointed. The governor-general is appointed by the crown, and resides in India. His ordinary tenure of office is five years. Since the Queen's proclamation of 1st Nov., 1858, he has been styled viceroy when acting as personal representative of the Sovereign, and not (except in the India Office) in exercise of his powers as governor-general.

Great changes were made in the system of government in British India by the Government of India Act, 1919, which came into operation in January, 1921. The following paragraphs are a brief outline of the present system of Indian administration. The statutory Royal Commission contemplated by the Act of 1919 to enquire into the working of the reformed constitution and other connected matters has been appointed and has commenced to take evidence.

Executive Control.—The supreme authority in India is vested in the governor-general in council, subject to the control of the secretary of state. The members of the governor-general's executive council are appointed by His Majesty, and three at least of them must be persons who have been or at least ten years in the service of the Crown in India. At present the council consists of seven members, of whom three are Indians. Every executive order of the Government proceeds from the governor-general and his council collectively and runs in the name of the "Governor-General in Council," though statutory "rules of business" obviate the necessity of an actual collective decision in many cases.

The *Indian Legislature* consists of two chambers. The upper chamber, or "Council of State," contains 59 members, of whom 33 are elected and 26 nominated. Of the latter not more than 20 may be officials. The lower chamber, or "Legislative Assembly," consists of 145 members, of whom 104 are elected. Of the 40 nominated members 26 are required to be officials. Any member of the governor-general's executive council may speak in either chamber, and each executive councillor has to be appointed a member of one or other chamber but can vote only in the chamber of which he is a member. The president of the Council of State is a nominee of the governor-general, as also for the first four years after the constitution of the chamber was the president of the legislative assembly. After that period the lower chamber elected its own president, and it elected its own deputy-president from the outset. The normal lifetime of each council of state is five years, and of each legislative assembly three years, but either chamber, or both simultaneously, may be dissolved at any time by the governor-general.

The method of election for both chambers is direct, although the number of electors is considerably smaller than for the provincial legislative councils. Generally speaking, the electoral scheme for the lower chamber is on the same model as that for the provincial councils, which is briefly described below, except that, first, the property qualification for voters, and consequently for candidates, is higher, and past service with the colours is not *per se* a qualification for the franchise; and, secondly, that the constituencies necessarily cover a considerably larger area than constituencies for the provincial council. The franchise for the council of state differs in character from that for the legislative assembly and for the provincial council. In addition, and as an alternative to a high property qualification, the rules admit as qualifications certain personal attributes which are likely to connote the possession of past administrative experience or a high standard of intellectual attainment, *e.g.*, past membership of either chamber of the legislature as now constituted, or of its predecessor or of the provincial council, the holding of high office in local bodies, membership of the governing bodies of universities, the holding of titles conferred in recognition of Indian classical learning and literature. The distribution of seats in both chambers and the arrangement of constituencies are on a provincial basis, that is, a fixed number of the elective seats in each chamber is assigned to representatives of each province, and these representatives are elected by constituencies covering an assigned area of the province.

The following table shows the allotment of the elective seats:—

Provincial Governments.—British India, for administrative purposes, is divided into 15 provinces, each with its separate local government or administration. In nine of the provinces—the three presidencies of Madras, Bombay and Bengal, the United Provinces of Agra and Oudh, the Punjab, Bihar and Orissa, Burma, the Central Provinces and Assam—the local government consists of a governor, an executive council of not more than four members and two or more ministers. In these nine provinces the executive government is a dual organism which owes its unity to the governor. One-half consists of the governor and his executive council; the other half is the governor acting with the advice of his ministers. The former half is responsible for the administration of those subjects which are "reserved," and to the latter is entrusted the administration of "transferred" subjects.

No change has been made in the machinery and methods of administration by that part of the provincial government which consists of the governor in council; decisions are taken at the council board, as before, by a majority vote, and the governor is entitled to over-rule such a vote in certain specified circumstances if he disagrees with it. For such decisions the governor in council remains, as before, responsible, through the Government of India, to the Secretary of State and to Parliament, and on questions of legislation and supply he has the power, in certain circumstances, of enforcing them despite opposition by a majority of the legislative council.

With regard to transferred subjects the position is very different. Here there has been an actual transfer of control from the British elector and the British Parliament to the elector and the legislative council in the Indian province. The provincial subjects of administration are grouped into portfolios, and just as each member of the executive council has charge of a portfolio consisting of a specified list of "reserved" subjects or departments, so each minister is directly responsible for the administration of those particular "transferred" departments which are included in his portfolio. But his responsibility lies, not, as in the case of a member of the executive council, to the Government of India, the Secretary of State and Parliament, but to the Provincial Legislative Council of which he is an elected member and from which he is selected by the Governor as having the support of the majority of that body. He holds office during the governor's pleasure, but his retention of office is contingent on his ability to retain the confidence not only of the governor but also of the legislative council. The rules under the Act prescribe a list of twenty-one (in Burma twenty-three) subjects which are transferred to the administration of the governor acting with ministers, the more important of which are local self-government, medical administration, public health, education (with certain reservations), public works, agriculture, excise, and development of industries.

The remaining six provinces are directly administered by chief commissioners. No change has been made by the Act of 1919 in the system of administration in these six minor provinces.

Provincial Legislative Councils.—The Act provides that at least 70 per cent. of the members of the provincial councils shall be elected, and that not more than 20 per cent. shall be official members. The following table shows the present strength and composition of each of the provincial councils:—

Province.	Elected.	Nominated and ex-officio.		Total.
		Officials.	Non-officials.	
Madras	98	23	11	132
Bombay	86	18	9	113
Bengal	114	16	10	140
United Provinces	100	18	5	123
Punjab	71	15	8	94
Bihar and Orissa	76	15	12	103
Burma	79	16	8	103
Central Provinces	55	10	8	73
Assam	39	7	7	53

The electorates in each province are arranged for the most part on a basis designed to give separate representation to the various races, communities, and special interests into which the diverse interests of the Indian population naturally range themselves, and the franchise rules have given the vote to about 8,000,000 of the adult population, including about 350,000 women. The qualifications for electors, as also for candidates, vary in detail from province to province, but, generally speaking, both in rural and urban areas the franchise is based on a property qualification as measured by the payment of a prescribed minimum of land revenue, income tax or municipal taxes. In all provinces retired, pensioned or discharged officers and men of the regular army are entitled to the vote irrespective of the amount of their income and property.

Greatly enhanced powers have been conferred on the provincial legislative councils by the Act of 1919. The more important of these are—

(1) The power to vote, and consequently (subject, however, to certain safeguards) to withhold supplies;

(2) A greatly increased freedom of initiation in the matter of legislation; and
(3) Power to frame their own rules of procedure in matters of detail, subject to the concurrence of the governor.

A further right which the councils have now acquired is the right to elect their own president, but from the outset every council had an elected deputy-president. The governor, who formerly was *ex-officio* president of his legislative council, no longer has any direct connection with its proceedings. The lifetime of a governor's legislative council is 3 years, unless it is dissolved sooner.

Judicature.—The presidencies of Madras, Bombay and Bengal, the United Provinces, Bihar and Orissa, the Punjab, and Burma, have each a high court, supreme both in civil and criminal business, with an ultimate appeal to the judicial committee of the privy council in England. Oudh and Sind have chief courts; the Central Provinces and Berar have a judicial commissioner assisted by three additional judicial commissioners; the North-West Frontier Province has two judicial commissioners. In Assam the high court of Calcutta is the highest judicial authority, except in three hill districts, in which the governor is judge without appeal. In the Shan States of Upper Burma (which are British territory) in respect of all cases triable by officers appointed by the local government, the governor exercises similar powers.

Indian Law.—The law administered in the Indian courts consists mainly of—(1) the enactments of the Indian legislative councils (imperial and provincial), as above described, and of the bodies which preceded them; (2) statutes of the British Parliament which apply to India; (3) the Hindu and Muhammadan laws of inheritance, and their domestic law in causes affecting Hindus and Muhammadans; (4) the customary law affecting particular castes and races. Much has been done towards consolidating special sections of the Indian law; and in the Indian penal code, together with the codes of civil and criminal procedure, we have memorable examples of such efforts.

The District Officer.—The unit of administration throughout British India is the district—a word of very definite meaning in official phraseology. The district officer, whether known as collector-magistrate or as deputy commissioner, is the responsible head of his jurisdiction. Upon his energy and personal character depends ultimately the efficiency of Indian government. His own special duties are so numerous and so various as to bewilder the outsider; and the work of his subordinates, European and Indian, largely depends upon the stimulus of his personal example.

Number and Grouping of Districts.—British India contains some 267 districts. They vary greatly in size and number of inhabitants. The districts in Madras and Burma are, generally speaking, the largest in India. In every province but Madras, the districts are grouped into larger areas, known as divisions, each under the charge of a commissioner. But these divisions are not properly units of administration, as the districts are. They are aggregates of units, formed only for convenience of supervision, so that an intermediate authority may exercise the universal watchfulness which would be impossible for a distant government.

Sub-division of Districts.—The districts are again partitioned out into lesser tracts, called sub-districts, sub-divisions, *talukas*, or *tahsils*. The system of partitioning, and also the nomenclature, varies in the different provinces; but, generally, it may be said that the sub-division or *tahsil* is the ultimate basis of administration. Broadly speaking, the sub-division is characteristic of Lower Bengal, where revenue duties are less prominent; the *tahsil* or *táluk* of Madras, Bombay, and Northern India, where the land settlement requires attention year by year. There is usually no administrative unit below the sub-division and *tahsil*. The *thana*, or police division, only exists for police purposes. The *pargana*, or fiscal division under native rule, has now only an historical interest. The village is, in nearly all parts of the country, the ultimate administrative unit, with a staff of local officials for the conduct of its affairs. In many cases it is also the unit for the purposes of land revenue, joint responsibility for the Government demand resting upon the whole proprietary community. In Burma the township, with a *Myō-ōk* to administer it, corresponds to the *tahsil* of Northern India.

Judicial Functions.—The judicial jurisdictions coincide for the most part with the magisterial and fiscal boundaries. But, except in Madras, where the districts are large, a single civil and sessions judge, *i.e.*, the chief judicial officer of the district, often exercises jurisdiction over more than one district. In "non-regulation" provinces the deputy commissioner and his assistants used to be charged with the administration of civil as well as criminal justice, and the commissioner took the place of the civil and sessions judge; but in all the larger "non-regulation" provinces (except Upper Burma), the commissioner has, during recent years, been relieved of his judicial functions, which have been committed to a separate staff of judges, and district officers generally have now little to do with civil litigation for which separate courts have been established.

Secretariats of Supreme and Provincial Governments.—The preceding sketch of Indian administration would be incomplete without a reference to the secretariat, or central bureau of each province, which controls and gives unity to the whole. From the secretariat are issued the orders that regulate, or modify, the details of administration; into the secretariat come the multifarious reports from the local officers, to be there digested for future reference. The secretariat of the Government of India consists of nine branches, each of which deals with a special department of the administration. In the presidencies and provinces the provincial secretariats are organised on similar lines.

Provincial Finance.—Under the system of decentralization of finance, begun by Lord Mayo in 1870 and subsequently developed by successive stages, the government of India

assigned to the provincial governments a fixed share of the revenue collected by them under certain heads. From the revenue so assigned the provincial governments were required to meet the whole of the expenditure within their respective provinces under certain heads, and a portion of the expenditure under other heads. Under the Montagu-Chelmsford reforms, however, there has been from 1st April, 1921, an almost complete separation between the finances of the central government and those of the provinces, the latter retaining the whole income from land revenue, irrigation, stamps, excise, forests, &c., whilst the whole income from customs, railways, posts and telegraphs and income tax (subject to a small deduction) goes to the former. The central government defrays all expenditure on defence and on the various services allotted to it, and the provinces similarly are wholly responsible for the charges of their own services and also for expenditure on famine. The provincial governments frame their own budgets, and have certain powers of raising loans, and of imposing additional taxation within the area of their jurisdiction.

Land Revenue.—From a time long before the days of British rule the land furnished the chief source of Indian revenue. During the last few years the customs revenue has exceeded the land revenue, but this is due to a growth in the former and not to any decrease in the latter, which has in fact increased by 60 per cent. (measured in rupees) during the past fifty years; and the assessment, revision and collection of the land-tax still form one of the most important duties of Indian administration.* The increase above referred to has been concurrent with a very much greater increase in the value of the gross agricultural yield, and the land revenue in British India as a whole in 1910–11 represented an average charge of less than 1*s.* 8*d.* per head. In the year 1856 the land revenue was above one-half of the total public income of the country; in 1924–25 it was approximately one-sixth. The gross land revenue of 1925–26 (excluding the portion due to irrigation) was £26,665,000. The growth of the land revenue is attributable to a variety of causes—to the bringing of new land under cultivation, as in Lower Burma, the Central Provinces, Sind, and the Punjab; to the inclusion of Berar since 1902; and to the effect of settlements and resettlements, which, owing to the generally enhanced value of land, usually result in additions to the land revenue demand.

Permanent Settlements. — Bengal, Bihar, and a few districts of the United Provinces, and of Madras, have a permanent settlement, dating from 1793, 1795, and 1802 respectively, by which the land revenue has been fixed in perpetuity, so no appreciable increase takes place under that head. Since the revenue was settled there has been a great increase in the area of cultivation, and in the value of the produce; but the amount of land revenue on these permanently settled estates remains at the figure fixed over a hundred years ago, and represents in Bengal about one-fifth of the rental, or perhaps one twenty-fourth of the gross value of the produce. This system also applies to parts of Assam and some of the minor provinces, and, in all, about one-fifth of the area of British India is permanently settled. In this area the land revenue may be said to be nothing more than a rent-charge, the burden of which has long ago been discounted by the reduced selling price of the land which it affects.

Temporary Settlements.—The land revenue on temporarily settled estates is fixed periodically at intervals—at present usually approximating to thirty years. At periodical settlements the rates of revenue per acre are revised in some proportion to the change in prices since the previous settlement, the extensions of cultivation, the variation of prices, and the change in rents since the last settlement. At present the land revenue on temporarily settled lands represents something less than one-half of the actual or estimated rental, and is probably about one-tenth to one-twelfth of the gross value of the produce.

Zamindari and Ryotwari tracts.—When the revenue is assessed by the State, permanently or temporarily, on an individual or community owning an estate, and occupying a position identical with or analogous to that of a landlord, the assessment is known as *zamindari;* where the revenue is imposed on individuals who are, or who represent, the actual occupants of holdings, the assessment is known as *ryotwari.* Under either system there may be rent-paying sub-tenants. In the permanently settled districts all holdings are *zamindari.* In the temporarily settled districts the *zamindari* estates are chiefly found in the Punjab, the United Provinces, the Central Provinces, and Orissa; while in Bombay and Sind, Burma, Assam, Berar, and most of Madras, the system of *ryotwari,* or peasant proprietors, prevails.

Salt Duty.—Prior to the reductions in the rate of duty made in the period 1903-07, salt ranked next to the land revenue among the items of public income in India. Up to 1878, the tax levied upon salt varied very much in different parts of the country; and a numerous preventive staff was stationed along a continuous barrier hedge, which almost cut the Peninsula into two fiscal sections. The reforms of Lord Lytton's government in that year, by which the control of the sources of salt production in the Native States was acquired, and the duties on salt in different parts of India brought into close approximation, made the abolition of the customs line possible. Railway communication has much facilitated the trade in salt, and it has been found that prices have been lowered by bringing the consumer nearer to his market, irrespective of the rate of taxation.

Sources of Supply.—Broadly speaking, the salt consumed in India is derived from four sources—(1) Importation by sea, chiefly from England and the Red Sea and Aden; (2) solar evaporation in shallow tanks along the seaboard; (3) the salt lakes in Rajputana;

* Statistics relating to the revenues and expenditure of the Government of India are given in the Statistical Abstract.

(4) quarrying in the salt hills of the Northern Punjab. The salt lakes in Rajputana are leased by the Government of India from the rulers of the native states in which they lie, and the huge salt deposits of the Salt Range mines are worked under government control, as also are the brine works on the Runn of Cutch. But there is no salt monopoly in India, and the importation of salt from foreign countries is freely permitted. At the Kohat mines, and in the salt evaporation works on the sea coast, with the exception of a few of the Madras factories, the government does not come between the manufacturer and the merchant, except so far as is necessary in order to levy the duty from the salt as it issues from the factory.

Rate of Salt Duty.—The salt duty, which had for some years stood at Rs. 2 a maund of 82⅔ lbs. for all India, and at 3 annas a maund for Burma, was raised on the 19th Jan., 1888, to Rs. 2½ a maund in India, and to one rupee in Burma. The alteration in the duty for the time checked consumption, which fell in 1888-89 below the average of the two previous years; but it subsequently recovered. From March, 1903, the duty for India was reduced to Rs. 2 a maund, and from March, 1905, to Rs. 1½ a maund. In March, 1907, the rate was further reduced to R. 1 (16*d.*) per maund. This reduction made the rate uniform throughout India and Burma, except in regard to the salt produced in the small state of Mandi in the Punjab, where the duty was 3 annas (3*d.*) per maund. These successive reductions led to a large increase in the consumption of salt throughout India. With effect from 1st March, 1916, the duty was raised to Rs. 1½ per maund in India generally, and to 3¾ annas per maund on Mandi salt. From 1st March, 1923, the duty was raised to 2½ rupees per maund, but was reduced to 1½ rupees a maund with effect from 1st March, 1924.

Revenue from Salt.—In the year 1861 the net salt revenue was £2,933,000, with a duty ranging from Rs. 1½ to Rs. 3½ and averaging Rs. 2½. In the year 1875 the net salt revenue was £3,825,000, with the same rates of duty, and in the year 1886–87 it was £4,094,000, with a uniform rate of Rs. 2 all over India, except Burma. The following table shows the consumption of salt in India, the rate of Duty and the gross Revenue during the ten years ending 1925–26:—

Year.	Consumption of Salt in Tons.	Duty per Maund of 82⅔ lbs. av.	Gross Revenue from all sources.

Excise and Customs.—Excise duties in India are levied with the twofold object of raising revenue and restricting the use of intoxicants and narcotics. Over the greater part of the country licensed distillers work under supervision and pay a still-head duty before issue, according to alcoholic strength, on all liquor they make. In tracts where the population is sparse, a distiller obtains a licence to work an out-still of limited size and capacity, on payment of a monthly duty computed to cover the probable output of the still. This out-still system is in process of abolition except in the feverish and inaccessible country between Chota Nagpur and the Godaveri river, and in certain small and isolated areas where adequate control would be impracticable. The normal system which will eventually prevail over the greater part of British India is based on the grant by contract of the right of wholesale supply, and the sale by auction of the right of retail vend. Liquor shops are licensed at such places and in such numbers as the actual local demand may justify, such licences to occupy and to sell liquor at shops being usually sold to the highest bidder, subject to the conditions that the privileges of manufacture and vend must be completely separate, and that large vend monopolies, where they exist, must be broken up. A system of local option, which does not, however, affect home brewing or the sale of imported liquor, has recently been established in Assam.

Retailers' Licences.—Licensed retail dealers are bound to get their liquor from a licensed still, to refuse liquor to children under 14 years of age, and intoxicated persons, to sell for cash only, and to close at specified hours. The wishes of the residents are allowed full weight when a licence for a new shop is proposed, or the transfer of an old shop is intended. Hill and forest tribes are allowed to brew fermented drinks for their own use without duty. Beer brewed after English fashion, chiefly for European customers, has to pay the same duty as imported beer.

Opium and other Narcotic Drugs.—Production of opium is a Government monopoly; the poppy is cultivated under Government supervision; practically the whole of it is grown by licensed cultivators in specified areas of a single province and must be delivered to the Government Opium Department. The acreage under cultivation has decreased from about 614,000 acres in 1905–06 to 115,851 in 1924–25; cultivation in the Indian States had also decreased from about 146,000 acres in 1905 to about 64,000 in 1921–22. The whole of the opium produced in British India and a certain amount, which is purchased from the Indian States and represents a considerable portion of their production, is dealt with at the Government factory at Ghazipur. The whole of the opium handled by the factory is either exported for purposes that are legitimate under the Hague Convention, or is sold at cost price to the Provincial Governments, which thus become responsible for its distribution. Under the Devolution Rules made under the Government of India Act, 1919, the control of the cultivation and "manufacture" of opium and of its sale

for export is exercised by the Central Government, and the control of distribution for consumption within the provinces is placed under Provincial Governments, and is normally transferred to the charge of an Indian Minister, who is responsible to a Legislative Council containing a majority of members elected by the people of the province.

The opium exported from India was until recently wholly disposed of by monthly auction sales at Calcutta, and originally the bulk of it was bought for the China market. In order to assist the Chinese Government in putting down the abuse of opium, the Government of India from 1908 onward secured progressive annual reductions in the amount exported on condition that Chinese internal production was reduced *pari passu*; its export to China was entirely prohibited in 1913, when China was declared to be free of poppy cultivation. During this period the Government of India also placed a limit on the total of their exports to all destinations, in order to guard against export to China through indirect channels. The limit fixed was 14,000 chests (of 140 lbs.) in 1911 and 13,200 in 1912. Actual exports have been reduced from 12,231 chests in 1910 to 5,914 (exclusive of medical opium sent to the U.K.) in 1925.

Since 1915 it has also been the policy to substitute for the Calcutta auction sales a system of direct sale to the Government of the importing country, the object being to make it as certain as possible that Indian opium is not sent to any country contrary to its Government's wishes. The whole of the non-medical opium now exported is sold under this system, and the Calcutta auctions have been abolished. The Government of India have current direct sale agreements with the Governments of Malaya, Hong Kong, the State of North Borneo, French Indo-China, the Netherlands East Indies, Siam, Ceylon and Sarawak. These agreements, of course, place no obligation on the purchasing Governments to buy any particular amount of Indian opium, but merely regulate the price at which it may be bought and the details of the method of sale.

With effect from 1st January, 1923, the Government of India also adopted a system recommended to all Governments by the League of Nations Advisory Committee as a means of reinforcing the provisions of the Hague Convention regarding exports. Under this system, known as the "Import Certificate System," the Government of the exporting country undertakes to grant licences for export in respect only of consignments that are covered by a certificate from the Government of the importing country, stating that they are required for legitimate purposes.

The whole of the opium exported, except export for medical purposes to the United Kingdom, is sent to the Governments of the countries already mentioned. In all of these countries, except Ceylon, where some opium is eaten, it is required solely for the preparation of opium for smoking; the use of prepared opium is temporarily continued in these countries, chiefly for the sake of Chinese addicts, under Chapter II of the Hague Convention, pending its gradual suppression. The Government of India holds itself free to prohibit or restrict exports even to a country the Government of which is prepared to furnish import certificates, if there is evidence that the opium is finding its way into the illicit trade.

The Agreement and Protocol and the Convention and Protocol drawn up by the Geneva Conferences, 1923–24, have been signed and ratified on behalf of India. One of the engagements thus willingly undertaken is to allow an independent Committee of the League of Nations to visit India, as it will visit other signatory countries, after five years, in order to examine the system of control and to assure themselves that it is proof against smuggling out of the country.

Following an announcement by Lord Reading on 9th February, 1926, it has been decided to reduce the total of the opium exported in the calendar year 1926 by 10 per cent. annually in each subsequent year until exports are totally extinguished at the end of 1935. The system of auction sales was discontinued with effect from 7th April, 1926.

As regards consumption inside India of opium and drugs, the narcotic drugs sold at licensed shops consist almost entirely of opium and ganja, or other kinds of hemp. Opium is eaten in all provinces of India. It is largely used for medicinal purposes, usually in the form of pills, and is a common household remedy. Cocaine, as also morphia and other drugs derived from opium, are placed under the strictest legal restrictions.

Customs.—In recent years the Customs Revenue has displaced Land Revenue as the most productive of the heads of revenue in India. Fifteen per cent. either *ad valorem* or a fixed tariff valuation is the general rate of import duty—*i.e.*, the rate imposed when there is no special reason to the contrary. There are numerous exceptions including a 30 per cent. duty in the case of several classes of luxury goods, and rates lower than 15 per cent. on several classes of raw materials and other goods.

Until recently, the tariff was a "revenue tariff," *i.e.*, a tariff in which the rates were fixed almost entirely with reference to the amount of revenue they were likely to produce, and without much reference to their effect on the development of Indian industries. In 1923, the Government of India, with the approval of their Legislature, adopted a protective policy, and a few import duties at rates designed to give protection (and ordinarily higher than 15 per cent.) have been imposed, notably on several classes of steel goods and paper. A Tariff Board has been appointed for the purpose of advising the Government of India on all proposals for giving effect to the policy of protection. There are export duties on raw jute, jute manufactures, rice, tea and raw hides and skins.

Income Tax.—The first income tax was introduced in 1860 under the stress of the financial difficulties consequent on the Mutiny. Since that time, with short intervals, during which the impost was foregone, an income tax in one shape or another has formed part of the fiscal system of India. Under the present law no incomes below Rs. 2,000 a year are taxed, and incomes from land or agriculture, being otherwise taxed, are exempt. For the year

1926–27, individual incomes between Rs. 2,000 and Rs. 5,000 a year pay five pies in the rupee (about 2½ per cent.), whilst those of Rs. 5,000 a year and upwards pay from six pies to one anna six pies in the rupee, according to a graduated scale. Every company or registered firm is liable to income tax at the highest rate whatever its income. A super-tax ranging from one anna to six annas in the rupee is levied, in addition, on individual incomes and at a flat rate of one anna in the rupee on every company on income in excess of Rs. 50,000 a year. The British and Indian Income Tax Acts provide machinery for relief from double taxation when income is liable to taxation both in the United Kingdom and British India. The gross revenue from Income Tax, Super Tax and Excess Profits Duty in 1925–26 was Rs. 16,12,04,036. The excess profits duty was imposed from 1st April, 1919, for a period of one year only.

Stamp Duties.—Stamp duties before 1858 were levied mainly on litigation and on legal documents, and they yielded in the year 1859 a revenue of less than £750,000. In the year 1860 the stamp law was revised and placed more nearly on the system followed in England. Duties were imposed on trading and commercial documents. Since that year the rates of duty have been periodically revised, and since the 1st April, 1921, the revenue from stamp duties has been retained by the Local Governments. In certain provinces the duties have been enhanced. Of the total revenue from these duties about two-thirds are received from litigants in courts of justice and about one-third on trading and other documents. The judicial stamp revenue may be regarded in the light of payment for service rendered by the costly judicial establishment rather than a tax in the proper sense of the word.

Industrial Development.—In old times India was a self-contained country, where every tract, more or less, made its own clothes from its own cotton, produced its own iron and made its own tools, grew and consumed its own food. Yarn was spun, cloth was woven, iron was smelted, and tools were made on a small scale by individual workmen after rude methods. The domestic industries of India, such as weaving and spinning, pottery, brass-work, iron-work, and art work of many kinds, continue to be practised after ancient methods all over the continent of India, but even before 1858 the old order was changing, and the change has been still more rapid since.

There are now about 7,000 factories in India registered under the Indian Factories Act, employing an average daily number of more than 1,580,000 persons. Of this number, about 325,000 are employed in the cotton mills and a similar number in the jute mills.

The distribution of the principal factories among the various industries in 1925 (the latest year for which figures are available) was as follows :—

	Number of Factories.	Average daily Number of persons employed.
Food, drink and tobacco	2,150*	167,404

Foreign Trade.—Exclusive of transactions in government stores and in treasure, the seaborne foreign trade of India for the year 1927–8 stood in round numbers thus :—

Foreign merchandise, re-exported	9,54
Total	Rs. 3,28,69
Imports :—

The grand total of Rs. 5,78,53 lakhs was Rs. 37,78 lakhs more than the corresponding total of the previous year.

Exports.—The following table shows the chief articles of the export trade :—

In 1925 the system of registration of trade with Afghanistan, Central Asia, Tibet, Nepal and Sikkim across the land frontiers of India by means of clerks posted upon important trade routes was abandoned and a new system introduced under which traffic in selected commodities is registered at railway stations adjacent to the more important of the frontier routes. The following table shows the imports and exports of the principal commodities:—

Articles	Imports.		Exports.

A similar system was introduced in Burma in 1926, and returns for 1927-28 indicate that the main trans-frontier trade with China and Siam consists in imports of rice (137,838 maunds†) and lac (51,661 maunds†), and in exports of salt (227,243 maunds†), cotton (raw and manufactured) (137,013 maunds†), and kerosene oil and petrol (93,278 maunds†).

Army.—The Army in India sprang from very small beginnings. Guards were enrolled for the protection of the factories or trading stations established by the East India Company during the early part of the 17th century at Surat, Masulipatam and other places on the Indian coasts. These guards consisted of small bodies of Europeans and Indian peons, indifferently disciplined and equipped, and their function was not only to guard the factories and merchandise, but also to enhance by their presence the dignity of the Company's local officials. They were more of a corps of watchmen than soldiers. The earliest force which can be seriously regarded as military originated at Bombay. On the cession of the Island of Bombay in 1661 by the Portuguese Crown to Charles II, as part of the marriage settlement of his Queen, Catherine of Braganza, four companies were raised in England and proceeded under command of Sir Abraham Shipman to garrison the Island. In 1668 the Island was handed over to the East India Company and the garrison was transferred from the service of the Crown to the service of the Company, a procedure which was reversed 190 years later when the Company's European troops were incorporated in the Regular Army after the Mutiny of 1857. Gradually the Company's European and Indian forces, organised as the armies of the three great Presidencies of Bengal, Madras and Bombay, increased in strength until, in 1857, the Company's forces amounted to nearly 40,000 European and 300,000 Indian troops of all arms.

In addition to the Company's military forces, Royal troops have served in India since 1754, when a regiment of infantry was sent to strengthen the Company's position, which was threatened by the growing power and influence of the French and the hostility of some of the Indian rulers. The unit, then known as Adlercron's Regiment (now the 1st Bn. Dorsetshire Regiment), bears the inscription "Primus in Indis" on its colours to commemorate the fact that it was the first unit of the British Army to serve in India. When, after the Mutiny, the government of India was taken over by the Crown, the Company's European troops were incorporated in the Royal army and their Indian forces were reorganised and became H.M. Indian Forces. The division of the forces in India into three Presidency Armies continued until 1895, when they were united into one army under the direct command of the Commander-in-Chief in India.

In 1902 Lord Kitchener became Commander-in-Chief in India and initiated many reforms in the organisation and distribution of the Army in India, with a view to increased efficiency and preparedness for war. At the outbreak of the Great War the strength of the Army in India was about 77,000 British and 194,000 Indian (including reservists) combatants. Up to the end of December, 1919, 877,000 Indian combatants and 563,000 Indian non-combatants were recruited in India. Over 1,096,000 Indian combatants and non-combatants were sent overseas for service in various Theatres of war.

The Army in India to-day consists of the regular British troops, about 60,500, the regular Indian troops, about 160,000, the Auxiliary Force, about 35,000, the Indian Territorial Force, about 18,000, the Indian Army Reserve, about 43,000, and the Indian State Forces, about 44,000, when these are placed at the disposal of the Government of India.

It is organised in three groups: internal security troops, to ensure tranquility within India during the absence of the Field Army; covering troops, to ensure that the mobilization and concentration of the Field Army is carried out undisturbed; and the Field Army itself, the size of which must, for financial reasons, be limited by the number of troops required for internal security. With a view to the mobilization of this Field Army at short notice

* A lakh is 100,000 rupees, and a crore is 100 lakhs.
† *See* table of Weights and Measures on page 484.

and its maintenance in the field, the Indian Army Service Corps has been reorganised and a considerable quantity of Mechanical Transport introduced. Factories have been established for the manufacture of munitions of war, and the endeavour is being made to make India self-supporting in such matters. Reserves of equipment and stores are gradually being built up as money can be made available.

Membership of the Auxiliary Force is limited to European British subjects, and the role of the force is to assist in home defence. The Indian Territorial Force is intended to be a second line to, and a source of reinforcement for, the regular Indian Army. Service in the Indian Army Reserve is compulsory, a man undertaking on enrolment to serve at least 5 years with the Colours and up to 15 years combined Colours and Reserve service. The Indian State Forces were formerly designated the Imperial Service Troops. It has been the custom in the past for State troops to be lent to the Government of India in an emergency, but the rendering of such aid is entirely at the discretion of the Ruling Princes and Chiefs.

Officers and men, arms and horses, ammunition and *materiel*, commissariat and land transport, barracks and fortifications, all cost more than they did before the Mutiny; while, therefore, for the year 1856 the cost of the Army in India was £12,700,000, for the year 1925–26 the net charge was no less than £39,061,000. There was also a charge of £2,538,000 for the military Engineering Services.

It may be mentioned that the health of the troops has been greatly improved by better barrack accommodation, by quartering a far larger proportion of Europeans at hill stations, and by careful sanitary precautions. For many years before the Mutiny the average death-rate among European troops in India was 69 per thousand, and among Indian troops 20 per thousand. During the five years ending 1914 the death-rate averaged 4·36 per thousand among European and 4·39 among Indian troops. From 1915 to 1919 the average was, for British troops, 8·25 per thousand, and for Indian troops, 16·81 per thousand. The figures for 1926 are 2·99 per thousand for European and 4·01 per thousand for Indian troops.

Public Debt.—The total debt of India, permanent and temporary, on 31st March, 1927, was as follows :—

In England	£339,086,453
In India, including Provincial Governments' Loans	Rs. 4,15,94,88,408

The sterling portion includes £18,319,811 British 5 per cent. War Loan, in process of payment to the British Government as part of India's war contribution, the capital value (£57,534,138) of liabilities undergoing redemption by way of terminable railway annuities, and £22,000,000 Indian Railway Debenture stocks, the liability for which has been taken over by the Secretary of State since December, 1924, on the termination of the contracts with the respective companies. The rupee figures exclude Rs. 20,96,24,465 Post Office cash certificates and include Rs. 41,47,00,000 Treasury Bills issued to Paper Currency Reserve.

Most of the debt is of a productive nature, having been incurred to meet capital expenditure on Railways and Irrigation. The total debt outstanding on 31st March, 1927 (after conversion of the sterling portion into Rupees at Rs. 10=£1, the rate used for account purposes), has been provisionally classified as follows :—

BENGAL.

Boundaries and Area.—The Presidency of Bengal is bounded on the south by the Bay of Bengal; on the east by Assam, the Lushai Hills District and northern Arakan; on the north by Sikkim and Bhutan; and on the west by the Province of Bihar and Orissa. The whole forms a governorship with an area of 76,843 square miles and a population of 46,695,536 persons. With the Indian States of Cooch Behar and Tripura the area is 82,277 square miles and the total population (1921) 47,592,462.

Climate and Rainfall.—Although Bengal is almost entirely outside the tropical zone, its climate for about two-thirds of the year, from the middle of March to the end of October, is tropical, the mean temperature being 83°. During the other months the temperature is much lower, about 64°, and the rainfall generally scanty. The south-west monsoon begins to strengthen from about the middle of May, bringing an increasingly heavy rainfall, and reaches its full strength by the middle of June. From the beginning of September the monsoon begins to fall off in strength, and has ceased by the end of October, when cool, dry, northerly land winds set in. The rainfall is unevenly distributed, the average annual fall ranging between 50 and 75 inches in the south-west, centre and west, and between 75 and 120 in most places in the south-east, east and north. On 25th September, 1899, a fall of 19½ inches occurred at Darjeeling, causing numerous landslips and some loss of life. Cyclones and storm waves from time to time sweep over the estuary of the Meghna, and in 1876 a great part of Bakarganj and the adjoining districts was submerged to a depth of from 10 to 45 feet. Nearly 74,000 persons were drowned in Bakarganj alone, and nearly 50,000 more died from the cholera epidemic that followed. In 1897 Chittagong district was similarly devastated; nearly 14,000 persons were drowned, and nearly three times that number died of the diseases that followed. Earthquakes of con-

siderable severity have taken place in the past, by far the worst being that of 1897.

Population.—The population of Bengal (including the Indian States) on 18th March, 1921, was 47,592,462. The people belong for the most part to the Bengali type. The main divisions, according to language, are as follow (1921 census figures) :—

Indo-Aryan family—	
Western Hindi	1,775,898
Bengali	43,071,334
Oriya	293,700
Munda family—	
Kherwari...	813,580

Agriculture.—A regular and copious rainfall, a fertile soil, and a dense population subsisting on the produce of the land are the distinguishing agricultural conditions in Bengal, but the factors of rainfall, soil and surface vary widely in different localities. Irrigation is not necessary in a great part of Bengal, but is resorted to for winter rice and a few other crops in the hill districts. In the Burdwan division rice cannot be grown without irrigation. The tracts in which periodical deposits of river silt maintain a perfectly level surface are eminently suitable for rice cultivation; in other alluvial districts the land is made suitable for rice by an elaborate system of low embankments for holding up the rain water. Jute is grown in central Bengal at considerable profit, as it can be grown in addition to other crops. Other important crops are other food grains, oilseeds, tobacco, and sugarcane. Tea is cultivated in Darjeeling and Chittagong.

Manufactures.—Jute manufacture in all its branches is the principal industry, located chiefly in the neighbourhoods of Calcutta and Dacca. Fine muslin is made at Santipur, and cotton goods are manufactured at Serampore. Raw silk is exported from Murshidabad. There are skilled workers in silver filigree work in Calcutta. Good earthenware is made in the Burdwan District. Mats of reed and bamboo and baskets are made everywhere. Hides are largely exported. Silk piece goods are manufactured in the Rajshahi Division, and at Murshidabad and Bishnupur. Cotton carpets are made in Rangpur. Dacca is noted for filigree gold and silver work; domestic utensils of brass and copper are made everywhere, and blacksmiths and workers in iron are found in all villages. The chief port is Calcutta on the Hooghly. Chittagong, 12 miles up the Karnaphuli river, on the east side of the Bay of Bengal, is older than Calcutta, but has until lately served a limited area, the chief business being the shipment of jute, rice and tea. Dacca lies inland on a branch of the Meghna.

Administration.—Bengal (which formerly included Eastern Bengal and Assam, Orissa, Chota Nagpur and Bihar) was under the immediate control of the governor-general of India until 1854, when a lieutenant-governor of Bengal was appointed. Assam was made a separate Province in 1874, and in 1905 a further distribution took place, when the Province of Eastern Bengal and Assam was formed. Certain districts were transferred to this new Province, Bengal receiving other areas from the Central Provinces, the net result being a decrease in the area of Bengal from about 190,000 to 148,592 square miles. The province as thus rearranged was governed by a lieutenant-governor up to November, 1910, when an executive council was created to assist him. On the 1st of April, 1912, the province was reconstituted. The governor-general ceased to be governor of the Presidency of Fort William in Bengal, and a separate governor was appointed for the Presidency, to whom was committed the charge of the whole province.

The government of the Bengal presidency consists of the governor, an executive council of four members, of whom two are Indians, and two Indian ministers. The members of the executive council are appointed by the Crown and one at least of them must have been for at least 12 years in the service of the Crown in India. The legislative council numbers 140, of whom 114 are elected members and 26 nominated members. The four members of executive council are *ex-officio* members of the legislative council.

Land Revenue.—The Land Revenue of Bengal is but a small fraction, representing about 4 per cent., of the value of the produce. Most of it was permanently settled at the end of the eighteenth century, and the *zamindars* and tenants have shared the benefit of the enormous increase in the value of the produce since that time, including that of land since brought under cultivation. As a result of the permanent settlement, Bengal pays a lower revenue than most of the other Provinces.

MADRAS.

Extent and Area.—The Madras Presidency, officially known as the Presidency of Fort St. George, is the southernmost Province of the Indian Empire. With the five Indian States of Travancore, Cochin, Pudukkottai, Banganapalle, and Sandur, the State of Mysore and the small British Province of Coorg, it occupies the whole of the southern portion of the Peninsula. The Madras Presidency is washed by the sea on every side but the north. From south-west to north-east it reaches for nearly 1,200 miles along the Bay of Bengal from Cape Comorin to Lake Chilka; on the west it extends northwards for 450 miles along the Indian Ocean. The northern boundaries from east to west are Bihar and Orissa, the Central Provinces, the State of Hyderabad and the southernmost districts of the Bombay Presidency. Excluding the Indian States, the area is 142,260 square miles; the Indian States occupy an additional area of 10,696 square miles. The Amini Divi and Laccadive Islands form, for administrative purposes, a part of the Presidency.

Harbours.—In all its 1,700 miles of coast line, the Presidency does not possess a single natural harbour capable of accommodating ocean-going vessels; except Madras City, which has an artificial harbour, the ports are merely open roadsteads where ships lie at anchor and discharge their cargoes into surf-boats. Near the mouths of the great rivers these roadsteads are in constant danger of being silted up.

Rainfall.—Nearly the whole of the rainfall is carried by two chief currents, and its distribution is determined by the conformation of the hill ranges. The chief rain-bearing current is the south-west monsoon, which blows from the Indian Ocean from the end of May to the end of September, but the Western Ghats keep most of the moisture within the limits of the coast strip, where the rainfall, due to the monsoon, varies from 100 to 150 inches. On the landward side of the range the rainfall is generally less than 25 inches, and in many places even less than 5 inches. As the force of the south-west monsoon in north-eastern India dies away the current moves and drives inland from the Bay of Bengal during October, November and December, forming the north-east monsoon. The rainfall due to this current decreases from east to west as the clouds drift inland, ranging from 25 inches near the Pulicat Lake to less than 10 inches in the Deccan.

Cyclones.—At the change of the monsoons cyclones are common along the eastern coast. In 1864 a cyclone was accompanied by a storm wave which swept 17 miles inland over 80 miles of the low coast and drowned 30,000 people. The Kistna and Ponnaiyar rivers are liable to heavy floods. Earthquakes of a mild character are fairly frequent.

Population.—The population of the British territory in 1921 was 42,318,985, and of the Indian States 5,460,312. The great majority are of Dravidian stock, as is shown by the following table of languages spoken—compiled from the census figures for 1921 :—

Agricultural Conditions. — The climate and solar heat are tropical, and, excluding the West Coast and the great deltas, the rainfall and water supply are generally uncertain and variable and often scanty, and atmospheric humidity is frequently slight. The deltas and river margins are of rich alluvial mould, and the retentive black cotton soil is found over large tracts, but owing to their geological origin and position, the soils of vast areas, including some of the black soil, are shallow and inferior. On the West Coast irrigation is unnecessary, but on the East Coast innumerable tanks and wells are scattered throughout the country. The chief staples of the Presidency are rice, cholam (a kind of maize), cumbu (a kind of millet), ragi and varagu amongst food-grains; gingelly amongst oil-seeds; and chillies, tobacco, sugarcane, plantains and betel-leaf amongst garden crops. Cotton is also largely cultivated.

Manufactures.—Madras is pre-eminently an agricultural province, and its factories are, for the most part, engaged in the working up of agricultural produce. Rice mills are found in large numbers in the great deltas of the Northern Circars and in Tanjore. Cotton spinning, weaving and ginning give employment to a large number of workers, and dyeing is carried on in almost every place where there are weavers. Tiles and earthenware of good quality are manufactured on the West Coast, and are sold inland and exported to Ceylon and Australia. Sericulture has been successfully introduced, and sugar and coffee works, silk spinning and weaving, rope making, tanning, and the manufacture and refining of vegetable and mineral oils are other important industries.

Revenue Settlement.—Zamindari settlements cover about one-fifth of the whole Presidency; the remainder of the land consists mainly of Ryotwari settlements. The assessment for land revenue is nominally one-half of the estimated net produce, but as vast areas are subleased at a half or larger share of the actual full crop, or at from twice to five times the assessment, it is clear that the nominal assessment is often one-fourth, and on richer lands a sixth or less of the net produce. There are certain deviations in the assessment in favour of the cultivators, and about 15 to 25 per cent. is deducted for vicissitudes of seasons. The average rate for "wet" land is Rs. 5–9 per acre, for which Government supplies water; for "dry" land, including gardens, the average rate is R. 1. These rates have decreased 25 per cent. since 1855, although during that period the prices of grains have doubled.

Administration. — The Madras Government consists of the governor, an executive council of four members—of whom two are Indians—and three Indian ministers for transferred subjects. The members of the governor's executive council are appointed by the Crown, and one at least of them must have been in the service of the Crown in India for at least 12 years. There is the usual secretariat, and a board of revenue, consisting of three members, relieves Government of the detailed control of a large proportion of the revenue administration. The board is also a court of wards. The legislative council numbers 132, of whom 98 are elected and 34 nominated members; of the latter the maximum number of officials is fixed at 23, including the four members of the executive council, who are *ex-officio* members of the legislative council.

Sub-Divisions.—The Presidency is divided for purposes of administration into 26 districts or collectorates; the chief executive and magisterial officer of each is the collector and magistrate. Each district, with one or two exceptions, is again divided into a number of sub-divisions under the charge of deputy collectors, the majority of whom belong to the Indian Provincial Civil Service and are recruited in India. These sub-divisions again are divided into *talukes* in charge of native *tahsildars*. *Talukes* are divided into *firkas*, and the ultimate unit for all fiscal and administrative work is the village under a headman, an accountant, and a number of menial servants under their orders.

BOMBAY.

Boundaries and Area.—Bombay Presidency is bounded on the north-west, north, and north-east by Baluchistan, the Punjab, and the Indian State of Rajputana; on the east by the States of the Central India Agency, the Central Provinces, Berar, and Hyderabad; on the south by Madras and Mysore; and on the west by the Arabian Sea. Its area is 123,541 square miles. With the Indian States the total area is 186,994 square miles. Within the geographical limits of the Presidency are included the Portuguese Possessions of Goa, Daman, and Diu, with an aggregate area of 1,638 square miles, and the State of Baroda, with an area of 8,127 square miles.

Main Divisions.—In the north of the Presidency lies Sind, the lower valley of the Indus, cut off from the rest of the Presidency by the desert and the sea. Cultivation is, as a rule, possible only where irrigation exists, and the surface of the land is a monotonous desert. The plains of Gujarat, in the centre, are watered by many rivers, including the Narbada and the Tapti, and are the richest in the Presidency. Towards the Rann of Cutch the rich plains pass into salt and sandy waste, with a brackish subsoil. Cutch is an island cut off from the mainland by the great salt waste known as the Rann. Kathiawar Peninsula is connected with Gujarat by a neck of low-lying land partly covered by a large lagoon, the Nal. Southwards lie the coast strip of the Konkan, and the Western Ghats with the elevated regions behind the range.

Islands and Harbours.—There are numerous islands scattered along the coast; Cutch, Salsette, and Bombay, the most important, are separated from the mainland by creeks of salt desert or tidal mud. Anjidiv, a Portuguese possession near the port of Karwar, was one of the first places on the coast known to the ancients. The harbours of Bombay, Karachi, and Karwar alone are sufficiently landlocked to protect vessels from the south-west monsoon.

Rainfall and Temperature.—The rainfall, with the exception of occasional thunderstorms is confined to the months between June and November, during which the south-west monsoon strikes the line of the west coast. Sind is almost rainless with a rainfall of about 2 inches; Gujarat has a more ample rainfall of 20 to 30 inches. The Konkan tracts receive 100 to 150 inches of rain, but the Deccan districts receive only 20 or 30 inches. The temperature is subject to great fluctuations in consequence of the variations in the rainfall, and ranges from a maximum of 126 degrees at Jacobabad in Sind to a mean of 58 degrees at the same station.

Bombay City.—The seven islands of which Bombay once consisted were ceded to the Portuguese in 1534, by Sultan Bahadur of Gujarat. In 1626, Bombay was partly burnt by the Dutch and English, but remained a Portuguese possession until 1661, when it came into the possession of the English under the terms of the marriage treaty between Charles II. and the Infanta of Portugal. In 1665, Humphrey Cooke took possession of the place on behalf of King Charles, and in 1668 it was transferred to the East India Company. In 1708, Bombay became the headquarters of the Governor, and it soon became the naval base of the Company on the west coast. The Great Indian Peninsular Railway was commenced in 1850, and in 1864 the Bombay, Baroda, and Central India Railway was completed from the north. In 1855 the first contract was made for a fortnightly mail service, which became a weekly one in 1857.

Population.—The population of the Presidency as enumerated in 1921 gave a total of 26,757,648 persons, of whom 19,348,219 were found in British territory and 7,409,429 in the Indian States. The settlement of Aden, which includes Sheikh Othman and the Island of Perim, has a population of 56,500. Between 1891 and 1901, owing to the ravages of famine and plague, the population of Bombay decreased by nearly 1½ millions, or 5·5 per cent. During the next ten years the population increased by 1,616,108 persons, or 6·4 per cent., but in this period also the mortality from plague was very heavy, the recorded deaths numbering 1,414,000. Of the total population in 1921 77 per cent. were Hindus, 19 per cent. Muhammadans, 1 per cent. Jains, and about 1¾ per cent. Christians. The classification of the population of the Presidency in 1921 is shown by the following table of the languages spoken:—

	Spoken by

Kanarese	2,403,448

Agriculture.—Sixty-four per cent. of the population of the Presidency are engaged in or dependent on agriculture, and very little cultivable land remains uncultivated. The principal food crops are rice, *bajra*, *jowar*, and wheat. Of non-food crops cotton is the most important about 9,000 square miles in the British districts being, in 1918-19, devoted to this crop. In Sind tillage depends on the rise of the Indus from March to August, the fields being watered by innumerable canals and water-courses. Wells are the chief source of irrigation in the rest of the Presidency, but canals are also in use; tanks are mainly found in the south. "Reserved" forests cover about 12,000 square miles.

Manufactures.—By far the most important industry in the Presidency is the cotton industry, which centres chiefly in Bombay and Ahmedabad. Hand-loom weaving is still extensively carried on, despite the competition of mills. The districts in which the silk industry is most flourishing are Surat, Ahmedabad,

bad, Bijapur and Dharwar. The raw material is imported from China, Bengal, Persia and Bangalore. Very beautiful, silk bordered *saris*, or women's robes, are made on hand-looms at various places in the Bijapur, Dharwar, and Belgaum districts. The embroidery of articles with gold, silver and silk thread for the use of the Muhammadan and Parsi communities, and for the European market, is carried on in Sind, in Kathiawar, and at Baroda, Surat, and Bombay. Blankets are made in most districts, and saddle covers for camels and horses, shoes, leggings and accoutrements in Sind. The pottery made locally is mostly of the commonest description, but some very fine ware is produced in Sind. Ahmedabad and Surat are famous for carved wood-work. Carving in sandal wood, ebony and blackwood is carried on in Bombay and Surat.

Administration.—The government of the Presidency of Bombay consists of the governor, an executive council of four members, two of whom are Indians, and three Indian ministers. The members of the executive council are appointed by the Crown, and one at least of them must have been for at least 12 years in the service of the Crown in India. There is the usual secretariat. The Presidency is administered by four commissioners—one in Sind, and one in each of the Northern, Central, and Southern Divisions. The divisions are split up into 25 districts under the charge of collectors, deputy collectors, and assistant collectors. The legislative council consists of 114 members, of whom 86 are elected and 28 nominated; of the latter the maximum number of officials is fixed at 20. The four members of the executive council are *ex-officio* members of the legislative council. There is a High Court at Bombay; and in Sind a Chief Court, over which the Bombay High Court has no jurisdiction.

Land Revenue.—In the Presidency, outside Sind, the land revenue system is, with few exceptions, *ryotwari*, and the term of settlement is 30 years. Practically the whole of Sind is under what is known as the irrigational settlement which includes the charge for irrigation water under land revenue. The term of settlement in Sind is 10 years. The rates vary from R. 1 per acre in Sind to Rs. 16–9 for garden land in the Northern Division, and form about 8 to 12 per cent. of the gross out-turn from the land. Extensive remissions are made in years of famine or other natural calamities.

THE UNITED PROVINCES OF AGRA AND OUDH.

Extent and Boundaries.—A Presidency of Agra was first formed in 1834; in 1836 its name was changed to the lieutenant-governorship of the North-Western Provinces. Oudh was annexed in 1856, and became a chief commissionership with a separate administration. In 1877 these two Provinces were brought together under the lieutenant-governor of the North-Western Provinces and chief commissioner of Oudh, and in 1902 the name of the Provinces was changed, and the title of chief commissioner dropped. In 1911 the State of Benares was formed by the transfer of certain areas from British to States territory. The Provinces cover a total area of 106,295 square miles; the area of the three Indian States, Benares, Rampur and Tehri, is 5,949 square miles more. On the north the Provinces are bounded by Tibet, on the north-east by Nepal, on the east and south-east by districts of Bihar and Orissa, on the south by the Central Provinces and Central India Agency, and on the west by Gwalior, Dholpur, Bharatpur, and the Punjab.

Meteorological Conditions. — The monsoon rainfall in the plains is about 40 inches, in the outer Himalayas about 100 inches, and beyond the outer Himalayas about 50 inches. The monsoon rains may come from either the Bengal or the Bombay current, and the heaviest rain is caused by the meeting of the two currents. The average temperature varies from 47 or 48 degrees in January to 107 degrees in May. The highest maximum was 120 degrees at Agra in 1878, but temperatures of 115 to 116 degrees are reached at one place or another nearly every year. Destructive storms and cyclones are rare, and none of importance have been recorded. Earthquake shocks are occasionally felt, but are not serious.

Population. — The total population in 1921 was 45,375,787, and with the Indian States 46,510,668. The pressure on the soil is greater than in any other Province of India, excepting Bengal, the number of persons per square mile in 1921 being 414. The chief language is Western Hindi, which is spoken by practically the whole of the population. In 1921 Hindus numbered 38·6 millions, or about 85 per cent. of the total population, and Mussulmans 6·5 millions, or 14 per cent. The three main physical types are Dravidian, Mongoloid, and Aryan. The majority of the people show a mixture of the first and last types. The Mongoloid type is found in the sub-Himalayan and Himalayan districts.

Agriculture. — About 72 per cent. of the people of the Provinces are dependent on agriculture. Rice is grown during the rains, and occupies about 20 per cent. of the cultivated area of the Provinces. Wheat is grown during the winter, and occupies about 25 per cent. of the cropped area, while gram occupies 15 per cent. and barley 13 per cent. Other crops are *jowar*, *bajra*, maize, pulse, and oilseeds. Cotton occupies 3 per cent. of the cropped area, and hemp is also grown. Opium is grown in irrigated areas. Sugar-cane occupies 4 per cent. of the area under cultivation, and is usually irrigated. Indigo cultivation is declining. The irrigated area is about one-fourth of the total area under cultivation, about one-fifth being irrigated from canals, and four-fifths from wells, tanks, and other sources. In the British districts there are about 13,000 square miles of forest lands.

Mineral Products and Industries.—Mines in the province are practically negligible. Cotton weaving is carried on in most districts as a home industry. Muslin and silk are made in several

towns. Blankets, cotton carpets and woollen carpets are made in many districts. Embroidery is done everywhere, but chiefly in Lucknow (where it represents the famous *chikan* work of silk or cotton on muslin) and Benares (where it consists of gold or silver work on velvet, silk, crape and sarsenet). At Cawnpore there are large cotton and woollen mills, tanneries which produce all kinds of leather goods, sugar refineries and, engineering works producing agricultural and other machinery. Brass and copper are worked at Benares and elsewhere, and the oil manufacturing industry is growing.

Administration.—The government of the United Provinces consists of the governor, an executive council of two members and two Indian ministers. There is the usual secretariat and a board of revenue. There are 10 divisions, divided into 48 districts, 36 of which are in Agra and 12 in Oudh. The legislative council numbers 123, of whom 100 are elected and 23 nominated members. There is a High Court in the Province of Agra, and a Chief Court in Oudh.

The settlement for land revenue purposes is ordinarily for a period of 30 years, and the Government share of the rental "assets," on which assessment is based, is one-half

PUNJAB.

Extent and Boundaries.—The Punjab, or land of the five rivers, is the country enclosed by the Jhelum, Chenab, Ravi, Beas and Sutlej; but the Province includes also the table-land of Sirhind between the Sutlej and the Jumna, the Sind-Sagar Doab, between the Jhelum and the Indus, Dera Ghazi Khan and part of Mianwali District. The total area, including Delhi, is 136,905 square miles, of which 37,059 square miles belong to Indian States. The Himalayas divide the Punjab from Kashmir and the North-West Frontier Province. On the west the Indus forms its main boundary with the latter Province; and the Sulaiman Mountains divide it from Baluchistan. On the south-west the Punjab adjoins Sind, and the Rajputana Desert forms its southern border. On the east the Jumna and its tributary, the Tons, divide it from the United Provi ncesof Agra and Oudh, its frontiers north of the latter river being contiguous with Chinese Tibet.

Meteorological Conditions.—Over the greater part of the Punjab the climate is of the most pronounced continental character, extreme heat alternating with great winter cold; but its diversified surface modifies very largely the temperature, weather and climate in different parts of the Province. There are two well-defined rainy seasons in normal years; the first, or period of the north-east monsoons, includes the "Christmas" rains which fall between the end of December and the middle of March; the second is that of the south-west monsoon from the end of June to the middle of September. The highest average rainfall is 117 inches at Dharmsala, and the average is probably nowhere less than 55 inches in the Punjab Himalayas. In the plains the average is from 30 to 40 inches, but in the west and south-west lies a dry area characterized by an extremely light and variable rainfall, and extreme heat and dryness. For four months of the year nothing can be more perfect than the Punjab climate, with its bright sun and invigorating air. Severe cyclone storms are practically unknown; hailstorms are fairly frequent, and often cause considerable damage to the crops. Earthquakes of a severe character are not uncommon, especially in the region of the "main boundary fault" of the Himalayas. In the Kangra earthquake of 1905 about 20,000 people perished.

Population. — The total population of the Province in 1921, including Delhi, and the Baloch tribes on the border of the Dera Ghazi Khan District, was 25,589,248, of whom 4,416,036 were in the Indian States. The ethnical type is distinctly Aryan, there being few traces of aboriginal or foreign blood, if the Tibetan element in the extreme north-west be excluded. Socially the landed classes stand high, and of these the Jats, numbering in 1921, 5,511,023, are the most important. By religion the Jats are essentially Hindus, and they also comprise the great mass of the Sikhs, the Sikh Jats being mainly confined to the Central Districts of the Punjab. There are nearly two million Muhammadan Jats. The Rajputs (2,330,395) are next in importance to the Sikhs; the majority of them are Muhammadans, and they furnish many recruits to the Indian army under the general designation of Punjabi Muhammadans. The Hindu Rajputs are found mainly in the north-east corner of the Punjab.

Agriculture. — Agriculture affords the main means of subsistence to 58 per cent. of the total population. The Punjab is essentially a country of peasant proprietors, landholders and tenants and their families numbering nearly 14 millions. The principal crops are wheat, gram, and barley in the spring, and maize, *jowar*, *bajra* and rice in the autumn. Cotton is grown in increasing quantities; oilseeds, hemp, sugar-cane, poppy, tobacco, tea and indigo, are other crops. The development of canals has led to a great expansion of the area under spring crops, especially wheat, rather more than half the area under this crop being irrigated. Of the whole area under cultivation 42 per cent. is irrigated, mainly from wells and canals, and 7 per cent. more is subject to inundation from the rivers. Further areas are being placed under cultivation as the irrigation scheme sanctioned in 1905 comes into operation. There are about 8,700 square miles of State forest land, the surplus revenue from which produces about £30,000 a year. The main source of wealth of the Province lies in its export of wheat, of which about 500,000 tons are exported annually.

Mineral Products and Industries.—The Punjab is not rich in minerals. Saltpetre is exported to Europe. Rock-salt from the Salt Range is the most valuable mineral. Coal is mined near Dandot, in the Jhelum District, and attempts have been made to work seams in other parts. Gold-washing is carried on at various places in the upper reaches of most of the rivers, but the industry is not remunerative. Iron of the best quality and copper ores are plentiful, but difficulties of carriage and absence of fuel have

hitherto prevented smelting on a large scale Cotton-spinning is the great domestic industry of the Province, coarse cotton cloth being woven by hand in almost every village Finer qualities are also made, and cotton rugs, and cotton-pile carpets. Blankets and woollen rugs are produced in large quantities. Silk is imported from China, and woven along with cotton or wool, or in its pure state. The carpets of Amritsar, made of *pashm*, the fine hair of the Tibetan goat, are exported to all parts of the world. The number of workers in gold and silver goods far outnumber those in iron and steel. Brass-ware, copper-ware and earthenware are manufactured for domestic use. Ivory carving is carried on in Amritsar, Delhi and Patiala.

Administration.—The government of the Punjab consists of the governor, an executive council of two members, and two Indian ministers. There is the usual secretariat. The civil administration is carried on by the Punjab Commission, a body now exclusively recruited from the Indian Civil Service, though before the formation of the North-West Frontier Province one-fourth of the cadre was drawn from the Indian Army. There are 5 Divisions, 29 Districts, and 34 Indian States. The legislative council numbers 94, of whom 71 are elected members. A High Court of Judicature was established at Lahore with effect from the 1st April, 1919.

Land Revenue.—The settlements of land for the purpose of assessing the land revenue are usually in force for a term of 20 years, and assessments have generally been noted for their moderation. The land is divided into two main classes, irrigated and unirrigated; and in the latter is included moist (*sailab*) land, not actually irrigated, in river valleys and on the banks of hill torrents. Sailab land on hill torrents is sometimes assessed at Rs. 4 per acre; other unirrigated land pays from 3 or 4 annas to Rs. 2 or Rs. 2-8 per acre. The assessment of canal-irrigated land varies according to the value of the advantages conferred by the canal. Land irrigated by wells pays 12 annas to Rs. 6 or Rs. 7 per cultivated acre.

BIHAR AND ORISSA.

Extent and Boundaries.—The Province of Bihar and Orissa consists of Bihar, Chota Nagpur and Orissa. It is bounded on the north by Nepal, on the south by the Bay of Bengal, on the east by Bengal and on the west by the United Provinces and the Central Provinces. Its area is 83,161 square miles, and its population 34,002,189. With the Indian States the total area is 111,809 square miles and the total population 37,961,858.

Meteorological Conditions.—The mean annual temperature ranges from 82° at Cuttack to 75° at the elevated stations of Hazaribagh and Ranchi. May is the warmest month of the year, with mean temperatures between 85° and 94°. On the setting in of the rains in June a slight fall in temperature occurs, and the weather continues to become cooler until December, when the temperature nowhere exceeds 71°, while in Bihar and Chota Nagpur it is generally below 64°. The annual rainfall averages nearly 58 inches in Orissa, 53 inches in Chota Nagpur, and 50 inches in Bihar. Orissa has on more than one occasion suffered from disastrous famines, and it was devastated by the calamity of 1865–7. Earthquakes of considerable violence occurred in 1885 and 1897. Cyclones occasionally do great damage on the Orissa coast.

Population.—The total population of the Province (including its States) on 18th March, 1921, was 37,961,858. The census of 1921 shows that Hindus constitute 82 per cent. of the population, Muhammadans 10 per cent., Animists 7 per cent., and other religions 1 per cent. The people of the Province belong to three types: Dravidians in Chota Nagpur, Aryo-Dravidians in Bihar, and Mongolo-Dravidians or Bengalis in Orissa. The main divisions of the people, according to language, are as follow (1921 census figures):—

Indo-Aryan family—	
Western Hindi ...	25,105,914
Bengali...	1,568,138
Oriya	4,810,308
Munda family—	
Kherwari	1,854,072

Agriculture.—Copious and regular rainfall renders irrigation far less essential in the province than in some parts of India. In Orissa irrigation works exist but are seldom used. In Chota Nagpur rice cannot, however, be grown without irrigation, and rice is also irrigated in North Bihar at the foot of the Himalayas. Wheat and barley are commonly grown without irrigation. Rice is the principal crop, Patna being the centre of the great rice-growing areas; maize, wheat and barley are largely grown, and various other cereals and pulses. Sugar-cane is grown in North-west Bihar, and indigo, though the area under cultivation of the latter crop is shrinking. Jute is grown in Purnea. Tea is produced in Ranchi and Hazaribagh, and tobacco is grown more or less extensively for local consumption in every district. In Darbhanga, Purnea and Muzaffarpur it is also grown for trade and export. An agricultural research institute has been opened at Pusa, an agricultural college at Sabour, and experimental farms are established at various places in the Province.

Minerals.—Coal is the chief mining industry The mines furnish 70 per cent. of the total output of coal in India. The coal seams lie mainly in the Barakar and Damodar river valleys the principal fields at present worked being at Giridih (Karharbari) in the Barakar valley, and at Jherria and in the Ranigank district in the valley of the Damodar, all within 200 miles of Calcutta. The output of coal in 1925 was 13,938,500 tons, valued at about £6,000,000. Iron and copper ore are found in Singhbhum. Mica is found in the Gaya, Hazaribagh and Monghyr districts; saltpetre in Patna and Monghyr, and slate in Monghyr.

Manufactures.—Sugar is widely manufactured in the Tirhut and Patna Divisions. In these divisions also the manufacture of saltpetre is an important industry. Tobacco, guns, and articles of ebony inlaid with ivory and horn, are made in Monghyr, and silk and mixed silk and cotton fabrics at Bhagalpur. Handloom-weaving supports half-a-million people. Leathers are tanned and leather goods manufactured at Jobra. The gold and filigree work of Cuttack has a high reputation. Bell-metal and brass utensils, carpets, coarse cotton cloths and blankets are manufactured in many districts throughout the Province. The large works of the Tata Iron and Steel Company are situated at Jamshedpur in Singhbhum.

Administration.—The Province of Bihar and Orissa was created on 1st April, 1912, and consists of the Bhagalpur, Monghyr, Purnea and Santal Parganas Districts of the former Bhagalpur Division of Bengal, and the Patna, Tirhut, Chota Nagpur and Orissa Divisions of the former Province of Bengal. It was formerly governed by a lieutenant-governor, with an executive council of three members—created in August, 1912.

The present government of Bihar and Orissa consists of the governor, an executive council of two members, and two Indian ministers. The legislative council numbers 103 members, of whom 76 are elected and 27 nominated; of the latter the maximum number of officials is fixed at 15. There is a High Court of Judicature at Patna.

BURMA.

Area and Boundaries.—Burma is the name given to the country stretching along the western edge of that portion of the Continent of Asia which lies between the Bay of Bengal and the China Sea and is known generally as Indo-China. It has an area of 233,707 square miles. Due north, the boundary between Burma, Tibet, and China has not been precisely determined. Assam, Manipur, the Lushai Hills, and the Chittagong Hill tracts hem it in on the north-west, and its western border is the Bay of Bengal. Its north-eastern and eastern frontiers march with the Chinese Province of Yunnan, the Chinese-Shan and the Lao States, the French possessions in Indo-China, and the kingdom of Siam; and on the south it is bounded by that portion of Siam which forms part of the Malay Peninsula. Its extreme width is about 575 miles, and its extreme length about 1,200 miles. The Chinese name for Burma is "Mien," and the Burmese name is written "Myanma," though ordinarily pronounced "Bama."

Meteorology.—Burma has long enjoyed an unenviable notoriety in the matter of climate, but is slowly outgrowing its reputation as an irredeemably pestilential region. Malarial diseases are very prevalent in certain localities, but jungle-clearing and conservancy have worked wonders in the past few years, and the majority of places inhabited by Europeans are as salubrious as average stations in the East. The rainy season extends from May to October. The average annual rainfall varies from 200 inches at Tavoy and 187 inches at Akyab to 31 inches at Mandalay and 44 inches at Maymyo. The average mean temperature ranges from 88° at Mandalay in May to 70° in January at the same station. At Maymyo (a hill station) the mean temperature ranges from 71° in May to 53° in January. Storms and cyclones occur during the rainy season, being most frequent in May.

Population.—The total population of the province in 1921 was 13,212,192. The indigenous languages of Burma belong to the Mon-Khmer and Tibeto-Chinese families of languages, except Daingnet, a corrupt form of Bengali, spoken in Akyab district, and Salon (Selung), the speech of the sea-gypsies of the Mergui Archipelago, which is said to belong to the Malay group of languages. Caste is unknown as an indigenous institution in Burma. In 1921, 85 per cent. of the people were Buddhists; the remainder were Animists, Muhammadans, Hindus, and Christians.

Agricultural Products.—The great majority of the people are agriculturists. Rice is grown wherever there is suitable land and sufficient moisture. In the dry zone of Upper Burma, sesamum, maize, *jowar*, cotton, beans, wheat, and grain are grown largely in place of rice. Wheat and grain are grown in the better kinds of lowland soil, and beans and maize are sown in the rich alluvial soil left behind by the flood waters of the rivers. Cotton is grown in some tracts of the dry zone, as is also the toddy-palm. Tobacco is grown in the alluvial land; chillies, sugar cane, onions, plantains, mango trees, pineapples, and oranges are also widely grown. In certain of the hill tracts tea and coffee are cultivated with moderate success. Rubber is also grown on a commercial scale in various districts. Irrigation by canals, wells, and tanks is necessary for the cultivation of rice crops in Upper Burma.

Fisheries and Forests.—The fisheries of Burma are important, financially and otherwise. From time immemorial the exclusive right of fishing in certain classes of inland waters has belonged to the Government, and is usually sold by auction. Here and there along the coast are turtle banks, which yield a profit to Government. The waters of the Mergui Archipelago abound with fish. Pearl fishing is carried on by the natives. The forests of Burma yield a surplus of over half-a-million pounds a year. Teak is the most valuable timber exported.

Mineral Products and Industries.—Petroleum is extracted in Arakan, and tin in Tavoy and Mergui districts, but hardly anything in the shape of regular mining operations is carried on in the rest of Lower Burma. The principal oil-bearing areas are in the dry zone of Upper Burma; gold, rubies, jade, amber, and coal have been found in paying quantities only north of the 22nd parallel of latitude. Coal has been found in the Northern and Southern Shan States, and to the west of the Chindwin River, in the Upper Chindwin district, in Thayetmyo, in Mergui, and in Shwebo district. Iron is found in the Shan States, Mergui, and elsewhere

but it is not systematically dealt with, and iron-smelting is a purely local village industry. Mogok is the headquarters of the ruby mining area; the mines are situated in the hills, 60 miles east of the Irrawaddy, and about 90 miles from the city of Mandalay. The domestic industries of the people include cotton-weaving, silk-weaving, gold and silversmiths' work, brasswork, the making of earthen vessels or cooking, lacquer work, the making of sandals, matmaking, and cart and boat building. There are rice mills, saw mills, petroleum and match factories.

Administration.—Burma was constituted a lieutenant-governorship in 1897, and in January, 1923, became a "Governor's Province." There are 8 commissioners' divisions and 37 districts. The Executive Covernment consists of the Governor, an Executive Council consisting of two members appointed by the Crown, and two Ministers. The Legislative Council, as constituted in 1923, consists of 103 members, of whom 79 are elected. A High Court of Judicature was established at Rangoon on 18th December, 1922.

CENTRAL PROVINCES.

Extent and Boundaries.—The Central Provinces comprise a large portion of the broad belt of hill and plateau country which lies between the plains of Hindustan and the Deccan. The area, including Berar, is 131,052 square miles, of which 99,876 are British territory, the remainder held by feudatory chiefs. The Province is bounded on the north and north-west by the Central India States and the United Provinces; on the west by the States of Bhopal and Indore and by a part of Bombay; on the south by Berar, the Nizam's Dominions and part of Madras; and on the east by Madras and the Tributary States of Bihar and Orissa. They are thus enclosed on nearly every side by Indian States. Berar, with an area of 17,767 square miles, is leased in perpetuity from the Nizam of Hyderabad, and has been administered by the chief commissioner of the Central Provinces since 1st October, 1903.

Population.—The population of the Province, including Berar, was, in 1921, 15,979,660, including 2,066,900 in Indian States. The main divisions of the people, excluding the Indian States, according to language (1921 figures), are:—

	Spoken by
Indo-Aryan—	
Western Hindi	7,507,175
Marathi	4,773,561
Oriya	204,937
Dravidian—	
Gond	929,398

In 1921 about 11·6 millions, or 80 per cent. of the total population, were Hindus, 2½ millions were Animists, 563,000 Musalmans, 41,000 Christians, and 68,000 Jains.

Agriculture.—The Province is essentially agricultural, about 75 per cent. of the total population being either wholly or partly maintained by agricultural labour. Wheat, linseed and grain are largely grown in the heavy black soil of the Narbada Valley and the level portions of the Vindhyan and Satpura plateaux. Cotton and *jowar* are grown in the shallow black soil lying over the surface of basaltic rock, while in the sandy and stony uplands only cheap millets can be produced. Rice is the most important crop in the Province, covering over 7,000 square miles, or 26 per cent. of the total cropped area, in the level plains near the rivers from which the rice fields can be irrigated. "Reserved" forests cover about 20,000 square miles, or 20 per cent. of the total area of the Province, and produce a surplus revenue of about £82,000 per year.

Mineral Products and Industries.—Coal measures occur in various parts of the Province in the Barakar group of Gondwana rocks, and mining operations take place in the Mohpani field near Gadarwara, in Chhindwara, and at Bandar, near Warora. Iron ores of good quality occur in various places, the best known centres being Sihora in Jubbulpore, and Tendukheda in Narsinghpur. Manganese ores are found in several districts, the most important mines being in the Ramtek *tahsil* of Nagpur district. Limestone, fullers' earth and building stone are found in several places. The principal manufactures are silk-weaving, cotton-weaving, &c., gold and silver work, brass, copper and bell-metal work, and the making of glass bangles. Pottery, bamboo work and blanket-weaving are of somewhat less importance. There are cotton mills at Nagpur, Hinganghat, Jubbulpore, Pulgaon, and Raj-Nandgaon in the Nandgaon State. Jubbulpore possesses also a brewery, some pottery works, and the central gun carriage factory, which was opened in 1905. There is a match factory at Kota, in Bilaspur, and a brick and tile factory belonging to the Government at Warora.

Administration.—The government of the Central Provinces consists of the governor, an executive council of two members, and two Indian ministers. There is the usual secretariat. The Province is divided into four divisions and 18 districts. The legislative council, which came into being in January, 1921, numbers 73, of whom 55 are elected members. The judicial commissioner is the highest court of appeal; he is assisted by an additional commissioner for the Central Provinces, and another for Berar. The period now adopted for land revenue settlements is 20 years, but settlements have been made for various terms. In *zamindari* estates the revenue is fixed at a favourably low rate, as a rule not exceeding 40 per cent. of the "assets"; in *ryotwari* settlements the whole of the ryot's payment is taken as the Government revenue, subject to a small drawback to the managing headman for the trouble of collection.

ASSAM.

Extent and Boundaries.—The Province of Assam includes the Assam Valley Division, the Surma Valley and Hills Division and the State of Manipur. It is bounded on the east by the hill tracts of Upper Burma, on the north by Bhutan and Tibet and the Himalayas, and on the west by Bengal and Hill Tippera. The total area is 61,471 square miles, of which 8,456 square miles are in the Native State of Manipur,

Meteorological Conditions.—The Province is freely open to moisture-laden winds from the Bay of Bengal, and lies beyond the influence of the dry air current which frequently blows down the Gangetic plain into Bengal during periods of hot weather; its climate is therefore notoriously damp. Cherrapunji, in the Khasi Hills, is one of the wettest places in the world, having a rainfall of 426 inches. The temperature ranges from 59° at Sibsagar in January to 84° in July. Earthquakes of considerable severity have taken place, by far the worst being that which occurred in 1897.

Population.—The total population in 1921 was 7,990,246, of whom only 384,016 were in Manipur. Of the total population in 1921, over 4 millions were Hindus, over 2 millions Muhammadans, and 1⅛ millions Animists.

Agricultural Products.—The Province enjoys agricultural advantages for which it would be difficult to find a parallel in any part of India, climate, soil, rainfall, and river systems all alike being favourable to cultivation. Rice is the staple food crop, about 4½ million acres being devoted to this crop. Except in the Himalayan Tarai irrigation is unnecessary. Jute and tea are the most important crops grown for export; the area under jute being generally about 95,000 acres, that under tea about 360,000 acres. Cotton, rubber and tobacco are also grown, and about 56 square miles are devoted to sugar cane. The total area of "reserved" forest is about 4,381 square miles, and the unclassed State forests cover about 18,401 square miles.

Mines and Minerals.—The only minerals in Assam worked on a commercial scale are coal, limestone, and petroleum oil. The most extensive coal measures are in the Naga Hills district, where over 300,000 tons are raised annually and used mainly by the river steamers and in the tea gardens. Limestone is quarried in the Khasi and Jaintia Hills, in Sylhet, and in the Garo Hills. Petroleum is worked only in Lakimpur; the oil is rich in paraffin, and the chief products are light naphthas, kerosene and wax. The oil is sold locally, and the wax is exported, mainly to England.

Manufactures.—Silk is manufactured in the Assam Valley, the weaving being done by the women. Cotton weaving is also largely practised by the women, and almost every house contains a loom; the cloth is being gradually displaced by imported goods of finer texture and colour. Boat building, the making of brass and metal and earthen wares, tea manufacture and limestone burning are the other chief industries apart from agriculture, which itself supports about 86 per cent. of the population.

Administration.—The Province of Eastern Bengal and Assam was formed on 16th October, 1905, and consisted of Assam, the Dacca, and Chittagong Divisions, the Districts of Rajshahi, Dinajpur, Jalpaiguri, Rangpur, Bogra, Pabna, and Malda, and the States of Tripura and Manipur. Up to 1st April, 1912, the province was governed by a lieutenant-governor, with the assistance of the usual secretariat and a revenue board. On that date the Chittagong, Dacca and Rajshahi Divisions, and the administration of the State of Tripura were transferred to the new Presidency of Bengal, while the Assam Valley Districts Division, and the Surma Valley and Hill Districts Division, together with the State of Manipur, were taken under the immediate authority of the governor-general in council and formed into the chief commissionership of Assam.

From the 1st January, 1921, Assam became a governor's province. The government now consists of the governor, an executive council of two members, and two Indian ministers. The legislative council numbers 53, of whom 39 are elected members.

NORTH-WEST FRONTIER PROVINCE.

Boundaries and Area.—This Province was constituted on 9th Nov., 1901, and, as its name denotes, is situated in the North-West Frontier of the Indian Empire. On the north it is shut off from the Pamirs by the mountains of the Hindu Kush, on the south it is bounded by Baluchistan and the Dera Ghazi Khan District of the Punjab, on the east by Kashmir and the Punjab, and on the west by Afghanistan. The approximate area is 38,919 square miles, of which only 13,418 are British territory, the remainder being occupied by tribes under the political control of the agent to the governor-general in the five political charges of Dir, Swat and Chitral, Khaibar, Kurram, Tochi and Wana.

Meteorology.—Climatic conditions are extremely diversified, the Dera Ismail Khan District being one of the hottest areas in India, while in the northern mountain region the weather is temperate in summer and intensely cold in winter. The air is generally dry and the daily and annual ranges of temperature are frequently very large. There are two wet seasons: one the monsoon, the other in winter when storms from Mesopotamia, Persia and the Caspian districts bring widespread rain and snowfall. Both sources of supply are precarious, and not infrequently one of them fails. The lightest annual rainfall is that of Dera Ismail Khan (9 inches), the heaviest that of Hazara, Abbottabad having a rainfall of 46 inches. The temperature in Dera Ismail Khan rises during the hottest part of the year to between 113° and 118°; in Peshawar it is between 113° and 119°. In the cold weather it is about 55° at Peshawar, and 58° at Dera Ismail Khan.

Population and Agriculture.—The population of the districts and administered territories in 1921 was 2,251,340; of the agencies and tribal areas, 2,825,136. The Pathans are the most numerous and important class; next in order come the Awans, Jats, Gujars, Saiyids, Tanaolis, Malliars, Dhunds, &c. Pathan denotes status, and is not now a racial term; the Pathan tribes are mainly of Iranian origin. It is estimated that over 90 per cent. of the people of the Province are Muhammadans. The majority are agriculturists; other occupations are cotton weaving, leather working, iron and wood work, and the making of earthenware. The principal crops

are—in the cold weather, maize and bajra; in the spring, wheat, barley, and gram. Rice and sugarcane are largely grown on the irrigated tracts of the Hazara, Peshawar and Bannu districts, and the well and canal irrigated tracts of the Peshawar district produce fine crops of cotton and tobacco. Of the total area cultivated 25 per cent. is irrigated by canals and 2 per cent. by perennial streams. Larger areas are about to be brought under irrigation by the waters of the Swat, by tunnelling under the Malakand Pass, and of the Indus.

Border Trade.—The Province owes its commercial importance to the fact that it lies across the great trade routes which connect India with trans-border tribal territories and the marts of Afghanistan and Central Asia. The Malakand Pass is the main route for imports from Buner and Bajaur which go to Naushahra. The bulk of the commerce with Afghanistan comes down the Khyber Pass to Peshawar, and some of it reaches Kohat by the Gomal and Tochi Valleys or by the Peiwar Kotal and the Kurram Valley. The Chuhar Khel Dhana and Vihowa Kharr routes, once important, are being abandoned for the railway route through Baluchistan. The trade with Bokhara, once important and lucrative, has steadily declined and is being diverted to the Batoum-Bombay sea route. The main articles of import are sheep, goats, grain, pulses, hides and skins, cordage, mats, oil, timber, silk, wool, fruit and vegetables. The chief exports across the border are cotton piece goods, twist and yarn, salt, sugar, tea, tobacco, hardware, metals, leather, dyeing materials, silver and coin.

Administration.—The Province is in the control of a chief commissioner who is also, in the political areas, agent to the governor-general. There are five districts and five political agencies administered by officers of the Indian Civil Service, military officers of the Political Department of the Government of India, and the Punjab Commission. The canals of the Peshawar District are under the control of the Punjab Irrigation Department; the control of the finances is exercised by the accountant-general of the Punjab. There is no legislative council, the Province having been withdrawn on its formation from the jurisdiction of the legislative council of the Punjab. The court of the judicial commissioner also then took the place of the chief court of the Punjab. The revenue and expenditure of the Province are wholly Imperial.

The character of the land tenures in the Settled Districts resembles those of the Punjab, and the method and standard of assessments are the same, but in some districts, for political reasons, they are lighter. Of the agencies only Kurram and the Tochi Valley pay land revenue to the British Government.

BALUCHISTAN.

A tract of mountainous country, whose coast is continuous with the north-western seaboard of the Indian Peninsula; bounded on the north by Afghanistan, on the east by Sind, on the south by the Arabian sea, and on the west by Persia. It extends from lat. 24° 50′ to 30° 20′ N., and from long. 60° 40′ to 69° 45′ E.; total area, 134,638 square miles; population 834,703. The country is inhabited by two distinct races, the Brahui and the Baluch. These are each divided into numerous classes, and although Baluchistan derives its name from the latter, the Brahuis are considered the dominant people, and from amongst them the rulers of the country are always selected. The population of British Baluchistan in 1921 was 420,046, and of the Baluchistan States, 373,977.

The first occasion of British intercourse with Baluchistan was when, in 1839, the British Army advanced through the Bolan Pass towards Afghanistan. Owing to the hostile attitude of its ruler, it was found necessary to occupy Kalat, the Khan himself being killed in the assault. Three treaties have been concluded with the Baluchis (in 1841, 1854, and 1876), the two last binding them to subordinate co-operation with the government of India. By the terms of the treaty of 1876, the Quetta district was leased to that government, and has been administered by British officers since 1877. British Baluchistan was incorporated with British India in 1887, and was divided into two districts—Quetta-Pishin and Thal-Chotiali. Quetta is joined to the railway system of India by a loop of the Sind-Pishin railway running from Sibi through the Bolan Pass to Bostan, and is the headquarters of a division of the Indian Army. Other areas under direct British administration are Zhob, Bolan, and Chagai. The rest of the country is occupied by the states of Kalat, Kharan and Las Bela (*see* page 480), and by the Marri and Bugti tribes.

DELHI.

The province of Delhi was created on 30th September, 1912, in pursuance of the policy announced by H.M. the King Emperor at the Delhi Durbar on 12 December, 1911, to move the capital of India and its seat of government from Calcutta to Delhi.

The province lies on the right bank of the River Jumna, and consists of that portion of the District of Delhi (in the Province of the Punjab) comprising the Tahsil of Delhi and Mahrauli Thana. It covers about 528 square miles, its area varying slightly from year to year with the changes in the deep stream of the river Jumna. Its population in 1921 was 488,188. It forms an Imperial *enclave*, of which the city of Delhi forms the principal feature.

The government of the province is conferred upon a chief commissioner, but certain powers and duties are reserved to the governor-general in council, and others are exercised by the governor of the Punjab [*see* the Delhi Laws Act, 1912 (xiii of 1912), and govt. of India Notification, Home Dept., No. 1008, dated 1st Oct., 1912]. The chief commissioner exercises the functions of a commissioner of a division, financial commissioner, registrar-general of births, &c., and of joint stock companies, inspector-general of registration, and inspector-general of police. Other offices are performed by officials of the Punjab government.

INDIAN STATES.

The territories of the Indian States occupy approximately two-fifths of the entire Indian peninsula, and contain over one-fifth of the whole population of the country. The names of the principal chiefs, and the salutes allowed to each will be found at pages 241–249.

The Chamber of Princes, which was inaugurated in February, 1921, is a permanent consultative body which meets periodically for the discussion of matters affecting the Indian States generally, or of common concern to the states and to British India or the Empire at large.

Many of the states are governed almost independently by their own rulers, but they are all subject in a greater or less degree to supervision and guidance at the hands of the British Government. They may be divided into two main heads: (1) states having political relations with the government of India; and (2) states having political relations with the several local governments of India.

In pursuance of the general policy advocated in para. 310 of the Montagu-Chelmsford Report on Indian Constitutional Reforms (1918), a number of the more important Indian states, formerly in political relations with local governments and administrations, have been placed in direct relations with the Government of India. These states include most of the Punjab states, the United Provinces states of Rampur, Benares and Tehri, the Bengal states of Cooch Behar and Tripura, all the states in the Madras Presidency, and the political agencies of Kathiawar, Cutch and Palanpur, in the Bombay Presidency. Gwalior, formerly included in the states of the Central India Agency, is now in direct relations with the central government through a resident.

States having Political Relations with the Government of India.

1. *Hyderabad.* — The Hyderabad State is roughly co-extensive with the Deccan or central plateau of Southern India, and takes its name from its capital city. The total area of the territory governed by the Nizam is 82,698 square miles, containing (1921) a population of 12,471,770, about one-tenth being Muhammadans. The ruling dynasty is of Turkoman origin, the name of the first sovereign being Chin Killich Khan, also known as Asaf Jah, who was appointed to be Viceroy of the Deccan with the title of Nizam-ul-Mulk in the year 1712. During the dissensions in the empire subsequent to the death of Aurungzeb, Asaf Jah succeeded in asserting his own independence. The Assigned Districts of Berar were assigned to the British Government in 1853 to meet the cost, including arrears of pay, of the Hyderabad Contingent, an auxiliary force of four cavalry regiments, four batteries of field artillery, and six regiments of infantry. The *raison d'être* of this force was primarily that it might be of use to the Nizam, but it was available also under treaty for general service with British troops when required. In 1903 it was delocalised and incorporated into the Indian army. The surplus revenue derived from Berar, after paying for the cost of the administration, was paid to the Nizam's government. In 1902, however, the permanent administrative control of Berar was acquired by the British Government on a perpetual lease, by agreement with the Nizam, and for administrative purposes the Districts were incorporated in the Central Provinces. Revenue of Hyderabad, about £4,600,000. The State has relations with the Government of India through a political resident.

2. *Mysore.*—The Mysore State is situated in Southern India, between 11° 40′ and 15° N. lat., and between 74° 40′ and 78° 30′ E. long., and is surrounded on all sides by British territory. Its total area, including the civil and military station of Bangalore, which is under British administration, is 29,528 square miles, and it contains (1921) a population of 5,978,892. The inhabitants are almost exclusively Hindus, who constitute more than 92 per cent. of the whole population. In early times Mysore was the principal seat of the Jains, who have left many interesting memorials of their occupation. The state has always been under Hindu rulers, except during the short interval caused by the usurpation of power during the 18th century by Haidar Ali and his son, Tipu Sultan. After the death of the latter, at the capture of Seringapatam in 1799, the English restored a representative of the ancient line in the person of Krishna Raj, son of Chama Raj of Arakotara. His subsequent misrule, when admitted to power on attaining his majority, led to the resumption of the administrative control of the province by the British government in the year 1831. The government, however, continued to be carried on in the name of the native prince, and at his death an adopted son was recognised as successor. This chief, since dead, was duly installed on coming of age in 1881. The British chief commissioner thereupon handed over office to the Indian diwan, and a political resident was appointed to represent British interests. Revenue of Mysore, about £2,560,000.

3. *Baroda.*—This state includes all the territories of his Highness the Gaekwar. Its total area is 8,182 square miles, and it contains (1921) a population of 2,126,522 souls, the great majority of whom are Hindus. The province of Gujarat was at one time included in the Mughal empire, but, in the early part of the eighteenth century, the Mahrattas, under the leadership of Damaji Gaekwar, and afterwards of his nephew, Pilaji, succeeded in wresting all power out of the hands of the Mughal officers. From that time Baroda has remained continuously under the sway of the Gaekwar family, who held it in the first instance under the Mahratta Peshwa subject to a tributary payment, but afterwards threw off their allegiance and became feudatory to the British government under the guarantee of a treaty executed in the year 1817. The British government is represented at Baroda by a political resident. Revenue of Baroda about £1,830,000.

4. *Jammu and Kashmir.* — This state includes, in addition to the district of Kashmir proper, Jammu, Poonch, and the governorships of Ladakh and Gilgit. Subordinate to it are the petty chiefships of Hunza and Nagar. The area is estimated to be 84,258 square miles. The population,

according to the census of 1921, amounts to 3,320,518. Kashmir became part of the Mughal empire in 1586 A.D., but it was afterwards subjugated both by the Afghans and the Sikhs. At the time of the Sikh war the state was under the government of Gulab Singh, a Sikh officer, who ruled as a feudatory of the Maharaja of the Punjab. After the victory of the British forces in 1846, the possession of the kingdom was confirmed to Gulab Singh, under certain specified conditions of alliance and subordinate co-operation, by a separate treaty executed at Amritsar in the same year. A political resident is permanently stationed in Kashmir. The ruling family is Hindu, but about three-quarters of the inhabitants of the country are Muhammadans, and chiefly of the Sunni sect. Revenue, about £1,570,000.

5. *Gwalior.*—In 1921 the Gwalior State was separated from the rest of the Central India Agency, and was placed in direct relations with the government of India through a resident. It is the leading state of Central India, having an area of 26,382 square miles, a population of 3,175,822, and a revenue of approximately £1,570,000. 84 per cent. of the population is Hindu.

6. *Baluchistan Agency.*—In this Agency are included the states of Kalat, and Las Bela. The Khanate of Kalat, which formerly comprised the whole of the country known as Baluchistan, now occupies only about two-thirds of it. Its area is approximately 55,000 square miles. The country is sparsely populated, the total population in 1921 being 328,302. The Khan of Kalat is under a treaty obligation of subordinate co-operation with the British government. The governor-general's agent in Baluchistan conducts the relations between the government of India and the Khan, and exercises a general political supervision over the district. Revenue, about £110,000. Kharan, which was formerly classed as a state, is a division of Kalat under a chief who takes his place in the Kalat Confederacy, and extends in a westerly and south-westerly direction from near Nushki and Kalat to the Persian Border. Its area is 14,210 square miles, it had a population in 1911 of 22,663, and an average annual revenue of about £7,000. Las Bela is a small state occupying the valley and delta of the Purali river, about 50 miles west of the Sind boundary. Area, 7,132 square miles; population (1921), 50,697, chiefly Sunni Muhammadans; estimated revenue about £25,000.

7. *Rajputana Agency.*—Rajputana is the name of a great territorial circle, situated between 23° and 30° N. lat., and between 69° 30′ and 78° 15′ E. long. Within these limits are twenty-one states, having each its own autonomy and separate chief, together with the British district of Ajmer-Merwara. Of the states, seventeen are Rajput, two are Jat (Bharatpur and Dholpur), and only one is Muhammadan (Tonk). Their combined area is 128,987 square miles, and they contain a population (1921) of 9,844,384. Ajmer-Merwara has a population (1921) of 495,899. The chief administrative control of the British district is vested *ex-officio* in the political officer, who holds the post of governor-general's agent for the supervision of the relations between the several states of Rajputana and the government of India. For administrative purposes they are divided into the following groups: Rajputana Agency (Bikaner, Sirohi and Jhalawar); Eastern Rajputana States Agency (Alwar, Bharatpur, Dholpur, Karauli and Kotah); Haraoti and Tonk Agency (Bundi, Tonk and Shahpura); Jaipur Residency, 3 states (principal state, Jaipur); Mewar Residency; Western Rajputana States Residency (Marwar and Jaisalmer); Southern Rajputana States (Banswara, Dungarpur and Partabgarh).

The following table gives a detailed statement of the estimated area and population (including forest tribes) and the approximate revenues of the principal states in the Rajputana Agency:—
